Mary St New Ross 15th June 1878

Gentlemen,

I beg to report that I went on 13th last to the Rower, in order to ascertain was the nuisance abated as required in the Notices I had served on 29th of last month on Richd Galavan, Wm Curran & P Meaney of Tarrantemple, and upon which Dr Meehan had reported to your Board. Galavan has made a part of an outer sewer and brought it into Curran's yard who is his tenant but has done nothing to abate the nuisance in his own yard. P Meaney refuses to make any sewer from his yard and states we have no act to compel him to do so. As to the erection of the pump I am told there is about 40 ft of stagnant water and some mud in the well which should be properly dried and cleaned out before the pump would again be put down but this, Ellis your Contractor states to me he is not bound to do by his agreement. May I ask for instructions on these subjects,

I am gentlemen

Gentlemen

I beg to report to your Board that I visited the Rowes on the the 27th Inst relative to the Erection of the Pump found Ellis working at it and asked him not to erect ~~the Pump~~ until after I receiving proper instructions from you relative to the Cleansing out of the Well before the Tube is put down and if not done it will be a useless expenditure as all those to whom I have Spoken to on the Subject are quite sure that water cannot be used for general purposes by the inhabitants

As regards the persons noticed for to make Sewers Gallavan has Complied with the notice served on him. Patrick Meany has done nothing whatever but states he will he may say so and never do it as I have been on this duty so often and cannot get him to do what is required to abate the nuisance reported by Dr. Meehan I trust the necessary steps be taken to compel him to do so. Margaret Murphy of Ballynunnery served with notice has abated the nuisance Complained of

I being one of the Committee appointed to consider the estimate of a Rate prepared by the Clerk to provide for the expenditure of the Union from 29th Sept 1878 to 29th Sept 1879, beg to make the following report

Your Committee learned from the Union Accounts, that the average actual expenditure of the Union for each of the 3 preceding years was the sum of £8.200 also that the rate for the present year will fairly meet the expenditure. I consider that the 20 pr cent may be safely taken off the Clerk's estimate of £11,676 which will then realise a sum of £9.341, and which is nearly £1000 more than the average actual expenditure of the Union for each

Auditors Report

The discrepancies appearing upon this Sheet between the Balances shewn to be remaining and the balances which would appear to be remaining on a comparison of the consumption with the reciepts are the master explains owing to the fact that in certain cases as in that of Mick he debited himself with the quantities specified on the Boards orders and not with the actual Reciepts and

Copyright: Wexford County Archive

that in no other cases be omitted to debit himself with goods recieved until the contractors bill was furnished and that he endeavoured to correct these omissions by altering the balances remaining on hands at the close of the half year so as to shew what would in fact have remained on hands if the entries of the reciepts has been made regularly and correctly I have examined as far as it was possible to examine into the accuracy of this Statement and it appears to be in the main correct and the balances returned are the same balances with which the master is chargeable and I have directed the Clerk to see that the master is held accountable for those balances The Cource adopted was highly irregularly and it shew clearly that no adquate Check was applied to the Provission Reciept and Consumption account by the Clerk there is reason to apprehend that there deficiences in stock but the master holds himself accountable for the stock

The Reports of the Master and other Officer were read, and Orders made thereon as follows:—

Charged against him at the close of the year and will be stated make it good with a view of preventing a recurrence of Similar irregularities in future I have directed that as soon as the orders on the Milk Contractors are made good the actual receipts shall in future be entered in the provission Book and that in no case and under no circumstances shall any Article or Quantity of article be entered that has not in fact been secured and I shall hold the Clerk responsible for seeing that the rule is strictly carried out I shall also hold the Clerk responsible for seeing that the bills furnished by the Contractors shall in every case correspond strictly with the provission Book and that in no case shall no payment be made for goods that have not been delivered at the Workhouse at the time the payment is made

I have stated to the master that I shall debit him with the value at Contract price of any decrepancies between the Boards order and the actual Reciept which may appear at the time of his giving up charge of stock

To the Chairman & Gentlemen of the Board.
Gentlemen

I beg respectfully to say that what I stated to the Board on last Saturday concerning the illtreatment of the Child Cotton is correct, and that slight punishment I gave her could not possibly injure her after the manner described her conduct afterwards in the dormitory as can be proved would be more calculated to do so. I reiterate the statement that I brought the child under the notice of the Medical officer at the time she first complained of the sore on her side, for which he gave medicine which effected a cure, and I was not aware of her being ailing so afterwards until she complained on Monday the 1st Inst, should the Board doubt the accuracy of my statement I respectfully request that the matter may be further investigated

