(Signed) P. White.

It does not appear that there were sufficient grounds for the charge above referred to — But the quality of the Meat was not Considered sufficiently good.

The Reports of the Master and other Officers were read, and Orders made thereon, as follows:

of delivery and how long the Contract is to last and is duly signed by the Party tendering it is sufficient to bind him under the Statute of frauds - But for this purpose the entire must have been accepted and not accepted as to part and rejected as to part without the Consent of the Party tendering. In order however to avoid the risk of dispute or litigation on the subject the Board would recommend the Guardians in all cases to have the usual form of Contract signed and the required Bond executed as soon after the acceptance of the tender as possible. Another from the P.L. Commissioners relative to the change of the Day of the Board's weekly Meeting and deferring giving their decision thereon until the Assistant Comptroller Mr. Clements shall have visited this Union and conferred with this Board on the matter.

A letter was received from the P. L. Commissioners accompanying an order for ~~the~~ permitting the substitution of oatmeal, rice, bread or other food in lieu of Potatoes whenever the Guardians may deem it advisable to do so and stating that the Guardians will thus be enabled to use for the workhouse a kind of food different from that which is consumed by the Labouring classes and to withdraw their competition from the market to the extent of the Potatoes which would be used for the inmates - and that the Commissioners will readily entertain any modification of the dietary in other respects which the Guardians may under the particular circumstances of the Union deem it expedient to propose and that it is desirable that the Guardians should in their consideration of this subject duly weigh any suggestion or recommendation which may be made to them by the Medical Officer of the Union Workhouse.
