Ballast Office, Waterford, Nov. 12, 1877.

DEAR SIR—I beg to hand annexed Resolution, passed this day at the Board of the Waterford Harbour Commissioners.

I remain yours truly, HUGH N. NEVINS, Sec.

H. E. Wynne, Esq., Sec., Grand Jury, Co. Wexford.

Monthly Board Meeting, Harbour Commissioners,

Waterford, 12th November, 1877.

The following Resolution of the Arthurstown Presentment Sessions having been laid before this Board, viz. :—

Resolved—That this Presentment Sessions, being of opinion that a Pier or Quay at the deep water at Ballyhack would be of material advantage to the trade of this district, and of the county at large, recommend to the Grand Jury that one half of the expense of constructing same shall be borne by the County, provided that the Commissioners for Improving the Port and Harbour of Waterford defray the other moiety.

TEMPLEMORE, Chairman.

Resolution, as passed—

It is resolved that this Board do hereby express their willingness to contribute one half of the estimated cost of constructing a Pier or Quay at the deep water at Ballyhack, according to the plans now before them, provided the full control of the water frontage remain in their hands, and that the work be executed in such a way as will satisfy the Superintendent whom they appoint to inspect it on their behalf.

A true Copy.

HUGH N. NEVINS, Sec.

Resolved—That we, the Magistrates and Cesspayers constituting the Presentment Sessions held here, consider it is quite unnecessary the County advertisements shall be inserted in more than one paper, and that Mr. Lambert, named to represent the Session, be requested to oppose No. 3 Application, to come before the County at Large Presentment Sessions, and that the County advertisements be inserted in one paper only by tender.

TEMPLEMORE, Chairman.

# SPECIFICATION FOR KEEPING ROADS IN REPAIR BY CONTRACT FOR YEARS.

IMMEDIATELY after the Contract shall have been perfected, the Contractor must proceed to render the drainage complete, so that no water lodge on or near the road, at any time, by scouring the drains, pipes, water tables, and outlets, &c. Should any additional bridges, or pipes, or any repairs on those existing, be required, the Contractor, after pointing out the necessity for such to the County Surveyor or his Assistant, and getting permission from him, may bring in an application for them at Presentment Sessions in the first year after entering into the contract.

The water tables and existing fences at each side are to be brought to, and permanently preserved at the same level; to be parallel to the centre line of the roadway, and the former to have an efficient fall. The road surface is to be made uniformly convex in its cross section, having a gradual smooth and unbroken slope, free from grass or weeds, from the centre to the water tables, of one inch and a quarter to the yard, and so preserved; and is by darning, &c., to be kept, in all parts and at all times smooth, hard, and free from ruts, large stones, and mud, which last must be scraped off and laid by, off the carriage way in heaps.

Should any part of the road be found, upon examination at any time, to have an insufficient depth of crust, the Contractor should coat such part with stone, broken so as to pass freely in every way through a two inch ring, to supply the deficiency. Upon getting permission, where good gravel can be readily procured, it may be used instead of stone, but in no case without the consent of the County Surveyor; no stone in such being larger than a medium-sized wall-nut.

The depths of crust that may usually be considered as requisite for the different classes of roads are as follows:—

## FIRST CLASS, VIZ:

For all New Roads, Post Roads, and those on which there is a very heavy traffic.—An uniform depth of consolidated metalling, eight inches in the centre, and six at the sides.

## SECOND CLASS, VIZ:

Leading Roads of minor importance, upon which the traffic is comparatively partial.—Six inches in the centre, and four at the sides.

## THIRD CLASS, VIZ:

Important Branch Roads, viz.:—Four inches in the centre, and three at the sides.

These depths will not, however, be in all cases necessarily adhered to. The County Surveyor shall have the power to vary them as circumstances may require. But such depths must be invariably maintained as will be sufficiently strong to sustain the traffic and preserve a smooth good road.

The stones must be the best that can be procured within one mile of any part of the contract road, and further, if considered necessary. They should be spread during the winter and wet seasons, so as to obviate, as much as possible, the necessity for doing so in dry weather; when if it should become necessary to put them on, the surface should be loosened with a pick previously, to assist in consolidating and keeping them together. They must not be scattered loosely over the roads; they must be laid on closely, and in nearly squared patches, and none larger than the size specified should be allowed to remain in the surface; all such appearing must be picked out and replaced with small ones.

Indiscriminate picking will not be permitted. In the cases of rough roads, certain distances to be prescribed and laid out by the County Surveyor, or his Assistant must be thoroughly picked in each half-year.

All pipes and arches, not exceeding three feet span, together with all parapets, range walls, and footpaths, are to be kept in repair. No nuisance of any description whatever to be permitted.

Should any change be made in the line contracted for, or any hill cut, or hollow filled, the Grand Jury shall have the power to discontinue the repairs of the old road, and apply them to the new at the contract price per perch, but the Contractor may apply at Presentment Sessions during the year after the certifying of the Presentment, for any additional amount that may be necessary to enable him to keep the new part in repair for the first year.

—cubical yards of the best stone to be procured in the quarries of— are to be spread on this road within each year, having been previously measured and approved of. They must be prepared, laid in depots, which should be filled, or in convenient places on the sides of the road, completely clear of the carriage way, and so as not to interfere with the water tables, made up in regularly squared or oblong heaps of any convenient lengths, but having a width of 3 feet and height of 18 inches.

This quantity, so prepared and arranged, must be ready for measurement on or before the 1st day of August, and spread on the road by the 1st of March following; and it is to be annually, so expended in strengthening and improving the formation of the carriage way.

In addition to the specified annual quantity, such extra supply of stone must be provided as may be required to fulfil the conditions of this specification for maintaining the surface in good order continually during the whole term of the contract.

There will be but one measurement in each year, and that will be made during the first fortnight of August by the County Surveyor's assistant, who will do so accompanied by the Contractor, to whom he will give notice of inspection, and who must attend with him for the purpose, provided with a copy of this Specification, a pick and shovel. Should the Contractor fail to have the specified quantity prepared, or to attend as hereinbefore described, he will not be entitled to a certificate for payment, and the quantity he may have prepared shall become the property of the public, to be used for the benefit of this road in such manner as the County Surveyor shall direct.

Should any fraud in making up the heaps of stones for measurement be detected, or should any of the stones be removed to another road, or disposed of in any way other than for the repair of this road, not only will the certificate be refused, but the Contractor will be prosecuted, his contract forfeited, and all claim on his part to any part of the material that may have been prepared, or to any compensation whatsoever, shall cease.

No stones to be broken or laid on the road but for the purpose of being spread, and no heaps to remain on during the night. All mud scraped off to be taken away as soon as it shall have become dry enough for removal, and used for repairing fences, for filling gorges, &c., according to the County Surveyor's directions. All

loose and scattered stones should be removed from the road in dry weather. Cut weeds before they shed seeds; trees, &c, between 30th September and 31st March.

Where any contract passes through a street, the footpaths, channels, and paving must be preserved in good condition, and every particular care taken to prevent nuisance.

The County Surveyor shall have the power to alter any part of this Specification, to suit circumstances, as he may think desirable, but no deviation from it will be permitted without his consent.

No certificate will, in any case, be given where the Contractor has not complied with the terms of this Specification, nor will it be granted unless the road has been kept in repair from the time of entering into the contract up to the time of applying for payment. Should the certificate be at any time refused, the Grand Jury shall have the option to annul this contract, and make a fresh one with another contractor.

Should any misunderstanding arise as to the meaning of the foregoing, or any part of it, or as to whether the Contractor has performed his contract, the opinion of the County Surveyor shall be final.

JAMES B. FARRELL, County Surveyor for Wexford.

## Report of the Committee on Industrial Schools.

The duty of the Committee being to check the charges falling upon the County for children in Industrial Schools, but not to throw any difficulty in the way of the wholesome intention of the law to cut off crime at its roots by the compulsory detention in these Schools of very young persons likely to become criminals, they now report that in the last half year thirteen children have been taken off the list of those chargeable to the county, some being discharged, and some placed on license; while ten children have been committed from the Petty Sessions Courts of Wexford, Enniscorthy, and New Ross. The Reports from the Clerks show that in the majority of cases the children were eligible for these schools, and for these only, as their parents were in gaol, or undergoing penal servitude. Three cases—Mary Anne Barker, from Enniscorthy; Eliza and Christine Reilly, from Wexford—are merely described as destitute orphans. It is quite clear that the law includes "destitute orphans," but following the expressed opinion of the Grand Jury, the Com-

mittee consider that such cases, unless attended by special circumstances, such as frequenting the company of reputed thieves, &c., ought not to be a charge on the County Cess. In these three cases such circumstances were not mentioned by the Clerk. It is, therefore, possible that they might, in the opinion of the Grand Jury, be sent to a workhouse. The building debt on St. Aidan's at the time of the last report was returned at £1184 16s 3d. It is now returned at £1078 18s 0d. The debt of St. Michael's in the last report was returned as £1969 0s 1½d; it is now returned as £1600.

