Defalcations of Michael Codd. Ex Master

Mr Connolly applied & made the following Statement —

"On Monday evening, the 17th inst, the porter told me he was informed there was oats sold some time ago. I asked him did he know who delivered it, and he told me an inmate named Christy M'Donald had told him about it, and that it was he who delivered it at Mr Yates' store, along with the agriculturist, and also stated that they had sold in the same place previous to that. Next morning, Tuesday, 18th, the first thing I did was to call on the matron to come and show me where the oats were stored. She did so, and I found that instead of 35 barrels being on the loft for grinding (as returned by the agriculturist about the middle of January), that there was not more than about two barrels there. I then asked her to show me where the oats for the horses were kept. She did so, and although there were 20 barrels put down for the horses, I am not of the opinion that there were 20 barrels there, with the balance included, which the horses might have been supposed to use. However, as I could only guess this, it might be well if a committee would see it. I should have stated that before I called on the matron to show me where the oats were stored, that I sent the porter down to Mr Yates to ascertain if what I had been told the previous night was true, and before he left I got the shoemaker to take his place in the hall. Owing to the information I received on his return I called on the matron. He handed me an account in Mr Yates' handwriting of 5 barrels 10 stone at 8s, sold by Mr Codd on the 5th February, 1896. Amount, £2 5s 8½d paid him. When Mr Yates was giving the porter this account he (Mr Yates) asked him was it the big lot of oats he meant, which were delivered on the first occasion, or the small lot, and the porter said no, that it was oats delivered about a fortnight ago he wanted the account of, but he said probably when he would see Mr Connolly he would have to go back again. After the porter telling me what happened between him and Mr Yates, we then sent for M'Donald, and I asked him in the presence of the porter if he had delivered any corn before that and he said he did, about twenty-five barrels to the best of his opinion. I again sent the porter to Mr Yates's to get a return of this, and Mr Yates told him to tell me to go down (myself) and that he would give me every facility to examine the books. I did so, and on the 31st December, 1895, I found—workhouse, 32 barrels 3 stone at 7s sold on that date, amount £11 5s 6d, which sum Mr Yates and his clerk, Mr Jacob Goff, told me was paid to Mr Codd. I also find that there has been 30s rent of a small house paid Mr Codd. None of these have been lodged to the credit of the guardians. Complaint has been made to me that eggs and butter, which should have been sent to the infirmary, are very much short. This goes to show that the eggs and butter which are short of the supply down in the doctor's book for the infirmary must have been used through the house."

Mr Connolly added that the defalcations amounted to £37 8s 8d, which was made up as follows—Pigs, £6 8s 2d; oats, £15 0s 11d; do, £2 5s 8d; rent, £1 10s; turnips, 18s 5d. Out of this £15 salary would have to be deducted, which would make the defalcations £22 8s 8d.

The Clerk's Report was read to the following effect :—

That W. Drury had audited the accounts of the Union for ½ yr. ending Septr. 29. on 4th & 5th. He had made the following memoranda in the report Under the head of "Other Receipts"

He wrote Leger 118 –

–"I regret that it again becomes necessary that I should direct attention to the arrears of rents outstanding in this union. They are increasing half year after half year, and the guardians are not taking any adequate steps to effect an improvement. The amounts due from time to time are as follows :—25th March, '94, £85 10s 7d outstanding. 29th September, '94, £98 9s 10d. 25th March, '95, £106 18s 8d. 29th September, '95, £118 9s. 29th February, '96, £176 4s 6d outstanding."

Rent Collector Somers informed me, he was contemplating resigning his resignation & it is worth consideration of the guardians whether it is desirable that Collectors Dolan & Doyle should be permitted to retain their positions any longer.

Should any changes occur, the guardians would do well to, at once, notice the Sureties concerned, as the Collectors & their Sureties are responsible for all rents due up to the date of resignation or dismissal

Auditors Memoranda (Cont^d)

Under the head of out door Relief Union Paupers

" I have to direct the attention of the Guardians to the expenditure on Outdoor relief which appears high particularly so as regards the amount disbursed in District No 1.

It is said that P O Whelan is in the habit of paying Ennis Corthy relief in a private office in the Town that has a Knowledge to me that he does not visit the recipients of

temporary relief ordered in consequence of sickness, weekly, as required by the Regulations, she has further acknowledged that there are many cases of permanent relief on his books, whom he has not visited even once during the last 6 months, tho required to visit them monthly.

