Resolved, That as the Union is now considerably in debt and paying to P. O. Interest for Money, and that there is no immediate prospect of their receiving sufficient of Rate to enable them to pay off this debt, and meet the current expenses of the establishment, and as the sum of £250 was recently borrowed on account of the Union for the completion of works for which not more than £100 will be immediately required, their Clerk be directed to apply to the Poor Law Commissioners requesting that £150 of said sum be granted as a loan to our Treasurer to be placed with him to the credit of the Union, which sum will be repaid as soon as the collection of the next Rate will admit, and be required for the original purpose, and that it is the opinion of the Board the levying of a new Rate would be advantageously postponed for about two months.

The Chairman having signed the Drafts as ordered by the Board the Meeting adjourned to Friday the 30th Instant at Eleven o'clock A.M.

The Bonds and other securities in force were laid before the Guardians by the Clerk, together with his Report thereon, as follows:—(this on the second Meeting after the Annual Election in every year.)

The Master complained of insolent language and disorderly conduct on the part of some female Paupers. The Master was particularly instructed to enforce good order and discipline, that he would stop their meals from them as confinement was found not to be a sufficient punishment; and if any were found so refractory as not to be well conducted in prison he was to report their names to the Board that they may decide by dismissing from the house on whatever other mode they think best should be adopted.

He also complained of a Pauper No. 469 for being found outside the walls without leave & other insubordinate conduct, the Board had the Pauper called up and reprimanded for leaving the walls on her own admission, and directed the Master to put her into confinement; on one meal for 24 hours, the Master was directed to enforce this order forthwith. The Pauper however stated she did not care how soon she quitted the house or where she was directed to be removed from the Board room, whereupon it was

Moved by Mr. Goff

Seconded by Mr. White

That in consequence of the disorderly and insolent behaviour exhibited by the pauper Anne Coates before

the Board this day, she be placed in solitary confinement for three hours, and afterwards dismissed with her children from the house without being permitted to communicate with the other inmates.

The Visiting Committee was requested to consider on the best mode for securing the Tins on the Kitchen shelves in order to prevent their being used at any other times than Meal hours.

The Motion asked the Board for some additional Tins and Spoons, and they ordered 50 quart and 50 Pint and six dozen hand spoons.

In consequence of the Master representing the state of Mind of a Pauper to be rather violent and Condemned by the Medical Officer to be a fit object for a Lunatic Asylum, the Clerk was directed to write to the Governor of the Asylum to ascertain if there be room for an inmate in that institution.

The Chairman read a Certificate from the Medical Officer that the Schoolmistress was not getting her health in consequence of being obliged to live ~~on~~ on the Nation's of Meat for dinner, and recommending an alteration would be made in her diet, that this could not be more easily effected than by allowing her to draw the Value of her Meat in cash to enable her to procure a little fish, Eggs, Butter &c. on considering the subject the Board directed the Clerk to pay her the Value of her Meat weekly 2/4 and charge that amount in her petty cash account, and the Master to discontinue her Nation Meat.

The Chairman signed the Draughts on the Treasurer entered by the Board & the Meeting then adjourned to Friday next the 28th July Inst. at 10 o'clock A.M.

One setting forth the disapproval of any Motion of a Privy Council Member taken place in a House, as calculated to deprive the British Empire of the advantages, and that with reference to a notice of Motion at the last Meeting of this House, instances occurred where Chairman refused putting such Motions, and that the Commissioners when called on to express their opinion on the Motion should not hesitate signifying their approval of the conduct of such Chairman.

One on the subject of a payment with the Poor's Pension of the sum of £14-5-0. Motion was referred to the Architect to report to the Commissioners and that receipt of his report that the work is represented is done or in hand, the amount shall be lodged as requested by the Poor.

The Bonds and other securities in force were laid before the Guardians by the Clerk, together with his Report thereon, as follows:—(this on the second Meeting after the Annual Election in every year.)

After these letters were read, Mr. Farman moved for the Motion of which he gave notice, regarding the Poor Law Petitioners for a copy of the Legislative Minutes to which he referred, it was his intention to do so.

Mr. Farman then handed in a letter to the Chairman and asked him if after reading it and hearing the letter read from the Commissionaries whether he was prepared to put the Question from the Chairman as intended to be proposed by Mr. Morris, to which the Chairman replied he was determined to put any large Question fairly proposed and seconded, and take the sense of the Board upon it.

The Chairman then read a letter of protest against the Motion, signed by six Guardians after which they retired from the Room.

