MR. WILLIAM O BRIEN AND MR. T. M. HEALY, M P.'S.

Mr James N lan proposed, and Mr M Codd seconded the following :—"That the retirement of Mr William O'Brien, M P. from public life would, if it became a reality, be much to be regretted, as Mr O'Brien has given good service to the cause of the country in the past. At the same time the imputations made against Mr T M Healy, M P, which as yet have not been shown to be well founded, are regrettable and reprehensible, for any attempts made to do political injury to a man who was foremost in the National fight when a fighting man was needed—especially during the abortive Boulogne negotiations—would be as ungrateful as it appears to be unwarrantable." Passed unanimously.

The Workhouse Register was produced, examined, and authenticated, from No. 12 *to No.* 45 *both inclusive, by the signature of the Chairman and countersignature of the Clerk.*

The Out-door Relief Register was produced, examined, and authenticated, from No. 1053 *to No.* 1057 *both inclusive, by the signature of the Chairman, and countersignature of the Clerk.*

The Clerk's Report was read to the following effect :—

"

That Mr Drury, Auditor, had audited the accounts for the ½ Year Ending 25th March. on the 18th and 19th inst. He had made the following Entries in the Ledger —

Apart of Balance Sheet — he wrote — "Memorandum for the information of the Bd. of Gdn. & to be Copied on to the Minutes for the Local Gov. Board —"

The item of £166 14s 10d, appearing unapportioned on the Election Law Account, should have been properly apportioned and charged as indicated in the letter of the Local Government Board, dated 22nd May. It is also illusory to allow the item of £242 16s 10d, due by the sureties of P. Lambert, to remain as an apparent asset of the union. At my two previous audits I asked the Clerk to have these matters set right and intimated that I signed the balance sheet subject thereto. I must now decline to certify the account in its present form. I require the Clerk to apportion the £166 14s 10d in accordance with the instructions of the Local Government Board, and I must ask the guardians either to declare the £242 16s 10d irrecoverable so as to allow the Clerk to deal with it in the accounts, or else to take fresh action for the recovery of the sum if they do not consider it irrecoverable.—JAMES W. DRURY, 19th June, 1895."

Ordered by Bd. of Gdn. "This to be considered on Tuesday next & Copies to be sent to the 3 Guardians concerned"

Contos (Photograph 11.)

The Ledger was produced by the Clerk, posted up to the last day of Meeting, with the proper Debits and Credits as ordered on that day.

*The Treasurer's Book of Receipts and Payments was produced, by which it appeared that there had been received during the week - - - - - £*_____

*Paid during the week - - - - - £*_____

*And that the Balance on the Account ..... the Guardians was £*_____

The Book was signed by the Chairman.

The Weekly Balance Sheets of the several Collectors were laid before the Board, their accuracy having been first ascertained and authenticated by the Clerk.

Ou page 22 of the ledger

The Auditor wrote—"I find frequent over-charges in the matter of extras on the weekly medical return—meat, butter, eggs, whiskey, &c, charged for as supplied to inmates after their discharge or death. I have taken an account of them for the half year ended and down to the end of last week, and I find that they total as follows—422 oz meat, [redacted] oz butter, 21 pints of milk, 14 eggs, 3 oz whiskey, value at contract price 13s 2d, which amount I debit to the master and require him to lodge it immediately. I cannot understand how these over-charges have been allowed to pass undetected if the account is checked properly from week to week. The medical return itself is not fully entered up, and it is possible greater extravagance may be going on which I cannot detect from the insufficient data at hand."

Ordered - The Master has lodged this "

Sure Farm account

The Auditor also reported—"The farm account as presented by the master is in a very unsatisfactory condition. Stock does not appear to have been regularly taken, but taking the figures presented as at 29th September by the master and those for the half year under audit, it would appear that the following products of the farm have disappeared, or are unaccounted for, viz—5 ton 15 cwt turnips, valued at 10s per ton, £2 17s 6d; 6 ton mangolds, valued at 15s, £4 10s; 4½ barrels barley, at 9s per barrel, £2 0s 6d; total £9 8s. Failing a satisfactory explanation, the master must be held accountable for this sum, and I hereby debit it to him. The guardians are largely responsible for the unsatisfactory condition of affairs if I am informed aright, because of their refusal to take stock of farm produce, though asked to do so by the master."

