Sir

Some days since it was reported to me that small Pox had been introduced from Waterford to a family named Quigley of Haggard - but as the patients three or four I understand has been placed in the Hands of another Medical Gentleman I was precluded from personally investigating the matter therefore was unable to say whether the disease was really present However this day all doubt of the subject has been removed as I have just seen a young man named Peter Nephew to Quigley who resides in Arthurstown and finds him suffering from undoubted small Pox but in a very mild form. The Commissioners the Police & Relieving Officer have been communicated with.

It would appear that the Relieving Officer when first applied to relieved this woman provisionally but that the case was taken out of his hands and 3/- a week was ordered to be paid to her in money for seventeen weeks of the half year I have repeatedly explained for the information of the Board of Guardians that cases of this kind do not fall within the provisions of the 1st Section of 10 Vic Chap 31 and that the Guardians have no power to order relief to such cases under that Section the case was one which should have been left in the hands of the Relieving Officer who had power under the 7 Sec. of 10 Vic Cap 31. to provide such aid or assistance as may have appeared to him to be necessary. As it is the Relief in money afforded was illegal relief and in the exercise of the powers conferred upon me by the Irish Poor Relief Act I hereby disallow it as such. and I hereby debit it to the Guardians by whose initials it was signed Viz E. In order that there may be no room for doubt as to the application of the Relief in the case of Eliza Cummins (and in other similar cases) I deem it expedient to state that if the case was one of necessity the Relieving Officer has full power to deal with it under the 7 & 8 of 10 Vic C. 31. and to provide such aid & nourishment in the form of food lodging medicine or medical attendance as might in his judgement be necessary as he has power to continue such relief from week to week so long as the case continue to be one of urgency and necessity.