## COUNTY PRISON.

Resolved—That as the new Prisons Act will come into operation at the termination of the present month, we, the Grand Jury of the County Wexford, feel it to be our duty to express our entire approbation of the efficient and able manner in which the Governor of the County Prison, Mr. Gildea, discharged the duties of his office since his appointment. The discipline, order, and entire management of the Prison display a marked improvement; whilst the industrial department—relieving the county cess to a large extent—has promoted habits of self-reliance and honest industry among the prisoners. We, therefore, recommend his claims to the consideration of the new Prisons Board, and earnestly endorse the Resolution of the Wexford Prison Board of Superintendence, of the 9th inst., now before us.

Resolved—That a copy of this Resolution be sent to his Grace the Lord Lieutenant, and the members of the new Prisons Board.

*Resolution of the Wexford Prison Board.*

Resolved—That, at the period of the dissolution of the present Board of Superintendence draws near, we feel it our duty not to separate without placing on record our appreciation of the manner in which the Governor, Mr. Gildea, discharged his duties since his appointment. The discipline, the perfect order, and the marked success attending the industrial and general management of the prison contrast favorably with its former state, whilst the periodical presentments have been reduced from year to year. We, therefore, consider he has justly merited the favorable consideration of the Prisons Board under the new Act, to whom we earnestly recommend his case.

(Signed)—John Harvey, J.P., D.L., Foreman; George LeHunte, J.P.; H. Alcock, Colonel, J.P., D.L.; John Greene, J.P.; N. E. Huson, Major, J.P.; Charles H. Peacocke, J.P.

We the Grand Jury of the County of Wexford assembled at Spring Assizes 1878, desire to call the attention of the Chief Secretary for Ireland, to what we consider an omission in the Grand Jury Bill now before Parliament, namely, that no provision is made for the superannuation of Secretaries of Grand Juries, as recommended in the report of a Select Committee of the House of Commons in the year 1868, and as provided for in a Bill introduced by the Marquis of Hartington, the Chief Secretary of Ireland. We therefore earnestly hope that a clause will be introduced giving power to superannuate Secretaries of Grand Juries. We request the co-operation of the County and Borough Members of Parliament, and that our Foreman, Colonel Alcock, will be good enough to forward a copy of this Resolution to Mr Lowther.—Proposed by N. N. Cookman, Esq., seconded by W. M. Kirk, Esq., and carried unanimously.

134—

## SPECIFICATION FOR KEEPING ROADS IN REPAIR

## BY CONTRACT FOR YEARS.

IMMEDIATELY after the Contract shall have been perfected, the Contractor must proceed to render the drainage complete, so that no water lodge on or near the road, at any time, by scouring the drains, pipes, water tables, and outlets, &c. Should any additional bridges, or pipes, or any repairs on those existing, be required, the Contractor, after pointing out the necessity for such to the County Surveyor or his Assistant, and getting permission from him, may bring in an application for them at Presentment Sessions in the first year after entering into the contract.

The water tables and existing fences at each side are to be brought to, and permanently preserved at the same level; to be parallel to the centre line of the roadway, and the former to have an efficient fall. The road surface is to be made uniformly convex in its cross section, having a gradual smooth and unbroken slope, free from grass or weeds, from the centre to the water tables, of one inch and a quarter to the yard, and so preserved; and is by darning, &c., to be kept, in all parts and at all times smooth, hard, and free from ruts, large stones, and mud, which last must be scraped off and laid by, off the carriage way in heaps.

Should any part of the road be found, upon examination at any time, to have an insufficient depth of crust, the Contractor should coat such part with stone, broken so as to pass freely in every way through a two inch ring, to supply the deficiency. Upon getting permission, where good gravel can be readily procured, it may be used instead of stone, but in no case without the consent of the County Surveyor; no stone in such being larger than a medium-sized wall-nut.

The depths of crust that may usually be considered as requisite for the different classes of roads are as follows:—

## FIRST CLASS, VIZ:

For all New Roads, Post Roads, and those on which there is a very heavy traffic.—An uniform depth of consolidated metalling, eight inches in the centre, and six at the sides.

## SECOND CLASS, VIZ:

Leading Roads of minor importance, upon which the traffic is comparatively partial.—Six inches in the centre, and four at the sides.

## THIRD CLASS, VIZ:

Important Branch Roads, viz.:—Four inches in the centre, and three at the sides.

These depths will not, however, be in all cases necessarily adhered to. The County Surveyor shall have the power to vary them as circumstances may require. But such depths must be invariably maintained as will be sufficiently strong to sustain the traffic and preserve a smooth good road.

The stones must be the best that can be procured within one mile of any part of the contract road, and further, if considered necessary. They should be spread during the winter and wet seasons, so as to obviate, as much as possible, the necessity for doing so in dry weather; when if it should become necessary to put them on, the surface should be loosened with a pick previously, to assist in consolidating and keeping them together. They must not be scattered loosely over the roads; they must be laid on closely, and in nearly squared patches, and none larger than the size specified should be allowed to remain in the surface; all such appearing must be picked out and replaced with small ones.

Indiscriminate picking will not be permitted. In the cases of rough roads, certain distances to be prescribed and laid out by the County Surveyor, or his Assistant must be thoroughly picked in each half-year.

All pipes and arches, not exceeding three feet span, together with all parapets, range walls, and footpaths, are to be kept in repair. No nuisance of any description whatever to be permitted.

Should any change be made in the line contracted for, or any hill cut, or hollow filled, the Grand Jury shall have the power to discontinue the repairs of the old road, and apply them to the new at the contract price per perch, but the Contractor may apply at Presentment Sessions during the year after the certifying of the Presentment, for any additional amount that may be necessary to enable him to keep the new part in repair for the first year.

—cubical yards of the best stone to be procured in the quarries of— are to be spread on this road within each year, having been previously measured and approved of. They must be prepared, laid in depots, which should be filled, or in convenient places on the sides of the road, completely clear of the carriage way, and so as not to interfere with the water table, made up in regularly squared or oblong heaps of any convenient lengths, but having a width of 3 feet and height of 18 inches.

This quantity, so prepared and arranged, must be ready for measurement on or before the 1st day of August, and spread on the road by the 1st of March following; and it is to be annually, so expended in strengthening and improving the formation of the carriage way.

In addition to the specified annual quantity, such extra supply of stone must be provided as may be required to fulfil the conditions of this specification for maintaining the surface in good order continually during the whole term of the contract.

There will be but one measurement in each year, and that will be made during the first fortnight of August by the County Surveyor's assistant, who will do so accompanied by the Contractor, to whom he will give notice of inspection, and who must attend with him for the purpose, provided with a copy of this Specification, a pick and shovel. Should the Contractor fail to have the specified quantity prepared, or to attend as hereinbefore described, he will not be entitled to a certificate for payment, and the quantity he may have prepared shall become the property of the public, to be used for the benefit of this road in such manner as the County Surveyor shall direct.

Should any fraud in making up the heaps of stones for measurement be detected, or should any of the stones be removed to another road, or disposed of in any way other than for the repair of this road, not only will the certificate be refused, but the Contractor will be prosecuted, his contract forfeited, and all claim on his part to any part of the material that may have been prepared, or to any compensation whatsoever, shall cease.

No stones to be broken or laid on the road but for the purpose of being spread, and no heaps to remain on during the night. All mud scraped off to be taken away as soon as it shall have become dry enough for removal, and used for repairing fences, for filling gries, &c., according to the County Surveyor's directions. All loose and scattered stones should be removed from the road in dry weather. Cut weeds before they shed seeds; trees, &c., between 30th September and 31st March.

Where any contract passes through a street, the footpaths, channels, and paving must be preserved in good condition, and every particular care taken to prevent nuisance.

The County Surveyor shall have the power to alter any part of this Specification, to suit circumstances, as he may think desirable, but no deviation from it will be permitted without his consent.

No certificate will, in any case, be given where the Contractor has not complied with the terms of this Specification, nor will it be granted unless the road has been kept in repair from the time of entering into the contract up to the time of applying for payment. Should the certificate be at any time refused, the Grand Jury shall have the option to annul this contract, and make a fresh one with another contractor.

Should any misunderstanding arise as to the meaning of the foregoing, or any part of it, or as to whether the Contractor has performed his contract, the opinion of the County Surveyor shall be final.

JAMES B. FARRELL, County Surveyor for Wexford.

# OF GRAND JURY ORDERS

The Grand Jury wish to express their approbation of the conduct of Head-Constable Howell and Constable Nolan in the arrest of the prisoners named above, the recovery of the property stolen from Patrick Hearn, and recommend them to the favourable notice of the Judge of Assize, and of the Constabulary authorities, in the hope that they may receive a suitable reward.

Summer, 1871.

Resolved—That the Grand Jury desire to represent to the Government their strong opinion in favour of the Dog License Tax continuing to be collected, and the surplus appropriated for local purposes in the same manner as at present, and that they be requested to forward a copy of this resolution to the Marquis of Hartington, the Chief Secretary for Ireland.

Ordered—That Captain T. J. Walker, of T. Killen, be appointed a member of the Board of Superintendence of the county Goal, in the place of Charles A. Walker, Esq.; resigned.

Spring, 1872.

