I have made it a rule if possible to have the Hay put together in Rick about the middle of July every year before the harvest set in on me. I have therefore respectfully to request the Board will give directions to have the stand for the Hay Rick erected as soon as possible before the busy season set in - I have consulted the Medical Officer who stated the Rick may be made in same place as heretofore and the Horses removed back to the stable -

A Carpenter will be required to assist in erecting the stand. The Horse Pake requires a new shaft - and all the Band Cakes repaired -

S.O.

As all the green crops are in a very bad state owing to the wet season and the great growth of weeds - it is therefore essentially necessary for the Board to give directions that at least six adults females do attend to the weeding and thinning of same, and also the Boys and Girls after school hours each day - with the exception of the days set apart for walking -

I have respectfully to request the Agricultural Committee to visit the farm this day and give directions as to the after culture of the crops - the erection of the stand - and the cutting of the meadow -

I have further to request the Committee to visit the farm at least once a month.

Please order the mowing Machine to day
