The Bonds and other securities in force were laid before the Guardians by the Clerk, together with his Report thereon, as follows: (this on the second Meeting after the Annual Election in every year.)

The Committee at the same time considered some Matters affecting the accounts to March last, they think W^m Burlands should be paid up to that date. *Mem^o 15.9.9*, they do not recommend the items in his account for the year 1853 to be paid him, they also think that the sum of £14.7 should be charged to the late Clerk being the difference between the total of the true debts in Invoice acct to September last and those returned, on those recommendations being carried out the Invoice acct can be at once closed.

The Committee have further to state that the list of rates struck off by the Board previously to the making of the existing rates, has been omitted to be entered on the minute Book and as the amounts are not known there is a difficulty in the filling up of the last Column form S. A. of the abstract which is for showing the amt of Poor rates uncollected on each Division at the end of the half year.

The Committee think the following of the old rates may be struck off, and the abstracts be forwarded to the auditor making out the Column in question in the cases of the other Divisions as if no portion of the old rates had been struck off those Divisions. The Collectors Accounts will at once require to be carefully looked into in reference to this matter, as also for the purpose of ascertaining the default of the late Collector Mc Daniel, and to enable the Board to decide on the rates at present uncollected in each Division which will have to be carried into the new rate as collectable arrears, and those which will have to be struck off as uncollectable.

Resolved that the Board be summoned for this day week to consider the Estimate for a new rate.

The Abstracts completed, with the exceptions referred to in the Report of the Finance Committee having been laid before the Board, and the Accounts being duly balanced and made out in the Leger, it was resolved that the old Rates mentioned in the Committee's Report be struck off, and that the Abstracts be forwarded to the Auditor as recommended, as the Guardians are anxious to have the Accounts audited, without waiting for the examination of the Collector's Accounts which however will now be proceeded with. The Recommendations of the Committee regarding the Invoice Account are also adopted. The Abstracts have been forwarded

Resolved that the Commissioners be requested to allow Mr McHugh to remain for one week longer in force in order to complete the examination of the Collector's Accounts which are now several months in arrears of examination

Gorey Dispensary
 September 13. 1856.

Sir

I have to report that acting under the order of the Board I undertook the charge of the Gorey District until Thursday last when I handed it over to Dr. Isdall as my limited leave of absence would not allow of my remaining, I consider the health of the town to be most unsatisfactory, A Fever of very dangerous type is prevalent and is produced by want of cleanliness, I myself have observed in many places a practice of discharging all nuisances in front of the houses which is a most potent cause of disease, I think an Officer of health is required

I regret to report that Dr. Bestall is dangerously ill of Typhus Fever caught in the discharge of his duties

Yours obt. Servant

Mr. John Carter

The Clifden Board hope that some similar steps be taken by such Boards of Guardians throughout Ireland as may have experienced difficulties same as the Clifden Board have from the arbitrary and dictatorial course pursued by the Commissioners, which have paralyzed the best efforts of this Board

Letter from Mr Burland Stating that he considers the Guardians refusal to pay him the sum of his bill for 1853. Most dishonourable and unsatisfactory - that he has given them satisfaction as to their delivery and will give further proof if necessary that if Contractors are to be dependant on the attention of the officers of the Board to their business it would be far better not to hold a Contract at all. that if the Board still persist in refusing to pay him he will lay the matter before his Solicitor and take such proceedings as he may be advised for recovery of same. ordered that Mr Burland be written to declining to send Counter half of Cheque until he sends a receipt in full.

Letter from Doctor White Stating that if the woman Ellen Keane's mind is again broken down he will readmit her into the Asylum at once. ordered The matter go to Shillelagh and bring Ellen Keane to the Asylum in Carlow.

Gentlemen

In accordance with your wishes and directions as given to me on last Saturday I beg to enclose you a letter from my Father and to say that if you can safely pay the money (due in salary to his brother Dr Pettall) without putting me to any expense in the way of taking out administration you would much oblige, the expense is not so much the reason as the difficulty of separating our accounts we being to use a plain phrase jointly liable to each person in our dealings as the Accts can show Should the Board wish any Guarantee from me as to any other Claimant I am prepared to satisfy by every means in my power.

Your Right Honourable Lord Viscount Palmerston,
Just Lord of the Treasury —

The Memorial of the Board of Guardians of Golly
Union — Humbly sheweth

That by the operation of the Medical Charities Act 14 & 15. Vic Cap 68. the whole care of the Sick Poor throughout Ireland formerly provided for by private Subscriptions and Grand Jury Grants, had been thrown upon the Poor Rate, which had to pay, along with all other expenses attending dispensary Relief, the Salaries of the Officers. That the recipients of this Relief

are not only "the Poor," for whose benefit the Act was passed but are very frequently Mechanics, Small Farmers, Laborers, and Domestic Servants of the highest Classes, and sometimes even Shopkeepers, thereby entailing enormous expenses on the rate payers. That the Salaries of the Med

officers (already alluded to) form another important item of Expenditure in this County

The following Order of the Poor Law Commissioners under the Medical Charities Act were laid before the Board and directions given thereon as follows:

While in England the Salaries, amounting to 80 or 100,000 £ annually are paid out of the Consolidated Fund

That the rates for the Relief of the Poor are from these and other causes, very high in this Union and press heavily on the Industry of the rate payers. Your Memorialists therefore pray, that the payment of the Medical officers of Dispensaries in Ireland be transferred either wholly or in part from the Poor Rates to the Consolidated Fund and your Memorialists as in duty bound will pray

The following Letters on matters arising under the Medical Charities Act or the Nuisances Removal and Diseases Prevention Acts, from the Poor Law Commissioners and others were read by the Clerk, and directions given to answer them respectively, to the following effect (or Orders were made on them respectively as follows.)
