The Humble Petition of Julia Gullen widow of little street - Connemara, who states that the late husband of Memorialist Patrick Gullen has been a purchaser of vegetables from your Board during the past 14 years at a rate of about £40 - a year these contracts have been all duly paid for with the exception of the last which amounted to upwards of £26 - out of which before my husband's death was paid a sum of £14 - leaving a balance of £12 - on that contract and this occurred by reason of the illness of my late husband - he was unable to cut or attend to the cabbage and a great portion of the plot was destroyed on the ground - nor could your petitioner attend to it all last winter. She is now left totally unprovided for and prays the Board take her case into consideration and remit the balance now due she will have to become a burden on the ratepayers - She hopes your Board will also take into account the fact of her having paid punctually the full amount of all previous contracts - altho on many occasions the sums agreed to be paid were not realised out of the sale of the vegetables.

The Reports of the Master and other Officers were read, and Orders made thereon as follows—

Masters Report

He omitted to state on last Board day that a Lunatic named James Bone became violent and forced his way from the Idiot Ward and thro' the gate of the mens yard in defiance of the keeper of both the former and latter. On the Constabulary receiving information they proceeded in search of him and before an hour elapsed he was captured with great danger to their lives, as it appears he was armed with an instrument like a thatching needle.

He had informations sworn before the Magistrates who committed him to Jail as a dangerous Lunatic. There have been two or three cases of late which will show the Board the necessity of adopting Captain Hamiltons report with regard to appointing a paid person capable of governing the Lunatics and protecting the poor Idiots.

The Board are aware that there are no able-bodied men in the House nor any man able to control a boy of 14 years of age and that on a late occasion he received a very severe bruise when preventing the Simath Nolan from stabbing another idiot as he had to interfere in defence of the other idiots. At one time the master had his head cut very severely on another occasion an attempt was made to stab him and on the last occasion he had to defend himself in the best manner he could as the Syndic was armed with spikes fastened in wood with which he struck right and left and apparently with cool determination. He had therefore to request the Board will adopt means to prevent a recurrence of such in future.

As the appointment of a farmer has now been made permanent he trusted the Board will consider the propriety of fitting up a room for him in the Cottage or otherwise - up to this he has been allowed to sleep in the main building - altho. rather uncomfortably situated as he is not allowed rationals and his learning in provisions, coals & candles might interfere with the supply of the Workhouse and which the master considered objectionable. He also wished to give him up the ^{Agricultural's Report} of implements for which he will be accountable.

A person named James Simisella admitted provisionally on Saturday the 18th Inst. - by the Believing Officers died in about 12 hours after admission.

There was an Inquest held on the body and a verdict returned that the deceased died of dropsy and general debility.

Ordered. The Report to be fully considered on next Board day - a Committee consisting of Messrs Roberts, Cullen, Jore, Bolger & Brown & Emmott appointed to meet at the Workhouse on Tuesday next 12 O'Clock who are requested to report the Clerk to give notice.

The following Orders of the Poor Law Commissioners were laid before the Board, and directions given thereon, as follows:-

Agriculturists Report

He hoped to have the Cots sown and finished this evening with the exception of the headlands which he expected to finish without any extra help by Monday evening. The Board will please to consider the great advantage it would be to the tillage of the Farm to order a good farm horse and dispose of the pony as he had one excellent horse and nothing better than a grinet or a small pony to plough with him. Ordered. The guano allowed - the other matters referred to the agricultural Committee who will please report.

May Proceedings

The Board proceeded with the consideration of claims for relief in the Workhouse and Poor Hospitals of the Union also for out door relief.

Margaret Emmott of Coolnam appeared seeking admission - was pregnant and stated the father to be Joseph Lamford a journeyman Croquettier working with Mr. Master - and who had promised marriage - she was admitted.

May Dyle assistant nurse in the Infirmary applied to the Board to be allowed a passkey - which on consideration was referred to the same Committee as that appointed to consider the Master's report.

May Nolan an Inmate requested the Board to allow her some little clothing in addition to her own to go out to earn her bread.

Ordered. The Master to procure May Nolan the requisite articles of clothing.

A Letter was read from Mr. Sweetman stating that Edward Blighe of Newry who had been confined to bed for the last three weeks was in want of assistance from the Guardians during his illness.

Ordered. The Relieving Officers to visit this case and give relief if they find it necessary.

The following letter was read and placed on the Minutes.

