Moved by Mr. N. N. Cookman
Seconded by Captain Irvine

That we consider the great addition to the expenses of the Union which would occur from the appointment of three nurses to do the work which Mr. Kenny has efficiently performed for the past thirteen years would be a great burden to the already heavily taxed ratepayers and that one nurse will be sufficient and we propose that tenders be received this day fortnight for one competent person as Infirmary nurse,

Amendment Moved by Mr. J. Cullin
Seconded by Mr. J. Simmott,

That as in all Unions in which the Infirmary Sisters have been elected, the advantages arising are such, that Guardians who had objected on the grounds of expense, were after some experience more than satisfied and we therefore propose the election of Sisters Infratude Agnes, Mary Augustine Doyle and Lucy Byrne as nurses in accordance with the advertisements of the Board,

The Chairman then took a poll when there appeared
for the Motion 10
for the Amendment 20

and declared the Amendment Carried and the Sisters duly elected,

The bonds and other securities in force were laid before the Guardians by the Clerk, together with his Report thereon, as follows: (this on the second Meeting after the Annual Election in every year.)

The Chairman then took a poll when there appeared for the

Motion 13

for the Amendment 18

And declared the Amendment Carried.

The Board then proceeded to the Consideration of sending Orphan Children out to Nurse.

Moved by Mr. Haughton

Seconded by Mr. R. Dockrill.

That the System of rearing orphan Children in the Workhouse does not produce good results, as the Children when at an age they should be self supporting know very little of useful industry that could enable them to earn their Bread and when sent out to places in many instances return to the Workhouse and continue a burden on the Ratepayers.

With the view of improving the condition of this Class we propose to send them out to respectable householders where they will still be under the care of the Guardians and away from old impoverishing

Letter read by the Chairman from Mr. Oeady, Manager, National Bank in reply to one addressed to him last week for an advance of £1500 pending the Collection of the Poor Rate.

Ordered. The Board of Guardians are much surprised at Mr. Oeady's letter as in times past the Bank never set up those reasons against giving the accommodation required, at the same time we will use due energy with the Collectors to get in the rates so that the overdraft will not be for more than three months, but if the Manager continues to press the restrictions stated we will be under the necessity of making application to another Bank.

£ in the pound on all rates Collected and
lodged with the Treasurer.

Dated 26th Oct 1875 } Requesting that the Guardians surcharged by
No 21 236 } the Auditor at the last Audit be called upon
to lodge the Amount disallowed without
further delay.

Ordered. That the Clerk give notice to the
parties to lodge forthwith.

Dated 27th Oct 1875 } Adverting to a resolution of the Guardians of the
No 21 268 } 14th Instant in reference to the amount sur-
charged by Mr. Finlay, against Mr. Patrick
Murphy Relieving Officer, stating that the
Guardians resolution was referred by them to the Auditor for his observations
and he states that he concurs with the Guardians in thinking that Mr.
Murphy has been sufficiently punished for the reckless and illegal practice
which he had so systematically pursued in administering outdoor relief,
and the Auditor therefore thinks that the matter should be allowed to rest,
and he observes that he has no doubt the proceedings which have been
adopted will have a salutary effect on Mr. Murphy and cause him in
future to discharge his duties in a legal manner.

Ordinary Proceedings

The Board then proceeded to the consideration of applications for relief in the Workhouse and Fever Hospitals of the Union, also for Out door Relief which they granted in certain cases.

Letter read from Dr. Cameron stating that he examined two specimens of milk submitted to him for that purpose by the Guardians of Emmiscorthy Union. That marked No 2 is of poor quality but not sufficiently so, to enable him to report that it is not pure.

Ordered. Referred to the Solicitor of the Board for his Consideration and advice.

Letter read from Mr. James Nolan P.S.C. stating that Mr. Heavens told him that it got circulated through some of the papers that she was fined for drunkenness at Emmiscorthy Petty Sessions, she was fined for an indecent expression made use of in the Public Street and her sister paid him the fine — so he thinks she is still a deserving person for to receive Out door Relief.

Ordered. Read.

