DIRECTIONS FOR USING

THE

Pen Duplicate and Triplicate Books

MANUFACTURED BY

DOLLARD, Printinghouse, DUBLIN, Ltd.

Place a sheet of one-sided carbon paper, face downwards, between the first and second leaves, and then the sheet of black board after the Duplicate. Write upon the first leaf with a Duplicator or Manifold Slip Pen, and two copies will be the result.

In the case of a Triplicate Book, a sheet of two-sided carbon paper is placed between the 2nd and 3rd leaves, and then proceed as above.

A CARBO-PLATE can also be supplied to take the place of the black board. This is a plate which grips the carbon, and at the same time provides an extra hard plate, made of aluminium, which gives an extra clear copy, and enables the carbon paper and support to be placed in position for writing and withdrawn without touching the carbon with the hands.

We beg to report from the details ~~furnished~~ supplied, that we find that for the period of thirty weeks ending July 26th there was paid to the Shoemaker in wages £21- and the cost of materials used was £12 making a total of £33 During that period he made 9 pairs of mens' boots. 5 pairs of Womens and 3 pairs of childrens, and repaired 474 pairs of various Kinds. If the price of mens' boots if bought in a shop, be estimated at 7/6 a pair. Womens at 6/- and childrens at 3/- the total value of new work would amount to £5-6-0 leaving the cost of repairs at 1/- per pair - as we do not know what a shop would charge for these repairs as necessarily they vary in character, we cannot say if they could be done cheaper outside the house

Signed Stopford

We have gone carefully through the report of Messrs Doolin & Butler as submitted on January 1st 1913 and find that they recommend that all the old drains in the Workhouse of the Workhouse, Fever Hospital & Infirmary be removed and new ones laid with glazed tiles and conveyed to a Septic Tank to be formed about 150 Feet behind the Fever Hospital, the outflow from which, after proper filtration, would be carried down to the stream which would require to be deepened. They also recommend that the old trough closets be abolished & ~~that~~ modern trapped closets be installed

The estimate for above work amounts to £1334 of which £139 is for excavating and removing the old drains, and £226 for the Septic tanks and filter beds.

There is another letter from Messrs Doolin & Butler dated July 14th saying that the plans, &c. as submitted are not a complete plan. In view of the great expense entailed by suggested plan, we are not prepared to recommend its adoption, and would remind the Board that the water supply, which was suspected of being the cause of the outbreak of typhoid has been proved both by analysis and by bacteriological examination to be free from typhoid bacilli.

We would recommend that so as to protect the Water Supply as far as possible that the existing cesspools be cemented and that modern closets be erected in place of the present arrangement

Signed Stopford

P. J. Fanning

On the proposal of Mr Ketchingham. Seconded by the Chairman the foregoing was adopted

The following Orders of the Local Government Board for Ireland were laid before the Board, and directions given thereon, as follows:—

The following Letters from the Local Government Board for Ireland, and others, were read by the Clerk, and directions given to answer them respectively, to the following effect (or orders made on them respectively, as follows) :—

No 60,018 Nor 27/18

Refers to the Minutes of the 8th inst & states the regret to observe that the Guardians decided not to carry out the improvements in the drainage & Sanitary arrangements of the Workhouse recommended by the Sanitary Officer employed by them. Intimately to connect the existing sewers & to erect modern closets.

The Board in their letter of Jan 12/18 - after alluding the number of cases of typhoid which had occurred in the Workhouse during a prolonged period & expressed the hope that the Guardians would not by any further delay, show a reluctance in dealing effectually with this matter.

The Guardians on Feb 12/18 had before them a long report from Mr R M Butler. Sanitary expert, upon which he states that the only remedy for existing defects was a thorough complete removal of the present and a substitution of a new System of drainage. He added "I am clearly of opinion that any tinkering or partial work will be so much money thrown away"

They request the Guardians to reconsider this important matter.

Order Postponed

Read letter from Messrs Hussey & Brennan - Solicitors (Coffin Estate. Stating the Estate Commissioners have informed them that if the Guardians desire to purchase they should do so by means of a cash payment. otherwise they will exclude the plots from the Estate for sale. Order - ask what the terms of sale would amount to.
