### Agriculturist's Report

Myself to state that I finished sawing the Manifold  
on Saturday the 20<sup>th</sup> Inst. and am since then cutting  
the clay from the sides of the Potatoe drills and breaking  
the surface by the application of a heavy drag. The soil  
had become so very hard and compact during the  
dry weather it was very difficult to work it when finished  
I shall commence to prepare the land for the turnips -  
I had a hired horse for the last week but as the horse here  
has much improved since he was let out on the grass  
I expect he will be able to do the work in due of the week.

would have done - The Guardians therefore urgently  
request the L.G. Board to grant Mr. Whiffert a trial of

## Agriculturist's Report

My report that I have not as yet been able to sow the turnips and as there is still too much of manure being put out I measure you have 18 statute acres of meadow land which I fear will be left to rot before we finish sowing the turnips - I therefore hope the Board will continue the services of the man who can cut your hay & stack your corn and as much his help I have had all the farm work up to this performed by a few laborers. I confidently expect to be able to get back your hay & corn taken up this year by the inmates insofar as it appears you paid upwards of £50 last year for manual labour.