Ordered—That the following gentlemen be appointed a committee to inquire into the advisability of adopting the provisions of the Industrial School Act in this County:—Richard Donovan, Esq., Edward Tottenham Irvine, Esq., Captain P. L. Harvey, William Archer Redmond, Esq., S. T. Harman, Esq., M. A. Maher, Esq., and John Talbot Power, Esq., M.P. Report of Committee appointed to consider the desirability of placing the County of Wexford, under the working of the Industrial Schools (Ireland) Act.

Your Committee have assembled and heard Messrs. Kennedy and Corcoran's statement, and having carefully enquired into the expected working of the above act; and having taken into their best consideration the advantages likely to accrue to this County from bringing it under the working of the act, beg unanimously to recommend the Grand Jury to appoint a committee to take such steps as the act requires, and also recommend that the attention of the Magistrates of the County be drawn to the necessity of making strict inquiry into each case through the constabulary. They append a list of schools with which they recommend a contract to be made. They are informed that each child will cost the county 2s 6d per week, to which the Treasury will add 5s.

List of Schools referred to:—

For Roman Catholics.

St. Michael's schools for girls in Wexford; St. Aidan's schools for girls in New Ross; Ardrone school for boys, Ardrone, county Dublin.

*For Protestants.*

Heytesbury school for girls, Dublin; Meath school for boys, Blackrock.  
(Signed), RICHARD DONOVAN, Chairman.

Ordered—That the following be added:—That the names of children sent to Industrial Schools between each assizes be laid before the Grand Jury at every assizes.

Ordered—We appoint Richard Donovan, Esq., E. T. Irvine, Esq., Captain P. L. Harvey, William A. Redmond, Esq., Mathias Aidan Maher, Esq., John Talbot Power, Esq., M.P., and Samuel T. Harman, Esq., a Committee to enter into agreement with the managers of certain Certified Industrial Schools for the reception, maintenance, and keeping in such Industrial school, from time to time, of such children as are ordered by justices or magistrates to be sent there from the county of Wexford, in consideration of such periodical payments as may be agreed on with such managers, pursuant to the 31st Vic., cap. 23, sec. 9.

Ordered—The following was adopted by the committee—

*To the Secretary of the Grand Jury of the County Wexford.*

Sir—On the part of the Managers of the \_\_\_\_\_ School, I hereby undertake to receive such number of girls or boys into this school not exceeding \_\_\_\_\_, as may be committed to my charge under the provision of the Industrial School (Ireland) Act, by magistrates of the county Wexford, for the sum of two shillings and sixpence per child per week for every week such child may be in my custody from and after the 14th day of March, 1872, to be presented by your grand jury. I further agree to furnish you with a copy of the committal under which each child may be entrusted to me, and I also promise to supply an abstract of the history of each child's case as far as it may be possible for me to ascertain it.

Resolved—That on the Secretary of the Grand Jury receiving such a form of contract as the above from the manager of any of the five schools named in the report of the committee appointed by the Grand Jury to consider this question to-day, he be empowered to agree to the terms named in the foregoing form of contract.

Ordered—That the Earl of Granard, K.P., and E. S. Flood, Esq., be appointed members of the Board of Superintendence of the County Gaol, in the room of the late Francis J. Connell, Esq., and Captain D. Beatty, deceased.

Ordered—That when there is a specified quantity of stone to be put on any road, it must be prepared during the Summer months, so as to have it ready broken for measurement, according to specification, within the first fortnight in September; and that the County Surveyor be directed to refuse any extension of time except in cases where peculiar circumstances are sufficient to justify such extension.

*Summer, 1872.*

Ordered—That we, the High Sheriff and Grand Jury of the County of Wexford, feeling the importance of upholding the dignity and independence of her Majesty's Judges, desire to express our unqualified disapprobation of the gross personal abuse to which one of her justices have been subjected in consequence of his recent judgment in the Galway Petition Case, and we anxiously hope that the Executive Government will at once take measures to vindicate the dignity and independence of the Judicial Bench, and evince their determination to uphold the due administration of the law.

Ordered—That a copy of the above resolution be sent to the Right Honourable the Marquis of Hartington, Chief Secretary for Ireland, for the purpose of laying it before his Excellency the Lord Lieutenant of Ireland.

*Spring, 1873.*

Ordered—That Charles H. Peacock, Esq., be appointed a Member of the Board of Superintendence of the County Gaol, in place of Joseph Harvey, Esq., resigned.

Ordered—That the Provincial Bank of Ireland be appointed Treasurer, pursuant to the 2nd sec. of the 30th & 31st Vic., cap. 46.

Ordered—That the County Inspector take the necessary steps to have the County Weights and Measures compared with those of the County Wicklow, pursuant to his application, dated 12th February, 1873.

Ordered—That Mr. Dundas and Mr. Harman be requested to check the lists of children in Industrial Schools and also the letter received from St. Michael's Schools be referred to them.

Ordered—That our solicitor be instructed to prepare a Petition, and take the necessary steps to secure that the terms proposed by the Parliamentary Agent of the Waterford, Wexford, and New Ross Junction Railway, be included in the Bill in Committee.

Ordered—That the Secretary of the Grand Jury be ordered to enter into the late Treasurer's Office, and take custody of all county papers, records, and property therein.

Ordered—That injury having arisen to the public consequent on the overflowing of the road at Lyngstown, arising from the retention of the water of Tacnashane Lake, that the solicitors of the Grand Jury be requested to take such steps in the matter as may be necessary.

Ordered—That there shall be no more admissions into Industrial Schools sanctioned and paid for by the county Wexford at Large, until after January, 1874.

Ordered—That our solicitors be instructed to prepare a petition to the House of Lords against the provisions of the Waterford, New Ross, and Wexford Junction Railway Bill, if it shall not have been so altered in the House of Commons, so as to secure that the proposed guarantee shall not exceed 1½ per cent., and that no portion of the interest upon the proposed capital of the Company shall be payable by any of the Baronies within the County of Wexford without the consent of the Cesspayers of the same Baronies assembled at Pre-emption Sessions, and of the Grand Jury for the said County, having been first had and obtained; and that our Secretary, H. E. Wynne, Esq., be, and is hereby, authorized and empowered to sign such petition for us and on our behalf, and to do all necessary acts, and take all necessary steps, to support such petition.

Ordered—We, the Grand Jury of the county of Wexford, hereby present that we consent that all jurisdiction, powers, and authority with respect to roads, bridges footpaths, and public works within the Town and Borough of Wexford, now vested under any Act or Acts of Parliament in us, the Grand Jury of the county of Wexford, within which county the said town and borough of Wexford is situate, shall be transferred from us, the Grand Jury of the county of Wexford, to the Mayor, Aldermen, and Burgesses of the said Town and Borough of Wexford, acting by the Town Council, and being the Governing Body of the Town and Borough, as set forth in the Provisional Order to that effect, issued by the Local Government Board for Ireland, dated the 15th day of November, 1872. 34 & 35 Victoria, cap. 109, sec. 5, sub-sec. 6.

*Summer Assizes, 1873*

Ordered—That a committee composed of the following gentlemen be requested to take into consideration the question of payments to Industrial Schools by the Grand Jury, and to report thereon—Captain the Hon. F. A. J. Chichester, Mr. LeHunte, Mr. Harman, Major Harvey, Mr. Cookman, and Mr. Hall-Dare.

Ordered—That the Secretary draw the attention of the respective Road Sessions to clause 22 of the Grand Jury Act, which enables them to limit the time within which tenders may be received at their discretion; and the Grand Jury recommend that all tenders should be lodged in the Secretary's office the day before the Adjourned Road Sessions at latest.

*Spring Assizes, 1874.*

Ordered—That the County Inspector be authorised to take steps to provide such extra stands, beams and scales as may be required for each petty sessions district.

Ordered—That the Solicitors take every necessary steps with regard to renewal of the lease of the County Gaol.

Ordered—That a committee be appointed to report to this Grand Jury on the best system to be pursued in future with a view to enquiring into the great amount of taxation now incurred by the County for the maintenance of children in Industrial schools, consisting of the following members—George LeHunte, S. T. Harman, S. D. Goff, R. W. Hall-Dare, Esqrs., Hon. Captain Chichester, and Lieut. Colonel Alcock.

*Report of the Committee on Industrial Schools.*

Your Committee report that the amount of the presentments for maintenance of children in Industrial schools at 2s 6d per week—(that being the sum allowed at present by the Grand Jury in addition to the 5s per week allowed by the Government) according to the annexed list, reached £238 19s. 11d. at the last, and £653 19s. 4d. at the present assizes, making a total in the past year of £952 13s. 4d., and that unless a change of system is made a considerably larger amount will be required for the coming year.

*Summer Assizes, 1873.*

St. Martha, Monaghan, £22 19s 4d; Artane, Co. Dublin, £16 2s 10d; St. Michael's, Wexford, £141 5s 9d; St. Aidan's, New Ross, £118 6s.—£298 13s 11d.

*Spring Assizes, 1874.*

St. Martha, Monaghan, £9 17s 2d; Artane, Co. Dublin, £32 7s 6d; St. Michael's, Wexford, £369 13s 11d; St. George, Limerick, £4 7s 6d; St. Aidan's, New Ross, £236 7s 0d; Cappoquin, Co. Waterford, £1 6s 3d.—£653 19s 4d.

