Auditor's Report cont'd

The following Letters from the Local Government Board for Ireland and others were read by the Clerk, and directions given to answer them respectively, to the following effect (or orders made on them respectively, as follows):—

Half year ending 25th March 1892

THE AUDITOR ON "DOCTORS WHO EXCEED THEIR DUTY."

The Clerk said the auditor had left the following memorandum in reference to the case of a woman, named Eliza Browne, who had received relief in the Leap Electoral Division:—"This woman is not a person entitled to relief under the Poor Law, as her case is set forth on the books. She is classified as a widow having two children depending upon her, but the eldest is over fifteen years of age. The relief appears to have been given upon the instructions of the medical-officer, who has in the certificate he has given exceeded his duty and interfered with the discretion vested in the guardians and the relieving-officers. Should such interference be continued, I shall have to take serious notice of it. Under the peculiar circumstances of this case I do not surcharge it on this occasion, but desire to draw special attention to it.

"J. W. DRURY, Auditor.

"13th July, 1892."

In the Leger page 28. D R a/c 93

Martin Murphy R O

The Auditor wrote "There are a number of able bodied widows having two or more children (legitimate) depending on them have been relieved in R. O. Martin Murphy's District. I am unable however to certify that they are all cases legally entitled to relief as the ages of the children given from half year to Half year, do not correspond, and the R O's book are in this matter most inaccurate. The Guardians should carefully investigate each case of these Cases, & ascertain how many children the several widows have & their ages.

Report of Mr Drury J.P. Carlow

O D R

In the cases of Eliza Brown & other Widows

Mr Mr J Whelan R.O. wrote 10/8/92 in compliance with your Order of last Board day, relative to the case of Mrs Eliza Brown Ballyeden, which the Auditor took exception to. & which the G.B. have written about:-

I beg to state she is herself unable to support her family - she is a widow & have no relative to assist her; she has one son an Epileptic, she takes up most of her time minding him, he is over 15 years of age; she has another child under 15 years of age.

The Guardian of the Division is desirous of giving her the amount of Out Door Relief she is in receipt of, he considers she would have to come into the house, which would be the means of costing his Division fully six times more than she is at present in receipt of.

Lismore Board of Guardians

That we hereby call on the Irish members of all sections to avail themselves of the balance of power now in their hands, to insist on the holding of an autumn session in order that provision may be made for the reinstatement of the evicted tenants in their homesteads, or at least for the safeguarding of their interests pending legislation, but we emphatically condemn the proposal of a Royal Commission to inquire into facts within the cognizance of all as illusory and dishonest.

THE EVICTED TENANTS—THE LISMORE RESOLUTION.

The Chairman read the following resolutions handed to him by Mr Coates:—

"That this board, representing, as it does, the vast majority of the ratepayers of this union, whose opinions we are aware of, considers the resolution of the Lismore Board of Guardians relative to the evicted tenants and the holding of an Autumn Session a deceitful Factionist and Tory dodge, put forward out of spite for the sole purpose of endeavouring to embarass Mr. Gladstone, Mr. Morley, and the Irish M.P.'s in their efforts to effectually remove the long standing grievances of Ireland."

"That we consider that those who have suffered so much for the evicted tenants, who have morally made themselves responsible for their maintenance while out of possession of their farms, are very much more anxious to reinstate them than the aiders and abettors of gentlemen 'who have deceived them by depriving them of whatever benefit the Paris funds might afford, and not only refused to subscribe to the Evicted Tenants' Fund themselves, but endeavoured to prevent others doing."

"That we have the most implicit confidence in the present Government and the Irish Parliamentary Party, and firmly believe that effectual steps will be taken as soon as possible to restore the evicted tenants to their old homesteads on fair and reasonable terms, so as to enable them to live and pay their way in future in peace, contentment, and happiness."

Chairman—I presume this passes unanimously—no dissenting voice.

On the proposal of Mr. Coates, seconded by Mr. Kelly, the resolution was agreed to.