I remain Gentlemen
Respectfully yours
Annie Hunt
Schoolmistress

Dear Sir

I am in reciept of your letter of the 19th Instant and in reply beg to acquaint you my for the information of the Board of Guardians that the reason for not visiting Margaret Aspel at Athemney was the annoyance of the man who brought in the ticket being so impertent so insolent and so drunk and at the same time stating that he did not care a damn whether I went to see the girl or not that he had money and was able to pay his doctor Dr Meehan he then paid I curse you and leave my curse on your head I told him that I would report him for imposing upon Dispensary

The following Orders of the Local Government Board for Ireland under the Medical Charities Act were laid before the Board, and directions given thereon as follows;

Doctors Order dated as he had money and was (state subject). not entitled to a ticket he then cused me again in consequence of such conduct I refused to go I have now had Medical charge of the Arthurstown Dispensary and district on several occasions and neve neglected a single patient either at Dispensary or their own home invariably when a red ticket came to me I then at once procured a car and started either by day or by night and I know that the Roman Catholic Clergymen of the District can testify to same if Mr James Berney ever visits Duncannon I think he might have called and explained the case to me I sent a Certificate

Gentlemen

I beg to report to your Board that I visited the River on the 26th Inst relative to the Pump erected there which I found had not been painted by the Contractor nor has the head been fastened on it and many of the People there say that it is so defective, that water cannot be got out of it until they charge it with water before pumping it and this they Consider to be caused by a split in one of the lower most Joints. There is a piece of timber of the old pump 12 ft long by 1 Square, I could get no one to say they would buy it, it is bored through,

Richd Byrne RD

Ordered That the Contractor be called upon to put the Pump in order, and that the piece of timber be sent for and brought into the Workhouse

The Report of the Visiting Committee was read, and orders were made thereon as follows:—

20 October 1878.

I visited the Workhouse on this day and found the general body of the House in good order as I have found it on previous occasions this Year. I don't mean that as praise, but I cannot speak too highly of the Infirmary. I have for many Years when I visited found that Department in good order. I never saw it in better than on this ~~occasion~~ day. Male & Female sick Wards all in the neatest state. This is

a department of very great importance & it is a pleasure to see it so well kept there are some small things wanting in it, the noses of some of the staircase are nearly worn off & window blinds are out of order. It would be cheaper and better to get the American blind rollers which require no paraphernalia of strings & pulleys. To go in detail tho' the general house would be tiresome and I shall only remark on what is prominent throughout the whole house the class rolls are either altogether absent or defective, a few months ago when I visited the house, I called particular attention to this matter the then Master

The Reports of the Master and other Officer swere read, and Orders made thereon as follows:—

The Master reports that he obtained summonses against the two Nuns ordered to be prosecuted by the Board on the 28 last but they were not served on them. The Room ordered to be prepared for the Assistant Schoolmistress is now furnished. She has objected to sleep in the bed ordered to be procured for her The seat of the boys closet got broken on Tuesday had it repaired since

The Clerk reports that the Finance Committee summoned to meet on Thursday did not attend, except Mr. John Meehan. It is time to advertise for yearly & half yearly supplies

Ordered that the supplies be advertised for and the Finance Committee summoned for Friday next,

has left since. The Tailor and Shoemaker had both left at 1¼ OC and did not return till 3 OC. When I was leaving, I did not see their departments. In the boys ~~departments~~ I said their wash house is dirty & wet a few scattered basins, 3 or 4 for 23 boys I urged for new. The stench traps & drivers pulled up and lying about, the floor despicefully badly kept, and the seat broken this should be removed. In the girls school I said the ~~stench~~ traps also pulled up, and their washroom filthy that was alleged to be caused by the want of a pump which was being repaired—

The following Letters from the Local Government Board, and others, were read by the Clerk and directions given to answer them respectively, to the following effect (or, Orders made on them respectively as follows):—

I have to report on the very slovenly habits that in the dinning hall. Boys Girls and grown up people especially the women leave the tables at which they have their meals in a state of slops. that can only be caused by the most reckless waste, Of the soup served out more than half is spilled about & put into the waste buckets, bread is carried to all parts of the house and also the tins, it would be better one half of the soup that is to be served should remain in a pan to be used as required The womens infirmary wards were in excellent order the men not nearly so, which was partly caused by fresh lime washing being done. There are two new stoves required in these wards the old ones are in pieces. The matron complains of the loss of straw occasioned

by the want of bedsteads in the nursery of the women's new wards, the beds being on the floor are quickly destroyed, From what I have observed I am of opinion that the master has not sufficient confidence in his position and that if he was sanctioned and felt himself secure, he would be more particular and peremptory,

