Roman Catholic Chaplains Report

3rd June 1870

I have examined the different Classes in the Boys & Girls Schools. In the former there is much evident improvement and a better tone of feeling exists between the Schoolmaster and the pupils. There appears no longer that fretful asperity & occasional intemperate severity toward the boys – and on their part as the result of kindness and attendance, there has grown up confiding and dutiful obedience. The boys belonging to the Senior Class answered unusually well. The understanding as well as the memory, had been duly exercised. The junior Class were rather well – and had they been taught in a similar way, proportioned to their limited capacities I could have pronounced them persevering excellent.

With respect to the Girls school – the attention of the Mistress, the tone of the School and perhaps the general improvement I consider good, but there is a radical defect in the system of teaching similar to what I have so long to complain of the boys School. The freshness of the memory of Children and the quickness with which they commit by heart deceive inexperienced teachers and lead them too easily to believe that Children know and understand whatever they can recite with facility. This error seemed implanted in the mind of almost every teacher both male & female who had been engaged as such in this house since my connection with it. – Miss Neild is by no means an exception. I have however clearly pointed out to her this most serious defect in her teaching by its results and she has promised to do all she can to correct it.

The attention of the Board having been called by a guardian to the neglect apparent in the clothing of one of the boys, and on the boys, including the said boy, being paraded before the Board by their appearance generally being not cleanly - the Board direct that the Matron pay more attention to the boy's clothing and supply them with a second change of shirts during the week, and that no calico be taken into use until washed.

Doctor Weldon note explaining his reasons for Charging 10/6 per day for his services pro. tem. for 60 days during Dr. Boxwell's illness.

Peter Stone an inmate was granted £1 worth of clothes on Med. Order signing the usual agreement to keep him twelve months. Kate Madden granted £1 worth of clothes on similar terms & to Mrs Hackett.

Mrs Kavanagh acting Infirmary Nurse sent in her resignation at the rate of 10/- per week. It appeared from a statement made by the Clerk that the above rate fixed by the Board on Saturday last was the result of a misunderstanding with respect to the sum for which Mrs K. was willing to undertake the duties - The amount named by her was 15/- a week, which sum the Board on the recommendation of the acting Medical officer agreed to grant from the date of her appointment - there being a great probability of engaging another qualified substitute without considerable trouble and expense. The Commissioners sanction to the arrangement is request'd by the Board.

Mr. Wilkie Plumber undertook to do work pointed out by the Master for a sum not to exceed £5. with the understanding that the job will be done for as much less as possible

The Master begs to state in reply to the Auditors report of deficiencies in his stock that owing to the fact that he (the Master) carried forward in his "Clothing Receipt Book" the stock appearing on the face of the book instead of the stock taken by the Guardians and the Clerk on the date of the late Masters resignation there is at present on the book an erroneous stock.

The following Orders of the Poor Law Commissioners were laid before the Board, and directions given thereon, as follows:

The following Letters, from the Poor Law Commissioners and others, were read by the Clerk, and directions given to answer them respectively, to the following effect, (or Orders made on them respectively, as follows):

P.C. 14. 399. 8th. July 1870.

A letter was read from the Poor Law Commissioners enclosing a letter from D.r Weldon complaining that the guardians have refused to pay him 10/6 per day for his services during the illness of D.r Bannell for 60 days, and giving his reasons for charging at that rate viz:- the absence of any other Medical officer at the date of his temporary appointment - the extra work imposed at a period when illness was very prevalent in his district, and the cost of carriage involved in the performance of the additional work.

The following letter from D.r Weldon on the subject was read.

Gorey 5th July '70

Sir - I beg to inform the Board I have been subpoened to the Wexford assizes on Thursday the 7th. Inst. and have engaged with Doctor Tyndall junr. to take charge of the Dispensary during my absence -

I also beg to forward a copy of a letter I have written to the P.L.C. and at the same time to state that if the Board consider there was no contract up to the 14th May

they must acknowledge themselves bound to me from that date when I made them aware of the terms on which I was discharging the Workhouse duties - had they then remonstrated I would have resigned the charge.

Yrs &c.

(Signed) Geo. Weldon

Ordered - Doctor Weldon should have written to the Secretary of the Dispensary Committee on the subject of his absence under subpoena.

The Board considered that as Dr. Weldon had not stipulated for a higher rate of payment than he had formerly received he was only entitled to the usual amount of 5/6; but that from the 14th May when he stated he would not act for less than 10/6 the Board does not object to the latter rate.