Letter read from Thomas Tobin late Collector asking the Guardians to grant him five years to pay his deficiencies.

The bonds and other securities in force were laid before the Guardians by the Clerk, together with his Report thereon, as follows: (this on the second Meeting after the Annual Election in every year.)

The following letter was read.

The Chairman
Board of Guardians

Sir

The National Bank
Emmiscorthy 27th October 1875

My attention has been called to the publication in the local Newspapers of a resolution in reference to my letter addressed to you on Board day.

Permit me to say that such publication without at the same time publishing the letter itself is calculated to seriously prejudice in the estimation of the public, not only myself but also those I represent.

To abstain from making any comment on the resolution itself further than to state that I find it hard to conceive it to be the expression of the Board of Guardians before whom with their permission I propose to have the honor of appearing tomorrow in order to explain to position of the Board in reference to the interest due to the Bank for advances in anticipation of Rates &c.

I am Sir
Yours &c. &c.
J. O'Leary Manager.

The following is the letter that was read on the 21st Instant with the order made thereon.

The Chairman
Board of Guardians
Sir

The National Bank
Emmiscorthy 27th October 1875

I beg to acknowledge receipt of your letter asking for a loan of £1500 pending the collection of the rates, I shall feel much pleasure in laying the application before my directors with a recommendation that it be granted, — To enable me to do so however I would be glad to know the time or probable time of repayment of the proposed loan which has been omitted to be stated in this instance, I should also like to be in a position to state to the Bank Directors what provision, if any, has been made in the Collection of the present rate for payment of interest on the proposed loan as also for the payment of accumulated and unpaid interest on former loans which on the 30th June last amounted to £30. 3. 6 — This sum as also the interest on the proposed loan the Guardians are aware can only be recovered by an allowance of interest on Balances in their favor —

ST

It follows that if more than ordinary despatch be not used by the collectors in getting in the rates the interest debt must go on accumulating as it has been doing latterly instead of being wiped away.
May I request the kind attention of the Guardians to this point as well as to the preceding part of my letter.

I am Sir
Yours &c &c
J Deady. Manager.

Ordered. The Guardians are much surprised at Mr. Deady's letter as in times past the Bank never set up these reasons against giving the accommodation required. at the same time we will use due energy with the Collectors to get in the rates so that the overdraft will not be for more than three months but if the manager continues to press the restrictions stated we will be under the necessity of making application to another Bank. — The Clerk to send a copy of this minute to the manager.

Proposed by Mr. Browne
Seconded by Mr. Macintosh

That the report made by the Committee appointed by the Board to consider the letter of Mr. Deady dated 27th instant be adopted and entered on the minutes and a copy to be sent to Mr. Deady.

Having read Mr. Deady's (Manager of the National Bank) letter of the 27th instant complaining that his letter on the 21st instant

The cases of provisional relief, and applications for relief, were considered and decided on, as set forth in the Application and Report Books.

The number of provisional admissions to the Workhouse confirmed was	-	-	-	2
Ditto disallowed	-	-	-	13
The number of applicants admitted to the Workhouse was	-	-	-	13

The number of cases of provisional Out-door relief was	-	-	-	"
Do. in which relief was continued by the Guardians	-	-	-	289
The number of other applicants in the Relieving Officers' Books relieved by order of the Guardians was	-	-	-	"

The number of applicants for whom relief was not ordered

in reply to our application for a loan of £1500 did not appear on the published minutes of this Board especially as the minute made in reply thereto asserts that he placed restrictions in the way of obtaining the loan which his letter of the 21st instant did not contain.

We are of opinion that Mr. Deady's letter of the 21st instant should have been placed with that minute and that in justice to him it be now placed on our minutes and published by our Clerk.

We have much pleasure in stating that Mr. Deady has on all occasions been most courteous and obliging to this Board and we regret that he should feel aggrieved by any omission or act of this Board.

Board Room Signed George C. Roberts.
Ermsworthy William Rudd
October 28th 1875. Richard Lockhill,

Letter read from Mr. Deady Manager. National Bank. Stating that he has the pleasure to acquaint the Guardians that the loan applied for by them has been granted.
