Mr. Doyle said he had a resolution to propose which would meet the matter. It was as follows:—"That having taken into consideration the fact that before Mr. John Maguire was appointed teacher the board got a great deal of annoyance, and had to part with a teacher nearly every year for eight or nine years for different reasons, so bearing in mind Mr. Maguire's strictly temperate and moral conduct, not alone during the time he spent here, but during his whole lifetime in this town, when he taught our smartest and best business men, the great care he takes of the poor little children entrusted to his charge, to whom he has always been more like a father than a paid official, the marked attention he pays to their moral and religious training (as has been frequently testified to by the different chaplains of the house from the date of his appointment to the present), his exertions in endeavouring to train the children to industrial and agricultural pursuits at times when others in his position would prefer taking recreation, etc., for themselves, is a proof of his usefulness in more ways than one. On an average there are 20 children in his charge, the average age being about nine years and not more than three of them pass the age of twelve or thirteen before they are sent out or apprenticed to some business, and finding, after all, that these children compare favourably in point of intelligence and moral training, in proportion to their ages, with children attending schools outside, the board, therefore, considers, under all the circumstances, that the guardians would be acting very unwisely to dispense with Mr. Maguire's services at present, and increase the rates by voting him superannuation, which the board would be honourably and morally bound to do in case he resigned."

Mr. Shea seconded the resolution, and it was unanimously agreed to.

THE MEATH ELECTION PETITION.

It was proposed by Mr. Hayes, seconded by Mr. Somers, and resolved—"That we consider the evidence given at the trial of the South Meath Election Petition on behalf of the respondent has completely upset the wild and reckless charges of the Parnellites against the Church, and that those Parnellites who endorse a decision which involves an imputation of perjury against the clergymen and nuns who gave testimony for the respondent, must be regarded as enemies, not alone in a political sense, but antagonists of faith and morals. The pronouncement of Judge O'Brien to the effect that questions of morality, right and wrong, should be vanished from the minds of voters exercising the franchise, is one which every conscientious man must regard with horror and astonishment, as if adopted, the most degraded wretch, who would be capable of promoting a programme of sinful legislation, should be entitled to the vote of every elector, no matter how filthy had been his life, and how abominable his proclivities, intentions, and opinions. If one or two Meath clergymen did speak and act strongly, they were justified in doing so, considering the organised terrorism, violence, physical intimidation resorted to by the Factionists to compel voters to vote for Dalton, or deter them from voting for Fulham."

The resolution was passed unanimously.

Medical Officers Report

At the last meeting of the Enniscorthy Dispensary Committee, Dr Kelly is reported to have said, when reference was made to the Fever Hospital "they have a large stock of typhus fever already" this is a very alarming statement, but happily it is not true, & I think it only right that the public should be made aware of the real state of affairs. =

There are at present seven cases of fever under treatment in the Hospital but they are like all the others I have had lately of the Autumnal Relapsing or bilious remittant type - a very mild fever as compared with typhus. =

The mortality from typhus, which is a very short fever, generally terminating on the 14th day, is very high usually 20 to 25 P Cent: whereas the fever at present occupying our attention is a very tedious one, extending from at least 21 days to over two months, according to the number of relapses that take place; but fortunately very few uncomplicated cases die from it. I have already had Eleven cases without a death. =

Agriculturist's Report.

There is another matter that come before the same Committee meeting, that personally I would prefer to leave untouched, yet as my name in reference to it, is coupled with that of my late lamented friend & colleague Dr Goodison, I feel it would a dereliction of duty not to call attention to it. =

In an elaborate calculation laid before the Committee, Dr Kelly tries to show, that we cost the union considerably more per patient

for medicine than he has done, well even granting the Enormous increase in the number of patients he claims if his figures are correctly worked out, particularly for the year 1877 & 1892, the fractional difference will be Rather in our favour. ≡

not very long since Dr Kelly Reported to the same Committee "that he was saving a hundred a year to the Union in medicines alone, and that prior to his time very Expensive medicines were used" &c &c. His present published figures conclusively show that these statements were quite unfounded, and were manifestly most unfair to us.