We recommend the Grand Jury not to make the County responsible for any portion of the maintenance of children in Industrial schools beyond the numbers in schedule annexed and in the schools therein specified (with which agreements have already been entered into) viz—Artane, for Roman Catholic boys, 25; St. Michael's, Wexford, for Roman Catholic girls, 20; St. Aidan's, New Ross, for do., 15; Meath Industrial Schools for Protestant boys, 5; Heytesbury street, for Protestant girls, 5—Total 70.

We recommend that a sum of 1s 6d be granted from the Grand Jury cess for the maintenance of each child, which will reduce the total taxation possible to £273 per annum.

And we recommend that payment at this rate be made on new committals, and for one year certain from this assizes; and we recommend that a committee of the following gentlemen be appointed to consider the question of whether the sum allowed by the Government of 5s a week is not sufficient for the maintenance of children of the classes usually committed in Industrial schools, and whether the Grand Jury ought to be called on to make any payment in respect of them—Committee: George LeHunte, Samuel T. Harman, and R. W. Hall-Dare, Esqrs.

That until the children chargeable to the cess have been reduced to the numbers allocated by us to the respective schools in which those numbers are exceeded, the annual number of admissions be limited as follows, viz—St. Michael's, 3; St. Aidan's, 2.

That after 1st July next 1s 6d per week be allowed by us for children now in Industrial schools, under an agreement with the Grand Jury for half-a-year certain, at the expiry of which time a new arrangement may be proposed on the report of the committee.

That all applications for payment be made up to the 1st January and 1st July in each year.

*Directions to Secretary of Grand Jury.*

First—The Secretary is requested to report to the various Clerks of Petty Sessions throughout the county, that they will be required to report to him from time to time the committals to Industrial schools from their respective Sessions Courts, stating the names of the committing Justices and the peculiar circumstances of each case.

Second—When the number of committals to any school reaches the limit, the Secretary of the Grand Jury is to apprise all the Clerks of Petty Sessions that the number of places to be paid for by the county has been filled up in that school.

Third—That notices of these resolutions be communicated by the Secretary to the Industrial schools which they affect.

*Summer, 1874.*

Ordered—That the attention of the Board of Superintendence be directed to the Report of the Government Inspector of Prisons, in order that they may take into their careful consideration whether they can reduce the number of turnkeys.

Ordered—That no application for payment will be entertained by the Grand Jury unless they be made in sufficient time for the amounts to be entered in the printed Schedule of Applications for Presentments.

Ordered—That the Grand Jury appoint Captain P. L. Harvey, of Lonadale, to be a member of the Board of Superintendence of the County Gaol, in the room of Zachariah B. Cornock, Esq., deceased.

Ordered—On the application of the County Inspector of Royal Irish Constabulary, that stands for sub-standard small beams and scales be provided for each petty sessions district. Also, two new stamps and a hammer for Arthurstown petty sessions district.

Ordered—That we adhere to the decision of the Grand Jury at last Assizes on the Industrial schools question.

Your committee appointed at the last assizes to consider the question of whether the sum allowed by the Government of 5s. per week is not sufficient for the maintenance of children of the class usually committed in Industrial schools, and whether the Grand Jury ought to be called on to make any payment in respect of them, beg to make the following report:—

"We are of opinion that 5s. a week is quite sufficient for the maintenance of each child, but in consequence of the expense attending the first starting of the school, we recommend that the payments up to June 30 last be made at the rate of 2s. 6d a week for each child. It has been decided at the last assizes that 1s 6d per week for each child should be paid from the above date till January 1, 1875. We recommend that 1s 6d a week should be paid from the 1st January, 1875, to January 1, 1876, by which time the Industrial schools will have received aid from the Grand Jury for a period of three years and a half, and that the Grand Jury should then re-consider whether the Government allowance of 5s. a week ought not to be sufficient for the maintenance of each child, having regard to the principle that the Grand Jury allowance is made mainly in respect of building and other charges incurred at the outset of the schools. That in pursuance of the recommendation contained in the Lord Lieutenant's letter of 26th ult., a committee be appointed consisting of the following gentlemen, viz—Lieut.-Colonel Tottenham, Sir J. Esmonde, S. T. Harman, G. LeHunte, and R. W. Hall-Dare—to inquire into the cases of children now in the Industrial schools who are chargeable to the county, with a view to a removal from the schools of any cases which do not appear to be within the Industrial Schools Act, and also to draw up a list of inmates for whom they consider part-payment ought to be made by their relatives, and also to make a careful supervision of future admissions, and to report to the next Grand Jury.—We recommend that the boys now in Artane be paid for at the rate of 2s. 6d per week until January, 1875, as it appears impossible for this school to admit children at a less cost, and that the Secretary be requested to apply to other Industrial schools for Roman Catholic boys prepared to receive them on the terms offered by the Grand Jury from that date. R. W. HALL-DARE, Chairman.

*Spring, 1875.*

Ordered—That the Secretary be directed to advertise the previously passed resolution of the Grand Jury, that no applications will be entertained unless lodged in time to be printed in the schedule, after which it is desirable that the Grand Jury should adhere strictly to such rule, unless there should appear

special and unavoidable reason for departing therefrom in any particular case.

Ordered—That inasmuch as we are informed that the number of Royal Irish Constabulary now in the County of Wexford is thirty-nine under the establishment to which the County is entitled, we hereby request the Under Secretary to direct that the cost of six men who are now charged to the county as extra be in future charged to the Consolidated Fund.

Ordered—That the Secretary be instructed to draw up a list of all the districts in which lists of jurors are made, with the amount which was passed at Spring Assizes for same. Also, that the Poor Rate Collectors be instructed to mention the name of their district in their applications for payment.

Ordered—That the solicitors of the grand jury take every necessary step with regard to the renewal of the lease of the County Gaol, and they having reported that there is no person who, under the provisions of "The Renewable Leasehold Commission Act" is entitled to call for or take out a renewal of grant in perpetuity of said lease.

Ordered—That the Secretary put himself into communication with the Chief Secretary with a view to having a short Act of Parliament introduced in the present Session to enable grants in perpetuity to be made of the sites of County Gaols in Ireland.

Ordered—We are of opinion that in any change affecting the Grand Jury Laws of County Officers, the office of High Constable and Collector of Grand Jury Cess should be made technically, as it has always been practically, permanent, during good behaviour, and the provisions of the 7th & 8th Vic. c 106, s 1, enabling the Baronial Collectors of Dublin to pass continuing bonds should be extended to the rest of Ireland.

#### *Report of the Industrial Schools Committee:—*

Your Committee since the last Assizes have used their best exertions to carry out the instructions of the last Grand Jury. They have found it impracticable to examine each individual case closely, but have come to the conclusion that in most of those cases where children have been committed to the Industrial Schools, whose parents or guardians were in a position to support them. This took place at the outset of the system, and, therefore that the term of detention of such children have either actually expired, or are so close to expiration that interference would not be of any practical use. Your Committee, however, recommend that the Secretary be directed to report to the Inspector of Industrial Schools the names of the following children, as being those whose parents are in a position to contribute towards their maintenance, and to take the necessary steps to have such parents compelled accordingly:—

#### *In St. Aidan's Industrial School.*

15. Mary Anne Dane. 31. Margaret Byrne. 32. Mary Bolger. 36. Ellen Fanning. 37. Catherine Fanning. 45. Mary Cleary. 59. Eliza Kennedy. 61. Bridget Merrigan. 63. Mary Fortune. 64. Margaret Fortune. 65. Anne Fortune. 66. Elizabeth Reilly. 75. Mary Anne Breen. 76. Ellen Breen. 79. Margaret Tate. 80. Margaret Dalton.

#### *In St. Michael's Industrial School, Wexford.*

No. 27. Mary Furlong. 40. Mary Ellen Furlong.

We believe that the adherence to the system laid down by the Grand Jury at Spring Assizes, 1874, and after renewed discussion ratified by the Grand Jury at Summer Assizes, 1874, the only practicable method whereby the taxation on the County in this half-year, £570 7s., being applied for, can be reduced within reasonable dimensions, whilst at the same time the County is not deprived of the undoubted advantages arising from the Industrial Schools Act, when applied with discretion.

It appearing that the support of boys in Artane and the other schools for boys cannot be provided for without a subscription of 2s. 6d. per week by the Grand Jury, we recommend that they be allowed that sum for the limited number sanctioned by the Grand Jury.

We feel that notwithstanding the representations made in the letters to the Foreman from St. Michael's and St. Aidan's Schools, the circumstances of which have been fully considered by the two previous Grand Juries, we must again express our resolution to adhere to the system and scale laid down by those two Grand Juries.

It appearing that St. Aidan's school have charged for six children admitted during last year contrary to the regulations of the Grand Jury, which provides that only two should become chargeable on the cess till the limited number fixed by the Grand Jury should be reached, and that in like manner one child more than the proper number was charged for by St. Michael's, we recommend that no payment be made in respect of the said five children. We recommend that in future the Grand Jury do not consider any applications for payment which are not made up according to the regulations of the Grand Jury, and the Secretary should notify this to the schools, and also particularly call their attention to the regulations of the Grand Jury—that accounts are to be made up to July 1, and January 1.