"The PL does not appear to contain any entries subsequent to June 1894

The Clerk explains this Omission saying that it is an unnecessary & useless book, & that its place is taken by the Finance Book.

I cannot concur in this opinion as the PL if properly kept is a most necessary check upon the charges made against the grand jurors by contractors & others, so as to prevent over charges. In any case the book is prescribed by Accounts Order art 3, & cannot therefore not be abandoned without the express permission of the Board."

June Audit of Accounts

Collection of Cottage Rents

Our page 18 of the heads under head of Other Receipts "
Mr Drury, Auditor, wrote —

"I have again to direct special attention to the large arrears of rents remaining due in respect of labourer's cottages at 25th March last. The collection is, as a whole, steadily growing worse, £106 18s 4d being due at March 25th, as compared with £90 9s 10d on the 29th September, '94, and £85 10s 2d on the 25th March, '94. Collectors Somers and Murphy have slightly reduced the arrears in their districts, but Collectors Doran and Doyle have allowed them to increase to a considerable extent. The guardians should take this matter into serious consideration, as they may incur ~~serious~~ responsibility should loss to the union ensue by reason of their apathy or indifference." ~~The next memorandum (the clerk continued) which the auditor had written, or rather the continuation of the last one, was:—~~ "Having regard to the large arrears in Collector Doran's district—£56 6s 8d—coupled with the annual rent of £160, I would suggest that the guardians would consider whether £50 is sufficient security. The time is favourable for increasing the amount, as he will be required to have a new bond perfected owing to the death of one of his sureties." ~~The Clerk added that the auditor had found that he had fallen into an error, and had added the following~~: —"Since writing the foregoing, I find the amount of Doran's bond is £100."

Ordered - Doran to get another Surety at once, & to collect the arrears without any delay, or he will be called on to resign his Collectorship
Somers & Doyle to have all the arrears Collected at once "

Copy of Report of Committee appointed by the Guardians, by resolution of 14th February, 1895, to consider the report of and minutes of evidence taken by the Inspector on the Sworn Inquiry as to the responsibility for the defalcations of the late Collector Lambert.

Your committee altogether disagree with the conclusion of the Inspector that the blame for the loss of the money in question should be fairly apportioned between the guardians and the clerk. Your committee are of opinion that the sole proximate cause of these defalcations was the gross negligence of the clerk, as disclosed by the evidence at the Inquiry; and that such negligence cannot be excused by any supposed negligence of the guardians.

To sustain his blame of the guardians the Inspector founds himself on two circumstances; first, that the guardians did not attempt the impossible task of examining at their weekly meetings the clerk's accounts, the treasurer's book of receipts and payments, the accounts of the collection of rates (the collector not being allowed by the rules to attend on board days); the books of the master of the workhouse, the medical-officers return book, the several relieving-officers accounts, the accounts of the master of the union, and the accounts which may be required to be kept by any other officer of the union, persuant to article 14, rule 4, of the general regulations. How this stupendous task, if it were possible for the guardians to undertake it at their weekly meetings, could have disclosed the fact, or suspicion of the fact, that Lambert was omitting to give credit in his collecting book (which being in the collectors possession could not be examined by the guardians on board days), for large items received by him, from notable ratepayers, passes the comprehension of your committee. The other circumstance is, that, in August 1892, on the inspector calling attention to the backward state of the collection, the guardians made an order, "the collection to close without delay," but took no steps to enforce their order. Your committee are of opinion that the duty of taking such steps devolved on the executive officer of the board, namely their clerk under rule 12, article 45. It was not pretended on behalf of the clerk that he did anything to carry out that order, or that he even communicated that order to the collectors or that he reported any failure of theirs, to comply with it, notwithstanding any such communication, as required by the rule. Unless the guardians are to do the duties of clerk themselves, your committee fail to see what more they could have done in the absence of a report from the clerk.

