Resolved-That from the great public inconvenience at not having a bridge at New Ross, between the counties of Wexford and Kilkenny, and the necessity that exists at having the same at once rebuilt and made toll free, we are of opinion that measures should be taken forthwith to have same rebuilt, and the rights of proprietors of old bridge and ferry paid for, provided the county of Kilkenny pay their proportion of the expense necessary to rebuild same and the purchase of the ferry and present bridge from the proprietors; and that the sum to be raised off this County for that purpose be levied off such Townlands, Parishes, Baronies, and Half Baronies. and County at Large, in such proportion as the Grand Jury who shall present for same shall direct, and that it would be desirable that as many of the preliminary proceedings necessary under the existing law to have same rebuilt at once should be dispensed with. We appoint the following gentlemen as a committee to act with any committee that may be apointed by the County Kilkenny Grand Jury to carry out this object, and

agree on the sum that will be necessary to be levied off this County, to do so, and treat with the proprietors of the present bridge and ferry for their interest therein, being assisted by a valuator to be appoined by the Board of Works :- Lieutenant Colonel Alcock. William Madden Glascott, Esq.; Francis A. Leigh, Esq.; R. W. Hall Dare, Esq.; James Howlin, Esq. MEMORIAL.

TO HIS EXCELLENCY THE MOST NOBLE JAMES MARQUIS OF ABERCORN, LORD LIEUTENANT AND GENERAL GOVERNOR OF IRELAND.

The Memorial of the Grand Jury of the County of Wexford, assembled at an Assizes held in and for said County, on the 26th day of February, 1867,

Sheweth-That a wooden bridge over the river Barrow at New Ross, and which river is the boundary between this county and the county of Kilkenny, was on the 18th of January last carried away by ice, and thereby great inconvenience and public loss has been sustained not only by the inhabitants of New Ross and the adjoining parts of the county of Kilkenny, but also by the public at large, as the bridge carried away was the principal high road from the county of Wexford to the county of Kilkenny and south of Ireland.

That said bridge was a toll bridge, the rights of ferry enjoyed with same were property of private individuals, and that it would be a great public benefit that said bridge should now be properly rebuilt, and that when rebuilt it should be kept in order hereafter, toll free, for the benefit of the public, and in future maintained as a public bridge by said counties of Wexford and Kilkenny.

That memorialists have heard that it is the intention of the Legislature to pass an Act of Parliament to remedy certain defects in the provisions of the Act of 4 & 5 Wm. 4, chap. 61, entitled "An Act for the more effectually providing for the Erection of certain Bridges in Ireland," and that it is thereby intended that provision should be made that when an order is about to be made by your Excellency under the said recited Act of 4 & 5 Wm. 4, chap. 61, that if it should appear necessary to your Excellency or the Commissioners of Public Works, that in order to comply with said order, it would be necessary to purchase private property, they should certify such to the Secretaries of the Grand Juries interested, and the provisions for the purchase of such private property are to be made, if by agreement, under the provisions of the Lands Clauses Act, 1845, or if not by agreement, that the value of same should be ascertained by a Government Valuator under the provisions of the Railways Act, 1851, and that the proportion of the purchase money and the sum to be ascertained by your Excellency's order might be levied off the County at Large, Baronies, half Baronies, Townlands, and Parishes of the County, in such proportions as the Grand Juries of the respective counties should appoint, and that the time for repayment of the sum necessary to pay for said bridge and complete the works should be extended from the period of 12 years, to which same is limited by said Act of 4 & 5 Wm. 4, to a much longer period of years.

Ne. £ s. d. 6370 5 2 Brought forward.

> That the proprietors of the present bridge and ferry have stated they are willing to sell their interest to any parties in a position to buy, for the purpose of making a free bridge, provided they obtain a fair and adequate sum for their interests in said bridge and ferry.

> Your memorialists pray that the powers of said Act of 4 & 5 Wm. 4, chap. 61, authorised to be exercised by your Excellency, may be applied for the purpose of purchasing said bridge and ferry, and rebuilding the bridge, provided the provisions of said Act are altered by said contemplated Act as to the powers in respect to the purchase of the said bridge and ferry, and the sums to be ascertained for the rebuilding of said bridge under your Excellency's order, payable by the county, may be levied off the County at Large, Baronies, half Baronies. Townlands, and Parishes, in such proportions as to the Grand Jury of the County, at the time of making presentment for same, shall seem just and fair.

