The Bonds and other securities in force were laid before the Guardians by the Clerk, together with his Report thereon, as follows: (this on the second Meeting after the Annual Election in every year).

The Vice Guardians with Mr Bayly Inspector further investigated the Matter in Reference to the Conduct of the Master Assistant Master and Porter on the Night of Sunday the 6th Instant and also in Reference to the difference between the Cook's and Masters provision book, and the actual Number of Paupers in the Workhouse, whereby it would appear the Master had charged Rations for 57 above the Correct Number, on the Enquiry it further Came out that on Sunday and Monday last 22 Infirm Pauper Women had not been Supplied with dinner, as to this latter charge the only explanation the Master was able to offer was that the Cook had made a Mistake as to the quantity of Water necessary for the Meal On examination on Oath of Several Witnesses by Mr Bayly [redacted] after giving the entire Subject Much Consideration the Vice Guardians and Inspector Report as Follows

That the Conduct of the Master in absenting himself on the Night of the 6th was highly improper, that it appears his books were incorrect, in Consequence he charged the extra Rations this ignorance but the Vice Guardians are of the Opinion he acted without any intention of fraud

That with regard to the 22 pauper Women not receiving their dinner on Sunday and Monday, the Conduct of the Master was very Reprehensible, in as much as it does not appear he adopted any steps to remedy the error, he did not give the Women any food in place of that withheld, nor did he report it to the Vice Guardians

Next Meeting of the Guardians to be held on the

day of 184 .

(Signed) _____

Clerk of the Union.

By Authority—Alex. Thom, 87, Abbey-street, Dublin. (N. 102–103.)

The Vice Guardians were therefore of the opinion that the Master was unfit for his situation, and he having tendered his Resignation the same was accepted, this precludes the necessity of taking any further steps as regards the Master, with respect to the Asst Master being absent on the same night it appears he obtained leave from the Master. The Vice Guardians therefore Consider it sufficient to reprimand him, and to order that no officer shall absent himself from his duty without leave from the board.

As to the Porters conduct the Vice Guardians have some difficulty in dealing with him, there is no doubt his conduct has been extremely improper in leaving the house without acquainting the Master or Guardians and likewise in the Careless Manner he has taken charge of the Paupers Clothes, by which much inconvenience and many disputes have taken place on paupers leaving the Workhouse, The Vice Guardians however do not Consider it prudent to remove him at once, as the Master will not soon leave, he has however received notice that he is only retained on trial for one month, and that should the least fault be discovered in his Conduct he will be dismissed, This Course will give time to the Vice Guardians to appoint a Master previous to the Removal of the Porter. The Vice Guardians direct that an advertisement be inserted in the General Advertiser and County Wexford paper for a Master to be taken into Consideration on Wednesday the 13th September.

Wm Nowlan was appointed Matron at a Salary of £30 per Annum, with apartments and the usual Rations, Pat. Ryan was appointed Collector for No 4 District in place of Matthew Neal as mentioned in the Minutes of the 16th Inst. The name of the latter having inserted by mistake, The Vice Guardians direct an advertisement in handbills inviting tenders for the following articles up to the 29th Sept. Next. ~~The following articles~~ Indian Meal, Oaten Meal, Bread of whole wheaten Meal in 4lb loaves, Oat Straw 20 Ton.

The Clerk informed the Vice Guardians that the Medical Officers did not Keep the Hospital diet Book in the mode recommended by Dr Phelan, and directed by the Vice Guardians viz to Number their different dietaries and insert the Number

of dietry each patient Receives daily. The Vice Guardians direct the Clerk to again Call the attention of the Medical Officers to this Neglect, and to inform them, that Should this occur again, it will be the duty of the Vice Guardians to Call for the interference of the Poor Law Commissioners. Letter Read from Rev. Mr Barden forwarding list of the articles of bedding furniture &c. in the Tintern Fever Hospital Requesting to be informed if the Vice Guardians would dispose of them to a Committee who have it in Contemplation to erect a Fever Hospital at Tintern. Mr Bayly Inspector was Requested to Communicate with the Rev. Mr Barden in order that a proposal for the above might be made to the Vice Guardians, which should they Consider sufficient, would be Complied with, if not the Vice Guardians would appoint a person to Value them.

