The Report of the Visiting Committee was read, and orders were made thereon as follows:—

The queries were all answered favourably.

No 1. Yes — The House is in excellent order on the whole, we never found it as respects ventilation, cleanliness, and general healthy appearance of the Inmates — so Satisfactory. There are some exceptions mentioned below.

No 7 Yes — The Shoemaker is ill and there are no boys in his workshop — He expects to return next week.

No 10 — None except an old womans complaint which on inquiry had no foundation.

A woman Eliza Grey in the Idiot Ward ought to be transferred to the Lunatic Asylum without any delay.

The Reports of the Master and other Officers were read, and Orders made thereon as follows:—

The mens day room might be better.

The Privy in the mens Hospital yard is badly kept. This arises it is said from the unhdy way in which the Stops are poured into the place. It would be well to consider if a separate place could be constructed for these Stops perhaps in the Privy itself.

We should advise that the Medical Officer be asked to look at the Boys School Their eyes look delicate.

They are injured by removal to Hospital.

The general healthy appearance of both Boys and Girls is very striking.

The flues of the Drying Room ought to be swept without delay.

16th March 1872 (signed) George Sellinte.

Ordered that the Master have the effects pointed out in the foregoing report remedied and the recommendations contained therein carried into effect.
