On the admission of paupers a question of chargeability arose which was ordered to be submitted to the consideration of the Commissioners. A boy 8 years old was brought up by a person who has him under his care for the last 32 months and was paid by the boy's father who resided all that time out of the Union, until about 12 months ago he went to America deserting the child and then ceasing to pay for the child's maintenance, the person who has care of the child residing all the time with the child in the Emisworthy Division — Quere, — whether is the chargeability to be on Emisworthy Division or on the Union at Large.

(Signed)

March 28/52

R. A. Truett (Mellin)
 Stephen Radcliff Farmley

The Reports of the Master and other Officers were read, and Orders made thereon as follows:—

Medical Officer Reported. In Hospital week ended
 17th April 25th. On House Diets in Hospital 46
 Discharges 49. Sent to Town & Dispensary
 Hospital 11. Died 6

The Mortality in the Infant class this week
 is a very good illustration of my Report to the Guardians
 on the 18th March last.

In reference to the above Report it was
 Ordered, that as a certain number of Infants are
 already by the Doctor's recommendation getting an
 extra allowance of milk, the Board is not willing
 to increase the Diets of last nursed Infants in such
 particular cases as the Doctor may think necessary

Master Report. That Arthur Kavanagh has
 delivered the Broad loom which is now weaving
 blankets and hoped the Board would grant an
 order for 2 additional narrow looms to enable
 him to manufacture the Yarn now in store.
 begged to impress on the Board the necessity of
 preparing the flax of the Establishment as what is
 now in store will shortly be consumed.

The following Orders of the Poor Law Commissioners were laid before the Board and directions given thereon, as follows:—

Ordered. That the Sample of flax offered be purchased at 4½ palls for 4 stows, or 4½ palls for the lot, or ½ palls if the flax be deemed and delivered without delay

The following Letters from the Poor Law Commissioners, and others were read by the Clerk and directions given to answer them respectively, to the following effect (or, Orders made on them respectively as follows):—

Letter Dated 14th April 52 Requiring a Return of the Number
No 22520 — Vaccinated in the Workhouse during
the Year ended 25th March 1852.

" 21 April 52 Enclosing Copy of a Letter Received
No 25727 from the Reviser of the Union respecting
the Rating of certain premises and a
Copy of their Reply.

" 21 April 52 Fixing the Chargeability of a deserted
No 25641 Child on the Relief Division of Ennisorthy

" 21 April 52 Requiring what order was made
No 25641 on that part of the Medical Officers
Report which suggested that some
arrangement should be made in order
that the Hospital Patients may have
the benefit of fresh air on the land.

Ordered. That the Hospital Patients nearly convalescent be sent to walk on the Grass Land for a certain time on fine days, with a person in charge.

" 21 April 52 Requesting that the explanation of St. Moulton
No 25641 Collector respecting the Non Collection of certain
Rates be inserted in the Guardians Minutes.

For Order see Ordinary Business.

Letter Dated 21st April 52 Transmuting Copy of a Memorial which
No 25728 they had received from Mr Sam Sparrow
respecting the Contracts recently entered into
for supply of Buttermilk & requesting
the Guardians observations thereon.

Ordered. The terms of Mr Sparrow for a supply of a limited
quantity of Buttermilk was lower than the price contracted
for by the Union in 20 Gallons. During the last season
the Guardians have experienced the inconvenience of limited
contracts for Buttermilk having during last winter been
obliged to pay Mr Sparrow 3½ palls for the extra quantity
required beyond the contract made as Mr Sparrow's milk
was not required during the Summer Months. The
Buttermilk also supplied by him at that price was frequently
complained of by the Doctor and in consequence New Milk
had to be taken in its place. The Guardians in examination
do not find any traces of alteration in the Tenser accepted for
Buttermilk and they cannot understand Mr Sparrow's
allusion. It is not their invariable policy to accept the lowest
Tender more particularly when by doing so they would act
injiciously to the interests of the Union

Ordinary Business

Moved by Mr Balzer

Seconded by Mr Doran and
Resolved. That the Clerk be directed to prepare a set
of Rate books for striking a New Rate and that the
Board be summoned for Thursday the 13th May to
consider on the propriety of making the half year
Rate to correspond with the Rate made in Sept. last.

