The Clerk's Report of Vaccination was read—(this on the First Meeting in every month)—number of successful cases:—

The Report of the Visiting Committee was read, and orders were made thereon as follows:—

Aug^r 11th 77—Visited the House this day & found it in its various departments clean & in excellent order, striking evidence of assiduous diligence & attention on the part of our officers in carrying the orders of the Guardians in attending to the wants of the poor—From several queries put to the inmates in the different Buildings I am happy to say they all unanimously testify to the humanity & kindness of our officers & on that account I do believe they deserve our best thanks & confidence—The provisions & other goods examined in the stores appeared to be of excellent quality. Generally the house I should say is satisfactory—I would wish to call the Guardians' attention to the very neglected state of the Graveyard at the rear of the buildings, it is in a most lamentable state

71
" & I feel quite sure I need but mention the case to have it remedied
" especially as it will incur no expense, I would suggest a
" Committee of the Guardians when they could see what is to be
" done & the Master could then manage to have the necessary
" improvements made - The Schoolmistress requires a pair of

Chaplain's Report

Aug^r 31st. The General progress of the children in the School appear to me very good & the attention bestowed on them by the Teachers very Satisfactory. In either School in one or two departments the progress is excellent. The only suggestion I would at present offer is that the Schoolmaster would enlarge his knowledge of the subjects arising out of the lesson he teaches. Communicate it to his ~~children~~ Scholars in a familiar way & subsequently to require of them an explanation of what had been taught or explained to them—

were read, and directions given thereon as recorded in Executive Sanitary Officer's Report Book.

The following Letters from the Local Government Board for Ireland or others, relating to Sanitary Matters, were read, and directions given thereon as follows:

N^o. 20,640 19 Oct 77- They forward copy of observations made by D^r Bestall in his return to the Registrar Gen^l stating that one public pump is required for Camolin.

Order there being 4 wells & a stream of water running almost the entire length of the village it is considered that the village is well supplied. besides a branch from the mill race comes through the centre of the town across the main Street.

N^o. 20,434 19 Oct 77

States that it is desirable that D^r Weldon should report.

The following Accounts of Expenses incurred under the Sanitary Acts were laid before the Board, viz:

		£	s.	d.
	M ^r J. I. Sharpe was ordered an advance of } on a/c of the pump at Ballygarrett	2	30	
	N ^o . 8 J. I. Sharpe			

and Cheques were ordered to be drawn for the respective amounts [or directions were given thereon as follows]:

report when the present operations are concluded if the supply of water at Craan Upper is satisfactory -

Read letter from Mr J G Poole P. L. G. stating that he visited Craan Upper to see if the B^d order had been executed with regard to cleaning the water stream, he found M^r Keegan has got part of the stream cleaned & the water is now running freely, he promised that he would soon have it all cleaned as he intends setting it by contract, his men having refused to work - he maintains that if the B^d order is carried out there will be a very great supply of pure spring water fresh as could be expected coming in an open course that length - he found that the surrounding locality has been supplied by such streams for the last century or more & no bad effect has ever been known to result from it - With regard to the 8 cases of Fever which all happened on M^r Keegan's farm - he has been informed as a fact that (independent of the water) the commonest precaution has been neglected in time to prevent the disease from spreading. The L & G B^d are under a wrong impression when they speak of the village of Craan Upper as there is no such village, there being only 3 families - M^r Keegan, his workman & M^r Murphy in any way depending on the stream - As Guardⁿ of the Division he protests on behalf of the rate payers against any order being carried out which would make use of the public rate to supply the private dwelling of any gentleman with a pump -

The Executive Sanitary Officer & D^r Allen visited the two wells at Ford on yesterday & found 3 feet 7 inches of water in one & 3 feet 1 inch in the other. the supply seems to be sufficient, but the well at the cross roads is very narrow as it has a double lining. the contractor's attention should be called to it -
