residing in the District since his appointment.

Mr Murphy was called in and stated the allegation to be false referring to the Police of Kellaw for confirmation of his residence with his brother and to the Police of Clonroche for his constant visits paid in that locality. Mr Whitty urged that a violation of the 40th Article of the Commissioners rule, has taken place in the dismissal by the Board of Mr John Doyle the late Relieving Officer and that the 13th article was also violated there being but seven days notice given instead of fourteen.

Messrs Sweetman and Rudd stated that when Mr Murphy and Mr Doyle stood for election on the 24 August Mr Doyle was a consenting party and at that time put forward no objection, that he was then aware of the Commission's having sanctioned the reduction of the number of Officers from seven to five, that as Mr Doyle happens to be one of the two then reduced and the Commissioners having sanctioned the appointment of Mr J. Murphy the Board could take no further step in the matter.

Orders. That it is the opinion of this Board Mr Scallan's motion is wholly out of law as to the violation or nonviolation of the Commissioners rule, and as such cannot be entertained by the Board and that if Mr Doyle wishes to press his claim further it must be by a Memorial stating the whole facts to the Commissioners.

Orders. That the Clerk send out Circulars to all the writers of the collectors advising them that

Ordered, That Richard Johnson do attend the Board with the Killan and Killequay lists for examination and explanation on Thursday next.

Mr Krating valuator attended and reported that in two weeks he would have the valuation completed and the Books handed in to the Clerk, he having nearly half the Books already done.

The Chairman then signed the Agenda and from and the Board adjourned to Thursday the 7th November 1850.

My Dear Sir,

The Ratepayers of the New Electoral Division of Vombrock are desirous of entering into a Voluntary Rate for the Industrial support of all the paupers in the Division who I am happy to say are not numerous. I am myself the principal Landlord Proprietor in the District and have been promised the full cooperation and support of the few other Landlords who have property in the Electoral Division to enable us to carry out our object but before doing so we wish to have the sanction of the Board of Guardians to our proceedings and my object in now writing is to request you will be good enough to inform me whether in the event of our giving you a guarantee on the part

of the Ratepayers to afford employment and support to all such paupers in the Division as may be under the necessity of applying for relief the Board will exonerate us from any other Rate (except for the Ordinary Establishment and other Union Charges and the Rate in Aid if required) in striking the next rate on the Union as I must beg to observe that if the Board were to impose a compulsory rate (except for the above purposes) it would entirely defeat an object which is to keep the paupers out of the House by employment or assistance at home, and as I feel satisfied that it is not the wish of the Board to discourage so desirable an object I trust they will give a fair trial to the proposed system which is all we require.

I am Dear Sir
yours very truly
Matthew J. DeKinsky.

The Board proceeded to consider the meeting of Rates and in consequence of the proceedings the following Resolution was proposed by Mr. Farman. Seconded by the Honble V. R. Maxwell. and unanimously

Resolved, that we request the attention of the Commissioners to the large amount of Rate required to be struck in the undementioned Electoral Divisions in the hope that instead of compelling us to raise our Rate in Aid to other Counties we may be permitted to apportion the same to those distressed Districts in our Union and thereby save a large number of Ratepayers from inevitable ruin. It is suggested that in carrying out this object the Rate in Aid may be apportioned so as not to allow an excess in any Electoral Division over 1/- in the pound viz. Ballydaggan 5/- Clonroche 4/- St. John's 5/- Kiltaly 5/- St. Mary's 5/- Roscar 4/- and Carrigguff 4/8.

Resolved, that it is the opinion of this Board the Law at present in operation for the relief of the Poor press with undue and frequently ruinous severity on Towns and Villages - we would therefore request of the Commissioners to bring the subject under the notice of Government with a view to obtaining such alterations of the Law as may afford fair relief where the Rate exceeds a certain or proportionate amount. It is suggested that a Rate in Aid leviable on the Union at Large may effect the object.

Orders. That on investigation we find the sum of £10,000. to be sufficient to defray the current expenses of the Union both Establishment and maintenance - including Buildings, purchase of fuel, and £750. Rate in Aid as directed by the Commissioners until the 19th September 1851.