15/- worth of clothes granted to Patrick Sheridan to enable him to leave the House

The Auditor's Report -

Owing to errors in the Relief List the Monaseed E Division has been overcharged one hundred collective days relief in the half year ended 25th March '70, and the Union at Large has been undercharged 177 collective days relief - the Clerk is directed to correct these errors in the accounts for the half year ended the 29th September next.

The Relief list has not been properly totalled. nor does it appear that any proper check has been applied to it. I have observed several errors in it which ought not to have occurred and which if the book had been properly checked ought to have been detected. This book supplies the data for the apportionment of the cost of the maintenance of the Inmates of the Workhouse, and it is important that it should be kept correctly - I find it necessary therefore to caution the Master to be more careful in keeping it. and the Clerk in checking it in future.

The mode in which supplies are procured is not Satisfactory. Board's orders are as a rule signed for

Provisions. Receipts and other articles required, but instead of being sent to the Contractors they are retained by the Master in his office, and the stores required are procured by means of an order signed by the Master - I have called the Master's attention to the regulations which require that all requisitions which should be obtained by means of Board Orders, which should when be signed by the Chairman and countersigned by the Clerk, be issued to the Contractors, tradesmen or other parties dealt with, and have required him to observe the Commissioners' instructions in that regard in future.

The computation of the cost of the articles contained as entered in the Provision account are loose and inaccurate and it is obvious that no proper check has been applied to the calculations by the Clerk. Stock of Provisions on hands at the close of the half year was taken by a person employed for the purpose, but it does not appear that any comparison was made of the stock found in store with the stock appearing upon the books. The Clerk states that he laid a statement of the stock returned as in store before the Board, but there is no record of the fact on the Guardians Minutes - nor is there anything on the face of the document produced to me to shew that it was submitted to the Guardians. There would appear to have been a large deficiency in the case of one or two articles, Coals and tea for instance.

No very strict check appears to have been applied to the 'Clothing Receipt book' shewing the account of made

up clothing and bedding in the Workhouse - I am informed that stock of made up clothing was taken on the 25th March. and a document has been produced to me signed "R Creighton" Clerk taker" purporting to shew the stock found in the Workhouse at the close of the Half year - It does not appear to have been laid before the Guardians, and there is no record of its receipt on the minutes of the Guardians proceedings - the Clerk states however that he submitted it to the Board on two several occasions and that no action was taken upon it - A comparison of this document with the balances appearing on the Clothing receipt book on the 25th March. shews that there were serious deficiencies in the stock of made up clothing at the close of the last half year - The master got up stock of clothing when he entered upon his duties in November last. and he acknowledges that it was correct at that time - He is unable to account for the large deficiencies which appear on a comparison with the return made by Mr Creighton with his own books - He is positive he states that the stock as taken by Mr Creighton was not correct. The following are some of the deficiencies: -

Bedding - 13 sheets. 55 blankets. 49 rugs. 55 ticks and 40 bolsters.

Mens Clothing - 26 waistcoats 57 trousers.

Womens clothing - 18 gowns. 32 petticoats. 57 shifts. 90 aprons. 62 handkerchiefs 41 pair of shoes

Boys clothing - 38 coats 46 waistcoats. 46 trousers

Girls clothing - 23 frocks 55 petticoats. 45 shifts 103 aprons 64 stockings -

The deficiencies it will be seen are of a serious nature, and it is desirable that inquiry should be made in regard to them - The documents produced to me as the returns of stock found in the Provision store and in the Clothing store do not appear to have been received and adopted by the Guardians. and I am unable at the present time to take action upon them; but I reserve to myself the right to debit the Master with the cost

The Clerk was cautioned by the Board as to his checking of the Master's books and promised to be more careful in this respect in future.

Report of Committee appointed to inquire into the above alleged deficiencies.

On a Committee consisting of Messrs Butler and Cranwill on this day examining the several books and returns, and basing their calculations on the correct stock submitted to the Board on the 5th of November last, and compared under the hand of the Chairman the Earl of Cantown, they find the following to be the true results.

(The Clerk begs respectfully to inform the Poor Law Commissioners that the return shewing the actual stock of clothing on the 5th. November is in his possession, the comparisons alluded to in the Committee report being made on the face of it in the Chairman's hand. but no further order was made thereon — There would appear to be also at present an overstock of 53 blankets. but this is owing to an error in the return alluded to above, ~~and~~ which was subsequently corrected, ~~when the stock of same was found to be fully up to the entry in Clothing Receipt book carrying on the error however~~ but through an oversight not carried forward. The stock of blankets is correct.
The Clerk will be most careful in future to notice all such returns on the Minuts and begs to say that he has not up to this been fully alive to the great importance of so doing.)