THE IRISH LAND COMMISSION.—IMPORTANT RESOLUTION.

On the proposal of Mr. Hayes, seconded by Mr. Mernagh, the following was passed unanimously:—"That we, the Board of Guardians of Enniscorthy Union, wish respectfully to call the attention of the Right Honorable John Morley, Chief Secretary for Ireland, to the way the Irish Land Commission is now constituted. The sub-commissioners and valuers, also the chief commissioners, we consider are chiefly interested in the landlords, and the rents settled are also much above the value, as the prospects for the farming classes never were worse than at present, and from every appearance likely to continue so. We would respectfully press on Mr. Morley the necessity to appoint additional sub-commissioners who have sympathy with the tenants."

Chairman—I heartily endorse that.

THE IMPRISONMENT OF FATHER HUMPHREYS.

Mr. Hayes proposed and Mr. Murphy seconded—"That we, the Board of Guardians of the Enniscorthy Union, hereby express our strongest indignation at the tyrannic fashion in which that brave and patriotic priest, Father Humphreys, was committed to a prison-cell by that worthy tool of coercion—Col. Tynte—and we hope the new administration, which has so well begun its career by rendering inoperative the vilest of Coercion Acts which has yet found a place on the Statute Book, will soon take steps to put an end to such despotism on the part of magistrates, whose ignorance of law is only equalled by their barefaced scouting of all the principles of justice. We are convinced that this latest move is inspired by a desire to embarass the Liberal Government, and encourage the Factionists, of whom Fr. Humphreys has been an able and unflinching antagonist."

Chairman—Make it stronger. Call on the Chief Secretary to put this magistrate in his place (laughter). I would do that.

The resolution was passed unanimously, and ordered to be sent to Mr. Morley.

THE MAGISTRACY AND THE POLITICAL SITUATION—IMPORTANT RESOLUTIONS.

On the proposal of Mr. Hayes, seconded by Mr. James Doyle, the following resolutions were passed :—

"That in our opinion a sweeping reform is needed in the present Castle system, under which those identified with landed and anti-popular interests are alone eligible for a seat on the magisterial bench, and we hope that the advent of the Liberal Government will do away with the gross abuse of Lord Chancellors exclusively appointing to the magistracy the nominees of evictors, rack-renters and bigots. To our minds also the reform to be effective should be promptly inaugurated and vigorously carried out, and should it be so, the impartial administration of justice will not, as in the past, be a feature signally lacking in the Irish Petty Sessions Courts."

"That noting how the London *Times* and other Tory organs have already commenced to exaggerate trivial offences in Ireland into outrages for the purpose of rendering more difficult the hard task which our Liberal allies have set before them, it behoves every Nationalist to spare no efforts, both by his own conduct and using his influence with others, to prevent the recurrence of anything which may be calculated to embarrass the Liberal Government. We hope that in this constituency, which made such a proud record at the last general election, this caution will be observed, and while our people should not refrain from a determined enforcement of their rights and a promotion of organisation amongst themselves, nothing should be done which, by our Tory opponents, could be availed of to strengthen the case against Home Rule."

THE LIBERAL GOVERNMENT AND THE EVICTED TENANTS.

On the proposal of Mr. Hayes, seconded by Mr. Slevin, the following was unanimously passed:—"That we hail with much satisfaction the step which the Liberal Government have taken in connection with the evicted tenants, and confidently look forward to a restitution of the rights of these 'wounded soldiers' as a result of the investigations and labours of the proposed commission. We regard the announcement which has been made by Mr. Morley as gratifying to us in our capacity of Poor Law Guardians, as well as Nationalists, as it is obvious increased impoverishment and an augmenting burden on the ratepayers of the country will be the consequence, if these men and their families are not restored to their homes before they are compelled to seek Union relief, which they will evidently have to do when their scant resources become exhausted."

The Bonds and other securities in force were laid before the Guardians by the Clerk, together with his Report thereon as follows: (this on the second Meeting after the Annual Election in every year).