Application having been made by Mr Morrison
to the Board for clothing for three children of
the name of Lawlor. Thomas aged 15, Ellen
aged 11 and John aged 9 years who are in the
House since 1848. Chargeable on the Ennisorthy
R. Division, whose mother died in the Workhouse
their passage having been paid for by their father
Mr Morrison Canada

Ordered, That to relieve the Ratepayers of the Division as this family has been in the Workhouse 14 years and have outgrown their clothing had on when admitted, a sum of £2. 10/- be given for the purpose, the Master to see that proper clothing be provided, the Guardians think this a case of exception that may be allowed by the Commissioners.

The Agreements report as to the steeping of the flax and the locality for the purpose being considered.

Ordered, The Agreements will have one fourth of the flax about 3/4 steeped in the Quarry hole and grazed on our own land near the Mill Race unless a more eligible place can be taken before it be ready and that a careful man who understands the process be engaged to attend and watch it at 1/- per day whilst in the Steep.

On consideration of Doctor Carey's Return from the N. T. Barrack Fever Hospital —

Ordered, That the Medical Officer Return be accompanied weekly by a Summary on the back of it showing the quantity and cost of articles consumed during the week, the form so filled will be deemed sufficient without sending the Books. No answer has been returned to the Minute about the 40 pair of Sheets, the Clerk to communicate this to Doctor Carey.

On the admission of paupers it was found that Mr Patrick Walsh Relieving Officer had given a ticket of relief the day after a woman and her family had been refused admission by the Board on last Board day and without that enquiry as to her destitution which appeared requisite on his part.

The Bonds and other securities in force were laid before the Guardians by the Clerk, together with his Report thereon, as follows: (this on the second Meeting after the Annual Election in every year).

Ordered, That this circumstance be placed on the Board's Minutes,

A Letter was read from Mr James Moulton Collector to the following effect, That he did not distrain the Stock on the farm lately occupied by his brother, there was no Stock on it but that of a man who had paid his Rates long since, that as part of the two farms adjoining were always grazed in common, he thought it would be robbery to take the Stock of a poor man so long as he knew the rates should be paid either by his brother or Mr Maswell as soon as the matter could be arranged between them, but as the farm has passed to Mr Maswell and let to a Tenant — the Rates would be paid in a week as the man has taken Stock to the fair of Tullow this day for the purpose of mending the Rates, that as he had to attend the County Cess Receiver tomorrow (Thursday) to visit several farms in the Parish he hoped the Board would excuse his non attendance,

Ordered, The Case of Mr Bolton having been considered the Collector Mr Byrne will give a Receipt for the Rates received by him for May paid by Auction on the lands of Bally-andrew,

Moved by Mr Winter

Seconded by Mr Minch and Resolved, That when the present Contracts for the Fever Hospital will terminate, the Board will issue Orders to the present Contractors of the House for such Supplies as may be required there — that a ~~contract~~ ^{contract} be issued for a fresh supply of Scent-Milk.

Moved for a House or rooms as a Dispensary at Ferns were considered and that from Mrs Sarah O'Donnell accepted with 1/- per ton of Coals, Candleslight and attendance to keep the

the apartments clean at the Rate of £5 per Ann. the Clerk to write the particulars of same to Doctor Taylor tomorrow.

Order for the necessary fittings at the Dispensary of William Lane considered and that from Anthony Doyle accepted for the sum of £10.6.6 as per Specification.