The Clerk was directed to advertise for tenders for Sinking the well 10 feet. The Clerk was directed to write to Liverpool for 5 Cwt. of Cotton in order to Card the Oakum Women employed

The Clerk informed the Vice Guardians that an alteration had been made in the Rate Book of the New Ross Electoral Division at No 44 and likewise at No 2181 by Michael Cotterell a person who was employed by the Vice Guardian to Copy the Rate Books by Substituting the Name Jos & Alexander as Occupier in place of Mullins & Power, in both Cases that said alteration was made after the Rate Books had been Signed by the Vice Guardians and without his Knowledge or Consent. Whereupon the Vice Guardians assisted by Mr Bayly proceeded to investigate the Matter and Michael Cotterell was examined upon Oath who Stated he Made said alterations after the Rate Books had been Signed by the Vice Guardians without informing either the Guardians or Clerk, That he made Same at the desire of the Collector, not thinking he was acting wrong.

The Vice Guardians further examined the Clerk on Oath who Stated that said alterations were Made without his Knowledge or Consent, Whereupon the Vice Guardians direct that the Rate Book of New Ross at No 44 and 2181

be altered back to the Names of Mullins and Power, being the Names therein written, when the Rate Books were signed by the Vice Guardians

The Board then adjourned until Tuesday the 29th. Instant,

requesting the Nice Guardians observations thereon

The Nice Guardians and Inspector M Bayly on leaving the Quarter Sessions Court yesterday were informed by the Rev Martin Hayden P.P. Security for Patrick Ryan Rate Collector that he was under an apprehension that Ryan had absconded, the Nice Guardians remain in this opinion as Ryan has not attended as usual before the Clerk to settle weekly accounts, the Nice Guardians and Inspector recommend Rev M Hayden to make further search for Ryan and in the event of his finding him to bring him before the Board when if he fail to satisfactorily account for his conduct application should be made for his dismissal and steps should be at once adopted to prevent his further collecting. The Nice Guardians however have determined to apply to the Commissioners for his dismissal and thereby delay to enable Mr Hayden to find him (Ryan) the Nice Guardians are perfectly satisfied with the solvency of the Security

With regard to the other Collector Cody referred to in the Commissioners letter No 57548 the Nice Guardians are of the opinion that should he not have made by this day week a satisfactory collection application will be made for his dismissal

An application was made by Mrs Lardner Fever Hospital Nurse for leave of absence for one fortnight and the

Medical Officer having Stated that her application might be granted without incurring loss of absence pay in as much as Nurse Jordan with the Proviso that should a necessity arise which would require her return She should at once do so and that She be required to leave her address with the Master for that Purpose

The Clerk informed the Board that the Asst Master had Retired his Bond

Mr Devine the Contractor for making and erecting Iron Stoaves attended befor the Board for instructions as to the form and Size required as he had Stoves due in the day room of the auxiliary House that the larger Size pipe than what he had proposed for in his tender as he had advised the Guardians that the larger Size viz 7 Inches diameter was the better one for the purpose, that he could not supply that Size pipe on the same terms he had offered to make the smaller Size for, the latter being at the rate of 2d pr foot and the large Size at 4 p foot

The Vice Guardians direct that the terms of the orginal Contract be strictly adhered to and that Mr Devine proceed accordingly, as to the extra Size pipe made with the Stove already set up the Vice Guardians will be prepared for Mr Devine properly Completing his Contract to take into Consideration whether he has any claim for additional allowance

Lodged with the Clerk of the Ross Union Work House the following Notice on the day mentioned therein

Ross Augt 29th 1848

Gentlemen please take Notice that a House on North Quay No 53 last in the possession of Laurence Nowlan is unoccupied and was when the last rate was struck and that there has been a large Sum of arrears allowed to accrue during his occupation

That a House in Quay Street N°11 last in the possesion of Simon Roach is unoccupied and was when the last Rate was struck and that there has been a large arrear allowed to accrue during his Occupation notwithstanding a warrant being in the hands of the Collector.