#### *Spring Assizes, 1876.*

The Industrial Schools Committee have endeavored to carry out the instructions of the Grand Jury by enquiring into the cases of children committed from the different Petty Sessions since the Summer Assizes 1875; and also obtaining a statement of debt due by each Industrial School.

The lists of children returned for Presentments were made up to December 31st, 1875. In future the Committee recommend they should be furnished to a later date, as nearly to ten days before each Assizes as possible. (If the Gaol accounts were made up to the same period, and the outstanding bills were paid previously, the real financial position of the Gaol would be more satisfactorily shown than at present).

There appear by the returns to have been five committals to Industrial Schools between the Summer Assizes and the end of 1875. The information furnished by the Petty Sessions Clerks is as follows:

Mary Connors sent to St. Michael's Industrial School from Killinick Sessions, as being "a child in imminent danger of moral contagion, having been found wandering and not having proper guardianship, its mother and grandmother having been twice committed to prison for vagrancy."

John Dempsey and William Dempsey sent to Artane Industrial School from Wexford, having been proved destitute and orphans.

Bridget and Eliza O'Brien, sent to St. Aidan's Industrial School from New Ross Petty Sessions, "having been found begging on the public street. The cases were adjourned for enquiry, and from the evidence produced by the Constabulary, the children were committed."

All these cases, if rightly represented, seem to come within the Act of Parliament.

These five committals do not represent an increased charge to that amount. Three cases chargeable to the County have ceased to be so since the Summer Assizes.

The several amounts of debt were—

St. Aidan's, ...	£1184	16	3
St. Martha's, ...	1000	0	0
St. Michael's, ...	1969	0	1½

The return from St. Martha's, County of Monaghan, states that there will be another £200 added to the above this year, owing to the requirements of the Inspector.

GEORGE LEHUNTE.

SAMUEL T. HARMAN.

I agree with the above report, except so far as altering the date to which the bills should be made up, as I am of opinion that a fixed date, such as December 31st, is less likely to lead to confusion than a varying one, dependent on the date of the Assizes. I am also of opinion that the Grand Jury should be asked to re-impose the limit to the number of admissions, adopted at Spring Assizes, 1874, and recommended by the Committee at the Spring Assizes, 1875, but rejected by a very narrow majority.

JOHN GREENE, Esq., Chairman.

Cesspayers—William Coghlan, and John Colfer.

RESOLVED—That we, the Magistrates and Cesspayers at the County at Large Sessions, respectfully request the Grand Jury, at next Assizes, to prevent, in future, the names of dead men being returned to serve on the Baronial Sessions of any Barony, as no less than three names have been returned for Forth at last Assizes; and the names and residences of persons who have no existence have, also, been placed on the list—and the name of one person, who served at the last Road Sessions for Forth, is placed on the list twice in succession. We expect the Grand Jury will take the proper steps to remedy such an absurd and singular error.

RESOLVED—That we, the Magistrates and Cesspayers at the Presenting Sessions for the County at Large, protest, in the strongest manner, against any sum being charged against the Barony of Forth or Bargo for the erection of a Pier at Ballyhack, Barony of Shelburne.

A SCHEDULE OF APPLICATIONS FOR PRESENTMENTS  
ON THE  
BARONY OF FORTH.

At a Special Presenting Road Sessions, held at Wexford, for the Barony of Forth, on the 18th May, 1878 and adjourned to the 1st June, 1878, the undermentioned Magistrates and Cesspayers presided:—

JOHN H. BOXWELL, Esq., Chairman.

Magistrates—Alexander N. King, Esq., Major Huson.  
Cesspayers—James Browne, Wm Pettit, Wm. Day, Patrick Hore, Thomas Boggan, James Farlong, Wm Coghlan, (Co.)

At the Adjourned Sessions there presided:—

JOHN GREENE, Esq., Chairman.

Cesspayers—James Browne, Wm. Day, Wm. Coghlan.

RESOLVED—“That it is the opinion of the Magistrates and Associated Cesspayers assembled this day in Pre-sentment Sessions, that in cases of presentments for malicious injuries proposed to be charged on the Borough of Wexford, the Corporation and inhabitants of Wexford ought to be represented in the investigation of such injuries.”

RESOLVED—“That we, the Magistrates and Cesspayers, respectfully request the Grand Jury at next Assizes, to prevent in future the names of dead men being returned to serve on the Baronial Sessions of any Barony, as no less than three names have been returned at last Assizes for Forth, and the names and residences of many others, who have no existence, also being placed on the list; and the name of one person who served at the last Road Sessions is also returned on the list—contrary to the usual practice.”

RESOLVED—“That we the Magistrates and Cesspayers assembled at the Presenting Sessions for the barony of Forth, protest in the strongest manner against any sum being charged on the barony of Forth for the erection of a pier at Ballyhack, in the barony of Shelburne.

7 w 4, c 116, s 147. 19 & 20 Vic., c 63, s 10.

58— 114 3 3 We present said sum to be raised off this barony and paid to the Commissioners of Public Works, being the county and barony proportions of the 20th of 44 instalments, for principal and interest, in repayment of expenses incurred by erecting a bridge over the Barrow, at New Ross, in this county. 4 & 5 W 4, c 61, s 6; 30 & 31 Vic, c 50, s 14 & 25; 2 & 3 Vic, c 50, s 9.

IMMEDIATELY after the Contract shall have been perfected, the Contractor must proceed to render the drainage complete, so that no water lodge on or near the road, at any time, by scouring the drains, pipes, water tables, and outlets, &c. Should any additional bridges, or pipes, or any repairs on those existing, be required, the Contractor, after pointing out the necessity for such to the County Surveyor or his Assistant, and getting permission from him, may bring in an application for them at Presentment Sessions in the first year after entering into the contract.

The water tables and existing fences at each side are to be brought to, and permanently preserved at the same level; to be parallel to the centre line of the roadway, and the former to have an efficient fall. The road surface is to be made uniformly convex in its cross section, having a gradual smooth and unbroken slope, free from grass or weeds, from the centre to the water tables, of one inch and a quarter to the yard, and so preserved; and is by darning, &c., to be kept, in all parts and at all times smooth, hard, and free from ruts, large stones, and mud, which last must be scraped off and laid by, off the carriage way in heaps.

Should any part of the road be found, upon examination at any time, to have an insufficient depth of crust, the Contractor should coat such part with stone, broken so as to pass freely in every way through a two inch ring, to supply the deficiency. Upon getting permission, where good gravel can be readily procured, it may be used instead of stone, but in no case without the consent of the County Surveyor; no stone in such being larger than a medium-sized wall-nut.

The depths of crust that may usually be considered as requisite for the different classes of roads are as follows:—

FIRST CLASS, VIZ:

For all New Roads, Post Roads, and those on which there is a very heavy traffic.—A uniform depth of consolidated metalling, eight inches in the centre, and six at the sides.

SECOND CLASS, VIZ:

Leading Roads of minor importance, upon which the traffic is comparatively partial.—Six inches in the centre, and four at the sides.

THIRD CLASS, VIZ:

Important Branch Roads, viz.:—Four inches in the centre, and three at the sides.

These depths will not, however, be in all cases necessarily adhered to. The County Surveyor shall have the power to vary them as circumstances may require. But such depths must be invariably maintained as will be sufficiently strong to sustain the traffic and preserve a smooth good road.

The stones must be the best that can be procured within one mile of any part of the contract road, and further, if considered necessary. They should be spread during the winter and wet seasons, so as to obviate, as much as possible, the necessity for doing so in dry weather; when if it should become necessary to put them on, the surface should be loosened with a pick previously, to assist in consolidating and keeping them together. They must not be scattered loosely over the roads; they must be laid on closely, and in nearly squared patches, and none larger than the size specified should be allowed to remain in the surface; all such appearing must be picked out and replaced with small ones. Indiscriminate picking will not be permitted. In the cases of rough roads, certain distances to be prescribed and laid out by the County Surveyor, or his Assistant, must be thoroughly picked in each half-year.

All pipes and arches, not exceeding three feet span, together with all parapets, range walls, and footpaths, are to be kept in repair. No nuisance of any description whatever to be permitted.

Should any change be made in the line contracted for, or any hill cut, or hollow filled, the Grand Jury shall have the power to discontinue the repairs of the old road, and apply them to the new at the contract price per perch, but the Contractor may apply at Presentment Sessions during the year after the certifying of the Presentment, for any additional amount that may be necessary to enable him to keep the new part in repair for the first year.

—cubical yards of the best stone to be procured in the quarries of— are to be spread on this road within each year, having been previously measured and approved of. They must be prepared, laid in depots, which should be filled, or in convenient places on the sides of the road, completely clear of the carriage way, and so as not to interfere with the water tables, made up in regularly squared or oblong heaps of any convenient lengths, but having a width of 3 feet and height of 18 inches.

This quantity, so prepared and arranged, must be ready for measurement on or before the 1st day of August, and spread on the road by the 1st of March following; and it is to be annually, so expended in strengthening and improving the formation of the carriage way.