Order for the fittings at Balart Dispensary not being considered sufficient, fresh advertisements to issue for this day week

The Chairman then signed the Orders and Cheques after which the Board adjourned to Thursday the 29th April 1852

Ordinary Business

On the Clerk's report being read,

Ordered, That the collector be called on to attend the Board this day week and account for not having closed their collection, two months having now expired beyond the period allowed in their Bonds.

Moved by Mr Farmer seconded by Mr Cookman & Resolved That the attention of the Commissioners be requested to the appointment of Doctor Lang as Medical Officer of the Millan Dispensary District it being the opinion of this Board that Doctor Lang having heretofore discharged in a very satisfactory manner the duties of Medical Attendant to the Millan District in the River City Union and to Temple Cragan District in the New Ross Union he is quite competent to do so if reappointed to those two Districts.

A Letter was read from Messrs Thos Martin Joshua Davis and John Breen whose contracts for Meat, Whisky and Coals supplied to the Fever Hospital will terminate on the 1st May next complaining that the Board has ordered the supplies to that House to be taken from the Contractors for same articles to the Workhouse with the termination of their contracts in the month of February next.

Ordered, That no objection can be complained of as the Board has taken the supplies for the Hospital from those Contractors during the period of their Bonds and as the Fever Hospital is now or to be supplied a part and parcel of the Workhouse the Board is of opinion it is more convenient to issue their orders to the present Contractors to the Workhouse for the whole establishment and without detriment to the interests of the Ratepayers as the parties now complaining wish themselves competitors at the time their contracts were entered into.

A Letter was read from Doctor Lang Newtown Bantry stating that 10 pairs of shoes were worn out and three pairs stolen since stock was taken that a Warrant

was issued for apprehension of the thief but to no effect, that he was not until now aware of the necessity of sending torn out clothing to the Workhouse for Condemnation, that those worn shirts supplied by the Hon^{ble} Mr. Mayhew before the Hospital came under the control of the Board — that he now wanted 13 pair of shirts,

Ordered. That the Master procure 13 pair of shirts to the Medical Officer of the Town Hospital at St. Vincent Barr.

Mr. O'Donnovan Solicitor reported that a Decree had been obtained at the last Quarter Sessions of Exeter against Sampson Colclough for £25.3.5 and would be registered immediately, that donations were given to Sir Patrick Colclough but were too late for last Quarter Sessions and that he had written letters to all the ~~parishes~~ parishes of Exeter and Parry Nolan defaulting Collectors but they had not come in yet to settle.

Ordered that the Clerk write to Mr. O'Donnovan to take proceedings if they do not come in by this day week.

A Letter was read from the Secretary of the Outport Dispensary Committee enclosing Copy of Minutes of their last Meeting, that the Committee had appointed Doctor Cartan Medical Officer to that District after due inspection of his Testimonials, recommending the Confirmation of his Appointment by the P. L. Commissioners, also that they had appointed a Store Keeper at a salary of £9 per Ann.

Ordered. That the Committee has no power to appoint such a paid Officer as a Store Keeper.

Orders for fittings and some furniture required at the Outport Dispensary were considered and that from Henry Butler accepted as per Specification for the sum of £9.0.0. Securities John Butler of Rahenriff and William Earle of Bellinabreen

The Bonds and other securities in force were laid before the Guardians by the Clerk, together with his Report thereon, as follows: (this on the second Meeting after the Annual Election in every year).

Relieving Officer, Mr. Patrick Walsh was called before the Board to explain as required by the Commissioners letter of yesterday and stated that the applicant for Relief Bridget Bradshaw and 4 Children applied to him on Thursday the 13th inst at 12 o'clock for admission to the Workhouse, that he enquired of the Guardian of the Poor then about leaving the Board who told him she could not remain out of the House ten day longer in which he gave her a Provisional ticket until next Board day when he brought her up for Confirmation of same and that she was not before the Board at all the day he gave her the Provisional ticket.

Ordered. That as the Board was sitting when the application was made it was ruled on the part of the Relieving Officer not to have at once brought her case under the consideration of the Board.
