N<sup>o</sup>. 1 Visited the Fever Hospital on Friday last with Capt. Harrington and found the Wards and yards in a very dirty state the former badly ventilated. the Head nurse confined to bed and no one in charge. It is essentially necessary that some person be appointed to act during the nurse's illness. he had spent nearly all his time at the

Hospital since Friday last, and had the whole place cleaned and whitewashed, it is now in good order with exception of the yard which requires a coat of gravel and the channels to be paved, - the roof of the Privy has fallen down - it will require a new roof. the old slats will answer again.

N<sup>o</sup>. 2, Suggested that a Small Reservoir be made in the lower end of the field adjoining Simmott's bonds for the purpose of holding the contents of all the night buckets and soil of every description, as where they are emptied at present, and where all the manure of the place is collected is on a rise of ground within a few yards of the Pump, and against the end wall of the Hospital which must be injurious to the Patients, and it is most likely that the water coming from the Manure heap finds its way into the wall of the Pump through the subsoil.

N<sup>o</sup>. 3 Permitted the Master nearer to absent himself on this day Thursday for the purpose of attending the death bed and funeral of his father in Law

On the Master's Report being read Captain

Agriculturist's Report.

Kamilton suggested to the Board the necessity of appointing a Matron or Head Nurse to take charge of the Fever Hospital as the present nurse is in a dying state - and that Mr. Sly was residing in the Hospital with her child

Ordered That Advertisements issue for a head nurse to the Emmenthorpe Fever Hospital at a salary of £15- per Ann. and Ratios to be considered for this day fortnight on which day the subject of any further indulgence to the nurse at present in charge will be also considered - that in future no washing be allowed within the walls of the Hospital, the roof of the Privy to be got repaired

The following Orders of the Poor Law Commissioners were laid before the Board and directions given thereon, as follows:-

the Master - that the Porter be required to pay particular attention to the cleaning of the grounds and yard attached to the Fever Hospital  
- that Mr. Sly and child be immediately discharged  
- the Channels to be paved and the yard gravelled  
- the Porter to enter in his Book his own Hours of absence and Submit the Book for inspection every Thursday - the Reservoir to be made by Tenders from Competent Workmen to be Considered next Board day

The following Letters from the Poor Law Commissioners, and others, were read by the Clerk, and directions given to answer them respectively, to the following effect (or, Orders made on them respectively as follows):-
