The Clerk pointed out that had the Board of Guardians been aware that the Sewer did not exist they would have adopted a different Scheme, they had been misled by the Urban Council Map.

The Solicitor stated that under the circumstances, the Urban Council were responsible for the connection between the Work executed by the Board of Guardians and the existing Sewer.

RE ARTIFICIAL LIMB.

L. No. 28,492/1914. Dated. 12th. June, 1914.

Adverting to previous correspondence and to letter of the 23rd. ultimo relative to the proposal of the Guardians to propose an artificial limb for a woman named Mary Cogley ata total cost of £13 : 13 : 0 and stating that they consider that a pin leg, which would be procured at a cost of from £2 : 5 : 0 to £4 : 10 : 0 would be sufficient to enable this person to earn her livelihood. Furthermore appliances of the class proposed to be provided by the Guardians are not always comfortable and have been found too light in construction and too delicate in material to bear the strain to which they are subjected. The Guardians' proposal would necessitate additional further expenditure from time to time out of the rates, and the Board are of opinion that the Ratepayers' money ought not to be expended in providing delicate and elaborate limbs for poor persons unless under very exceptional circumstances when it is shown that they are essential in order to ensure employment. If, however, the Guardians, ~~xxxxxx~~ with all the facts before them, decide that a limb at a cost of £13 : 13 : 0 should be provided in this case, the Board will not place any further obstacle in the way, provided a Resolution to that effect is passed after due notice to each Guardian of the Union.

Order. "Referred to Dr. Kelly for his opinion."

RE NUN'S APARTMENTS.

The Clerk stated that he had looked into this matter since the previous Meeting and had found that on the 13th. February, 1913 that a Committee had inspected the House and reported:-"We inspected Nun's Dining-room, which we consider not at all suitable and we recommend that an additional 18 feet be added to the end of the House, to provide a suitable Dining Room, the Clerk of Works to make out Plan and Specification."

This report was adopted and the Clerk of Works made out a Plan and Estimate which he submitted to the Meeting of the 8th. April, 1913, when the Members of the Board considered his Estimate of £252 was too high and after inspecting the premises, they were of opinion that a much cheaper building could be erected with a less elaborate Plan, which the Clerk of Works was directed to prepare. At this same Meeting Mr. J. Bolger gave notice to have the matter considered on that day three weeks, when the Clerk of Works submitted two Plans, one at £86 and the other at £150, but owing to the absence of Mr. Bolger on the date mentioned no action was taken.

After a long discussion it was decided that the whole Board should go and inspect the premises, this having been done, they reported that they found a nuisance existing between the Infirmary and Convent arising from a closed up shore which they recommended should be abated.

The Master was ordered to have this done.

Mr. T. O'Connor proposed "That a Committee be appointed to inspect the House with the Engineer and report fullyas to its sanitary condition and also as to the Nun's Apartments against this day fortnight."

Mr. Byrne seconded the resolution which was passed unanimously

It was then decided on the motion of Mr. Thomas Whelan seconded by Mr. J. Lynch "That the House Committee should inspect the Premises."

And on the motion of Mr. T. O'Connor, the names of Messrs:- H.A.Lett, P. Doyle, J. Lynch & J. Bolger were added to the Committee for that purpose.

It was decided that the Committee meet on Thursday next at Ten O'Clock Sharp and that Five form a quorum.

RE ARTIFICIAL LIMB MARY COGLEY.

Dr. T. J. Kelly, Medical Officer, Enniscorthy Dy. Dt. wrote as follows:- "I am in receipt of the communication from your Board, I am of opinion that very exceptional circumstances obtain in the case of Miss Mary Cogley and that she should be provided with a proper artificial Limb not a peg."

Order. "Notice to be sent to each Member of the Board to consider the matter."

RE FEVER HOSPITALS FOR TREATMENT OF TUBERCULOSIS.

