Ordinary Proceedings

The Board then proceeded to the consideration of applications. For relief in the workhouse and Fever Hospitals of the union — Also for out door relief which they granted in certain cases.

A Tender was accepted from James Kennedy as assistant Shoemaker at 10s Shillings a week He having served here for many years — The Master giving him a good Character as a Shoemaker — The time he is to work being Limited to four months.

A letter was read — From Mr. Simon Lambert of Lombrack stating he will not continue to give the use of his House any longer for sixteen Shillings a year but that he would accept one pound a year — That it has been used as a Vaccination Station by Dr. Taylor F.R.S. for several years without any complaint.

Ordered

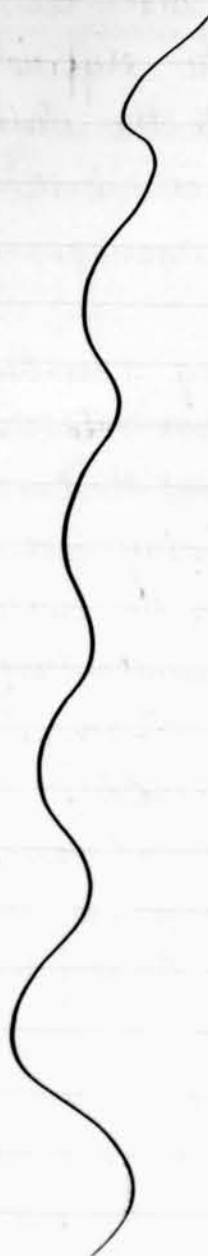

The Board consent to pay Mr. Lambert £1-0-0 a year in future.

Mr. Simmott brought under consideration of the Board a printed Circular addressed to the Guardians generally — as to one part of their duties which seldom comes before them — That your attention is called to the Character and Conduct of the officials Resident in the Workhouse — who have been appointed and paid by you. If any Member of your Board were to hire a servant and pay him wages he would closely and constantly watch his conduct. and if he found him to be a drunkard or guilty of such Immorality as to injure by his example those who would come in contact with him he would dismiss him at once.

The writer then suggests that the Guardians should appoint a committee including the ex-officio and Elected Guardians immediately connected with the district of Enniscothy, to make a careful and searching examination into the conduct of the officials and the internal management of the House.