It was then

Moved by Doctor McRae

Seconded by Mr. Miles Doyle and

Resolved, That the letter handed in by Mr. Farman with the Questions and Replies relating to Mr. Morris Motion be inserted in the Minutes as follows.

We the undersigned Guardians of the Commission, beg to inform you that we are now in attendance to assist in discharging the duties for which alone we in common with every other Member of the Board are appointed. We therefore call on you as Chairman to proceed with the business of the house and protest in the strongest manner against your permitting in this Room a discussion to take place on any Political Subject—non connected with our duties as Guardians. We beg leave to state that notwithstanding this protest on our part we shall

still preserve an intention of proceeding with the proposed Resolution as to the Refusal of the Union and that the large Majority of the Board are determined to employ for Political purposes the time which was intended to be devoted for the benefit of the Poor in the House and of the Rate Payers out of it. As we cannot find any Section of the 1st V.D. of Victoria that empowers or requires the Guardians to devote any of their time to the discussion of any Matter or thing excepting such as relate to the Government of the Poor House and the relief of the destitute Poor, and as we cannot be expected to remain useful listeners to a discussion of which we entirely disapprove we shall feel it our duty to retire.

Signed

To the Chairman

It was then Moved by Mr. Morris

Seconded by Dr. McRae and

Resolved, That, having been conversant of the total bankruptcy of the Poor Law System now in force in Ireland to alleviate the increasing destitution of Millions of poor and industriously disposed unemployed Inhabitants; and that the Repeal of the Legislative Union between Great Britain and Ireland, and the restoration of a Domestic Parliament are the only means to regenerate this Country, by checking an enormous Absentee drain, restoring Trade, reviving Manufactures, establishing a more equitable System between Landlord and Tenant, thus giving employment and diffusing consequent Comfort Contentment and independence amongst the Irish People; We therefore Petition the Imperial Parliament for a speedy Repeal of the Legislative Union between Great Britain and Ireland and for a restoration of our National and still dearly cherished Domestic Parliament.

The following Petition was adopted.

That the Legislative Union between Great Britain and Ireland, has been attended with the most disastrous consequences to this Country by causing an enormous Absentee drain, destroying our Trade, annihilating our Manufactures, and leaving our Millions and indigent Populations without any remunerative employment and immersed in Poverty and destitution. We therefore implore your Honourable House to put an end to these deplorable evils by restoring to Ireland a Domestic Parliament which we humbly conceive to be her just Constitutional right, as Petitioners &c. &c. as in duty bound we ever pray.

The Bonds and other securities in force were laid before the Guardians by the Clerk, together with his Report thereon, as follows:—(this on the second Meeting after the Annual Election in every year.)

The question, of what Electoral Division Anne Coates should properly be placed on, was introduced by Dr. O'Rourke, who moved that she be called up for examination, which was seconded by Mr. J. Redmond. When Mr. P. Whelan moved, and Mr. C. Trumble seconded, an amendment, that the Paper referred to, having been formerly several times examined by the Board, and her Case decided on; it is now unnecessary, to re-examine her, and that she continue charged to the Temple-sham Electoral division, as at present. The chairman put the Amendment, which was carried, & the original Motion lost.

In pursuance of a resolution of last meeting, Concerning a new rate, the question of the striking of same was discussed, when it was moved by

W. R. Farmer Esq.
 Sec^d by Dr. O'Rourke,
 and passed.

That, the striking of a new rate be postponed, until the order of the Commissioners—prescribing the form in accordance with the new act—be received, and, as the state of the funds requires, that a new rate should be struck immediately; it is hoped, that there may be no unnecessary

delay. The master was ordered to get a tin can & memorandum book, & small of book, & handle each for a drag braken, & key for lock or Taylor's dragger, & repairs done on wheelbarrow.

Mr. Reville, plumber, and his assistant had a further Conference with the Board. They exhibited a drawing of the machinery of the pump, and after a good deal of explanation, Mr. Reville was requested to send in, his plan specification and tender, for putting up a new pump on his own plan. Stating, what difference in the expense it would make, if the old machinery were handed over to him.

2^d of the year was accepted of and an order given for the performance of the work.

The Clerk was directed to advertise for tenders for Oatmeal, potatoes, Curb stones, & the setting of same, on the foot path, outside the front boundary wall. - A cheque for £3 was given him, for the purpose of meeting petty cash payments. The Matron was ordered to get 30 gal. freestone & 3 doz brooms.

After the Chairman signed the necessary cheques as ordered by the Board, the meeting adjourned to Friday the 15th of September 1843 at 11 o'clock am.