The following Letters on matters arising under the Medical Charities' Act, from the Local Government Board for Ireland, and others, were read by the Clerk, and directions given to answer them respectively to the following effect (or *Orders were made on them respectively, as follows*) :—

Read Letter from In re Lambert *dated* _____

stating that Report of Co. Cont.d from page 79 —

The Inspector makes no finding on the serious issue as to whether the clerk read to the guardians the letter from Messrs O'Flaherty and Son of the 26th May, 1891, and, not having done so, he leaves us in doubt as to whom he attributed this portion of the blame, for the release of the representatives of Matthew Doyle, one of the sureties. As the clerk could produce none of his friends who has the slightest recollection of its being ever read, and as it was not referred to by the clerk at the subsequent issue of rate-books in January following, and as the clerk's recollection is, on his own admissions, quite unreliable on the subject; your committee are of opinion, on the evidence, that it was never read to the board until after its existence had been discovered in the course of the proceedings against the sureties of Lambert.

The facts to establish gross negligence against the Clerk, approximately causing the loss by facilitating the immediate temptations of Lambert to embezzlement are few but plain. The gross violation of rules, in allowing Lambert to have his books checked in the hurry of Board days; 13 times out of the 14 attendances he made, being allowed to take place on Board days, without any remonstrance whatever from the Clerk; the omission to require him to attend at least once a fortnight, or to record his non-attendance on the minutes; the omission to initial the forms of receipt on the back; all rules solemnly designed to minimize the temptations to embezzlement; added to the continuous absence of the Clerk from his duties without leave during 1891 and 1892, and the absence of the exercise of any intelligence or penetration in examining the collecting books, showing such things as 10½d apparently paid by Mr Sweetman out of £14 odd, nothing paid by such men as Mr Mark D. Roche and Mr Peare, owners of whole townlands, and others, all these facts point to the immediate and unavoidable cause of the embezzlement going on with impunity till they reached the large sum of over £250; and, forsooth, the comment of the Inspector on this exhibition of disobedience and slovenly stupidity is that "If the Clerk had been in constant attendance at his office, and had cautiously checked and vigilantly watched the state of Lambert's very deficient collection, it is probable that his suspicions would have been aroused, and the necessity for a strict adherence to the rules laid down by the Local Government Board would have impressed itself on his mind." It is difficult to undertstand what the Inspector meant, if he did not mean, as the words imply, that the rules are to be adhered to only when the Clerk's suspicions are aroused. Your committee are of opinion that a reasonable observance of the rules, and a very moderate amount of diligence in examining the books would have aroused the strongest suspicion at an early stage, and would have provoked enquiry that would have resulted in immediate detection. The excuse of illness does not cover the period of the Clerk's habitual absence from his office except on board-days; nor the period during which this negligence began, and proceeded most seriously. The illness is placed by the doctor's letter (given in evidence by the clerk) in March, April, and May, 1891, and again in June, 1892; the continuous absence of the clerk, except on board-days, occurred in the latter months of 1891, and nearly the entire of the year 1892. Lambert's collection commenced in January, 1892, and he was allowed to fall into his bad habits and neglect of rules from the very beginning, every attendance of his to June, 1892, being allowed to take place on the forbidden days—board-days—in the teeth of the rules to the contrary, when no effectual checking could take place—and all this unknown to the guardians.

On the whole your committee are of opinion that the guardians are in no way to blame for the immediate causes of the defalcations, which are due entirely to negligence of the clerk, and they recommend that the clerk be requested to make them good.

Conclusion of letter of 16th

In pursuance of the recommendations of the late inspector, Mr Bourke, and of the late auditor, Mr Finlay, as to defining the duties of the clerk, as between him and the assistant clerk, your committee recommend the following rules to be adopted by the guardians:

1.— That the Clerk attend in his office regularly every working day from ten o'clock till four.