M Dowling left the House in October last. The Collector of Rates laid or destrained on the House occupied by Laurence Nowlan on the goods of the New Tenant about the 25th Oct last when I offered to pay the amount on his giving me up the Warrant against Nowlan or to show him goods the property of Nowlan for which I supposed I sent My Man to Nowlans House but the Collector did not comply or produce the Warrant but is still annoying the New Tenant by placing Keepers on the House and securing Sues

within a Reasonable time, whereby Mr Magee the Landlord is now Called upon to pay Nowlans arrears, that the Collector shall pay 5/6 being One half of said arrears,

In case N2, whereas Simon Roach was the occupier we are of the opinion that in consequence of Mr Magee the Landlord permitting the Tenant to leave said premises without giving due notice to the Collector within one Month after a decree had been obtained by said Collector, he is not intitled to any allowance in this case,

Mr Magee declined producing any evidence in Case N3 The Board then adjourned until 12 Oclock Next day

Minutes of Proceedings of a Board of Vice Guardians at a Meeting held on Wednesday the 29th day of November 1848

Present

James Power Esq Robert Bates Esq
Daniel Todd Esq Min Inspector

Ann Long one of the Inmates of this House appeared before the Board and stated that the Rev. Mr Doyle Roman Catholic Curate came to her on Tuesday Night in her own Room in the Idiot Ward where she acts as Assistant Nurse and ordered her to go down Stairs which she accordingly did, that he spoke to the Children in the Ward and told them not to eat any thing the Ann Long would give them that he came to day Wednesday and said to her you are here again after sending you out last night, leave the place at once Ann Long further states that Mr Doyle was not sent for by any of the Patients under her Care. Neither did he perform any Religious Service

Ann Keany being questioned by the Board states Fact as assistant Nurse with Ann Long in the Idiot Ward Heard Rev. Mr Doyle going to the door of Ann Longs Room to day Wednesday, and desiring her Ann Long to go down Stairs

The Clerk was directed to forward a Copy of the above Minute to Rev. Patrick Murphy Roman Catholic Chaplain and to request that he will be good enough to attend in the Board on Monday Next at 12 Oclock when the Guardians and the Inspector purpose investigating the Complaint.

The Inspecting Officer and Vice Guardians having this morning carefully inspected the Market Auxiliary Workhouse, find it capable of affording

Copyright. Wexford County Archive

Domitory accommodations for 276 they found it necessary to devote the remainder of the Establishment to a day Room for the accommodation of the Inmates for the purposes of Weaving Spinning and Carding Flax Wool and Cotton.

The Vice Guardians with the approval of Mr Todd Temporary Inspector have resolved upon the following alterations, the partitions at present in the day Rooms to be removed which can be done by the Paupers, this will give the Master a view of the Manufactory from end to end, thereby enable him to Keep a close watch upon the Inmates to have a Window placed in one end of the Manufactory and a Skylight in the other end against which there is a Bank of Clay which prevents the placing of a corresponding Window in it, to have a partition erected between the two Boilers, in the Cook House which can be done with the Materials removed from the day Room this arrangement will afford a Kitchen and Laundry large enough for the Establishment, to have the small Store Room near the Kitchen Flagged, Mr Todd agrees with the Vice Guardians that these arrangements which will occasion very little expense, will enable them to have the food cooked for the Inmates of the Auxiliary House, in that establishment and not in the Union House as at present, the carrying of which to the Auxiliary House occasions much inconvenience and also the carrying on of the Laundry operations independent of the Union House.