In addition to the specified annual quantity, such extra supply of stone must be provided as may be required to fulfil the conditions of this specification for maintaining the surface in good order continually during the whole term of the contract.

There will be but one measurement in each year, and that will be made during the first fortnight of August by the County Surveyor's assistant, who will do so accompanied by the Contractor, to whom he will give notice of inspection, and who must attend with him for the purpose, provided with a copy of this Specification, a pick and shovel. Should the Contractor fail to have the specified quantity prepared, or to attend as hereinbefore described, he will not be entitled to a certificate for payment, and the quantity he may have prepared shall become the property of the public, to be used for the benefit of this road in such manner as the County Surveyor shall direct.

Should any fraud in making up the heaps of stones for measurement be detected, or should any of the stones be removed to another road, or disposed of in any way other than for the repair of this road, not only will the certificate be refused, but the Contractor will be prosecuted, his contract forfeited, and all claim on his part to any part of the material that may have been prepared, or to any compensation whatsoever, shall cease.

No stones to be broken or laid on the road but for the purpose of being spread, and no heaps to remain on during the night. All mud scraped off to be taken away as soon as it shall have become dry enough for removal, and used for repairing fences, for filling gries, &c., according to the County Surveyor's directions. All loose and scattered stones should be removed from the road in dry weather. Cut weeds before they shed seeds; trees, &c, between 30th September and 31st March.

Where any contract passes through a street, the footpaths, channels, and paving must be preserved in good condition, and every particular care taken to prevent nuisance.

The County Surveyor shall have the power to alter any part of this Specification, to suit circumstances, as he may think desirable, but no deviation from it will be permitted without his consent.

No certificate will, in any case, be given where the Contractor has not complied with the terms of this Specification, nor will it be granted unless the road has been kept in repair from the time of entering into the contract up to the time of applying for payment. Should the certificate be at any time refused, the Grand Jury shall have the option to annul this contract, and make a fresh one with another contractor.

Should any misunderstanding arise as to the meaning of the foregoing, or any part of it, or as to whether the Contractor has performed his contract, the opinion of the County Surveyor shall be final.

JAMES B. FARRELL, County Surveyor for Wexford.

To Edward R. O'Farrell, Esq., one of the County Coroners, for expenses of medical witnesses and other expenses of inquests, to 17th June, 1878. 40 & 41 Vic., c. 49, s. 21; 9 & 10 V., c. 37, s. 29, 30.

139— 9 9 0

To John Murphy, Esq., one of the County Coroners, for expenses of medical witnesses at inquests, to 8th July, 1878. 40 & 41 Vic., c. 49, s. 21; 9 & 10 Vic., c. 37, s. 29 & 30.

The Committee appointed to check the charge upon this county for children committed to Industrial Schools, have kept the object for which the Committee was appointed in view—namely, to see that no improper committals were made, while the good intentions of the law were not interfered with. The endeavours of the Committee have been for the first time interfered with by the absence of any reports upon the cases sent from Petty Sessions. The Clerks of Petty Sessions have failed to answer the letters which asked for the circumstances attending each committal. At the Spring Assizes of 1874 the Grand Jury resolved "that the various Clerks of Petty Sessions throughout the county be required to report from time to time the committals to Industrial Schools from their respective Session Courts." Having called the attention of the Grand Jury to this, the Committee report that the discharges since the last report appear to amount to 13. The number of admissions 7.

" St. Michael's 6 discharged 3 admitted.

" St. Aidan's 6 discharged 3 admitted.

These differ little from the returns of the last half-year. The Manager of St. Michael's wishes the Grand Jury to be informed that £1,000 have been expended in building a laundry and poultry house, and on farm buildings, which sum is not charged to the cesspayers. The new committals in the half-year were from New Ross, Enniscorthy, and Wexford Petty Sessions.

GEORGE LEHUNTE.

In addition to the foregoing, we would remark that the Manager of St. Aidan's Industrial School returns the debt due on that establishment £1 0s 7d of an increase on the amount due last half-year, but it appears that she was entitled to £67 6s 1d, which was ordered at last Summer Assizes, but through an error was not paid, consequently the debt now may be estimated at £1012 12s 6d.

It appears that certain girls, who have been discharged, have been returned as charged for the full half-year; but the Manager wrote to Mr. Wynne for the return, in order to correct it, but as it had been forwarded to Mr. LeHunte it could not be sent to her. We propose that the amount now claimed, £61 8s 0½d be paid, and if it should appear on further investigation that this is in excess of the amount she is entitled to receive, such excess should be deducted from the amount to be paid next Assizes.

We regret to find that the Petty Sessions Clerks have neglected to report the committals as required by the resolution of the Grand Jury, 1874; and we recommend that the Secretary be requested to direct them to comply with the order of the Grand Jury.

# SPECIFICATION FOR KEEPING ROADS IN REPAIR BY CONTRACT FOR YEARS.

IMMEDIATELY after the Contract shall have been perfected, the Contractor must proceed to render the drainage complete, so that no water lodge on or near the road, at any time, by scouring the drains, pipes, water tables, and outlets, &c. Should any additional bridges, or pipes, or any repairs on those existing, be required, the Contractor, after pointing out the necessity for such to the County Surveyor or his Assistant, and getting permission from him, may bring in an application for them at Presentment Sessions in the first year after entering into the contract.

The water tables and existing fences at each side are to be brought to, and permanently preserved at the same level; to be parallel to the centre line of the roadway, and the former to have an efficient fall. The road surface is to be made uniformly convex in its cross section, having a gradual smooth and unbroken slope, free from grass or weeds, from the centre to the water tables, of one inch and a quarter to the yard, and so preserved; and is by darning, &c., to be kept, in all parts and at all times smooth, hard, and free from ruts, large stones, and mud, which last must be scraped off and laid by, off the carriage way in heaps.

Should any part of the road be found, upon examination at any time, to have an insufficient depth of crust, the Contractor should coat such part with stone, broken so as to pass freely in every way through a two inch ring, to supply the deficiency. Upon getting permission, where good gravel can be readily procured, it may be used instead of stone, but in no case without the consent of the County Surveyor; no stone in such being larger than a medium-sized wall-nut.

The depths of crust that may usually be considered as requisite for the different classes of roads are as follows:—

## FIRST CLASS, VIZ:

For all New Roads, Post Roads, and those on which there is a very heavy traffic.—An uniform depth of consolidated metalling, eight inches in the centre, and six at the sides.

## SECOND CLASS, VIZ:

Leading Roads of minor importance, upon which the traffic is comparatively partial.—Six inches in the centre, and four at the sides.

## THIRD CLASS, VIZ:

Important Branch Roads, viz:—Four inches in the centre, and three at the sides.

These depths will not, however, be in all cases necessarily adhered to. The County Surveyor shall have the power to vary them as circumstances may require. But such depths must be invariably maintained as will be sufficiently strong to sustain the traffic and preserve a smooth good road.

The stones must be the best that can be procured within one mile of any part of the contract road, and further, if considered necessary. They should be spread during the winter and wet seasons, so as to obviate, as much as possible, the necessity for doing so in dry weather; when if it should become necessary to put them on, the surface should be loosened with a pick previously, to assist in consolidating and keeping them together. They must not be scattered loosely over the roads; they must be laid on closely, and in nearly squared patches, and none larger than the size specified should be allowed to remain in the surface; all such appearing must be picked out and replaced with small ones. Indiscriminate picking will not be permitted. In the cases of rough roads, certain distances to be prescribed and laid out by the County Surveyor, or his Assistant must be thoroughly picked in each half-year.

## SUMMER ASSIZES, 1878.

A return of all Presentments made by the Grand Jurors of the County of Wexford, for the year 1876, classing and distinguishing same as required by 4, Geo IV., cap. 33, sec. 18.

All pipes and arches, not exceeding three feet span, together with all parapets, range walls, and footpaths, are to be kept in repair. No nuisance of any description whatever to be permitted.

Should any change be made in the line contracted for, or any hill cut, or hollow filled, the Grand Jury shall have the power to discontinue the repairs of the old road, and apply them to the new at the contract price per perch, but the Contractor may apply at Presentment Sessions during the year after the certifying of the Presentment, for any additional amount that may be necessary to enable him to keep the new part in repair for the first year.

—cubical yards of the best stone to be procured in the quarries of—are to be spread on this road within each year, having been previously measured and approved of. They must be prepared, laid in depots, which should be filled, or in convenient places on the sides of the road, completely clear of the carriage way, and so as not to interfere with the water tables, made up in regularly squared or oblong heaps of any convenient lengths, but having a width of 3 feet and height of 18 inches.

This quantity, so prepared and arranged, must be ready for measurement on or before the 1st day of August, and spread on the road by the 1st of March following; and it is to be annually, so expended in strengthening and improving the formation of the carriage way.

In addition to the specified annual quantity, such extra supply of stone must be provided as may be required to fulfil the conditions of this specification for maintaining the surface in good order continually during the whole term of the contract.

