The following Letters on matters arising under the Medical Charities' Act, or the Nuisances Removal and Diseases Prevention Acts, from the Poor Law Commissioners and others, were read by the Clerk, and Directions given to answer them, respectively, to the following effect (or orders made on them, respectively, as follows):

Read Letter from
stating that

The Secretary of the Millan Dispensary
Committee dated 9th May 1865, stating that at their Meeting on that day they took into Consideration a Letter addressed to the Board of Guardians by Mr Rowe Ballycross Owner of the Dispensary House complaining of an excessive use of Coals by the Caretaker to the Dispensary &c—

That the Committee are under the impression that some parties who want to try further to injure the Caretaker Mrs. Alice Redmond as it has been attempted on a former occasion by a neighbour of hers a Mrs Warren — and on which an investigation was held when it was ascertained that no grounds whatever existed to sustain her Charges,

That Mr Rowe not being a resident in this locality these years past and not attending any meeting of the Committee during that time — we are of opinion that it has been represented to him in the same spirit against the Caretaker for consuming an undue quantity of fuel. On examining the Quantities Supplied for the last 3 years and up to the present from the person who delivered them we ascertained that there was but one ton used in each year which is the quantity proper to be used for the Dispensary and consequently the matter has been misrepresented to Mr Rowe,

The Committee are unanimous in their expression of Confidence in the Caretaker since her appointment

(Signed,)

Clerk of the Union.

JOSEPH DOLLARD, DAME STREET, DUBLIN.

and have Resolved that no Complaint in future be heard against her unless coming from a Member of the Committee or the Medical Officer of the District

A Letter was read from Mr Rowe stating he will make a draw well at the Dispensary instead of the Pump now out of order — that it shall be lined with good stones from bottom to top, and put up a proper Bucket with Iron Chains — all to be secured well and covered with a draw lid,

Signed
John Browne
Chairman
