Dr. Woods Letter
Smallepoys Case
Jan 14. 1880

Newtownbarrny
January 14. 1880

Daniel Webster Esq

Dear Sir
I am under obligation to you for the report of the Board the members of a case of Smallepoys in Newtownbarrny. It did not take the case into the Towns Hospital here as the preparation had been made there for the reception of Smallepoys patients and it was the necessary to increase the staff of Nurses so that the same Nurses should not be in attendance on patients suffering from Typhoid and other dangerous

from Small Pox. There would
be a very strong probability,
moreover, of the disease spreading
if the patient were attended by
persons not protected by having
been vaccinated. I understand
that in Emisworthy Fever Hospital
arrangements had been specially
made for the class of cases
and I consequently considered it
the more prudent course to
send the patient in. As it
is quite possible that other
cases may occur I would be
glad to know from the Board
whether I shall make arrange-
ments to receive them here, or
send them to Emisworthy. It
would, unquestionably, be more
desirable not to subject persons
suffering from so serious a

complaint to a long journey,
but to admit them to the
hospital here would of course
involve additional expense in
the necessary increase of the
staff of Nurses.

Sincerely yours

Govtman

"That D. Wood employ a nurse
if necessary; and provide other
accommodation if any other
case occurs."

The R.O.s to report in
4 weeks "

were laid before the Board, and directions given thereon, as follows:—

* The following letter was read out the subject, from D. Garmody, Killain.

To The Guardians
Gentlemen

I regret to have report so
large a number of defaulters—147—
of whom 116 are over six months
old. The people show no inclination
to get their children vaccinated &
I think the Relieving Officers ought
to enforce the law. Some of
these returned as defaulters be-
fore but it seems they were only
notices & not prosecuted. The
relieving officer should lose sight
of no case until he has positive proof
that the child is vaccinated other-
wise they will evade the law—