3.— That the duties of examining the collecting book, the rate receipt check book, the rate receipt abstracts, and all other duties prescribed by Rule No. 7 of Article 45 of the General Regulations be performed by the Clerk in person and not by the Assistant Clerk.

4.— Whenever any collector has not attended for more than a fortnight, such, his non-attendance is to be made the subject of a special report by the Clerk in writing, to the next meeting of the board, which report is to be read aloud at the meeting before being recorded on the minutes, as required by rule 8, article 45, of the General Regulations.

[This to be entered on the occasion of every appointment of a new Committee, after the annual Election of Guardians, and on the occasion of any election to fill any vacancies in a Dispensary Committee.]

The Board Elected the following Ratepayers to be Members of the Committees of Management of the following Dispensary Districts, respectively:—the Clerk to make a return accordingly to the Local Government Board for Ireland, and to issue the prescribed Notification to the Members elected, and to the Medical Officers of the respective Dispensary Districts, in pursuance of Articles 1, 2, and 3 of the General Regulations for Dispensary Districts. The Clerk was also directed to supply Check Books of Medical Relief Tickets (Forms E 1 and E 2), in pursuance of Article 29 of the Dispensary Regulations, to the New Members of the Committees, namely:—

Killann Dispensary District, Mr. Johnson of Dyke,
Reported in Houlder

KILLANN DISPENSARY COMMITTEE.

A special meeting of the Killann Dispensary Committee was held at Larkfield on Tuesday, July 9th, Rev Canon Blacker in the chair. Also present—Messrs Mark Codd, P.L.G.; Moses O'Brien, P.L.G.; Michael Murphy, P.L.G.; Michl Roche, Michael O'Connor, Richard Forrestal and James Johnson. The meeting was called to consider the specification for the repairs of the medical-officer's residence and other important matters. They first considered the question of the supply of water at Ballindaggin. A letter was read from Rev Father Meehan, P.P., strongly advocating the carrying out of the plan laid before the committee by Mr O'Callaghan. Mr Murphy, P.L.G., stated that it was the unanimous wish of the ratepayers concerned that this work should be carried out.

(1) Water Supply to Ballindaggin

(2) Pump at Killann

W. O'Callaghan was instructed to communicate with the Landlord & Occupiers of the land thro which the pipe is to run in order to obtain their signatures acquiring their right of interference with the strip of land thro which the pipe is to be laid.

The committee were unanimous in recommending this work to the favourable consideration of the Enniscorthy Board of Guardians. The sanitary-officer laid before the committee a report relative to the absence of a pubiic pump in the village of Killann. The inhabitants are now dependent upon the charity of Mr Hickey for their supply of water. The committee were unanimous in the desire that the present useless well near the school should be further sunk until a spring of water is touched. They request the board of guardians to take the proper steps to have the recommendation of the sanitary officer carried into effect. The sanitary officer laid before the committee a report relative to the house in Rathnure, now occupied by a shoemaker and his family, as follows—"I wish to report the unsanitary state of the house of Wm. Byrne, Rathnure. There are only two apartments in it, and eight in family. I consider it dangerous to public health, first, as a simple case of overcrowding, secondly, as having no back yard." The matter was referred to the chairman of the meeting, who undertook to make an endeavour during the ensuing month to have it satisfactorily arranged.

The committee then went into the specification of the repairs for the medical officer's residence at Larkfield, and the building of the new dispensary. Mr Casey, C.E., was in attendance and satisfied the committee on these points. Referring to the resolution passed on June 15th, '95, the contractor stated that owing to the demand for masons and carpenters in Enniscorthy during the last month, he was unable to complete all works mentioned in the specification before the 9th day of August, with the exception of papering the rooms. This last work he undertook to complete before the end of August. The committee accepted this undertaking, but gave Mr Lynch clearly to understand that if this undertaking is not strickly kept to they will, on this day month call upon his securities to complete the works. The Secretary was requested to communicate with one of the Local Government Board's Inspectors, asking for an inspection as near the last of August as possible. The meeting adjourned to August the 6th.

