Masters Report.

I beg to report to the Board that Mr. Finlay on his recent Audit debited me with £17.15.10 the first cost of Clothing found to be deficient on stock taken by a committee of Messrs. Cookman Cullen, Simott and Braune, on 29th November 1873,

Mr. Finlay called the attention of the Guardians in Board last to this Matter and on the 7th of that month, the Guardians passed a Resolution to the following effect — "Ordered that the stock "taken as above mentioned and marked with the initials "of Chairman be the stock for which this Board will hold the "Master responsible. Mr. Finlay still holds me accountable for the deficiency as the L. G. Board in their letter dated 17th December 1873 in answer to an enquiry of the Guardians as to what officer should be accountable for the deficiency, stated: "that the master was "accountable unless he can prove that any of the articles in "Charge of the Matron or Hospital Nurse were made away with "or lost by those Offices" — In my report of the 31st Dec.r 1873 I stated that the deficiency arose from the late Matrons ~~The Report of the Master and other Officers were read, and orders made thereon, as follows :—~~ neglect of duty and inattention to business, that the Cloths were Cast by several of the inmates without her permission, that She knew of it and never reported it to me, — I refer to the following Reports made by me relative to the Matron's neglect of duty, 28th August, 18th September, & 29th October 73 in fact for 9 months before her resignation she was very remiss in her duties and I can prove by several of the Inmates that ~~the~~ her duties in the Laundry and the Casting of the Clothing were nearly performed by inmates, and under the Circumstances I most respectfully ask the Board to ~~excuse~~ exonerate me from the liability,

Moved by Mr. J. Flynn
Seconded by Mr. J. Simott.

That this Board consider the explanation given by the Master

Master in reference to the Condemned Clothing to be quite satisfactory — the deficiency had its origin in the negligence engendered in the Workhouse by the irregular habits of the late Matron and for the results of her irregularities the Master Cannot be justly held liable, the Board most emphatically assert that from their knowledge of the Worthless ~~the~~ trash of clothing in question and the heedlessness of the late Matron the Master Should not be made accountable and we earnestly and unanimously request that the amount Charged against him on account of said old clothes, may not be enforced by the Local Government Board,

Mr. Downes has delivered the Linen please have it inspected, ~~&c~~

Orders. Inspector and found equal to Sample.

Medical Officer's Report.

The master has informed me that in the detached ward the mothers have been in the habit of churning the milk allowed to their children, appropriating the butter to their own use and feeding their sick infants on the resulting sour milk.

I believe it my duty to ask the Board to deal with all those cases with the utmost severity, as it is a matter of vital importance that the food of young children should be of good quality.

On the barbarous practice above alluded to. I find the solution of a problem that had long puzzeled me, with a very liberal allowance of the best nutriment, I remarked, with considerable uneasiness, that an usually large percentage of the children born in the Workhouse were ill nourished Very many of them pirining away and dying Without any apparent cause.

Ordinary Proceedings.

The Board then proceeded to the consideration of application for relief in the W House and Fever Hospitals of the Union. also for Outdoor Relief which they granted in certain cases.

The Committee appointed to investigate the accounts of Mr. Patrick Murphy Relieving Officer, report to the Board of Guardians that they have Carefully investigated his accounts, and it has been proved to our satisfaction that in all the cases, disallowed by the Auditor, the Relieving Officer paid the money to the Poor, whose names appear in the Books.

We have always found Mr. Murphy a most efficient Officer and are quite at a loss to account for his being so careless, in not having his books initialed by the Chairman, and as this is the first time that any Charge has been brought against our Relieving Officer We earnestly request that the Local Government Board, will not press for the amount disallowed by the Auditor, to be lodged in the Bank, as we have still full confidence in the rectitude of Mr. Murphy.

In the cases which are reported by the Auditor as having been struck off, and no attention being paid to them by the Relieving Officer, Mr. Murphy has explained those Cases to the Satisfaction of the Committee,

The following Letters from the Local Government Board for Ireland and others were read by the Clerk, and directions given to answer them respectively, to the following effect (or orders made on them respectively, as follows) :—

Dated 9/2/75 No 30 — Enclosing 150 Copies of the notice of the Election of Guardians for the year 1875.