Killegary Rectory Enniscomerty

Sir

I have received a letter from John A. Wilkison and his wife who are settled at Newford - Burlington County - America requesting me to take charge of their child Susan Wilkison - now I understand an inmate of the Workhouse - Enniscomerty and have her sent out to them to America without delay - for which purpose they have sent the passage ticket. I have therefore authorised the girl's aunt Mr. Hawkins - to whom also the parents have written on the subject to take charge of her niece and make the necessary preparation for her immediate emigration. I request that the Board of Guardians will accordingly permit the girl to leave the workhouse in her aunt's care for the purpose of carrying out the parents' wishes.

Signed
Edw. Hallam
The Chairman

On reading this letter the Board sent for the child's uncle Edward Deason who reared the child and placed her in the Workhouse and on whom the Board look as her natural guardian in the absence of her parents who left this child in his care at 15 months old when they went to America - that when he came before the Board, the letter was read to him but he objected to the child being sent out to America at this very inopportune season. The Clerk to send a copy of this minute to the Rev. Mr. Hallam.

The Committee appointed on last
Board day met in the Boardroom on Tuesday
last J. S. Smetman Esq. in the Chair
Other members— Messrs. How, Belfer, Bullen,
& Emmott. The following matters
were submitted for their consideration—
1st Commissioners Letter—dated 3rd October
Inst. No. 20948 relative to the classification
at the Fever Hospital. 2nd The Masters
report relative to the appointment of a
Sanitary Keeper. 3rd Agriculturists report
relative to the question of purchasing a
horse for the farm. 4th As to appoint-
ments for the Agriculturist. 5th The
Masters report of the 4th October
Inst. relative to the head nurse keeping
the pass key at all times when practically
— and the application of the assistant
nurse on last Board day to be allowed
a pass key.

On considering each case the Com-
mittee agreed to the following report,

No. 1. The Medical Officers of the
Fever Hospital attended the meeting
of the Committee as directed and informed
the Committee—that during an experience
of 25 years—no irregularity occurred
— That the Lawn where Convalescents
exercise is under the wisdom of the Officers
of the Hospital and their immediate super-
vision, and we therefore cannot recommend
any expenditure.

No. 2. That in consequence of there being no
appearance of building the Lunatic Asylum
which we expected would be in course of
erection long since and the great danger to
the Masters and others from the want of an
able-bodied caretaker of the Lunatics—We
recommend the Board to advertise for a
properly qualified man to take charge
of the Lunatics in the Workhouse.

No. 3. In reference to the Agriculturists report
the benefit of getting a good horse and

to dispose of the pony - We recommend that the pony and his harness be sold and that a horse be purchased to work with the other now on the farm and that we think a fair horse to answer the purpose can be had for about £20 pounds.

No. 4. That as the Agriculturist was promised at the time of his election he would get an apartment in the Workhouse - We recommend that he be allowed one shilling a week to pay for rent of a house outside rather than incur the risk of any irregularity which might arise from his occupying a room in the Workhouse.

No. 5. The assistant Nurse was called before the Board and examined as to the necessity for the pass key which she applied for on last Board day - she testified the Committee that it was necessary for the discharge of her duties in the Infirmary that she be supplied with a pass key and in consequence we recommend that one be given her.

Chairman

Medical Officers Report

In reference to an Order of the
 Board on the 31st ult. — that the Medical
 Officers report on the Commissioners Letter
 as to the general management and state of
 the Infirmary particularly as to the passage and
 generally their appearance did not give the im-
 pression of careful nursing. I beg to

The Reports of the Master and other Officers were read, and Orders made thereon as follows:—

state that I met the Inspector at about 1/2 past
 9 O'Clock in the morning of the 29th ult. who
 mentioned the circumstances of one of finding the
 patients without their breakfast and un-
 at 1/2 past 9 O'Clock I immediately
 enquired of the Head Nurse the cause of the
 irregularity. She stated that it was owing
 to the non-delivery of the milk in time that
 morning — but she could not account for the
 want of cleanliness except by the neglect
 of the sub-nurses. It is to be regretted
 that these Ward-maids have been selected
 from the inmates untrained and some of them
 incumbered with children — replacing others
 of many years experience lately removed
 by the Board. Some allowance ought to
 be made for the early hour of visitation
 as it is often very difficult to have the in-
 many Wards and properly ventilated so early
 I have visited the Infirmary at all
 hours in the day and have never seen that
 carelessness complained of. This must be
 owing to the change of the under nurses,
 as those removed were experienced and
 very careful in every particular. At all

times proper ventilation cannot be strictly enforced as since patients will close the Windows during the unavoidable absence of the under Nurses.