RAILWAY REFORM.

Ordered-The following memorial to be forwarded to the Right Hon. the Earl of Derby: -

The Memorial of the Foreman and Grand Jury of the

County of Wexford.

RESPECTFULLY SHEWETH-That the completion of the Railway system of Ireland, the better and more harmonious arrangement of the Time Tables, an equal mileage rate for the carriage of Passengers and Goods, and a reduction in Rates and Fares, would be a boon to the Agricultural and Trading Classes of this country, and tend to develope its resources.

That the assistance of Government, either by purchasing the Irish Railroads, or by arranging the amalgamation of the existing Railways into convenient groups or systems, the establishment of equal Mileage Rates, and the supervision of the Time Tables by a Public

Officer, would tend to promote this object.

That a large reduction in the charges for the conveyance of Goods and Passengers, which is most desirable In the present condition of Ireland, cannot be effected without the aid of Government, and that we believe such aid, while tending to benefit Ireland, may be afforded

without any ultimate loss to the State.

Memorialists therefore earnestly hope the Government of which your Lordship is the head, will recommend to Parliament such measures as will complete the Railway system of Ireland, and by its better regulation and reduction in the charges, greatly increase its usefulness, and thus improve the state of Ireland.

> TO HIS EXCELLENCY THE MARQUIS OF ABERCORN, K.G., &c., &c., &c.

My LORD-Some time since, a deputation of Gentlemen connected with the County of Wexford, had the honour of laying before your Excellency, a project for the connection of their County with England by a short sea route. The project has since occupied the attention of an increasing number of our landed proprietors, and we the members of the Grand Jury of the county of Wexford, now beg leave to address your Excellency on the subject.

We know that the improvement of the Country depends mainly on the exertions of its landowners: applied in the first instance to the amelioration of their property and its inhabitants-yet when other modes of improvement offer themselves, it is necessary to grasp them. We look to your Excellency as our natural leader in every effort for the real advancement of Ireland.

The details of the project referred to, have already been laid before your Excellency-we only repeat that it unites the South of Ireland more closely with England; that it perfects the East coast Railway communication of Ireland; that it supplies a rich agricultural district with Railway advantages; and that it provides Harbour accommodation in a position useful to trade and to large and improving fisheries. The present Harbour of Wexford from its shifting sands, and the Bars which obstruct its entrance does not allow the proper development of our resources.

A Memorial has been sent to the Board of Trade, accompanied by the requisite information for the purpose of obtaining the consent of the Board to loans for the construction of the Harbours, which form an important portion of the project. Lord Naas has kindly conscented to present the Memorial.

We do not seek aid for the construction of the

Railways.

We have confidence in the merit of the scheme in its various portions, but we respectfully ask your Excellency to give your support to us as Irishmen trying to carry out a most useful project, at a moment when everything likely to improve this country substantially is of importance.

Ordered-That the sum of £6 18s 11d, presented at Summer Assizes, 1866, to Thomas Cowman, be paid to Mary Cowman.

Ordered-Mr Meadows authorised to put the office in

repair agreeably to his request.

Ordered-That the Treasurer be authorised to advance to the contractors in the Barony of Shilmalier East, out of the monies in hand, the amount of the half year's contract not presented at last assizes, in consequence of no Presentment Sessions having been held at Crossabeg in November, 1866.

Ordered-That the sum of £664 13s 3d, lodged in the Provincial Bank of Ireland to the credit of the public account of the Treasurer of the County, pursuant to the 15th section of the Dogs' Regulation No. £ s. d.

142_

(Ireland) Act, be applied in aid of the County pro-

portion of the next levy. 141_

Ordered-We consider that the Grand Jury assembled at the Summer assizes, 1867, having ordered that the sum of £664 13s 3d, received on account of Dog Tax, be re-presented in aid of the next levy, and the Treasurer having to pay the half-yearly contracts on the Barony of Shilmalier East out of the surplus funds now lying to the credit of the county, therefore it would not be advisable to appropriate any of the balance now invested in Exchequer Bills to the credit of the county Wexford towards the reduction of the next levy of the County Cess.

Ordered-That the Special Presenting Road Sessions, for taking into consideration all applications for Presentments and Payments of Contractors previous to Spring Assizes, 1868, be held at the following places at the following times :-

At Crossabeg, for the Barony of Shilmalier East, on Monday, 4th November, at 12 o'clock.