There will be but one measurement in each year, and that will be made during the first fortnight of August by the County Surveyor's assistant, who will do so accompanied by the Contractor, to whom he will give notice of inspection, and who must attend with him for the purpose, provided with a copy of this Specification, a pick and shovel. Should the Contractor fail to have the specified quantity prepared, or to attend as hereinbefore described, he will not be entitled to a certificate for payment, and the quantity he may have prepared shall become the property of the public, to be used for the benefit of this road in such manner as the County Surveyor shall direct.

Should any fraud in making up the heaps of stones for measurement be detected, or should any of the stones be removed to another road, or disposed of in any way other than for the repair of this road, not only will the certificate be refused, but the Contractor will be prosecuted, his contract forfeited, and all claim on his part to any part of the material that may have been prepared, or to any compensation whatsoever, shall cease.

No stones to be broken or laid on the road but for the purpose of being spread, and no heaps to remain on during the night. All mud scraped off to be taken away as soon as it shall have become dry enough for removal, and used for repairing fences, for filling gries, &c., according to the County Surveyor's directions. All loose and scattered stones should be removed from the road in dry weather. Cut weeds before they shed seeds; trees, &c, between 30th September and 31st March.

Where any contract passes through a street, the footpaths, channels, and paving must be preserved in good condition, and every particular care taken to prevent nuisance.

The County Surveyor shall have the power to alter any part of this Specification, to suit circumstances, as he may think desirable, but no deviation from it will be permitted without his consent.

No certificate will, in any case, be given where the Contractor has not complied with the terms of this Specification, nor will it be granted unless the road has been kept in repair from the time of entering into the contract to the time of applying for payment. Should the certificate be at any time refused, the Grand Jury shall have the option to annul this contract, and make a fresh one with another contractor.

Should any misunderstanding arise as to the meaning of the foregoing, or any part of it, or as to whether the Contractor has performed his contract, the opinion of the County Surveyor shall be final.

JAMES B. FARRELL, County Surveyor for Wexford.

THE FOLLOWING IS A LIST

OF  
GRAND JURY ORDERS

St. Michael's schools for girls in Wexford; St. Aidan's schools for girls in New Ross Artane school for boys, Artane, county Dublin.

*Report of the Committee on Industrial Schools.*

Your Committee report that the amount of the presentments for maintenance of children in Industrial schools at 2s 6d per week—(that being the sum allowed at present by the Grand Jury in addition to the 5s per week allowed by the Government) according to the annexed list, reached £238 19s. 11d. at the last, and £653 19s. 4d. at the present assizes, making a total in the past year of £952 13s. 4d., and that unless a change of system is made a considerably larger amount will be required for the coming year.

*Summer Assizes, 1873.*

St. Martha, Monaghan, £22 19s 4d; Artane, Co. Dublin, £16 2s 10d; St. Michael's, Wexford, £141 5s 9d; St. Aidan's, New Ross, £118 6s.—£298 13s 11d.

*Spring Assizes, 1874.*

St. Martha, Monaghan, £9 17s 2d; Artane, Co. Dublin, £32 7s 6d; St. Michael's, Wexford, £369 13s 11d; St. George, Limerick, £4 7s 6d; St. Aidan's, New Ross, £236 7s 0d; Cappoquin, Co. Waterford, £1 6s 3d.—£653 19s 4d.

We recommend the Grand Jury not to make the County responsible for any portion of the maintenance of children in Industrial schools beyond the numbers in schedule annexed and in the schools therein specified (with which agreements have already been entered into) viz—Artane, for Roman Catholic boys, 25; St. Michael's, Wexford, for Roman Catholic girls, 20; St. Aidan's, New Ross, for do., 15; Meath Industrial Schools for Protestant boys, 5; Heytesbury street, for Protestant girls, 5—Total 70.

We recommend that a sum of 1s 6d be granted from the Grand Jury cess for the maintenance of each child, which will reduce the total taxation possible to £273 per annum.

And we recommend that payment at this rate be made on new committals, and for one year certain from this assizes; and we recommend that a committee of the following gentlemen be appointed to consider the question of whether the sum allowed by the Government of 5s a week is not sufficient for the maintenance of children of the classes usually committed in Industrial schools, and whether the Grand Jury ought to be called on to make any payment in respect of them.—Committee: George LeHunte, Samuel T. Harman, and R. W. Hall-Dare, Esqrs.

That until the children chargeable to the cess have been reduced to the numbers allotted by us to the respective schools in which those numbers are exceeded, the annual number of admissions be limited as follows, viz—St. Michael's, 3; St. Aidan's, 2.

That after 1st July next 1s 6d per week be allowed by us for children now in Industrial schools, under an agreement with the Grand Jury for half-a-year certain, at the expiry of which time a new arrangement may be proposed on the report of the committee.

That all applications for payment be made up to the 1st January and 1st July in each year.

*Directions to Secretary of Grand Jury.*

First—The Secretary is requested to report to the various Clerks of Petty Sessions throughout the county, that they will be required to report to him from time to time the committals to Industrial schools from their respective Sessions Courts, stating the names of the committing Justices and the peculiar circumstances of each case.

Second—When the number of committals to any school reaches the limit, the Secretary of the Grand Jury is to apprise all the Clerks of Petty Sessions that the number of places to be paid for by the county has been filled up in that school.

Third—That notices of these resolutions be communicated by the Secretary to the Industrial schools which they affect.

*Summer, 1874.*

Ordered—That the attention of the Board of Superintendence be directed to the Report of the Government Inspector of Prisons, in order that they may take into their careful consideration whether they can reduce the number of turnkeys.

Ordered—That no application for payment will be entertained by the Grand Jury unless they be made in sufficient time for the amounts to be entered in the printed Schedule of Applications for Presentments.

Ordered—That the Grand Jury appoint Captain P. L. Harvey, of Lonsdale, to be a member of the Board of Superintendence of the County Gaol, in the room of Zachariah B. Cornock, Esq., deceased.

Ordered—On the application of the County Inspector of Royal Irish Constabulary, that stands for sub-standard small beams and scales be provided for each petty sessions district. Also, two new stamps and a hammer for Arthurstown petty sessions district.

Ordered—That we adhere to the decision of the Grand Jury at last Assizes on the Industrial schools question.

Your committee appointed at the last assizes to consider the question of whether the sum allowed by the Government of 5s. per week is not sufficient for the maintenance of children of the class usually committed in Industrial schools, and whether the Grand Jury ought to be called on to make any payment in respect of them, beg to make the following report:—

"We are of opinion that 5s. a week is quite sufficient for the maintenance of each child, but in consequence of the expense attending the first starting of the schools, we recommend that the payments up to June 30 last be made at the rate of 2s. 6d a week for each child. It has been decided at the last assizes that 1s 6d per week for each child should be paid from the above date till January 1, 1875. We recommend that 1s 6d a week should be paid from the 1st January, 1875, to January 1, 1876, by which time the Industrial schools will have received aid from the Grand Jury for a period of three years and a half, and that the Grand Jury should then re-consider whether the Government allowance of 5s. a week ought not to be sufficient for the maintenance of each child, having regard to the principle that the Grand Jury allowance is made mainly in respect of building and other charges incurred at the outset of the schools. That in pursuance of the recommendation contained in the Lord Lieutenant's letter of 26th ult., a committee be appointed consisting of the following gentlemen, viz—Lieut.-Colonel Tottenham, Sir J. Esmonde, S. T. Harman, G. LeHunte, and R. W. Hall-Dare—to inquire into the cases of children now in the Industrial schools who are chargeable to the county, with a view to a removal from the schools of any cases which do not appear to be within the Industrial Schools Act, and also to draw up a list of inmates for whom they consider part-payment ought to be made by their relatives, and also to make a careful supervision of future admissions, and to report to the next Grand Jury.—We recommend that the boys now in Artane be paid for at the rate of 2s 6d per week until January, 1875, as it appears impossible for this school to admit children at a less cost, and that the Secretary be requested to apply to other Industrial schools for Roman Catholic boys prepared to receive them on the terms offered by the Grand Jury from that date. R. W. HALL-DARE, Chairman.

*Spring, 1875.*

Ordered—That the Secretary be directed to advertise the previously passed resolution of the Grand Jury, that no applications will be entertained unless lodged in time to be printed in the schedule, after which it is desirable that the Grand Jury should adhere strictly to such rule, unless there should appear

special and unavoidable reason for departing therefrom in any particular case.

Ordered—That inasmuch as we are informed that the number of Royal Irish Constabulary now in the County of Wexford is thirty-nine under the establishment to which the County is entitled, we hereby request the Under Secretary to direct that the cost of six men who are now charged to the county as extra be in future charged to the Consolidated Fund.

Ordered—That the Secretary be instructed to draw up a list of all the districts in which lists of jurors are made, with the amount which was passed at Spring Assizes for same. Also, that the Poor Rate Collectors be instructed to mention the name of their district in their applications for payment.

Ordered—That the solicitors of the grand jury take every necessary step with regard to the renewal of the lease of the County Gaol, and they having reported that there is no person who, under the provisions of "The Renewable Leasehold Commission Act," is entitled to call for or take out a renewal of grant in perpetuity of said lease.

