The Board considered the reduction of the number of Relieving Officers from seven to five as allowed by the Commissioners and agreed to reduce the Salaries for each of the five Districts to £30 per Ann. The Relief Officers were called up and the arrangements announced to them to which they agreed.

The Chairman declared Mr Fitzpatrick the duly elected. Upon which the Minority objected to Mr Fitzpatrick as farming 74 acres of land whilst Mr Langford had none to attend to—the Majority at the same time urging that if that fact was sufficient to disqualify Mr Fitzpatrick it would hold equally as against most of the Staff of Relieving Officers they being Farmers.

John Doyle and Garret Murphy were both duly put in nomination for No 4 District, the Chairman took votes—when it appeared Mr Murphy had 11 and Mr Doyle 8—upon which he declared Mr Murphy duly elected. Ordered — that Mr Burke Acting Officer go to Gory — take charge of them and bring them to the Workhouse here ^{upon} ~~after~~ ascertaining they were really from Kilmuckridge.

The Valuator attended and represented that in Schedule B of the sealed Order re-constructing the Electoral Divisions of the Union — is comprised numerous instances of the same Townlands in the same Division have names and altho a portion of such Townlands lie in two Parishes — they are the property of one person — that it would be very expedient if his Valuation can be made up with the whole of a Townland together — where such is an individual Property and in the same Electoral Division.

Ordered. That the Valuator make up his Books as stated to be expedient unless Com-
-manded by the Commissioners.

A Note was read from Edmund Lawlor of Newtown Barry Butcher declining to furnish any further supply of Meat to the Fever Hospital there, unless at 5 p lb altho his late tender was at the rate of 4 p lb and now refused to perfect his bond.

The Bonds and other securities in force were laid before the Guardians by the Clerk, together with his report thereon, as follows (this, on the second Meeting after the Annual Election in every year):—

Ellen Murphy being examined stated, has been from time to time in the House since Nov: 1847. has been here for the last 15 months. has been Cook since Nov: 49. was at Laundry from May to Nov: 49. her chief employment was to count the clothes in and out and see them right. The Officers clothes has no ~~house~~ ^{house} mark. saw some white linen Coats washed which she knew did not belong to the Master or any Officer. also Childrens clothes and shirts which she was told belonged to William Martin the late Matrons brother in law. never reported it to the present Master. — told Mr McCormick on the occasion of some dispute about the washing some suit of clothes which she was allowed — that she has as good a right to have her things washed as other persons not belonging to the Workhouse. Alice Redmond told her that the week before the late Matrons death there were five of Martins shirt and two of Mrs Samuels Childrens frocks and two little white spencers in the wash — the first time she remarked them she enquired about the strange things. this was about the Commencement of Harvest 1849. spoke then to James Cloke — she washed for Nurse Pilkington, Miss Stapleton and the late Schoolmaster, never for any other Officer. Mrs Shaw was over her in the Laundry and she thinks must have taken these things into it.

Next Meeting of the Guardians to be held on _____ the _____ day of _____ 18 _____

James Cloke called in and examined, has been from time to time in the House the past four years, came in last 5th September 1849. from the service of William Martin, often had conversations with Ellen Murphy, spoke to her about strange things being washed in the Laundry. knew them to be William Martins. Mrs Martin, and Mary Anne O'Hanley. the last time she saw them was when the late Matron was sick. saw some Childrens clothes frocks and white overalls — in general there was some clothing of either of them. knew Mrs Martins things from Mr Whelan by the mate. none of the things at William Martins except his shirt — ^{were marked} washed these shirts and saw them so marked in the Workhouse Laundry — is ready to swear to the truth of what she has said — when she lived at Martins none of the clothes were washed out of the House, — was not in the Laundry for about a month after she came into the House, she knew of clothes being washed belonging to Mrs Martin before she went to live with her.

Alice Redmond called up and examined, has been four or five years in the House. came last into the House before Christmas 1849. Has been generally in Laundry. when in the House was employed to wash the Officers clothes — between 2 & 3 months ago washed 5 shirts of William Martin. she received them in the presence of the Matron from James Cloke — also washed 2 Petticoats at same time and every week about that time receives things to wash amongst Mrs Whelan which she believed were not her. the childrens things

The Knees were not here, - when she gave up the shirts to the Matron she told her they were so well done she would get her a little Tea and Sugar? she never did receive any Tea and Sugar. They could not have been the Master or Assistant Masters or Porters shirts because she always got theirs from Mary Sheill and Mrs Bryan the servants of the Master and Porter. - spoke of this to Ellen Murphy - never spoke of it to any Officer of the House,

Honora Shaw called up and examined, has been in the House for more than 2 years - has been in Laundry for 12 or 14 months up to Mrs Whelan's illness, never washed for the Officers except for about 3 weeks in the summer of 149. then saw 2 or 3 little frocks which Mrs Whelan has made for Mrs Carroll's children as she told her, never knew any other strange clothes to be washed. knew of a scold between Ellen Murphy and Mrs Whelan when she heard that Ellen Murphy being accused of taking some soap told Mrs Whelan she had used more of the Union Soap than she ever did.

Michael Durlong Porter was called and examined, made a search for clothes at one time in consequence of rumours he hears - and never saw any thing leaving the House except one small frock and a couple of shirts (which seems to have been recently made and washed) with a messenger of the Matron. Has been directed by the present Master to examine for any clothes going in or out after being washed but has not found any.