The Clerk reported that in accordance with the directions of the Board he had communicated with the Medical Officers of the Fever Hospitals relative to the suggestions of the Local Government Board in their Letter No. 71 M of the 24th. April, 1914 to the County Council, The following replies had been received*:-

Dr. W.C. Lawler, Newtownbarry wrote :- "The Grounds attached to Newtownbarry Fever Hospital are very small and chalets erected thereon should be in close proximity to the walls of the building itself.Unless the Hospital were utilized solely for Tubercular Cases and abolished as a Fever Hospital the suggestion is unpractical. I should know more of the details of the Scheme before expressing any opinion."

Dr. N. Furlong, Enniscorthy Fever Hospital wrote as follows:- "Having regard to the enclosed Circular, I must say that from my knowledge of the people, I believe they would have a much greater objection to send their advanced Tuberculous Patients to a place where Typhus, Scarlatina, &c were treated than to send them some distance. The objection would be very much greater in the near future when we are bound to have a very virulent epidemic of Smallpox owing to the non-enforcement of the Vaccination Laws.

The Clerk stated that the usual cost of a Nurse from Dublin when there were cases in Newtownbarry or Oulart would be £1:11 : 6 per week plus 10/6 for maintenance.

After fully discussing the matter

Mr. H.A.Lett Proposed "That the Fever Hospitals at Newtownbarry and

Oulart be transferred to the District Council in accordance with suggestions of the Local Government Board, "and that the Fever Hospital at Enniscorthy be maintained as a Central Hospital for Fever Patients."

Mr. T. O'Connor Seconded.

Passed Unanimously

RE APPOINTMENT OF WARDENS.

The Wardens of the various Dispensary Districts were appointed and the Clerk was directed to prepare the various Forms "N"

RE OULART DISPENSARY DISTRICT.

Dr. B. Connolly, Medical Officer reported as follows:- "I would be yhankful if the Hours for attendance at Dispensaries in this District were changed so that attendance may be from 10 to 12 o'Clock each Dispensary Day instead of from 11 to 1 as at present. I believe that this change would be a convenience to all parties concerned, anyone able to go to the Dispensary at all can get there by 12 O'Clock. When patients have to be visited on Red Tickets on Dispensary Days (and most red tickets are presented on these days) I could start to visit them an Hour earlier if this alteration were made and the Messenger who usually has to come back to the Dispensary for Medicine, after my visit, often from a distant part of the district would have an extra hour to get back home before night, these advantages would especially apply to the winter months when the days are short and the number of sick persons to be visited large. I dont think the change would inconvenience a single individual in the District and from my experience of working the District, I believe it would be a considerable convenience to the people and to me."

Order. "Hours changed as requested by the Medical Officer."

RE FARM COMMITTEE'S REPORT.

Messrs:- Thomas Hayes, Harold A. Lett, N. W. Stephens, James Lynch, James Murphy, Andrew Doyle, Patrick Doyle & Martin F. Byrne reported as follows:-

"We beg to report having visited the House to-day in connection with:-

(1). Sanitary Arrangements

(2). Nun's Apartments.

and found:-

"That an improvement should be made in the Sanitary Arrangements and to deal with this we suggest that a Committee be appointed to wait on Messrs:- Davis & Lett to ascertain if they would have any objection to a water supply being obtained from the Millrace.

With regard to the apartments for the Nuns, we are unanimous that an addition should be built consisting of a Dining Room and two Bedrooms.

We would recommend that a Committee be appointed to consult with Dr. Furlong as to the advisability of having an operation Room erected, as we find that for the present year, the cost of sending Patients to Dublin is almost £300, the cost has been gradually increasing. The erection of an Operation Room would effect a considerable saving as Patients could betreated here then. who must be sent to Dublin at present.

We would also recommend that the Master get the Carpenter to put a Protection around Well to prevent surface water getting into it, the Master to warn those employed at Pumping against committing nuisance there and anyone failing to comply with this order to be prosecuted, Notice to be posted to that effect."

It was decided to deal with the reports in paragraphs.

With regard to the Water Supply question, it was unanimously resolved on the motion of Mr. M. Fortune seconded by Mr. J. Sinnott to appoint a Committee consisting of Messrs:- T. Hayes, J. Lynch, J. Bolger & N. W. Stephens to wait on Messrs:- Davis and Lett on Thursday next at 10-30 to ascertain their views relative to Water Supply from Millrace. Mr. Hassett to ascertain in the meantime what amount of water would be required daily.

