The Address

To His Royal Highness the Prince of Wales, Regent of the United Kingdom of Great Britain and Ireland -

The Humble and Dutiful Address of the Mayor, Bailiffs, Burgesses and Freemen of the Corporation of Wexford.

May it please Your Royal Highness, -

©: Wexford Borough Council

We, the Mayor, Bailiffs, Burgesses and Freemen

Freeman of the Corporation of Wexford, beg leave thus early to approach your Royal Highness, with heartfelt congratulations on your Royal Highness's late providential escape on returning from the House of Parliament on the 28th of January, and with the expression of our abhorrence and indignation against the Authors of the atrocious attempt.

Little indeed could we have imagined that, whilst the Nations around hail your Royal Highness's Name with gratitude and admiration, for the unexampled wisdom, fortitude and energy, with which your Royal Highness supported the sinking liberties of Europe, and enabled her despairing Sons, to bring the awful struggle to a triumphant issue, the extinction of these heroic virtues, could have been meditated by the heart, or attempted by the hand of a Briton.

Far from conceiving the present outrage, to be the solitary act of an unconnected individual, we are persuaded that it is a branch, and the commencement of an extensive system, organized by those who, however they may cloak their wicked views, under the specious veil of Reform, aim at nothing less than the subversion of the law and the Constitution; who inflame the mind of the vulgar, by descending on imaginary grievances, and tantalize their hopes, by the suggestion of impracticable remedies; and thus exalting their prejudices and their passions, render them the instruments, of their own abominable machinations.

In devising practicable measures, for the removal of real evils, which press upon us in common with the rest of the world, we are well aware that Your Royal Highness is anxiously and unweariedly occupied. We look forward therefore without apprehension, fully confident, that the consummate wisdom of those counsels, which have carried us safely through a protracted period of gigantic peril, and almost desperate hazard, will overcome but a comparatively trifling difficulty or an occasion of minor interest, and we confidently trust, but of temporary duration.

For the accomplishment of this desirable object, and such other measure as may prove conducive to the welfare of the Empire, we humbly beseech that Providence, which has deigned in this recent instance, to shield you from the attack of the assassin, the person of Your Royal Highness, still to watch over and protect a life, with which the happiness and prosperity of our Country are so inseparably connected.

The Report of the Committee appointed by the Corporation of Wexford for examining the Accounts &c &c

Your Committee beg leave to acquaint the Corporation that pursuant to the Power vested in them, they called for the necessary Papers and Vouchers to enable them to proceed in the Examination of the unsettled Accounts of the several Mayors &c.

That the only Accounts with which they were furnished, were those of George Garrison Reads and Charles Jacob Esq^r Mayors for the year ending September 1814, 1814 and 1815, and the Rev^d Ralph Boyd - Mayor for the year ending September 1816, together with the Account of Thomas Jones Town Clerk, which has not been examined by your Committee but those of Mr. Reads, Mr. Charles Jacob and Mr. Boyd appear to your Committee to be just and fair Judging according to the Custom hitherto established in Auditing Mayors Accounts. Your Committee beg leave to observe however, that it appears to them that the Present System of Accounts requires to be improved and arranged on a better Plan - As the Mayor for the time being appears to be wholly ignorant of the Expenditures of his Office, not knowing whether a balance remained in favour of the Corporation or otherwise, and entirely ignorant of any arrears that might be due to the Corporation, and in no case does it appear to your Committee that the Corporation's Rents were ever inspected into by the Mayor and the Receipts brought to charge in his Annual Accounts, but that the Rents have been collected by the Town Clerk and allowed to remain in his hands to be appropriated to the payment of his Salary and Allowances. It must therefore appear evident to the Corporation, that the Revenues have not been accounted for as those of a Public Body ought to be, and your Committee beg particularly to call your Attention to this Subject and strongly recommend the appointment of a Treasurer, to whom the Rents &c &c should be paid, who should be Authorized to pay the respective Officers sanctioned by the Mayor their Salaries, and to advance to the Mayor such sums as he thought proper to draw for incidental expenses incurred during his Mayoralty, and to reserve the surplus of Revenues (if any) to be disposed of by the Corporation assembled in Council and who should at the end of each year be required to lay before the Corporation a State of their Accounts, exhibiting at one View the entries of their Income Expenditures and Balances.

©: Wexford Borough Council

Present State of the Corporation finances, It appears to them to be absolutely necessary to reduce the expenditures, and therefore

Therefore they request the Attention of the Corporation to the following items which appear in the Accounts laid before them -

Deputy Mayor -	£ 34:3:6
Recorder -	22:15:0
Chaplain -	10:0:0
Judges Lodgings -	22:15:0

Your Committee have also to observe that the Expence of Salaries in the Collection of the Tolls and Customs appears to them to be very considerable amounting to near one fourth of the sum collected, and they have further to observe that notwithstanding this expence, it appears that many frauds have been practised on the Corporation, and a great Quantity of Goods permitted to come into Market without payment of Toll; All which might be avoided by the establishment of a proper Market Place: that with respect to Corn - (which forms so considerable an Article of Trade and from which the Principal Revenue of the Corporation is derived) your Committee are of Opinion that there would be a considerable increase in the produce of the Tolls, if the entire of what was brought to Market was collected in one place, and not as at present, sold in different parts of the Town and in many instances, on the Roads before it arrives -

Your Committee therefore strongly recommend the immediate Establishment of a proper Corn Market under the care of a Weighmaster, as is customary in other Places, and which the Law provides for. The Farmer would then be protected from the Impositions so constantly practised at present by the petty Corn Buyers, and the Merchants benefited in many particulars.

Your Committee beg leave to suggest that for the purpose of making such Arrangements on this Head as the Corporation shall deem expedient, they recommend the appointment of a few of the Members of the Corporation to aid and assist the Mayor in carrying them into effect and who should be invested with sufficient Authority to take such preliminary steps as may at a future period be sanctioned by a General meeting of the Corporation.

The Address

To the Kings Most Excellent Majesty King George the Fourth

We your Majesty's loyal subjects, The Mayor, Bailiffs, Burgesses and Freeman of the Corporation of Wexford beg leave to approach the Throne, with the tribute of our sincere Condolence upon the lamented Death of your Majesty's late Royal Father, the Common Parent of his People.

Full of years and illustrious in glory he has closed a Reign which the excess of the most sublime virtues rendered a Model to the Sovereigns of Europe, and the Remembrance of which will long survive in our Hearts.

Deeply as we are afflicted by this distressing Event our Sorrows are Mitigated and our Hearts cheered by the consoling Prospect opened to us in the contemplation of your Majesty's Character and virtues.

We therefore beg to offer our most affectionate and

Devoted

Dutiful congratulations upon your Majesty's Accession to the Throne, and we already discern and acknowledge the signal favour of Providence in the discovery and prevention of the horrid conspiracy against the lives of your Majesty's Ministers and for the Overthrow of our Happy Constitution.

Called, at an awful and portentous period, in an hour of domestic affliction and National Struggle, to the administration of a delegated authority, your Majesty displayed a wisdom and magnanimity which achieved the salvation of Europe and which warrants us in the confident anticipation of a Reign fraught with glory to your Majesty with happiness and prosperity to your People.

For the Accomplishment of this great End, we most fervently pray that your Majesty ~~may long continue to reign~~ years may be many, and that the Almighty may long continue to us a life with which the Welfare of our Country, and we may truly add, the best Interest of Mankind are so indissolubly interwoven