I beg to give expression to my satisfaction at the attention shown by the two paid Nurses lately appointed - in giving the medicine, & in food as I direct - but it must be remembered that altho the head Nurse is an excellent Nurse - tender and fully capable of performing all the duties of a good & careful Nurse and able to keep the necessary Memorandums, yet she never had any hospital training and her assistant Nurse is ignorant of the requirements of a Nurse tender as well as hospital training still she read & writes and gives the directions conveyed thro her.

The want of experience and hospital training must be a serious drawback to them and inconvenient to the patients particularly when combined with the loss of the trained Wardmaids lately removed. I am most anxious that Wardmaids should be unincumbered by children and that all their care should be devoted to the patients. If I am one of the superior officers alluded to in the Commissioners Letter I must say, I have felt great anxiety for the removal of the unincumbered Wardmaids while I wished particularly to retain the others.

If judged advisable to reemploy them again - I think it would be necessary to have hired Nurses - Agriculturists Report. altho responsible ones would be most desirable.

6 Nov 1862

Dear Sir

I cannot be at the Board's
meeting on Saturday and will feel obliged
by your attention to the following -
I found on last Board day the Out-door
relief to be very heavy on Ballyhuskard
- I believe the numbers are 22, now
independent of my anxiety to keep down the
rates in all the Divisions - I am very much

47 interested from my position over a considerable portion of the lands within that Division and I would call your attention to the following

- 1st Enquire from the Relieving Officers his own knowledge of each case
- 2nd Whether the parties are within the legal classes,
- 3rd What is the Board Order in the admission Book in each case
- 4th Whether the Certificates required by the rules have been furnished
- 5th As many as are not within the rules to strike off & let them be required to make new applications.

I would be unwilling to interfere in any case but I think after the recent Board's Order when all were struck off the numbers are far too high in this division not to make inquiry.

Signed, D. McCann

Ordered. On reading this letter it was proposed by Mr. Kerron seconded by Mr. Gore & Resolved that the consideration of all cases may be fully gone into on next Board day - in the interim the Relieving Officers is directed to

Killegary Rectory
7 Nov 1862

Sir

I beg to acknowledge the minute of the Board of Guardians of the 25th Wto and to observe in reply that I agree with the Board in thinking that the present is not the season for sending the child upon so long a voyage and that the Emigration will therefore will be better deferred until a more suitable period.

Mr. O'Flaherty, Clothing Contractor appeared before the Board and requested the Board to postpone the consideration of his Memorial from next Saturday to that day week the 22nd Inst.

Moved. Mr. O'Flaherty's request agreed to - the Clerk to give notice to the Guardians.

The following Memorial from the
Relieving Officer was read and ordered to be taken into
consideration on Saturday the 22nd Inst.

gentlemen

I wish very respectfully to submit to
you a statement of my case as respects the outlay
and expense I have to undergo in the discharge of my
duties to you and the Union. I paid for a horse
last August ten Pounds & for Hay six Pounds. I must
give him in oats alone to the value of at least five Pounds
a year and pay a boy for attendance. So much
passes that I have not to ride upwards of forty
miles - no matter in what state the weather may be
- and in consequence of my increased duties it will
be almost impossible for me to attend to them during
the winter with one horse.

Now gentlemen I place my situation before you
for consideration and I do hope you will see that
instead of making by the salary you allow £35-
per annum - I am at loss at the end of the year,

under these circumstances, I do hope you
will give me such fair remuneration as will enable
me to discharge the heavy duties now attached to
my situation and thereby do an act of Justice to
an Officer who does all in his power to fulfill
those duties faithfully and honestly.

Medical Officers Report

May I respectfully call the attention of the Board to that part of the verdict in the case of Anne Hennessey where it states that "I acted wrongly when giving the report to the Police in not acquainting them with all the facts of the case, now I merely reported to the Constabulary to oblige the Master (whose duty it was to do so) on my way from the Workhouse passing by the Police Barracks as I did on several occasions before — that there was a sudden death in child birth in the Workhouse on Friday the 31st October ult — yet you will see the introduction of my name into the verdict which had no concern with what the jury had to try — namely — when — where and by what means Anne Hennessey came by her death — now am I sure that the Com-
-missioner did not exceed his duty in the least reflection — as being extra judicial to receive it in the form presented to him.

