enquiry on this subject and not being fully satisfied by
Mr. Brumman he had suggested to the Commissioners
the propriety of permitting an investigation on oath
to be made.

The Bonds and other Securities in force were laid before the Guardians by the Clerk, together with his Report
thereon, as follows: (this on the second Meeting after the Annual Election, May 1854):

Ordinary Business

Moved by Mr. Bolger,
Seconded by Mr. Kenny and Resolved
that as it will be necessary to make a Rate early in September
next and having implicit confidence in the Judgment and
integrity of our present Valuator and Auditor Mr. Patrick Keating
who has acted as such since 1852 we now strongly recommend him to
the Commissioners of Valuation Richard Griffith Esq as a fit
and proper person to Revise his General Valuation now in
force in this Union when any alteration of Names or a re division
of Tenements may render same necessary keeping up of course
the original value

The Clerk laid before the Board the Abstracts of the Union
as Audited by Captain Owen which were adopted and signed
by the Chairman

The Chairman submitted the question of finally closing
up the affairs of the former Union of Emiscorthy for
consideration

Ordered, That having had the affairs of the old Emiscorthy
Union before us for a long time past and having used
every legitimate means in our power to get rid of those affairs
we now deem it a work of impossibility to collect any further
portion of them — we strongly recommend that the
Commissioners will sanction the closing up of those Accounts
and consent to their abatement off our Books, consisting as
they do of untenable debts. Houses thrown down houses
rated altho' unoccupied at time of rating whilst other portions
are uncollectable owing to lands having passed into other
hands through Courts of Law and wher we have not succeeded
in enforcing our claims altho' incurring considerable expense
and in like manner deficiencies certain from insolvent
Surties to defaulting Collectors whose bonds have been
put in suit and their responsibilities only partially —

Satisfied for these reasons we respectfully urge the Commissioners will consent to the following sum being abated

A letter was read from the Commissioner of Valuation dated 15 May 1854 in reference to the appointment by the Board of Mr. Keating to revise the lists of General Valuation. Setting forth the reasons why that appointment could not be sanctioned by the Commissioner.

Ordered. That the Clerk direct the Collectors to afford any information they may have as requested by the Commissioner of Valuation to the person appointed by him as Revisor.

Ordered, Great inconvenience being felt by the Master doing his books on Saturday in the case of Novitiate Admissions which on investigation appear frequently charged on a wrong Division.—The attention of the Commissioners is requested to some mode of remedying the injustice which arises from the frequent alterations of chargeability.

Mary Sutton a Pauper charged on the C. Division of Kilcornick was brought before the Board and examined and it having appeared that she kept the longest period within the last 3 years in the Division of Ynacross her chargeability was directed to be altered by discharging her off Kilcornick and re-admitting her on Ynacross.

Mr Donovan appeared before the Board and read a letter he had received from Mr Brown Ballinapark, tendering payment of the Rates made on his father's property in the Revision of Cromamore on the 3rd August 1852, 20th Oct 1853 and the present Rate made last April provided the Board accept of it.

Ordered. This matter is left to the Solicitor to do the best for the Board's interest, the property being in Chancery, the owner in arrears, and his son the Agent not very responsible and the Board prefer this course to filing a petition of considerable law costs, and incurring risk and great delay in respect of some £8 or £9 due since 1851 for which the Board had taken out a Decree against Mr. Browne Senr.

Mr Hogan gave notice that on Thursday the 1st of June he will move that the admission of paupers do not begin before 12 o'clock as Guardians having to come from 10 to 15 miles cannot attend sooner and considering that the admission of Paupers is the most important part of their duty.

Ordered. That the Collectors be urged to use every exertion to get in the Rates and that any one who fails to do so will incur a strong censure from the Board.
