No 18957

Having they had received Minutes of proceedings of the Board of Guardians of this Union on the 5th Inst from which it appears that the subject of the proposed increase of the salary of Doctor Craufield was postponed until the month of January next — desiring to point out that the grounds of the postponement have not been stated in the Minutes and that it does not appear by the Minutes that the Guardians have taken into consideration the proposed increase of Doctor Craufield's salary. The Commissioners at the same time desire to inform the Board of Guardians that the present salaries of the Medical Officers are far below the average — while the amount of duty performed by them is above it and the Commissioners therefore think the subject deserves the reconsideration of the Guardians.

Ordinary Proceedings

The Board proceeded with the consideration of claims for relief in the Workhouse and Poor Hospitals of the Union - also to get poor relief in certain cases.

A Letter from Doctor Sayle was read stating in reply to the inquiry made by the Board on their minutes of Saturday last that Dorah Reilly did not own a house but from receipt of the accident to her removal to the Workhouse she momentarily occupied the family sitting room at Mr. Donnell's besides that she a cabin she could not be properly treated there from want of skilled attendance and the necessary appliances for cleanliness & - consequent on such a severe injury - for these reasons it became necessary to transport her to the Union Hospital.

The Board proceeded to consider the case of Alexander McDonnell - Schoolmaster who had upon last Board day. The Schoolmaster sent in to the Board the following explanation which was read.

Gentlemen In reference to the Pater Charge of the 3rd September - I beg to state that I have nothing to add to my former explanation - namely that having walked a good deal about the cattle show on that evening - having taken a few glasses of wine & being only 3 days convalescent from fever - I became sick & weak - with respect to the Pater's other statement that

he brought under the Masters notice on two other occasions on which he said I was drunk. I beg most respectfully to say that the charge is so vague and indefinite it is impossible for me to reply but the Master has already told you that when he visited my room on one of those occasions - I was not drunk.

Signed
Do the Chairman } Alexander McDonnell
Board of Guardians }

He was then called before the Board and explained that the cap alleged by the Pater to have been buried whilst he was in an intoxicated state - was not a fact - that it was torn or savalled at the top - and he took it from his head & showed it to the Board - and as to the burn on his coat, he stated it occurred whilst talking to the Wardmaster over the Ditch - and standing at the fire place in that Ward with him which the Wardmaster could confirm. After a little time the Board desired he would withdraw and he was requested to put in his resignation in writing. Before doing so - he stated he threw himself on the Board that if they gave him some time to look out for a situation and allow him to leave their service without injury to his character he would write a resignation as they desired - on being assured the Board should not object to a fair extension of time - he did withdraw & soon after returned with the following written resignation.

Gentlemen: I hereby tender my resignation as Schoolmaster in this Workhouse trusting you will allow me to remain some time with a view to give me an opportunity of providing another situation.
Signed
Do the Board of Guardians. Alexander McDonnell

There are 6 beds required to be placed in the Ward next the Museum. We recommend that a Croll & cover be provided for the Kettle and that the Master carry out our recommendation as soon as possible.