The Vice Guardians having taken into consideration the Commissioners letter No 57411 and 57511 enquiring whether any Reduction can be made in the Number of Workhouse officers and Relieving officers without detriment to the interest of the Union

Resolved that we are of opinion there

Nich. Fryell No 2 District comprising the Electoral Divisions of Newross

Peter Hope No 3 District comprising the Electoral Divisions of Old Ross Camagh adamstown Templedigan

Roman Catholic Chaplains Rpt was Read to the following effect,

Attended the House and Board Room visited the Male and Female Idiot Wards, in the Male there are four Idiots, and one person who sleeps there a R. Catholic in the upper Story there were forty four Male Children and one Adult who use that place as an Infirmary all are R Catholics, there is one Male Nurse of the Name of John Maher for the place used as Infirmary there is an assistant Nurse of the Name of Ann Long a Protestant and a helper of the Name of Ann Meany a R Catholic in the Female there are thirteen Idiots all R Catholics, in the upper Story used as Infirmary there are sixty five Children and two adults all R Catholics, there is one Female Nurse of the Name of Mary Butler a R Catholic and the place used as Infirmary, there is an assistant Nurse, Betty Nowlan R Catholic and a helper Ann Allen a Protestant, Thus in the Idiot Wards Male and Female and the places used as Infirmaries there is but one Protestant and all are Roman Catholics among whom are Numbered One Hundred and two Children of that Religion and one Idiot child, the Catholic Church has always attached the most extreme importance to the Care of the Sick and dying particularly when Children &c hence it appears there are only two Catholics in attendance one little himself enlightened and a helper to a Protestant Ann Long whose Room she sleeps or shares in in Such circumstances the Roman Catholic Chaplain cannot but object to the Manner in which all these inferm R Catholics

Patients are provided for in their illness or dying Moments and he protests in particular to the attendance upon them at such times and in that tender age to Protestant Inmates,

Signed
P Murphy R Catholic Chaplain

To the foregoing Report from the Roman Catholic Chaplain, and likewise in reference to the minutes of the Board of the 29th Ultimo wherein Mrs Long complained of the Rev Mr Doyle R Catholic Curate had interfered with her as Nurse and ordered her away out of the house in the Sick Ward of the Infirmary, a Copy of the evidence taken on that Complaint was furnished to the Rev Mr Murphy the R Catholic Chaplain as to the Conduct of the Rev Mr Doyle his Curate, and Mr Murphy was requested to attend the Board on this day at 2 Oclock when Mr Todd the Inspector would investigate the matter he accordingly attended and informed the Board that the Rev Mr Doyle on that occasion had not attended as his assistant not having been sent for by any pauper, he visited the house in his private capacity and that he Mr Murphy was not accountable for his Conduct, however he objected to Mrs Long being retained as Nurse, she being a Protestant that it was his desire that none but Roman Catholics should be Nurses tending in that Ward,

That he did not go the lengths of approving of all Mr Doyles acts and would not be accountable that he would not repeat the conduct complained of,

That the Vice Guardians might Summon him to the Board if they pleased, to account for his conduct but that he Rev Mr Murphy would not be accountable for Such acts of Mr Doyle,

He admitted that when Rev Mr Doyle

complained of Ann Long being in the Hospital and that he objected to her being present at his performing his Religious duties. She being a Protestant that the Vice Guardians offered him liberty to appoint any other woman in the House he might select as a second Nurse and that she would be appointed He further admitted that he spoke to the Matron on this point when a woman was appointed whom he examined but that still he objected to Ann Long being retained as she was reputed to have been an improper character,

William Cooke Esq.r the Resident Magistrate being present, stated that he had observed Ann Longs Conduct on several occasions when she had been examined before him as a witness and that she left the Court each time without any impeachment of her Character,

The Vice Guardians informed Rev.d M.r Murphy that they were of opinion that if any person had a charge to make against Ann Longs character or Conduct the proper mode would be for such person to come forward and prefer same, when the Board would at once act on the matter but until that was done they Considered it would be most unjust to punish her by a reprimand,

That as to Ann Long the Nurse being a Protestant the Vice Guardians had done all in their power to meet any objection in that behalf by sanctioning the appointment of a second one a Roman Catholic, and that they could not remove her for that objection until it was proved she interfered with the Religion of the paupers or otherwise Misconducted herself

That Ann Long had received positive instructions not to interfere or go near the Roman Catholic Chaplain when he was performing his duties in the Infirmary,

That altho one of the Nurstenders in the Infirmary Wards over the Female Idiots Wards is a Protestant and has held that appointment for upwards of six Months

and yet no exception has ever been taken to that appointment by the Roman Catholic Chaplain nor was any allusion made to it, by either Mr Doyle or Mr Murphy,

The Vice Guardians must therefore consider the objection made to Ann Long is of a personal nature Ann Long was a material evidence against the principal Rioters in March last.

