Letter from the P.L.C. Dated April 20<sup>th</sup> N<sup>o</sup> 8268 D/46

at the meeting of the Guardians on the Hinst<sup>ts</sup> relating  
to the Crowded State of the female Children's Dormitories  
and requesting to be informed whether the arrange-  
ment has been found to answer —

The Clerk is requested to inform the Commissioners, The  
Reason women were moved into the Boys Dormitories, leaving  
the girls in their own, was purposely that the girls might be  
under the Superintendance of the School mistress whose Bed  
Room adjoins their Dormitories — The Boys were for a similar  
Reason placed in the Dormitories on the same floor with the  
Schoolmaster's Bedroom — The Board were enabled by the  
above arrangement to amend in a certain Degree the  
Classification of the women, as those moved into the Boys  
Dormitory, are married women of good Character —

They therefore consider that their arrangement is more  
adviseable than that suggested by the Commissioners

Dagne Esq<sup>r</sup> and unanimously Carried, that in acknowledging the Communication made by the Commissioners grounded on the report of the investigations held by the Honble Mr Clements A.P.C., The Board cannot but Concur in the Dismissal of the Master (John Shaw)

The Board likewise with some Regret (see the necessity of following the direction of the Commissioners in Calling on the Matron to resign -

The Board however beg to submit their opinion that having made such an example in the dismissal of the Master, and removal by Resignation of the Matron of the Workhouse, they might deal more leniently with the School Master and School Mistress, that a strong Reprimand with the Notification of the first instructions of Calling on them likewise to resign, would under all the Circumstances suffice in the present instance -

The Moral Character and Regularity of Conduct of the School Mistress since she has been

in the House has been exemplary -

The School Master has been in the House since its formation, was rather young when he first came, but through out maintained a most praiseworthy degree of steadiness as a young man. The progress in Education of the Pauper Boys under his Charge has been greatly to his Credit -

The Board submit it as their Opinion that the above Course will fully bring about the desired effect of regularity and good order, and Hope for the Concurrence of the P.L. Commis- sioners -

The Board therefore have given the necessary intimation to the Station, but not to the School Master or to the School Mistress - In consequence of which was received the following.
