# Medical Officer's Report

I discharged the last of the small pox patients on 26<sup>th</sup> inst as well as the special nurse employed to take charge of them -

It is very satisfactory to note that notwithstanding the many importations into the Town of this dreadful disease we have so far succeeded in preventing it becoming epidemic and have not lost a single case -

I would now suggest that all the clothes brought in by the few last cases be burned, <sup>as also the bed clothing in small pox ward</sup> having previously valued them, so as to make compensation to the owners, advantage ought also be taken of the present empty state of the Hospital to thoroughly cleanse and disinfect it -

Ordered  
"The clothing to be burned under the inspection of Dr. Furlong".

Also to have said privies and schoolhouse properly lime-wash in accordance with recommendation of Sanitary Officer. As over 200 children are attending the schools and these works if properly carried out would tend to much improve the sanitary condition of the place and preserve the health of the inhabitants of the surrounding localities.
