The Board proceeded with the consideration of applications for relief in the Workhouse and Fever Hospitals of the Union - also to out door relief in certain cases.

W^r Pierce of Coolnahownd came before the Board and stated that the girl Mary Monaghan aged 25 years - he took out on the 19th July and to whom the Board granted clothing was so disobedient to her Mistress or master - that she is really of no use to the family and therefore requested the Board to allow him to discharge her and free him from the obligation he entered into when taking her out of keeping her for 12 months.

Ordered, The Board unanimously agree to exonerate W^r Pierce from his obligation to keep Mary Monaghan - the time specified,

The following letters were read by
Gentlemen

I hereby give you notice on behalf of the Revd Dr Farmer and myself as Trustees of the Calart Fever Hospital and Doctors residence under Lease from D H Jones of Millbarrow which will expire on the 25th March 1868 - that it is not our intention to continue as Trustees or to renew the Lease at that period

Signed R S Dayne

Emiscorthy Board of Guardians
Wells 27 Septr 1867.

The Bonds and other securities in force were laid before the Guardians by the Clerk together with his Report thereon, as follows: (this on the second Meeting after the Annual Election every year)

Gentlemen

When writing to you yesterday I was not aware that the Leases were in the hands of Mr. Corcoran Sol^r - that your Lease of the Fever Hospital at Calart will expire on the 29th September 1867, I beg therefore to give you notice to that effect and am prepared to take up possession from you and putting you in as Caretakers until the expiry of the Lease from Mr. Jones on 25th March 1868.

Signed, R S Dayne

A Letter was read from W^r Harris - Millfield Road in reply to the Clerks letter respecting the Pumps at the Workhouse stating that he had inspected the pumps on Saturday last in presence of the man in charge - that

He found it in excellent working order - the moment the wheel was turned it threw up into the Cistern double the quantity of water he had contracted for - the Man on being questioned was it out of order said no and Mr. Harris is desirous some of the Guardians would see it - as he could not understand on what grounds the Master made such a report - that it is the third time he has done so within the last two months, on each occasion he sent his man - who on returning reported that there was nothing amiss with it.

The three years he contracted for will expire in a few weeks and hence his regret that it may be inspected by the guardians.

In reference to the letter of Mr. Harris the Board appointed a Committee consisting of Messrs. Le Brun, Fore, Fennott, O'Connor & Browne, who on their return reported that two of the Committee remained at the Pumps and three went up to the Cistern - that the man at the Pumps gave 15 strokes before the water rose and on examining the Pumps with the assistance of a Candle they discovered a leak in one of the joints below which was plain to be seen.