In many cases he is in the habit of paying relief to neighbors, or others, to be by them handed to the proper recipients, but he has no personal knowledge that the sums reach the persons for whom they are intended. He does not take any receipt, or other acknowledgement for the sums so paid.

I must ask the Bd. to give this matter serious consideration & to take such steps as will prevent the continuance of such irregularities as I have indicated.

Three
charges against the Clerk
Irregular Attendance
at office
re.
The following was read

"To the presiding chairman, Board of Guardians, Enniscorthy Union. DEAR SIR—As the 'Indictment of the Clerk,' to use the appropriate Press heading read by Mr Sinnott, P L G, at the board's meeting on the 5th inst, has appeared in print, although afterwards withdrawn, I must, in self defence, trouble you with some remarks thereon. I shall not weary the board's patience by refuting it in detail, item by item, as I might do easily. It is sufficient at present to say it is altogether incorrect and misleading and unreliable. If the board wishes to appoint an impartial committee to examine into the charges. I will prove it to be so in all particulars. My state of health and consequent irregular attendance at the clerk's office has nothing whatever to do with the recent unfortunate occurrences in the workhouse. It would be as rational for me to allege that Mr Sinnott, being guardian for Ballyhuskard, was the cause. Some people seem to think that I have a control over workhouse concerns something like Dr Drapes at the asylum. Such is not the case. I have no control whatever over the master or any other intern officer in the place. He is just as independent of me as I of him. I can only report his books as unkept or not in proper order, which was done till it was tiresome. He might sell four pigs or forty and I know nothing of it, unless he reported such sales. I have no jurisdiction over the workhouse farm. I never meddled with them, nor would I, if I slept in the office. It is the duty of the guardians to look after all the property of the ratepayers. They are trustees of the public, so far, not I. How many times has Mr Sinnott visited the farm to see what pigs or property was there, or if not there, where it had gone to? How many times has he visited the house and reported masters careless and negligent? These are his duties—not mine. I am not, as he says, 'executive sanitary officer' over the workhouse. Mr Healy, M P, at the sworn inquiry, defined my position exactly merely as 'scrivener to the board.' As such none of my duties have been neglected of late. Even if they were, I might shelter myself behind my affliction, but it is not necessary. Let me explain, although it is painful to be obliged to do so. The unwarrantable attacks on me, however, compel me. I should regret if either the guardians or the public thought I was incapable of work, and yet held on to my post for the sake of salary. It is not so. My health has been bad during the winter months. I suffer from chronic asthma. This is a spasmodic disease. It takes away my breath, but leaves me (D G) my head. Although confined to house or bedroom, I work unceasingly every day for far more hours than if I were able to be out and about. All papers, bills, cheques, minutes, correspondence, all pass through my hands as usual. The books I aways kept I still keep, and up to date. I am technically bound, of course, to attend the meetings of the board, and I only regret I have been unable to do so regularly of late. I am not aware, however, of any evil result of Mr Connolly acting as my deputy at these meetings. If the chairman is satisfied no other guardian has any right to complain. He is responsible for the order of public business. Mr Connolly was elected to assist me and to act under my directions, and if he obeys my instructions I am quite satisfied to bear the responsibility. I could understand Mr Sinnott's complaints if I had acted as the medical-officers do when ill—send in a certificate, and let the board find and pay a substitute. This I have never yet done, although the Local Government Board stated it would have been my wiser course when I was sick in 1892. What a fine 'row' would have been evoked if a *locum tenens* at £3 3s a week for eight or ten weeks had been appointed. I never asked for such, but I think I deserve thanks instead of blame for working whether sick or well, and avoiding such outlay. If Mr Sinnott prefers I should adopt this course I am quite willing to do so. As the fine weather is coming on, however, I hope in a week or two to be able to resume my regular attendance in the board-room, and if so no one shall be more rejoiced than your obedient servant—DANIEL KEOHLER."

Collection of Rates

M Doyle wrote

Gentlemen, Be so good as to ask the Lds Bd to please allow me to collect the rates this year — I know I have caused them a great deal of trouble writing about my, but I need not keep it as I was in very bad health all the months of Feb & March from Influenza

Yrs truly

Medical Officer's ~~Agriculturist~~'s Report.

Beg to call the attention of the Board to the fact, that at present, the accommodation for the female Idiots is altogether insufficient. Not only is the female accident ward wholly taken up by them, but there are besides, no less than fifteen others sleeping in various parts of the house. This would mean that there are no less than 22 female idiots outside their proper quarter. I further Bd would appoint a Co. I could point out an easy & inexpensive way of overcoming this difficulty, while preserving the necessary Classification

Ordered "Referred to a Co. Ps Doyle Sen. J Murnaghan, J Hayes to report.