E. T. Byrne

Ordered That the master look after the matters complained of by Mr Byrne, and that two new stoves be provided for the men's infirm wards,

The Tailor and Shoemaster were called before the Board and their attendance on the whole found correct, and their work well in advance,

Gifford Carr Esq
Clerk New Ross Union

Sir

In reply to yours of the 11th Inst received only yesterday thro' being misaddressed, I beg to say that notwithstanding the sworn depositions of Mary Walsh, I repudiate being the father of her illegitimate child and if I believed myself to be so, it should never have come to the Workhouse, I discharged Mary Walsh out of my employment for bad conduct and absenting herself when she choosed. She is I believe the mother of two other illegitimate children and was twice to America on that a/c and if the Board consider her testimony sufficiently respectable to warrant their prosecuting me and getting a decree on such they can do so

Your obt Servant
P O'Brien

If you are correctly reported in the People of Sept 11th last, you may be in a scrape, I did not pay Mary Walsh's passage, or send her to Waterford as you stated before the Board,

I will prove. to the Board. the Books. committed to my charge. were not falsified nor any letters addressed to the Board. of Guardians were tampered with by me. on the receipt of the copies. which I respectfully. ask. I will send in to your Board an explanation.

I am Sir.

Sir

I have to thank you for copies of Documents for which I asked, and I have to remark that neither document is dated by the Clerk, nor is the date of his report recorded on the face of the "Copy" — The Clerk reports "entries" made by the late Master to be in excess of the Amts recorded on the Received & Consumption Acts (Invoice)" This is a vague statement. Where are the alleged entries made? in which of the Union Books? On the Received side of the above named Accts are duly entered the Amts of the several Board's Orders, and I challenge the Clerk to say there is one R.O. omitted. In signing the Contractors Accts, and submitting them for payment, did the Clerk compare them, as he was in duty bound to do, with the entries made in the Received side of the Invoice Accts, and with the Board's Orders, or did he sign the Bills of the Contractors at random, not having

any regard to anything, but the claims made, Did he sign the Bills of his brother- a Milk Contractor, for the Amts alleged to be due, and disregarding the Board's orders, did he sign the Bills of other milk Contractors according to the Board's orders, and not to the Amts delivered and due, Did the Clerk make the necessary and usual deductions from the Milk Contractors Accts, for substitutes provided in lieu of Milk, both in the previous Masters' time and mine, I resigned before the Audit in July last, gave a months notice, Stock was taken and the Clerk checked all right, Fearing I might have omitted to lodge anything, I was bound to do, I wrote both to the Clerk and Master, asking if there was anything, I should account for, Again on the 26th of last October, I wrote to the Clerk, saying as I had not an opportunity of examining all the Contractors Accts, with which I am Concerned for the last half year, and as possibly there may be some item which I have not properly brought to Acct, may I ask you

at your convenience, to let me know what my liabilities are in that regard, that I may discharge them; The Clerk having that note of mine, suppressed it, and for some purpose of his own reported the alleged erroneous entries, and did not even send me a copy of the Report, nor did he let me know, nor do I yet know, what his "erroneous entries" mean, —— I have now a painful duty to perform, — formally accuse the Clerk with serious neglect of duty in not attending during office hours, and not checking and keeping according to the Regulations the following Books viz:

Board Room Books, The Ledger, The Personal Ledger, The Outdoor Abstract, The Outdoor Register, The Indoor Register, The Record of Births The Record of Deaths, The Discharges, The Healthy Diet Book, The Diet Class Book, The Infirmary Medical Returns, The Fever Hospital Med Return, The Infirmary Diet Book, The Fever Hospital Diet Book, The Provision Check Acct, The Provision Receipt Acct, The Weekly Relief list, The Farm Acct Book & the Inventory Book, Outdoor Books. Rate Collectors, Some of the Indoor Books are never Checked by anyone the most of them bear the Signature of "Gifford Carr" per Md
The Md being Mike Dunne, he who puts up the time in the Board Room and who signs the Clerk's names to the Public Documents as noted by Mr Hamilton at his last Inspection,
I accuse the Clerk of opening or caused to be opened, or connived at the opening, contrary to the Statute of letters the property of the Postmaster General, addressed by the Local Governments Board of Ireland to the Presiding Chairman of the New Ross Board of Guardians, and of making himself aware of their contents before the meeting of the Board —
I accuse the Clerk of making use of indecent language to the Women of the Workhouse, and of slanderous expressions towards me in presence of the Officers, particularly since I left the House,
I omitted to mention the Minutes, Clerk did not write out, or often did not even sign the minutes going to the L.G.B, such work being done by Mike Dunne or by the Pauper Boy in the Board
