The Clerk read letters ^{to} ~~from~~ the following effect from the Poor Law Commissioners.

One setting forth their disapproval of any motion of a purely political nature taking place in a Board room, as calculated to impede the ordinary business of the Guardians, and that with reference to a motion of motion at the last meeting of this Board ~~by~~ ~~the Board~~ instances occurred where Chairman refused putting ~~such~~ motions and that the Commissioners when called on to express their opinion on the matter did not hesitate signifying their approval of the conduct of such Chairmen.

On the subject of a lodgment with
the Board Treasurer of the sum of £214" ³/₄
Stating it was referred to the Architect to report

to the Commissioners and that on receipt of his report
that the work as represented is done or in hand.
~~the~~ ^{the} amount shall be lodged as requested by the Board.

One from Mr Maher late Vice Chairman tendering
the expression of his thanks to the Board for the Resolution passed

Sir

We the undersigned Guardians of the Eccleshampton Union, beg to inform you that we are here in attendance to assist in discharging the duties for which alone we are in Commission with every other Member of the Board were appointed. We therefore call on you as Chairman to proceed with the business of the house and protest in the strongest manner against your permitting in this Room a discussion to take place on any Political Subject unconnected with our duties as Guardians. We beg leave further to add that if notwithstanding this protest we surmount we shall still perceive an intention of proceeding with the proposed resolution as to the Repeal of the Union and that the large Majority of the Board are determined to employ for political purposes the time which was intended to be devoted for the benefit of the poor in the house and of the Rate-payers out of it, as we cannot find any Section of the 1st & 2nd of Victoria that empowers or requires the Guardians to devote any of their time to the discussion of any Matter or thing excepting such as relate to the government of the Poor House and the relief of the destitute poor and as we cannot be expected to remain useless listeners to a discussion of which we entirely disapprove we shall feel it our duty to retire.