Mrs Donohoe Midwife wrote as follows

THE MIDWIFE'S LEAVE OF ABSENCE.

The following was read:—"To the Chairman and Gentlemen of the Board of Guardians. Sir—I beg once more to bring under your notice my claim of vaccination. I don't consider it fair to ask me to attend midwifery cases before and after having small-pox, and going into those places without being vaccinated; neither do I consider I should pay for it at my own expense for the benefit of the public, as if I hadn't to attend such places I wouldn't think of getting vaccinated. No one would like to attend such places and not vaccinated, and, indeed, I didn't think it any fun to get vaccinated. I don't consider any committee could say anything against it if they considered the risk of endangering one's life, and I think it preposterous to compare the district of the Ballagh or any of the country districts with that of Enniscorthy. It is very strange to see a resolution passed by the dispensary committee granting leave of absence for three weeks after my hard year, day and night which was apparently sanctioned by your board a month or five weeks ago, and now, to my astonishment, another resolution was passed by your board declining to give me the leave of absence recommended by the dispensary committee, which your board left me and the public under the impression they had sanctioned under such circumstances. It would be difficult to understand how a board of guardians can be influenced one day to not do what it did a month previous on the recommendation of a dispensary committee.—Your obedient servant,

"A J DONOGHUE, Midwife, Enniscorthy.

Irregularities in the General Manage-
ment of the House

We the Committee appointed to investigate the complaints made by the Hall Porter on the 25th July 1895, in Reference amongst other things to the General Manage-ment of the house = after Care-fully Examining several witnesses including Master Matron Hall Porter & others & going minutely into the Evidence on Each = We have come to the Conclusion that very serious irregularities & violations of Rules & Breaches of discipline has been going on in this house for a long time past. =

It appears from the Evidence that the Matrons Children aged from about 11 years old, to over 20. Can cross the paling from the road into the Workhouse grounds; from which place they are in the habit of Entering the Workhouse through the side doors at any hour they like after 9 o'clock at night, till morning = We consider that it has been satisfactorily proved to us, that this irregularity along with others is occurring fre-quently. =

We Recommend the Board of Guardians to take active steps at once to put an end to these gross irregularities & violations of the Rules & Regulations laid down by the Poor Law Commissioners for the Guidance of Officers of Workhouses. =

The Ratepayers who know something of these irregularities are bitterly complaining for several years. =

~~EXTRAORDINARY REPORT OF THE MATRON~~.

The Master wrote—"I beg to contradict the report of your committee, relative to the charges of the Porter against the matron and her children, as false. First, it is untrue to state that the matron's daughters have been out at all hours up to morning, for I must bear testimony to the fact that better, purer, and more moral girls do not exist. It is the general impression these children are supported at the cost of the ratepayers. I am ready to prove the contrary on oath if required."

Dr Furlong wrote in his report book — "The maternity ward [redacted] is not at all in a satisfactory place, being *en suite* with the venereal and the casual ward. This ought not to be. I have often before given my opinion that pay patients should have a separate ward to themselves and should not be forced to put on union clothes. They at least should be allowed to wear their own clothes. Baths are very badly needed for both male and female idiot wards. It is very much to be regretted that the board did not see their way to have the floor of the ward allotted to male Protestants properly boarded. A tiled floor is both cold and comfortless, particularly in a sleeping apartment for invalids. While on this subject I would suggest that the adjoining male ward should also be boarded and also the female idiot ward."
The consideration of this report was postponed.

