No 171 } agreed to be made during the month of August last,

Dated 9th Sep^r 74 } Adverting to previous Correspondence
No 19952 } relating to the Contract lately entered into by the Board of Guardians of this Union, for the supply of groceries &c to the Workhouse, stating that they have received Mr. Robinson's report on the Inquiry, held by him on the subject, together with Minutes of Evidence taken by him,

That in considering Tenders for supplies it may some time occur that the Guardians are justified in rejecting the lowest Tender if it is evident that the price is so much below the Market price as to render it impossible that a good article can be supplied at the Rate mentioned, but Mr. Robinson observes that the Guardians of Enniscorthy Union could not excuse themselves on those grounds for rejecting all the articles tendered for by Messrs. Fitzpatrick, Scallan and Joffand he states that in accepting the Tender which contained the highest prices in the great majority of the items, the Guardians have imposed unnecessary expense on the ratepayers and have deprived them on this occasion of all the benefits arising from fair competition.

The Local Government Board think that it is much to be regretted that a majority of the Guardians should have acted in this manner and they hope that the publicity which the occurrence has now attained will prevent a recurrence of proceedings which are calculated to lessen the Confidence that ought to be reposed in the impartiality of members of the Board of Guardians, and to reflect discredit on the administration of the Poor Law in their Union.

Ordinary Proceedings.

The Board then proceeded to the Consideration of applications for relief in the Workhouse and fever Hospitals of the Union, also for out door relief which they granted in certain cases.
