Ordinary Business.

Mr. Kirck gave notice that on Thursday the 11th November next he will move for the discharge of Elizabeth Connor from the Electoral Division of The Warren and her readmission on the Union at Large.

Mr. Dorky gave notice that on some day he will move that the Salary of Doctor Carr, Medical Officer of the Newtown Barr, Poor Hospital and Dispensary District be reduced from £130. to £100. p annum.

Ordered. That Doctor Carr get notice of the above,

Ordered. That the collector be written to calling their attention to their weekly lodgements and requesting that they exert themselves in having the Rates collected in their respective Districts as quick as possible,

Moved by Mr. Farmer
Seconded by Mr. Hon. R. S. Leary, and,

Resolved. That as it has been deemed expedient to send Samples of Farm produce to the Annual Exhibition of the Royal Dublin Society and it would be necessary for the Agriculturist to attend in person — the Board are willing to allow him the sum of £1 — to cover his expenses,

Ordered. That the Master supply 4. Towels to the University Fever Hospital,

The Agriculturist reported that there were about 30 Bushels of flax seed and 3 Bushels of Rye in Sacks on a ground floor and if kept until the spring there would be a left or Barrells required for the flax seed, also that a suitable place is wanted for the Mangle seed, required 3 Tons of Wheat straw.

Ordered. That advertisements be issued for the Wheat straw,

Ordered. That in reference to the letter read on last Board day from the Clerk of Forey Union respecting giving up the Oulart Fever Hospital on the 1st January next, the Board take no step until the Vice Chairman be first consulted.

A letter was read from the Vice Chairman stating his regret he was unavoidably absent until next Board day. He enclosed the account which had been sent out to him by the Clerk for inspection amount £3.2.0. paid to Michael Doyle for collecting the Arrears on Killoon & Killigum — that it was certainly an oversight not to have had the agreement entered on the Minutes that the sanction of the Commissioners might have been obtained — but of course the Resolution of Doyle's appointment of the 4th September 1851, may be corrected by a Minute of the Board on Thursday next and the Commissioners will not refuse to sanction the payment.

He hoped that no Resolution would be passed to dispose of any Agricultural produce of Turnips or Mangels unless for the former to be consumed on the premises.

That the number of young women wishing to be admitted to the House may be fairly tested in raising and storing the Mangels for which no Store Work should be allowed, and the leaves should be all dug into the ground as soon as possible, the flax seed and Mangels seed should be offered for sale by advertisement.

Signed. John Maher.

To the Chairman,
 &c. &c.

Resolved. That the Commissioners be requested to sanction the payment of £56. in the pound for collecting the Arrears of Rates on Killoon and Killigum by Michael Doyle, an agreement to that effect not having been entered on the Minutes the day of his appointment the 4th September 1851. The remuneration amounting to a sum of £3.2.0. on a collection of £24.17.0. lodged.

In reference to the case of John Bolton a boy of 13 years of age being desirous to change his religion as reported by the Master last Board day — he took his discharge on Friday last and this day appears before the Board for admission stating that since he left the House he has been to the Roman Catholic Chapel and confirmed — and now requested to be registered as a Roman Catholic.

Ordered. The Board admitted the boy but not being sure of the facts of the case did not make any entry of his Religion denomination, but referred the matter for the opinion of the Commissioners.

The Chairman then signed the order and cheque after which the Board adjourned to Thursday the 4th November 1852.