POOR RATE ON EVICTED FARMS.

IMPORTANT TO BOARDS OF GUARDIANS.

Yesterday in the Exchequer Division, before the Lord Chief Baron, Justices Andrews and Murphy, a case of the Guardians of the Croom Union v Trench, the arguments in which commenced on Friday, concluded on the rising of the Court. The plaintiffs claimed the sum of £30 poor rate assessed during the last four years on a large evicted farm in their union, of which the defendant, Mr Lewis Trench, who resides in England, is the landlord. The claim was resisted on the grounds that the farm being derelict and unprofitable, the landlord, although put in possession by the sheriff, was not in actual occupation of the lands, so as to render him liable for poor rate; secondly, that the buildings being untenanted, must be exempt from rating, even if the lands were not; thirdly, that under the circumstances, a joint rate struck on land and buildings could not be supported; and, finally, that the rate was defective in point of form, being struck on the valuation of the entire holding without showing its component parts and distinguishing the amount assessed upon the land from the portion of the rate imposed upon the buildings by showing their respective valuations. The case was set down by consent for argument on a statement of facts agreed to between the parties.

Their Lordships gave judgment for the plaintiffs with costs.

The Lord Chief Baron, in delivering the judgment of the Court, drew special attention to the grave difficulties occasioned and the crop of litigation that might be produced by the form of the valuation lists transmitted by the Commissioners of Valuation to the boards of guardians for the purpose of making the rates. Under the 15th and 16th Victoria, cap. 63, these lists should specify in separate columns the respective value of the land and of the buildings in the case of a tenement comprising both, and the forms given under that act, and also under the act of 1860, had separate columns and headings for each. Availing themselves, however, of the power given in the latter statute to issue the lists in such other form as the Commissioners of the Treasury should approve of, the Valuation Office sent down lists giving the value of houses and lands in a bulk sum without in any way showing how much of the total was applicable to each. His lordship held that the issue of this form was *ultra vires* and illegal and calculated to plunge the unions in difficulties. The Queen's Bench should be applied to upon the subject. Owing to the special facts, the plaintiffs in the present case were not defeated by this gross irregularity, but its effect must be widespread. He hoped notice would be taken of a matter of such public importance.

The other members of the court concurred.

Counsel for the plaintiffs—Mr D B Sullivan, Q C, and Mr J Doyle (instructed by Messrs Dundon and Doyle). For the defendant—Mr C Mathson and Mr G Fetherstonhaugh (instructed by Mr Ireton).

FERNS DISPENSARY COMMITTEE.

This committee meeting was held on the 14th inst., and the following report was submitted to the guardians:—"We have had under our consideration the letter of the Local Government Board respecting the removal of the dispensary from its present position to the residence of the doctor. We would respectfully put before the Local Government Board the circumstances of the case. We, at once, admit that it was the intention when the house was building to have the dispensary attached to it, but it was found the accommodation was limited and not sufficient room for the dispensary. We considered by fitting up the present dispensary that it would be better not to make the change and the landlord has put the house in suitable order. We have considered the subject at three different meetings of the committee and are unanimous in requesting the Local Government Board not to disturb the present arrangement. The dispensary is within three minutes walk of the doctor's house with a good waiting room for patients and in every way suitable. We consider the Local Government Board should not over-rule the unanimous opinion of the Board of Guardians and the Dispensary Committee in the matter. The additional cost on the six electoral divisions will be only £2 a year. It would cost more than this to enlarge the waiting-room at the doctor's house. We quite admit that in most cases you should be guided by your inspector. It is right it should be so. But if your inspector would see the plan again and reconsider his report he might agree with our proposal. We trust that this explanation will be satisfactory, and that you will not press the matter." Signed—Jonathan Haughton (Chairman), Captain Irvine, Robert Lett, P. Murphy, James Nolan, T. Bolger and P. Doyle.