The following letter from Dr. Boswell was read—

Kilkee Co. Clare. July 28th. 1870

To the Chairman Board of Guardians.

Sir,

I should feel obliged by your kindly obtaining the sanction of the Board, and have my leave on "Medical Certificate" altered to one on "Privileged leave" instead, and the date changed from 25th June to the day of my departure for I can ill spare the two days (this loss) from the time so kindly granted me on the 25th ultimo, for the re-establishment of my health.

I take this course for I regret to see from the published proceedings of the Board of the 16th. which only reached me yesterday, that some of the Guardians, who could not have been present, when my leave on sick certificate was granted, now view it as an act of "Dishonesty and Injustice to the Ratepayers" and not wishing to be a cause of discord at your Board - I now hold myself responsible, for the payment of my substitute, and would require an immediate answer, as I must make arrangements to meet this unlooked for expense.

I have the honor to be
Sir
Your obedient Servant
(Signed) Rich^d. Boswell

Ordered — The proposal of Dr. Boswell as to the payment of his substitute is accepted by the Board.

Report of Roman Catholic Chaplain

The situation of Schoolmaster being now vacant I must urge again most earnestly the necessity of a Schoolmaster of their own religion being appointed for the boys– None other can discharge the duties due to these poor youths, most of whom are deprived of their parents or separated from them. None other can inform their minds and their habits, apply the principles and practices of their religion, as none other can fully understand these or appreciate their purity and holiness, and their efficacy in the education of children.
I do not wish to dwell on the past, and will therefore merely express a hope which I do most confidently, that the simple act of justice so long denied to the boys and Roman Catholic

No. 22868. 9th Sep 1870.

Has reference to Sir John Esmonde's objections and states in reply that the considerations of the Rev. Mr. Lacy's letter and the appointment of a Schoolmaster were not proceedings that would come within the 9th and 13th articles, so that the omission on the part of the Clerk to summon every member of the Board does not affect the legality of the Election of Schoolmaster. The Commissioners also remark that if the Clerk received orders to summon a full meeting he has laid himself open to censure for omitting to furnish a notice to every guardian. With regard to Mr. Morris's motion to elect no Schoolmaster for the Workhouse the Commissioners point out that they could not give their sanction to such an arrangement.

Poor in Ireland,

Gentlemen,

You see by the minutes of the Grey Board of Guardians of last Saturday that my Lord Courtown is still greedy for the destruction of the old Fever Hospital - He says he will give something for it but it appears that he would not give that right to any other Guardian. Notwithstanding the Commissioners telling the Board years ago that they had no power to destroy the Hospital - there has been a great deal of the rates of the poor people wasted endeavouring to procure its destruction - I hope the Comrs. will put a stop to this and let my Lord Courtown make application where he thinks best at his own expense and not be taking up the time of the Comrs. and the Board. Gentlemen I will give you every information in my power as to how I am concerned in the hospital - The Comrs. cannot forget that over five hundred ratepayers signed a memorial in favour of the right of that hospital. Afterwards there was a meeting of the ratepayers at same time forming a Committee in accordance with the law laid down for the support of that Hospital. also appointing me to go and take up the possessions of that Hospital, as it was then unoccupied I went and took up the key of the Hospital first receiving legal advice - I afterwards endeavoured to support it by private subscription and with a great deal of my own money. I hope soon to see it supported after the same manner as when it was established about fifty years ago - I put a man in it as a night lodger to care and mind the place - I received about 14/6 from him, and I gave a good part of that back to his children, when he was going away I gave him £1:1-0 When it became known that the Hospital was occupied by a lodger I was put under poor rates and County cess, and I have paid almost £2. I was a guardian of that Union for I believe over 18 years, and I am now in possession of the Hospital nearly four years. I hold all the resolutions that was passed at the meeting of the ratepayers empowering me to take up the possession of the Hospital - Gentlemen I beg to refer you to your letter on the subject dated 28th Nov. 1856. Gentlemen &c &c

The following is the Commissioners' reply to Mr. O'Shaughnacy

No. 21,246,-70 Poor Law Commission Office
Grey Union. Dublin. 2nd Sep. 1870

Sir,

The Commissioners for administering the laws for the relief of the poor in Ireland, acknowledge the receipt of your letter of the 16th Ultimo, relative to the old fever Hospital of the Grey Union and setting forth the circumstances under which you retain possession of that building.