The Board then proceeded to the appointment of a Rate Collector for No 4 District Patt Brown of Coolnamuck in the County of Kilkenny was appointed and his securities William Brown of Coolnamuck in the County of Kilkenny Jas Brown Merchant of Newtowns and Hue Prendergast Farmer of Mount Garrett Castle New Ross were approved of

Resolved

That Rate Collectors James Murphy and Jeffry Walsh be directed forthwith to prepare, and have printed lists of all Rate defaulters in their respective Districts classifying them according to their several Electoral Divisions in order, that by the Publication of their lists the Vice Guardians may obtain from the Rate payers such information as may prevent imposition when they come to Consider what Rates should be struck off as irrecoverable,

Resolved that having taken into Consideration Letter of the Poor Law Commissioners of the 14th Instant N65360/1848 relative to the dismissal of Collector Edmond Coady, the Vice Guardians although fully convinced of Mr Coadys past Negligence and want of exertion are apprehensive of the Consequence of his dismissal as upon a late Occasion in this Union an entire District was out of Collection for more than six weeks from the dismissal of one Collector until the issue of his Warrant to his successor The Collection of Rates in the District of James Murphy and Jeffry Walsh including Eleven Electoral Divisions is very nearly exhausted and Mr Coadys Removal would therefore Only leave three Divisions under Collection, the Vice Guardians for these Reasons are disposed to Request the Sanction of the Commissioners to Mr Coadys being Continued in office for at least a portion of his District and the appointment of a Second Collector for the Remaining portion,

Resolved the Clerk be directed immediately after the approaching Audit to prepare an Estimate for a New Rate to be Made in this Union, to cover the probable ordinary expenses

the Vice Guardians consider themselves Justified in entering into Negociations for the immediate Renting of suitable Buildings to enable them to provide so much as may be sufficient to test the destitution in Indoor accommodation in the Union, The Vice Guardians deeming the Auxiliary House Called the College for many Reasons quite unsuited to their purposes have Resolved on at once surrendering it, and directions have been this day given to the Clerk to have Notice served to this effect on the Rev James Greene Proprietor,

New Ross Union
11 January 1849

Mr Burke Poor Law Inspector attended at the Board Room at 12 o'clock and proceeded with the Clerk and other officers to inspect the Work House, on his return to the Board Room at 2 o'Clock he directed the Clerk to enter a minute to the following effect,

1st That he found the House in neat order

2nd That many of the old Irish Male Inmates labored under complaints, there were several of them employed picking the Straw there at the Male side, there were more than were employed in the Mill Room and others were in the day Room

3d The Grounds about the Work House is nearly all lying in the same state in which it was last harvest instead of being thrown up in Ridges and the Stones picked out to prepare it for the sowing of Carrots Parsnips &c. &c.

4th There are Plenty able bodied men to do this work and it is discreditable to have the small quantity of land about the Work House in such a state as it is

5th It is desirable that where the Straw House was at the Female side a building in Continuation with the Hospital should be erected, the Privy might be placed in some other situation, the Straw House

in the Mens Yard could be carried in the same way and if the Rice Guardians apply to the Commissioners, their Architect will furnish a Plan and Specification for the work, the Female Side might be Contracted for at present and when that is completed, the Rice Guardians can turn their attention to the building at the Male Side

6th No Step has been taken with regard to the Open Which Mr Burke suggested long since should be erected

Mr Richard Collector elected by the Rice Guardians Collector for the following Electoral Divisions viz

Dem Sudigan
Mullins
Grainger
Romer

having signified Mr Burke stated to him that the Commissioners would sanction his Appointment for but two of the Electoral Divisions and they having stated that he would prefer the two following Electoral Divisions viz