Ordered The Board of Guardians sanction the request of the Lgt Bd. "

The Board Elected the following Ratepayers to be Members of the Committees of Management of the following Dispensary Districts, respectively:—the Clerk to make a return accordingly to the Local Government Board for Ireland, and to issue the prescribed Notification to the Members elected, and to the Medical Officers of the respective Dispensary Districts, in pursuance of Articles 1, 2, *and* 3, *of the General Regulations for Dispensary Districts. The Clerk was also directed to supply Check Books of Medical Relief Tickets (Forms* E 1 *and* E 2*), in pursuance of Article* 29 *of the Dispensary Regulations, to the New Members of the Committees, namely:—*

"That the Enniscorthy Dy Co. request the L.G.B. to inform the Co. what steps it is necessary to take, in order to return to the satisfactory system that existed in this Dy Dt prior to the appointment of One Medical Officer to perform the duties that previously required the services of two; the Committee have come to the conclusion that a great mistake was made by a former Dy Co. in deciding that one Medical Officer was more useful to the poor than two, provided that one Doctor receives double remuneration for his services. In case of a cholera outbreak in Ireland on the approach of warm weather, this Co will incur a serious responsibility, unless they take measures to control the services of two Medical men to attend the sick of this large District."

The Out-door Relief Register was produced, examined, and authenticated, from No. 622 *to No.* 626 *both inclusive, by the signature of the Chairman, and countersignature of the Clerk.*

The Clerk's Report was read to the followng effect :—

That Mr Drury Auditor L.G.B. had audited the accounts of the Union for the ½ year ending Sept 29th 1892. on Feby 21st and 24th.

"There were no "Debits" or "Surcharges"

He had made the following Memorandums in the Ledger viz

In re. Rents of Labourers Houses

The Arrears due at close of Half year, amounted to £88.1.8 on Labourers Cottages. this is entirely excessive, & the Guns should insist on a closer Collection. W Drury Aud 24th Feby 1893

In re Collection of Rates. I have to direct attention to the unsatisfactory Condition of the Rate collection at 29th Sept. last. £1183.16.7 appear on the Rate abstract as uncollected or otherwise unaccounted for, altho' the terms of their Bond, the Collectors should have closed by the middle of Feby; if the Guns do not insist on the Collectors doing their duty properly, it becomes difficult for the Clerk to put pressure on them, or insist on regularity. Collector Fortune's books are not forthcoming, and Collector Lamberts District has not been fully gone over, so it is not yet possible to state the amt of defalcation in either case. W Drury auditor 21. 2. 93

The Ledger was produced by the Clerk, posted up to the last day of Meeting, with the proper Debits and Credits, as ordered on that day.

The Treasurer's Book of Receipts and Payments was produced, by which it appeared that there had

been received during the week - - - - - £ 420 . 12 . 4

Paid during the week - - - - - £ 119 . 18 . 9

And that the Balance on the Account of the Guardians was £ 121 . 13 . 4

The Book was signed by the Chairman.

The Weekly Balance Sheets of the several Collectors were laid before the Board, their accuracy having been first ascertained and authenticated by the Clerk.

"That we, the Board of Guardians of the Enniscorthy Union, representing a population of close on 40,000, hereby repudiate the selfish, ignoble and unpatriotic action of the grand jurors of the Co. Wexford in passing a resolution, founded on false and untenable grounds, against the Home Rule Bill now before Parliament and endeavouring to make it appear that they represent a considerable portion of the population of the county, whereas they only represent the territorial and exterminating classes whose policy seems to be the perpetuation of arbitrary power and self aggrandisement so long wielded by them to the detriment of the best interest of the country—which is fully shown by the malignant spirit exhibited by that class throughout Ireland, and in the insane attempts now encouraged by responsible statesmen and leading Unionists in the North of Ireland to provoke breaches of the peace and sectarian differences amongst the people for the purpose of endeavouring to embarass the Government in their exertions to create a lasting bond of unity and concord between Great Britain and Ireland, and thereby consolidate a true union of the Empire, while at the same time satisfying our legitimate aspirations, which we are convinced Mr. Gladstone's Home Rule Bill, amended in its financial clauses to suit the requirements of the country, will do. That a copy of this resolution, with the names of the guardians present, and the divisions each represent, be at once forwarded to Mr. Gladstone, Mr. Morley, and Mr. T. J. Healy, M.P. for North Wexford.