The attention of the Sanitary officer is directed to the Nuisance adjacent to the Pump near the School in Killian recently erected. This Nuisance Consists of a Stable within 4 feet of the pump. The Ammonia from this Stable finds its way into the well and poisons the water. The Committee Consider that a Concrete floor with a fall of 1 foot from the wall near the Pump to the further wall leading to a drain in the Occupants yard would meet this difficulty. Should this Concrete floor not be completed to the Satisfaction of the Medical Officer within one fortnight of this date the Occupant to be prosecuted

Dear Sir,

As one of Mr Martin's Lunche I believe there is part of the Surcharged ought to be abated, viz £9.10/ debited for mangolds & Turnips that was rotten & went to waste, also that at the time the Master, Mr Martin, took stock he over Estimated them, therefore I expect your honourable Board will recommend the L/Bs to abate that amt. which I am confident they will on the Guardians recommendation.

"The Board consider that the Clerks explanation is entirely satisfactory — he states it escaped his memory when compiling the Minutes, owing to the warrants being presented on separate dates, & that when it came to his notice afterwards, he did not think it essential to send forward a record of same in a supplementary Minute, as for the past 2 years no such record appears in the Minutes, and the absence of this was unnoticed by the Exd up to the present —

The Clerk explained that the Rate Collectors Abstract would have been ready for transmission to Exd each week, as usual, but owing to the fact as to Matthew Doyle Esq DLC this was delayed in the Printing Office, (awaiting decision of Exd Binding as in Dublin — as to Mr Cooke's entries in pencil in the copy of the Minutes, he explained that this was intended by him, to show the entry was his own, & not part of the original Minutes, & he thought it would have been understood so —

The Board of Gds do not consider that this so far, has introduced "a neglect of duty, or failure to discharge work" as they find the Clerk extremely anxious to fulfil all the duties of his office —"

ABOUT THE ASYLUM RATING.

Mr D. M'Dohald, R.C., wrote—

"As the Board of Governors of the Asylum refused last year to pay poor rates on £6 5s value, through some remarks the Auditor made, and as I then brought it forward as arrears, I this year, waited on Mr Roberts about it and he told me he would not pay it as his solicitor told him Lord Portsmouth was not liable ; so I hope your board will be good enough to lay the matter before Mr O'Dempsey and let him take the proper means for the recovery of the amount, £1 10s 2d, being two years poor-rates."

The letter was referred to Mr O'Dempsey.

The Reports of the Master and other Officers were read, and Orders made thereon as follows:—

In re
Burial grounds at Cherry Orchard

The master wrote in his Journal as follows: ——

THE DOGS AND THE CORPSES.

The Master (Mr O'Connor) reported as follows—Mr Chairman and gentlemen, I beg to report that in compliance with the board's order I visited the burial ground at Cherryorchard on the 13th instant, in company with the porter, and examined about thirty graves carefully, and found that the majority of the coffins were only about one and a-half to two and a-half feet under the surface, but there was no such thing as bones of any kind to be seen, nor no appearance of any kind of scratching of dogs, no coffin exposed, nor no offensive smell but the grounds and graves bore constant marks of trespass of horses and asses, &c, as described by the porter on last board-day. I have been informed that large, strong locks have been repeatedly broken by (it is believed) the owners of the cattle who commit the trespass complained of.

The Master further reported—I also consider it my duty to report the conduct of two inmates —Christy M'Donald (Deegan) and J Hendrick, who made the last grave and when the Porter objected to the depth, he informed me they would not sink it any deeper, and abused him for asking them to do so, and he had himself to sink it deeper and had to cover it with another inmate; and also had to drive home the hearse with the other inmate who was not capable of doing it by himself.