"Irregularities in Workhouse"

The report of the Co. as to these (see page 208) was read — The following letter from the Matron was also read — as also Masters report page 227 —

finding fault with inexperienced with the aid of with the matrons ne

Gentlemen, I am reluctantly compelled to trouble your board and seek justice at your hands. I have grave reasons for ~~utterly condemning~~ your committee's report as false, misleading, and one-sided, for a purpose which I can prove to your satisfaction on oath if necessary. Now when inquiring into the alleged irregularities existing why did your committee base their report on only the evidence of ~~a newly appointed~~ officer, ~~still learning his own duties~~, and a prejudiced pauper, both combined, and in whose veracity I have no confidence. I respectfully ask your board to appoint an impartial committee who will examine each and every paid officer resident in the house, and who knows something of the general management, and ~~before~~ such a committee you will be likely to arrive at the truth, which will be more satisfactory than what has been elicited at your recent inquiry.

As the report in the Press (I have seen no other) is prejudicial to the characters of my children, stating before the public that they do not keep good hours, I shall go to all lengths to have this slander rectified. As ~~It~~ is a downright falsehood ~~that my children are or have been out late at night~~.

I have a board's order to keep three children in the house. The others alluded to are home from England on holidays. In all the adjacent unions there are families, viz—New Ross, ~~Wexford~~, and Gorey, and never hear any noise about them. Of course they are no expense to the ratepayers as has been proved here on more than one occasion. Your committee states that those irregularities are going on for a long time; is it not wonderful that nothing could be heard of them until the attempted removal of the woman, Sunderland, from the porter's lodge? As soon as I entered the board-room for examination, not thinking for a moment that there were any charges against me, but very soon I perceived that matters had been pre-arranged and an organisation, so to speak, worked up for the purpose of heaping insult and injury on me and mine.

Now, the day after the Local Government Board's Inspector ordered the removal of this woman from the lodge, at an early hour in the morning, the porter vacated his place in the hall and went that day and the following one to the country to procure the attendance of the members of said committee and misled them to a certain extent, which I can prove. Yet he succeeded so far in securing the services of this woman in defiance of all other authorities, the Local Government Board's Inspectors included.—

Your obedient servant,

ELLEN MURPHY.

Women at work on Farm.

The Matron wrote as follows

To the Presiding Chairman

Sir,

—"SIR—I beg to report that the Master on the 21st September, undertook the very serious responsibility, against my advice, of taking out seven women to assist at a threshing machine on the farm. The selection displayed very little judgment, as three out of the seven had acted hitherto immorally in the workhouse, and consequently should never be permitted to work on farm or at male side. Two other women taken out are *idiots*, certainly not fit persons to assist at the machine. These women did not return to the workhouse until eight o'clock p.m. that night. I feel bound to make this report in justice to myself, or otherwise. I might possibly be blamed if any unpleasant result ensued.—Your obedient servant, ELLEN MURPHY,

Ordered "We consider that the Master acted in compliance of Board Order as they were under the care of the agriculturist all the time, when he was present, the Master was present"

Lamberts Defalcations

Suggested Proceedings against the Clerk &c &c

According to Notice of Motion given to each Gdn. Dure proposed by Patrick Mernagh Esq. and seconded by P. Dempsey

"That as the statements made by Mr. Haughton, the Clerk and others on the 5th instant, were not true and only made for the purpose of misleading the Guardians present on the occasion, I gave Notice that on 10th October, 1895, at the hour of Two o'clock p.m., I will move that Mr. Haughton's resolution in reference to the Clerk's liability for negligence in connection with Lambert's Defalcations be rescinded, and that we take the opinion of Counsel on the question of the liability of the Clerk and Guardians respectively, and on all questions raised on the several Reports and Correspondence and Evidence taken at a Special Inquiry which we direct to be laid before Counsel, and that the expense of taking such opinion be charged to the Electoral Divisions of Ballyhuskard, Edermine and Kilmallock."—PATRICK MERNAGH.

To this, an amendment was proposed by J Haughton Esq. and seconded by Mr Cooksman Dk PC.