Masters Report

There was an Inquest held on the body of Anne Hennessey whose sudden death had reported on the last Board day and after two days signing the following verdict was returned

"We find that Anne Hennessey came by her death in child birth at the Emancipatory Workhouse on the 31st October last and that Mary Humphreys the Nurse in charge was guilty of gross neglect of duty and is accountable for same and we also find that Mr. Drayton the Head Nurse acted injudiciously in not leaving one of the Wardwomen in her absence with Mary Humphreys and in not sending for a clergyman. We also consider that Doctor Rourke acted wrongly when giving his report to the Police in not acquainting them with all the facts attending Anne Hennesseys death."

 Resolved, That in consequence of the verdict
 of the Coroners Inquest held on the body of Anne
 Hennessey on Wednesday & Thursday last who
 died in her confinement in this House on Friday
 the 31st Ult. — We are of opinion that it
 is desirable for the Poor Law Commissioners to
 hold an investigation in Cath into the circumstances
 of her death.

The following letter from the Head Nurse
 Catherine Dray was read and directed to be placed
 on the Minutes,

Shallmen I hope as the Jury censures me for
 not bringing the Clergyman to the deceased Anne Hennessey
 that you will be kind enough to give me an opportunity
 of bringing forward evidence to prove that I mentioned
 to Sister Hennessey several times to see the Priest
 and also my exertions to send for the Priest as soon
 as I learned that the Clergy would not visit the
 House on that day which was the usual weekly
 day for them to do so — also that her sudden
 and unexpected death took place while I was
 attending the Board and should clear me from
 any intentional neglect as to bringing for the priest

Ordinary Proceedings

The Board proceeded with the consideration of claims for relief in the Workhouse and District Hospitals of the Union also to out door relief in certain cases.

On the admissions having terminated the following letter was read and ordered to be placed on the Minutes

Workhouse Eniscorthy
November 15th 1862

Mr. J. P. G. J. P. G.

Having been arrested on last Thursday on a Warrant at the instance of the Lonsdale Board of Guardians for desertion of my wife and children who are now inmates of that Workhouse I make the following declaration to you which I am prepared to verify on oath

That from April 1854 to March 1861 I gave to my wife upwards of £100 - a statement which I think Mr. Napier your Master can go far to corroborate

That in March 1861 - when leaving My Mother-in-law's house where I had lived for some time previously but with whom I then disagreed - I requested my wife to come with me - she refused to do so - I cautioned her mother that I would not consider myself responsible to her for the maintenance of my family,

that in September following I obtained an appointment in the said Workhouse and again requested my wife to accompany me but she again refused. I then told her if she would consent to let me have the eldest boy then 7 years old I would be satisfied as the Lonsdale Board had permitted me to bring one of the children into the House - but she peremptorily refused - I had no alternative left but to force the child from her which I declined doing. About the 10th September last, some

few days before I came here she visited me in Naas - where having received £3.10.0 from me and a promise of a little sum at Christmas she went home perfectly satisfied. In a letter she wrote to Mr. G. G. G. she admits having received this sum and in reply I believe he repeated my intention of sending her more as soon as it became due to me here.

Not aware that she had entered the Lonsdale Workhouse I wrote to her on last Monday but have got no reply. I was kindly admitted to Bail by Doctor Branfield until the circumstances of the case would be made known to the Lonsdale Board of Guardians.

It is under these circumstances gentlemen that I come before you to solicit you to be so good as to interpose in my behalf with the Lonsdale Board with the view of having the Warrant withdrawn - as I am prepared to accede to any terms which you may consider consistent with my means.

Signed

Alexander McDermott

Ordered. The Clerk having stated the substance of the proposal he made to the Lonsdale Board on part of the Schoolmaster we highly approve of it and are desirous it may be accepted wishing not to lose Mr. McDermott.

Moved by Mr. Corkman

Seconded by Mr. G. G. G. Resolved

That a hair Mattress be provided for Infirmary use for fractured limb cases - There being a case of bad fracture at present in Hospital but without the comfort of such bed. The Clerk to write to Mr. G. G. G. H. 1, Grafton St. and submit the terms by this day week.

Ordered. That a Midwife of known good Character and ability in her profession be engaged for a temporary period at 10/- a week with House Rates in consequence of the pauper Nurse who understood Midwifery having been committed to jail by the Board.

A List of cases in Out-door relief chargeable to Ballymord was laid before the Board by the Relieving Officers with all the information he had obtained relative to each case. In consideration it was resolved to postpone investigation until next Board day when the D.O. Chairman will be present.

The Board then opened the tender book for tenders for a Carstatter to the Linnatic and Idiots. There was but one tender in the book from John Farrell of Enniscorthy an apprentice of Chelsea Hospital who produced very good testimonials during his service in the Army 3 medals &c.

Moved by Mr. Emmott