Ordered "The Porter is directed that in future, in all cases of interment he shall attend & see that a proper grave is made at least 6 feet deep. The Master to report every Month as to the state of the graveyard. The master is directed to prosecute all trespassers "

Ordered also "That Mr O'Dempsey prosecute the parties reported above "

We the Visiting committee visited the workhouse this day 20th May 1896. & after carefully examining the different portions of the building, & also going into & Examining the alterations & improvements contained in the Local Government Boards Inspectors Report (Mr Lynch Staunton) we find it necessary to Recommend the following alterations & improvements. Viz

(1) That two Rooms on the ground floor in the main building be given for the use of the Female Lunatics. as Recommended by the Medical Officer and approved of by the Board of Guardians this can be done without much expense

(2) That Baths be procured for the Girls School & also for the Male Lunatics

(3) That a Nun of the order of St John of Gods be appointed as Night Nurse to the Infirmary

(4) That the ambulance be repaired & painted

(5) And that the best of the Covers over the fever Hospital be put in proper repair. this we consider will be good Enough without going to the unnecessary expense of getting a New ambulance

We consider that the Sanitary condition of the workhouse is Satisfactory therefore do not consider water closets which would cost a good deal be erected there needed at present.

(6)

(7) That cold water should be laid on to the Bath in the Infirmary. and a New small boiler be erected in place of the one now in use which is cracked & Leaking. this we consider will be sufficient to supply any hot water which may be required. for the Bath in the infirmary & hot water to be conveyed to the bath as heretofore.

(8) We consider flock pillows quite good enough when required

(9) That the Master examine the Chimney reported & report to the Board,

(10) As the Carpenter is busy at very important work we recommend that the Boarding of the Female Infirmary & Male Lunatic ward be postponed for the present.

(11) — That the windows in the Infirmary be repaired without delay.

(12) The master to ascertain the exact no of locks required & reports.

(13) " That 12 night chairs be provided for the infirmary —

Newtownbarry Dispensary Committee

Meeting of Dispensary Committee on Monday 1st June 1896, J. Daly Devereux Esqr in the Chair, also present Archdeacon Archdall, Messrs R. W. Stallard & Jas. Guilbride, N. J. Connor, R. Dormer. Medical Officers' report read & examined. Medical Chief Registar and Register of vaccinations read and examined. The following bills were signed Jas. Nolan £2-0-9½ – Martin Doyle 8/9. The Sub Committee appointed to see about the deficiency in the supply of water for the lower end of Newtownbarry reported that they examined the matter fully, and are of opinion that the best means of securing a good supply would be to cause the surplus or overflow from the Methodist Minister's well which is at present running to waste to flow into the well which now supplies the Market Square pump. They consider that the work should be done at once, as the people are very badly off for drinking water, and they request that an Expert be sent to investigate and report on the general water supply of the town

Ordered "That Mr Barry C E be requested to visit N T Barry & consult with Dr Dormer & D report to the B. of G. as to supply of water to the Town"

Absence of the Midwife for Mrs. Donohoe

ENNISCORTHY DISPENSARY COMMITTEE.

A special meeting of the Enniscorthy Dispensary Committee was held in the Market-house, on the 10th June, for the purpose of considering the absence of the midwife from the district. The following letter was read—"4 John-street, Enniscorthy, 2nd May '96. Dear Mr Hayes—I have received a telegram last evening, requesting me to go to Dublin to-day, on urgent private business, and I do not expect to be ~~for~~ home about two weeks. I was speaking to Dr Kelly and made arrangement to leave a competent woman in my place with whom he is perfectly satisfied till my return.—A J Donoghue, Midwife." This letter was marked correct by Dr Kelly.

A further letter was read from Mrs Donoghue, which stated that owing to the slow recovery of her child she was again compelled to aske leave for two weeks longer.

The following was written on the letter by Dr Kelly—"I see no objection subject to the approval of the dispensary committee." The above letter having been read, the secretary was requested to write to Mrs Donoghue calling on her to resume her duties at once. After the meeting, the following was handed in by Dr Kelly, which he asked the secretary to have placed on the minutes—"DEAR SIR—I understand that the, midwife, Mrs Donoghue, states in her communication to you that she had made arrangements with me relative to her absence. I would call your attention to the fact that such is not the case. When Mrs Donoghue informed me of her going to Dublin, I told her, and I repeated the same statement to yourself, that I had no authority to sanction her departure or absence, and that I declined to have any responsibility in the matter."

Mrs Hayes said that Mrs Donoghue had written to him on the 16th of May, and she had been away since. He wrote to her requesting her to come back and resume her duties. She had acted inconsistently with the rules of the committee.

No order was made on this by the Board.

590 Free Water Supply 18
Newtown - Barry

The following Letters on matters arising under the Medical Charities' Act, from the Local Government Board for Ireland, and others, were read by the Clerk, and directions given to answer them respectively to the following effect (or *Orders were made on them respectively, as follows*) :—

Read Letter from W F Barry & Co *dated* June 2 '96

~~stating that~~

NEWTOWNBARRY WATER SUPPLY.