Mr. Hall as the subject referred to in Mr. Mernaghs Notice of Motion was considered by a full Board on Sept. 5th - specially summoned by Notice to each Guardian, and as Mr Haughtons resolution was carried by a majority —

"We are therefore of opinion, that the subject of Lamberts defalcations should not be reopened, and we confirm the resolution passed on Sept. 5th."

On a poll, the amendment was adopted by 17 votes to 13.

Gentlemen,

I beg to report that in Compliance with your order of the 5th Inst. I have written up the Masters books from the 10th August to the date on which the new Master took charge, viz the 24th August. =

In going through the different books, I found that it would be impossible to expect that the new Master, or any one Else Could Keep the different accounts properly, in accordance with the Rules & Regulations, unless they were fairly started from the first of the new half Year, so in addition to having written up the books to a week after the date the new Master took office; I found that it was also necessary for me to keep the Masters books up to the 29th Sept. close them on that date, so as to prove them, & ascertain they were correct. =

There were 16 important Books to be kept, besides several subsidiary Books - so to get through them, I had to take them home one by one to work at them from 8 till 12 o'clock at night, & from 8 in the morning till half past one, from the 24th August to the present; & they will take me another week before they are all ~~finished~~ Correctly balanced & closed for the 29th Sept. as I have the Farm & Clothing to square up still. =

Being so much in arrear and having to correct a large number of Errors that I did not expect to meet with at first took a great deal more time than I expected. =

The committee authorised the secretary to write to the contractor for the pump to proceed with the work as soon as possible. The committee decided upon having a large drain made along the water-table adjoining the pump in Killann to prevent the surface water getting into the well. The drain to be made according to annexed plan, and large stones set in cement, the work to be offered to Messrs Sinnott, T Redmond, and J Fitzhenry for tenders. The drain to be 12 feet in length, the bottom 2 feet 6 inches, and the sides 1 foot 6 inches, and to be covered with flags. The committee authorised Mr Casey, C E, to give a certificate to the contractor of the last instalment of £25 for erecting the new dispensary as soon as he can certify that the works have been finished. The committee decided that the last instalment of £25 for the repairs of the medical-officer's residence be withheld until the inspector from the Board of Works has testified to their satisfactory completion.

Special meeting held nov 25th

A special meeting of the Killan Dispensary Committee was held on Monday, when the following members were present—Canon Blacker (presiding), Rev T Meehan, P.P.; Messrs Michl. Murphy, Mark Codd, John O'Shea, E C Blacker, Myles Slevin, Richard Forrestal, Michael Roche, Michael O'Connor, Hugh Murphy, Charles Murphy, Robert King. Patrick O'Connor, and James Johnson.

The meeting was called to consider the proposal of the Postmaster-General to establish a telegraph office at Killan provided a guarantee of £45 a year, for seven years, be given; and further to consider the advisability of requesting the Enniscorthy Board of Guardians as the Rural Sanitary Authority to guarantee the said sum for the time provided, the guarantee to be chargeable to the divisions of Killoughrim Kiltealy, Killan, Rossard Ballindaggin. On the question of the telegraph office it was the unanimous opinion of the committee that it was most desirable, and they requested the Enniscorthy Board of Guardians to exercise the authority conferred on them by virtue of 54 and 55 Vic. cap. 46, section 8, and give the guarantee required by the Postmaster-General, and charge such guarantee on the divisions herein mentioned. It was proposed by Robert King, and seconded Richard Forrestal. that Samuel Brown's proposal to complete all work at the Killan pump for £10 be accepted.

A deputation, headed by Rev T Meehan, P.P, appeared before the committee and laid before it the accompanying memorial, signed by a very large number of residents in Ballindaggin. The committee considered the request for a dispensary at Ballindaggin, to be visited once a week by the medical officer was very reasonable, and they recommended this question to the favourable notice of the Enniscorthy Guardians, requesting them to take the necessary steps for the furtherance of the object. With regard to the request for a midwife to reside in Ballindaggin, the committee considered that it was not advisable to make any alterations in the present arrangements.
