Ordered. That the above report be adopted.

The Sureties of Edward Nolan for the Electoral Division of Templeshammas appeared before the Board requesting to be allowed time to pay his Obligation on that Division.

Ordered, To be allowed until the 1st March next and if not then paid immediate proceedings to be taken.

The Sureties of the late defaulters on Monast Division Martin Doyle appeared and represented the impossibility of their paying the amount to which they are liable unless an extension of time was given, they proposed to pass notes for £12.10 each making £50 - each joined by a fresh security payable at 3 months and to pay the Balance by instalments in reasonable time.

Ordered, Under the circumstances which the Board is aware of relative to the means of payment possessed by these Sureties who are four struggling farmers, we consider that the adoption of this course will lead with more certainty to the ultimate discharge of the claim than by pressing on Law proceedings to an extremity which would overwhelm the parties by Law Costs - we are satisfied they have not property to meet - and which would ultimately have to be paid by the Board to their Solicitor. We therefore agree to the proposal directing the Solicitor to see the Bills presented above and to Suspend Law proceedings until further Orders.

Mr Sparrow a Milk Contractor appeared before the Board stating that he had entered into a Contract for Buttermilk last May at $3\frac{1}{6}$ per 100 gallons, that Mr Prudgast had entered into another for $3\frac{1}{4}$ per 100 gal. that for about 2000 May and June the Board had taken some Buttermilk from him (Sparrow) but that during the 7 months since that period none had been taken from him as Mr Prudgast's Contract was able to supply the House until now, that the Numbers having increased he was now called on to supply. When Milk was dear after having ordered none during 7 months whilst Milk was cheap.

Ordered, The Board having heard Mr Sparrow's Case we direct that the Master take from him whatever quantity he requires (after ~~being~~ ^{being} previously supplied by Mr Prudgast with a milk 100 gal per day) at the rate of $3\frac{1}{2}$ per gal being present market price subject to the Milk being of good quality but that if the Master has to complain of the quality the Board will make no concession to Mr Sparrow.

Agreeably to notice Mr Farmer brought under consideration the small amount of Salary allowed to the Assistant Master Mayr Baggan now in charge of the Templeshammas Auxiliary namely £5 per Annum.

Ordered, That the Salary of Mayr Baggan Assistant Master be raised from £5 to £10 per Annum from the 25th December last.

The Board examines the accounts of Messrs Peter Bookley and Martin Doyle Rate Collectors the former Claims Credit for time spent at Quarta Session also for clearing up the old arrears on Kilrush and Newtown Barry by order of the Board in December last. the latter pleads similar reasons respecting the divisions of Kelligary and Killaw

Ordered. That the above Collectors be now forewarned that unless they make such lodgments in course of the ensuing fortnight as will satisfy the Board and the Commissioners; they will be called on to resign and their Sureties be looked to for fulfillment of the Conditions of their Bonds; both to appear again before the Board on that day

Ordered. That all the Collectors be noticed to furnish Returns to the Board by this day fortnight — of the Ten highest Rate payers in each Electoral Division who have not paid their present Rates and to appear before the Board with such Returns and their Books on that day

The following Orders of the Poor Law Commissioners were laid before the Board and directions given thereon, as follows:—

identified as the property of the Union, that two persons named Richard Green and Catharine Maher were arrested and committed to Goal for trial at West Assizes, on searching the latter found 3/- on his person, that her husband is at present an inmate of the Workhouse, suggested the necessity of having wire lattice work on all the windows of Male and Female Schoolrooms and Dormitories as they are exposed outside without any protecting wall, also suggested the consideration of keeping the Women out to work on the Land as usual as he believed they convey

The following Letters from the Poor Law Commissioners, and others were read by the Clerk and directions given to answer them respectively, to the following effect (or, Orders made on them respectively as follows):—

the clothing out and begged to impress on the Board the necessity of making a boundary fence which would in some measure prevent thieves from having communication with the inmates. Begged again to call the Board's attention to the necessity of having the Religious Denomination of each applicant entered on their admission as on last Board a person was admitted named Ellen Hughes Registered a Roman Catholic who appears to have ~~had~~ changed her religious persuasion previous to admission which he hoped the Board would have rectified.

Brought a pauper Dora Abraham before the Board who wishes to have her Religious denomination changed from Protestant to Roman Catholic, that on visiting the Infirmary on Sunday night found the Back doors unlocked and have to complain on the Nurse for neglecting so important a duty, that by direction of the Medical Officer he had substituted 2 oz of flour instead of 2 lb oatmeal in the Scurvy Soap, also reduced the quantity of Vegetables and that the quantities now used are 4 lb oatmeal 3 lb Rice and 4 lb flour to each gallon of Water

Mr Nolan gave notice that on the 19th Feb^y next, he will move the discharge of Anty Leary and children from the Division of Millbrook and her readmission into the Union at Large.

The Agriculturist reported that he had cleared about 60 Bushels of flax seeds and had still a large quantity of Balls and requested directions how to dispose of it, had a quantity of seed potatoes and wished to know would they be again tried on the Workhouse grounds, that two of the cows reported last day as ill were now beyond hope of recovery, was of opinion that the loss on the cows would be now only increased by continuing

The Bonds and other securities in force were laid before the Guardians by the Clerk, together with his Report thereon, as follows: (this on the second Meeting after the Annual Election in every year).

to milk them, their milk averaging 8³/₄ p^r day whilst the value of their food was about 10, besides the difficulty of pasturing them next May unless put into condition by the Butcher, suggested the Board would order 40 to 50 stone of multiplying mares for seed.

Ordered, The consideration of the whole of the Report be postponed to next Board day, that in the interim the Clerk advertise for tenders for 30 c^{ts} strawmilk p^r day to the 1st May next and for the multiplying mares.

The following Memorial was read, ordered to be placed on the Minutes and taken into consideration this day fortnight, a full Board to be summoned for that day.

That Memorialists perceive that pursuant to the provisions of the Medical Charities Act the Board has divided the Union into Dispensary Districts and appointed salaries to the respective Medical Officers attending same.

That as the Districts have been considerably increased in size and much additional labour imposed by obliging them to Vaccinate, attend Privately, dangerous Lunatics &c they consider the proposed salaries wholly inadequate as remuneration for the services they will be expected to perform being considerably less than they have hitherto received for much smaller districts.

That Considering the importance of the duties they are called upon to discharge the danger to which they are exposed, the fatigue they must endure in all seasons and at all hours and the time necessarily spent in attention to the Poor, they can hardly think it necessary to remind the Board that their services should be as highly valued as those of any other profession.

Memorialists therefore respectfully pray the Board will be pleased to reconsider the salaries to their Medical Officers and

and at least place them on an equal footing with
their Professional Brethren in the Unions of Wexford
and Waterford.