Grainger and Mullins

Mr Burke recommended in the absence of the Rice Guardians who were both unwell that a new Rate Collecting Book to include all the uncollected Sums of last Rate and arrears in these Electoral Divisions should be made and that as soon as the Rice Guardians hold a Board a Warrant should be signed by them

Copyright: Wexford County Archive

and again to Cary to collect the Rate in the mean time the Clerk to make out the Collecting Books and the Clerk to advertise for tenders for collecting the Rate in the Electoral Divisions by Dan Flanagan and the Rowers

Mr Burke having learned from the Clerk that the time for Payment of the Premium on the Policy of the Work House and Fever Hospital in connection with it has expired and that at this moment there was no Insurance on the Work House or Fever Hospital. that the Clerk was in negotiation same time pending with the Sun Office relative to Insuring the Spinning of Wool Cotton and Flax and the Carding of Cotton and Wool in the Auxiliary Work House

Mr Burke having again the attendance of Mr Stowlith the local Agent of the Sun Company directs the Clerk that of Petty Cash to pay Mr Stowlith the Years Premium to Christmas 1845 viz"

for Work House	£	5	5 0
" Fever Hospital		6	0

which the Clerk did accordingly and Mr Stowlith gave an acknowledgement promising to give a receipt to morrow

Mr Burke also directs the Clerk to furnish Mr Stowlith local Agent with the Statement regarding the Auxiliary Work House that the Permission required is to Spin Wool Cotton and Flax and to Card with the ordinary Cards which again is to give Heat in working Wool and Cotton.

The Rice Guardians having considered the circumstances which induced them to call for Mr Patrick Browns resignation as Rate Collector for the Electoral Divisions of Mistiaqua Dysertmoan and Woodstock they decided that it appears to them more conducive to the interests of the Union to retain Mr Browns services, than to appoint a Person wholly inexperienced in the duties of his Office whose securities it would be new han ascertained are by no means satisfactory, The Rice Guardians therefore trust that the Commissioners will sanction this reappointment of Mr Browne

Mr Todd reported to the Rice Guardians that he had received a printed form of an Industrial Report one of which the Commissioners had directed should accompany each weekly Minute of the Rice Guardians and that he had directed the Clerk to write to Mr Sharman ordering a supply of the forms alluded to

Resolved that Mrs O'Mally be appointed an assistant at the Market Auxiliary Stages at a salary of £8 per annum with the following Rations viz 7lb Meat 14lb Bread and Boyz Pints New Milk per week subject to the approval of the Commissioners

The Prisoners are being discontinued but the Soil taken from them left in an open exposed State from which the most intolerable Stench proceeds calculated to engender disease there is plenty of Room at the Quarry heaps to cover this Soil if it is Put out and the Master Shall not have allowed it in those times to remain in Statu in the Shameful State it is, the same thing occurs at the Market House Yard where the Soil is left exposed

Mr Todd reported to the Poor Guardians that having enquired into a complaint made by Mr Glorganier Lessee of the Tolls of the New Ross Bridge against Mr James Murphy formerly a Poor Rate Collector of the New Ross Union, he had ascertained that Mr

Tuesday

Murphy had received a Sum of £23-2-6 from Mr Alexander which he had not accounted for or lodged to the credit of the Union. It appears that the above Sum was a portion of a Rate of 4/3 made in 1847 and was unpaid when a new Rate was made in 1848 and that Mr Murphy omitted to carry this Sum into the arrear Column when copying the Rate and Collecting Book for the latter Rate but that Mr Murphy when collecting that Rate did not omit to include this Sum of £23-2-6 in the account of Mr Alexanders liabilities

The omission to bring forward this Sum as an arrear by Mr Murphy must have caused a deficiency in his account to that amount which could hardly have escaped the notice of the then Clerk but for want of System and explanation that then prevailed in keeping the accounts of this Union under the impossible to trace this or further. Mr Murphy admits his liability to make good the Sum of £23-2-6 to the Union

The Punishment Book was submitted to the Board and the Punishments therein approved of