Ordered—That the Secretary put himself into communication with the Chief Secretary with a view to having a short Act of Parliament introduced in the present Session to enable grants in perpetuity to be made of the sites of County Gaols in Ireland.

Ordered—We are of opinion that in any change affecting the Grand Jury Laws or County Officers, the office of High Constable and Collector of Grand Jury Cess should be made technically, as it has always been practically, permanent, during good behaviour, and the provisions of the 7th & 8th Vic., c 106, s 1, enabling the Baronial Collectors of Dublin to pass continuing bonds should be extended to the rest of Ireland.

#### *Report of the Industrial Schools Committee:—*

Your Committee since the last Assizes have used their best exertions to carry out the instructions of the last Grand Jury. They have found it impracticable to examine each individual case closely, but have come to the conclusion that in most of those cases where children have been committed to the Industrial Schools, whose parents or guardians were in a position to support them. This took place at the outset of the system, and, therefore that the term of detention of such children have either actually expired, or are so close to expiration that interference would not be of any practical use. Your Committee, however, recommend that the Secretary be directed to report to the Inspector of Industrial Schools the names of the following children, as being those whose parents are in a position to contribute towards their maintenance, and to take the necessary steps to have such parents compelled accordingly:—

#### *In St. Aidan's Industrial School.*

15. Mary Anne Dane. 31. Margaret Byrne. 32. Mary Bolger. 36. Ellen Fanning. 37. Catherine Fanning. 45. Mary Cleary. 59. Eliza Kennedy. 61. Bridget Merrigan. 63. Mary Fortune. 64. Margaret Fortune. 65. Anne Fortune. 66. Elizabeth Reilly. 75. Mary Anne Breen. 76. Ellen Breen. 79. Margaret Tate. 80. Margaret Dalton.

#### *In St. Michael's Industrial School, Wexford.*

No. 27. Mary Furlong. 40. Mary Ellen Furlong.

We believe that the adherence to the system laid down by the Grand Jury at Spring Assizes, 1874, and after renewed discussion ratified by the Grand Jury at Summer Assizes, 1874, the only practicable method whereby the taxation on the County in this half-year, £570 7s., being applied for, can be reduced within reasonable dimensions, while at the same time the County is not deprived of the undoubted advantages arising from the Industrial Schools Act, when used with discretion.

It appearing that the support of boys in Artane and the other schools for boys cannot be provided for without a subscription of 2s. 6d. per week by the Grand Jury, we recommend that they be allowed that sum for the limited number sanctioned by the Grand Jury.

We feel that notwithstanding the representations made in the letters to the Foreman from St. Michael's and St. Aidan's Schools, the circumstances of which have been fully considered by the two previous Grand Juries, we must again express our resolution to adhere to the system and scale laid down by those two Grand Juries.

It appearing that St. Aidan's school have charged for six children admitted during last year contrary to the regulations of the Grand Jury, which provides that only two should become chargeable on the cess till the limited number fixed by the Grand Jury should be reached, and that in like manner one child more than the proper number was charged for by St. Michael's, we recommend that no payment be made in respect of the said five children. We recommend that in future the Grand Jury do not consider any applications for payment which are not made up according to the regulations of the Grand Jury, and the Secretary should notify this to the schools, and also particularly call their attention to the regulation of the Grand Jury—that accounts are to be made up to July 1, and January 1.

#### *Spring Assizes, 1876.*

The Industrial Schools Committee have endeavored to carry out the instructions of the Grand Jury by enquiring into the cases of children committed from the different Petty Sessions since the Summer Assizes 1875; and also obtaining a statement of debt due by each Industrial School.

The lists of children returned for Presentments were made up to December 31st, 1875. In future the Committee recommend they should be furnished to a later date, as nearly to ten days before each Assizes as possible. (If the Gaol accounts were made up to the same period, and the outstanding bills were paid previously, the real financial position of the Gaol would be more satisfactorily shown than at present).

There appear by the returns to have been five committals to Industrial Schools between the Summer Assizes and the end of 1875. The information furnished by the Petty Sessions Clerks is as follows:

Mary Connors sent to St. Michael's Industrial School from Killinick Sessions, as being "a child in imminent danger of moral contagion, having been found wandering and not having proper guardianship, its mother and grandmother having been twice committed to prison for vagrancy."

John Dempsey and William Dempsey sent to Artane Industrial School from Wexford, having been proved destitute and orphans.

Bridget and Eliza O'Brien, sent to St. Aidan's Industrial School from New Ross Petty Sessions, "having been found begging on the public street. The cases were adjourned for enquiry, and from the evidence produced by the Constabulary, the children were committed."

All these cases, if rightly represented, seem to come within the Act of Parliament.

These five committals do not represent an increased charge to that amount. Three cases chargeable to the County have ceased to be so since the Summer Assizes.

The several amounts of debt were—

St. Aidan's, ...	£1184	16	3
St. Martha's, ...	1000	0	0
St. Michael's, ...	1969	0	1½

The return from St. Martha's, County of Monaghan, states that there will be another £200 added to the above this year, owing to the requirements of the Inspector.

GEORGE LEHUNTE.

SAMUEL T. HARMAN.

I agree with the above report, except so far as altering the date to which the bills should be made up, as I am of opinion that a fixed date, such as December 31st, is less likely to lead to confusion than a varying one, dependent on the date of the Assizes. I am also of opinion that the Grand Jury should be asked to re-impose the limit to the number of admissions, adopted at Spring Assizes, 1874, and recommended by the Committee at the Spring Assizes, 1875, but rejected by a very narrow majority.

JOHN C. POUNDEN.

*Report of the Committee on Industrial Schools.*

The duty of the Committee being to check the charges falling upon the County for children in Industrial Schools, but not to throw any difficulty in the way of the wholesome intention of the law to cut off crime at its roots by the compulsory detention in these Schools of very young persons likely to become criminals, they now report that in the last half year thirteen children have been taken off the list of those chargeable to the county, some being discharged, and some placed on license; while ten children have been committed from the Petty Sessions Courts of Wexford, Enniscorthy, and New Ross. The Reports from the Clerks show that in the majority of cases the children were eligible for these schools, and for these only, as their parents were in gaol, or undergoing penal servitude. Three cases—Mary Anne Barker, from Enniscorthy; Eliza and Christine Reilly, from Wexford—are merely described as destitute orphans. It is quite clear that the law includes "destitute orphans," but following the expressed opinion of the Grand Jury, the Committee consider that such cases, unless attended by special circumstances, such as frequenting the company of reputed thieves, &c., ought not to be a charge on the County Cess. In these three cases such circumstances were not mentioned by the Clerk. It is, therefore, possible that they might, in the opinion of the Grand Jury, be sent to a workhouse. The building debt on St. Aidan's at the time of the last report was returned at £1184 16s 3d. It is now returned at £1078 18s 0d. The debt of St. Michael's in the last report was returned as £1969 0s 1½d; it is now returned as £1600.

## COUNTY PRISON.

Resolved—That as the new Prisons Act will come into operation at the termination of the present month, we, the Grand Jury of the County Wexford, feel it to be our duty to express our entire approbation of the efficient and able manner in which the Governor of the County Prison, Mr. Gildea, discharged the duties of his office since his appointment. The discipline, order, and entire management of the Prison display a marked improvement; whilst the industrial department—relieving the county cess to a large extent—has promoted habits of self-reliance and honest industry among the prisoners. We, therefore, recommend his claims to the consideration of the new Prisons Board, and earnestly endorse the Resolution of the Wexford Prison Board of Superintendence, of the 9th inst., now before us.

Resolved—That a copy of this Resolution be sent to his Grace the Lord Lieutenant, and the members of the new Prisons Board.

*Resolution of the Wexford Prison Board.*

Resolved—That, at the period of the dissolution of the present Board of Superintendence draws near, we feel it our duty not to separate without placing on record our appreciation of the manner in which the Governor, Mr. Gildea, discharged his duties since his appointment. The discipline, the perfect order, and the marked success attending the industrial and general management of the prison contrast favorably with its former state, whilst the periodical presentments have been reduced from year to year. We, therefore, consider he has justly merited the favorable consideration of the Prisons Board under the new Act, to whom we earnestly recommend his case.

(Signed)—John Harvey, J.P., D.L., Foreman; George LeHunte, J.P.; H. Alcock, Colonel, J.P., D.L.; John Greene, J.P.; N. E. Huson, Major, J.P.; Charles H. Peacocke, J.P.

We, the Grand Jury of the County of Wexford, assembled at Spring Assizes 1878, desire to call the attention of the Chief Secretary for Ireland, to what we consider an omission in the Grand Jury Bill now before Parliament namely, that no provision is made for the superannuation of Secretaries of Grand Juries, as recommended in the report of a Select Committee of the House of Commons in the year 1868, and as provided for in a Bill introduced by the Marquis of Hartington, the Chief Secretary of Ireland. We therefore earnestly hope that a clause will be introduced giving power to superannuate Secretaries of Grand Juries. We request the co-operation of the County and Borough Members of Parliament; and that our Foreman, Colonel Alcock, will be good enough to forward a copy of this resolution to Mr Lowther.—Proposed by N. N. Cookman, Esq., seconded by W. M. Kirk, Esq., and carried unanimously.
