Proposed by J. Pender Esq and unanimously
 seconded by P. White Esq I and unanimously
 resolved, that having lately received commun-
 ications from several Boards of Guardians
 with reference to the regulation of the
 P. L. Commissioners of the 5th June last
 We perceive with regret that the 41st
 Section renders the clerk of the Guardians
 altogether independent of the control of
 the Board.

We conceive that if the principle of
 this regulation be established and
 acted upon it will tend to create
 a want of confidence on the part
 of the Guardians towards the clerk
 and may lead to collisions pre-
 -judicial to the working of the
 Establishment.

We feel it our duty to protest most
 strongly against the regulation alluded
 to as being injurious to the interests
 of the Union and we earnestly
 request that the P. L. Commissioners
 will reconsider it.

Proposed by Mr. J. Connors and
 seconded by Mr. L. Doyle I and
 resolved that copies of the foregoing
 resolution be printed and transmitted
 to the several Boards of Guardians
 in Ireland and to the P. L. Commis-
 -sioners.

That we fully concur with the recorded opinion of her Majesty's Commissioners Mr. Pennefather who states in his report dated April 2nd 1844 that the several Boards of Guardians in Ireland have full and just grounds for all the complaints which they have advanced and that the extravagant expenditure which has taken place throughout Ireland in the building operations conducted by the P. L. Commissioners has very much arisen from the want of that due consultation which the Commissioners ought to have had with the Guardians and other local authorities.

That we therefore are decidedly of opinion that a remission of the charge for building would not only be just and politic but essential for the probability of the future peaceable administration of the Poor Law in this county and that a committee be appointed to embody the foregoing in Petitions to Parliament.