Ordered. That a copy of these examinations be sent to Mr Mary Anne O'Connell, and that she be requested to give

an explanation to the Board on this day week.

Ordered. That in future no Officer of the House or any individual whether connected with the Establishment or not shall convey or send any article out of or into this House or any part of the premises without submitting same to the inspection of the Porter whose duty is to report to the Board should any irregularity occur.

Ordered. That the Collector for ~~any purpose~~ ^{Killgorneigh} give directions to Mr Donovan to process John Twissella late of Dranagh for the Rates and Arrears due by him.

The Board considered the proposal of Patrick Murphy to put the additional window in the Newmah School now building agreeably the plan lately sent down by Mr Wilkinson and which were rendered necessary from its extension beyond the original plan - and accepted same at the sum of £35. including cut stone and all other requisites.

The Medical Officer of the Temporary Fever Hospital shed requested some additional repairs on the roof of one of the sheds which can be done for £7.6 under the superintendence of the Clerk of Works.

Ordered. That the present Contractor be allowed that sum for the repairs required.

The Chairman then signed the cheques and Order and the Board adjourned to Thursday the 19th September 1850.

is willing to allow the Clerk £120 per annum for the discharge of all the duties connected with the administration of the Poor Laws—that of Returning Officer to be included and to allow him (for this year only) for the preparation of the 33 rate and Collecting Books &c. — in consequence of that duty, having to be paid for by him to Assistants out of his present salary and to be no precedent in their future preparation.

Ordinary Business.

A letter was read from Dr. Leares of the Culbert Dispensary in which he states that as the Temporary Fever Hospital act is now expired, he wishes to propose to discharge the duties of the Fever Hospital in connection with those of the Dispensary at a lower than is at present paid by the Unions of Gorey and Limerick jointly, at the same time he holds out as an additional inducement the allegation that on the nomination of Doctor Cartan to the Culbert Fever Hospital, the Board of Guardians has in consequence been charged a sum of £20 rent by the subscribers to the Dispensary for the accommodation of the Hospital attached to the Dispensary, which rent he Doctor Leares now undertakes shall cease if the Board will make use of his services.

Resolved. That the management of Dr. Cartan in the Culbert Fever Hospital has been most highly creditable to his talents and has given great satisfaction to the Board and to the Ratepayers amongst whom his general practice has greatly increased.

and under the circumstances the Board would not be justified in superseding him. That this Board cannot believe the allegation that the subscribers to the Dispensary has charged the rent (£50) on account of Doctor Cartaw having been appointed to the Temporary Fever Hospital as Dr. Leared's salary of £80. has been provided independently by subscriptions and grants from presentments.

That the Clerk writes to the Treasurer of the Dispensary respectfully to know if Doctor Leared's allegation be correct and that a copy of this Resolution be forwarded to the Poor Law Guardians.

Mary Anne O'Connell appears before the Board to offer an explanation about the washed clothing having been done in the Workhouse during the life time of her sister the late Matron, and stated that she never got any article of clothing belonging to herself or family washed in the Workhouse with the exception of some little frocks which her sister may have washed five or six times and she believes also altered. during the time she herself assisted her sister during her illness she never had any article washed in the Workhouse nor did she hear or know of any such. She has a conversation with Mr Martin her sister also on the subject this morning and hears from her that about March last a boy named John Mack an apprentice of William Martin was going to America and in making up linen for him the late Matron offers to have some shirts mended and made up for him and a shirt of William Martin's was sent up as a pattern but no article of William Martin or of his wife or family was ever washed in the Workhouse Laundry. Mr Martin was

more intimate with her sister the Matron than she had been and told her that she often lent Petticoats and other articles of clothing to her which would account for their having been seen with her.

Mr O'Connell afterwards requested to know might she go into charge and on reference to the Minutes of the Board the day of her election the Chairman directed the Master to inform her not until the Commissioners sanction came down.

Moved by Mr Howlin.

Seconded by Mr Wallace and Resolved.

That the Commissioners be requested to order an Election of Guardians for the new Electoral Division of the Union before a New Rate be struck.

A Communication was read from A. C. Buchanan Emigration Agent at Quebec announcing the safe arrival there of the Emigrants sent out last July and the distribution amongst them of the sum of money sent to him for that purpose by the Board.

Mr Lane represented to the Board that a man of the name of Howlin who was sentenced by the Bench of Magistrates to three months imprisonment for desertion of his wife, is now in a very delicate state of health and that his wife is not a person of good character and some other matters connected with his desertion.

Ordered. That Mr Lane be requested to represent to his brother Magistrates that the Board have no objection under the circumstances that the full term of the sentence should be carried out and that they have the concurrence of the Board in recommending

The Out-door Relief Register was produced, examined, and authenticated, from No. 7422 to No. 7449, inclusive, by the signature of the Chairman and counter-signature of the Clerk.
The Clerk's Report on the execution of Orders previously made by the Board was read, to the following effect:—

Resolved to suggest that the valuator be called on to put in the valuation Books of those Divisions now complete, that the Rate Books may be filled up without delay.

That he has in obedience to the Order of the Board written to the Collectors to close up their accounts and that they are still dilatory and backward and suggested that the Board would consider what should be done.

Ordered. The Clerk to write to the valuator, for orders respecting collectors see ordinary business.

The Ledger was produced by the Clerk, posted up to the last day of Meeting, with the proper Debits and Credits, as ordered on that day.