In reply the Commissioners desire to state that your proceeding in retaining forcible possession of the Building is an improper one, and is not warranted by any of the circumstances referred to in your letter. There can be no necessity for a Fever Hospital so close to the Fever Hospital of the Union, and the Commissioners cannot countenance your conduct in a course which appears to be wholly unjustifiable. The Commissioners refer you to the legal opinion obtained on the subject by the Board of Guardians Grey Union and recorded on their minutes of the 29th June 1867.

By order of the Commissioners
B. Banks
Chief Clerk.

From Dr Bonwell a letter was read stating that he preferred paying his own substitute himself for his services, and that he would on hearing from the Clerk as to the amt. due forward a cheque to the Chairman.
Dr Bonwell stated that his reason for taking this course was that the one proposed might be prejudicial to the interest of a Medical Officer at some future time who might be similarly situated.

The following Letters, from the Poor Law Commissioners and others, were read by the Clerk, and directions given to answer them respectively, to the following effect, (or Orders made on them respectively, as follows):

No 23069. 13th Sep 1870 Declining to sanction the appointment of Mr Richens to the Office of Schoolmaster owing to his not being a trained teacher—

No 23·471·16th Sep 1870 Sanctions the use of Potatoes in the Dietary Scale

No 21·746·16th Sep 1870 Calls for Dr O Shaughnays letter sent of Saturday last

No Refers to the rate recently adopted and points that it will not be sufficient as the original Estimate has been too much reduced the only reduction appearing to be necessary being £2100 rates available on the 25th March last £1200 Parliamentary grant— A Rough Estimate was forwarded showing the difference of pauperage appearing to be necessary and that recently adopted—

Ordered the Clerk to write the following letter to the Commissioners

The Commissioners to be informed that the reason for making the first reduction in their Estimate was that the first Estimate was based on an Expenditure in which was included by an oversight the repayment of a loan of £720 which having been paid in the 2 years caused the Estimate of yearly Expenditure to £1440.

316

the Board also calculated that the expenditure for out door relief would be much reduced — the Board conceive that they should take credit for the Parliamentary grant which they may expect to receive during the ensuing year as well as that in hand on the 25th March —

The Board have never been in the habit of entering the Value of stock of Clothing on hand in their Estimates and they decline to do so on this occasion —

The Clerk laid two Returns before the Board — One showing the expenses incurred during the past year under all the different heads of Expenditure, and another showing the No. of Admissions discharges deaths & in the New Fever Hospital as compared with the old for the past 4 years —

100 Copies of the former were ordered to be printed & distributed —

Sir John Esmonde's Objections

The Board being fully summoned proceeded to entertain the consideration of the letter of the Poor Law Comrs relative to Sir John Esmonde's Objections to the Election of Schoolmaster — It appeared the Commissioners declined to sanction the temporary appointment of Mr Richard on the ground that he is not a trained teacher

The following resolution was then proposed by Mr Richard J.P. and seconded by Sir Jno Esmonde — That a Committee be appointed to consider the method adopted by the Board in the appointment of a Schoolmaster and Schoolmistress of the Wkhouse and to suggest for the consideration of the Guardians any alterations they may think advisable — Carried

The following letter from the Dean of Ferns on the Subject was read.

My Lord, I feel assured that I shall not be thought unduly interfering with the Bd of Guard if I lay before them through your Lordship as their Chairn my views on the present vast question of appointing a Protestant School Master and excluding R. Catholic Candidates, the difficulties which had given rise to this question is in a great degree personal to me. If both Master and Mistress be Roman Catholics I as Chaplain have no one to assist me in teaching the text of holy Scripture and the Catechism of my Church to the protestant Children. No doubt they are very few but even 3 or 4 Childn require instruction in these matters & if there be no a Master or Mistress to teach these subjects it would be incumbent on me to devote part of a day each week in addition to my ordinary visits to the Workhouse. this extra work I am sure under our present arrangements the Guardians would not impose on me. but allow me to suggest that the present arrangement is not the only solution of the difficulty. I think it wd be advisable to return to the former system and allow an assistant either in Male of Female School if one of the three be a protestant what I require will be granted Vizt the assistance that I ought to have as Chaplain in giving daily religious instruction.

Moved by Mr Timms and seconded by Mr Butler that Clerk be taken on and after the 29th Inst. carried.