Dated 9/2/75 No 2686 — Adverting to a resolution of the Guardians of the 6th Instant, In reference to the report of the Committee appointed to investigate the accounts of Mr. Patrick Murphy Relieving Offices. Stating that Mr. Murphy's rectitude has not been called in question but he has been very properly charged by the Auditor with the Cost of Relief administered illegally and without the authority of the Board of Guardians,

That they have no power to remit a disallowance made by the Auditor and in the present Case there does not appear to be any grounds for a departure by the Auditor from the ordinary Course, or any reasons why he should refrain from proceedings for the recovery of the sums surcharged.

Letter read from Mr. Finlay Auditor, stating that the Local Government Board had transmitted to him a Copy of the Resolution of the Board of Guardians of the 4th Inst. and of the Report of the Committee therein referred to, also a copy of their letter in reply of the 9th Inst., relating to the disallowances made by him at the last audit of the accounts in the District of Mr. Patrick Murphy, Relieving Officer,

Requesting to be informed by the end of this week whether the Amount with which Mr. Murphy stands debited has been lodged to the Credit of the Guardians, as otherwise it will be his duty to enforce payment thereof, by legal means.

Moved by Mr. P Doran
Seconded by Mr. P Keating & unanimously resolved.
That this Board heard with much regret that the Local Government Board will not Comply to the request of the

Committee

Committee appointed to investigate the accounts of Mr. Murphy relative to the disallowances made by the Auditor against him, said request being unanimously approved of by the Guardians.

The Guardians of the Enniscorthy Union again request the Local Government Board to reconsider their decision and request their Auditor not to press on Mr. P. Murphy to lodge the amount of the disallowances in the Bank for the following Reasons.

1stly. On the examination of the Relieving Officer's Books the Committee found that in every case in which the Auditor found it his duty to debit the Relieving Officer, the money had been paid to the destitute and deserving poor and also each case came before the Board when each recipient applied for relief and only continued to receive same as the Committee on strict investigation found them entitled to.

2ndly. On different occasions the Relieving Officer produced lists to the Board of persons whose term of orders had expired and the Presiding Chairman, on those occasions would not go into said cases for the purpose of extending the orders so as not to allow the destitute poor to want. — The Relieving Officer continued to give relief in Money instead of in Kind which is the only real cause of illegality in the matter - said mistake not effecting the Ratepayers in the least degree.

3rdly. This Board have the most implicit confidence in the integrity of Mr. Murphy and would consider it a great hardship to ask him to lodge Money which he has already expended according to the intentions of the Poor Laws in relieving the destitute and deserving poor, and

Lastly. Mr. Murphy is quite unable to lodge the amount having a very large family to maintain and pressure on part of the Local Government Board would certainly be ruinous to him and a helpless family.

The Guardians therefore having taken the foregoing Reasons.

The Bonds and other securities in force were laid before the Guardians by the Clerk, together with his Report thereon, as follows: (this on the second Meeting after the Annual Election in every year.)

reasons into their serious consideration again unanimously request the Local Government Board to reconsider their decision and take a merciful view of the case and not press on an Officer who has always performed his duties in a most efficient and trustworthy manner, to lodge the Amount of the disallowances.

If the Local Government Board do not comply with the unanimous wish of the Guardians the Relieving Officer will undertake to pay the amount of the debit at the rate of £10.0.0 per ann. the first instalment to be paid by this day two weeks to the Credit of the Guardians, this at least the Guardians request the Local Government Board will agree to.

Ordinary Proceedings.

The Board then proceeded to the consideration of applications for relief in the Workhouse and Fever Hospitals of the Union, also for Out door Relief which they granted in certain Cases.

Ordered. That the Master lay before the Board on this day fortnight, the average daily number of patients in the Enniscorthy Fever Hospital and Workhouse Infirmary for the year ending 31st December 1873 also the Cost of Medicines for both places and the quantity and cost of Whiskey, Wine and Brandy consumed in the year 1873, the returns for the Infirmary and Fever Hospital to be Separate, also a Similar return as above mentioned for the year ending 31st December 1874, each years returns to be separate, and the Medical Officers are requested to give the Master any assistance he may require.

The cases of provisional relief, and applications for relief, were considered and decided on, as set forth in the Application and Report Books.

I now propose to allow him 15/- a week upon such terms as the duties of the office, he will freely consent to perform under my directions trusting also to the kindness of the Guardians to grant such additional salary to me in aid of this payment as they did for many years hitherto when I had another person acting as my assistant.