A lengthened report on the Newtownbarry water supply was received from Mr Wm F. Barry, C.E., who, in accordance with the resolution of the guardians, made an inspection in company with Mr R. Dormer, hon. sec. of the dispensary committee. As regards present supply, the report stated that there was an ample supply of water in the town suitable for washing and such purposes, but the supply of drinking water was limited to a very insufficient quantity, obtainable from a pump in the Market Square and from a few private pumps. With regard to the suggestion that the over-flow from the well in the Wesleyan Minister's garden should be conveyed to the tank from which the pump in the Market Square is supplied, Mr Barry found on visiting the place that the over-flow was practically non-existent. Having alluded to a number of defects in this supply, he expressed the opinion that it would be always limited in summer. Secondly, as regards the proposed gravitation supply, he had visited the stream crossing the Kildavin road, beyond Carrickduff, and about 2,000 feet from the Clody bridge. On following the stream up he had found that it flowed in a covered drain under a tillage field, and where open was sluggish in flow and liable to contamination. He next visited the main stream in Carrickduff wood, from which the former flowed in an artificial cut. Here he believed an abundant supply of good water could be obtained close to the town, and therefore at a reasonable cost. This being the main stream, and there being no water rights lower down, the abstraction of a supply for Newtownbarry could not, he thought, be objected to. The bed of this stream was uneven and rocky and with a quick fall, so that the water was well broken up and ærated. To provide a supply from this source, allowing the usual 20 gallons per head per day, would, he estimated cost £975. Before the guardians took any further steps in the matter, he would advise them to have an analysis of the different supplies (specified) for comparison with the Carrickduff wood supply, if it were decided to proceed with the scheme from that source. Mr Barry also furnished a detailed estimate of the probable cost of completing the scheme, which, he mentioned, the total for which amounted to £975.

Ordered – Referred to WJB & Co. "

Labourers Act

Remuneration to Clerk

The following was read :—To the Chairman—Dear Sir—May I beg the favour of your bringing before the board the desirability of its taking into consideration my claim for some adequate remuneration for the enormous trouble which has devolved on me for years back owing to the adoption of the Labourers Act in this union. It is now in operation since 1883, 13 years. Loans to the amount of £18,530 have been received, distributed and accounted for by me in every way without mistake. One hundred and sixty three houses have been built and set. Take into account what all this has involved—the necessary calculations of interest required, the minute chargeability of the smallest item to each electoral division, the endless weekly accounts necessary to keep each individual tenancy correctly, the exact watch needed on the personal arrears and the checking over of these with the rent collectors—and it is no exaggeration whatever to state that this Act has given far more trouble and has been more exacting than the whole of the original ordinary union work of which it is no part whatever. In October 1889 I applied for some compensation but I received only £50—a totally inadequate sum for the work of six years. £8 6s 8d a year ! not 3s 3d a week !! Why a mere percentage of only 6d in the £ on the outlay of the loans would be £463 5s and deducting the amount received by me (£50) would leave on this moderate estimate as a fitting recompense, £413 5s. I will be satisfied, however, if the board treats me the same as the clerk of the New Ross Union has been by his board, the circumstances in both unions being nearly parallel. Any difference is in my favour when I claim this. This union has received in loans £18,530 and New Ross has received in loans £17,600. This union has built 163 houses and New Ross has built 136 Therefore this union has received £930 more and built, so far, 27 houses more than New Ross. How has New Ross treated its clerk ? His average payment from the first was £48 a year but for the last four years it has been £40 a year. This scale of payment to me would result thus—nine years at £18 would amount to £162 ; four years at £40 would amount to £160; total, £322 ; and deducting the amount already paid me (£50) would leave £272 as a fair allowance. I may mention that the Clerk of the Gorey Union, with a far less number of houses than this, and of course much less loans, receives £40 a year on this head. I hope the board will make no difference between me and the other officials referred to. All I ask is equal justice. It may help the board to act generously with me to remember a statement made in the House of Commons a few evenings since to the effect that a sum of £20,000 was laid by for distribution amongst the Irish Unions which had built houses under the Act, and it was only waiting for some *pro rata* scheme to be devised for its distribution, so as to affect past outlay. This union, with its 163 houses will be entitled to a large grant, and it cannot be better applied than by giving a fair reward to him who has kept all the "links of the chain" together and in working order.—I am, dear sir, your obedient servant, Daniel Keohler, Clerk."