Report of R. C. Chaplain

23rd September 1870

I have carefully examined the children in both Schools. The Senior Classes in the Male School are in a very satisfactory state. The boys in a great measure fully understand what they have learned and in a short time could turn it to practical advantage. They are smart and intelligent and their present promising state may easily be ascribed to their having been thoroughly grounded before leaving the Female School and to the fact of the late Schoolmaster having acquired the only for a short time before leaving an improved manner with the boys and a better method of teaching. Several of the small boys have not been long in the School.

As to the Female School there is far from want of Capacity in it. Some of the girls are remarkably intelligent, their writing is free, bold & excellent for persons so young, the small children seem well carried. Of the general progress of the School, however, with the exceptions mentioned and perhaps a few more I very much regret I cannot report favourably

I would not discharge my duty if I did not now impressively add that it is fruitless to attempt any longer for the Board to insist upon the Schoolmistress in addition to the weight and responsibility of a most important branch of her duty towards those in her School those still more heavy ones also which appertain to the boys.

If the Guardians who are not Roman Catholics would have the kindness to enquire they would learn that even the humblest Catholic parents from the moment their children begin to turn their little hearts toward God. pray with them individually, morning, evening and other times their prayers. Constantly instil into their minds the primary mysteries of their faith. And as they grow up, instruct them in their Catechism or if incompetent themselves procure others to do it. And above all when about to send them to school, are most anxious to send them to a master who will look over their morals give them a full knowledge of their Catechism And under the direction of the pastor, train them to religious practices & duties preliminary to the reception of the Sacraments. The Guardians will also learn that it is not virtuous parents alone who display this anxiety, but that those who, unfortunately have fallen are intensely anxious to have ~~displayed~~ supplied to their Children what perhaps was wanting to themselves not merely secular instruction, but still more the blessing of a religious education. The boys here as well as the girls are destitute and several also deprived of their parents - hence a double want to be supplied and a double duty to be discharged, by the Schoolmaster towards the boys and by the Schoolmistress with regard to the girls. I trust therefore the Guardians

will do the simple act of justice to these desolate boys, by the appointment of one, who, in practice and profession, belongs to the same Religion with themselves, who besides imparting secular knowledge can, without difficulty fulfil this all important yet ordinary duty of a Schoolmaster towards Catholic Children

Dear Sir
Please convey to the Board my thanks for their kindness in extending my leave. I am still suffering from the effects of a severe attack of Influenza and am not allowed to leave at present. I would take it as a favor if the Board would kindly allow me further extension without fixing the date of my return. I have written to Dr Tynball to ask him to continue to perform my duties. I may add that I shall only be too thankful to return to my post the first moment I possibly can.
I am Dr Sir
Yours faithfully
Richard Boxwell

Clerk's Report

The Clerk begs respectfully to observe that the amount usually granted to him for his services under the "Parliamentary voters Act" is much less than that granted in all other Unions in this County for similar services. Clerk has seen from "County Wexford Express" of the 26 Inst that the Board of Guardians of New Ross Union granted £30 to Mr Carr their Clerk for these services and the other Unions a grant each £25-
He therefore trusts the Board will grant him £25 and he begs to add that this is the first addition to his income asked by him though almost every other Officer of the Workhouse has had an increase within the last few years.
There is a lamp required for the use of the Board room.
Ordered. The Clerk to be granted £15 as usual

Sir

In reply to your communication of this date that owing to my omission to write to the Magistrates on last Court day & request a postponement of the Cases against Vaccination defaulters. I am to pay the expenses in any cases lost in consequence.

I beg leave to inform the Board that I object to do so in this case, on principal, as I sent a message to the Magistrates which was delivered as can be proved, stating that I was engaged with a patient in her confinement and that I would if disengaged in time appear in Court please refer to my letter of Friday last having sent such message I presume it was the part of the representative of the Guardians to have asked for an adjournment of the trial of those cases till I could attend.

I have also to remark that at least two of the cases prosecuted were vaccinated after the summonses were served.

I am Sir Your obedient Servt

The following letter from Mrs. Goff Matron was read —

Workhouse Nov. 19th 1872

Gentlemen, I consider it my duty to you as well as justice to myself to report a circumstance which occurred here on Monday evening last. The Master had been absent same afternoon when about 7 o'clock my attention was called to a noise outside and to my alarm I saw the Master drunk, and in a fearful state of excitement, making use of expressions and oaths that no man ought to use, and in hearing of the Officers and a number of the Inmates. He made use of my name in connection with Mr. Tristram (who was part of the time present) in a most scandalous and shameful manner.

I now most respectfully ask your protection and will leave the matter in your hands. I was obliged to leave the Workhouse on Tuesday on urgent business and did not return until Wednesday.

I have the honor to be Gentlemen