It was also unanimously decided that the Committee appointed to inspect to-day, should also meet Dr. Furlong on Thursday next at 11-30 to go into the question of an operation room.

Also ordered "That the Committee's recommendations with regard to the Pump be carried out by Master."

Master to get the outlet of the open drain at top of Infirmary deepened.

RE FEVER HOSPITAL DRAINAGE.

Mr. O'Dempsey, Solicitor, wrote as follows:- "I enclose letter from Mr. Shaw, Town Clerk, Under Public Health Act Sec. 23-25, the burden of joining an existing Sewer is upon the person or body making the juncture. The fact of there being an error, in the Town Council's Map does not affect this matter. In my opinion therefore the Guardians have no remedy against the Urban Council."

Copy of Letter from Mr. Shaw to Mr. O'Dempsey.

"With reference to your letter of the 22nd. Ultimo, I beg to inform you that I placed same before Meeting of my Council last evening, and the Council beg to state that there is a sewer at Hospital Lane, and the Rural District Council should connect with same."

The Clerk stated that the Urban Council workmen had discovered the sewer during the week, they apparently had not gone deep enough in the first instance and it now remained for the Contractor to make the necessary connection."

RE CHANGE OF DAY OF MEETING.

L. No. 33,474/1914. Dated. 26th. June, 1914.
Referring to Minutes on the 18th. Instant in the matter of the Meetings of the Guardians and pointing out that under Article 2 of the General Regulations, the Guardians are required to hold a Meeting at least once in each week, and, if three Members attend at the Workhouse on the ordinary day appointed for the Guardians Meetings, they can transact the business of the Union in the usual way.

In view of above letter, Mr. Sinnott withdrew his Notice of Motion.

RE TEMPORARY MASTER.

No. 33474/1914.
Referring to Minutes on the 18th. Instant and transmitting questions for answers respecting Mr. A. Nolan, who has been employed as temporary substitute for the Master of the Workhouse.

Clerk reported return had been furnished.

L. No. 34-604/1914. Dated. 30th. June, 1914.

Stating that they have been asked by the Departmental Committee on the Blind to take steps to obtain, for the assistance of the Committee in their inquiries, returns from Boards of Guardians in Ireland relating to Blind Persons in receipt of Institutional Relief, or otherwise chargeable to the several Poor Law Unions.

The Board consider that the information desired should be obtained for the Committee, and accordingly they direct me to request that they may be furnished, in one of the enclosed forms, with a return relating to the Blind Persons in receipt of relief in your Union on the 1st July, 1914. They would be glad also to received, in regard to each person included in the return, the separate particulars indicated in the accompanying form of case-paper. Twenty Copies of the form of case, paper are enclosed. Additional copies will be forthwith supplied by the Board upon receiving an application specifying the number required to meet the circumstances of your Union. It will be observed that the form of return distinguishes between two classes of persons who may be regarded as "blind", the object being to ascertain the number of persons who might be made to some extent self-supporting, as distinguished from the number of those, who, owing to age, infirmity and other causes, in addition to defective vision, could be made self-supporting. The first class is intended to include persons who, in the opinion of the Medical Officer would, if it were not for their defective vision, be capable of employment in any ordinary profession or industry, but who, owing to their defective vision would not be able to become reasonably efficient in any ordinary/profession or industry, without special education or training. The second class is intended to include persons of defective vision who from age or other causes are not, apart from the defect of vision, capable of training or employment. With regard to the second class, the Committee suggest that the test for defective vision or "blindness" should be inability to count fingers at a greater distance than three feet. Although this test should also be applied to persons included in the first class, that class will not be restricted to persons who are unable to count fingers at a greater distance than three feet, but should include all persons whose vision is so defective that they would not be able to become reasonably efficient

in any ordinary profession or industry without special education or training.

For the purposes of classifying the cases and giving certain of the particulars mentioned in the casepaper it will be necessary to take the opinion of the Medical Officer who would be concerned with the case (i,e, the Medical Officer of any institution in which the person is maintained, or the district Medical Officer in the case of persons in receipt of out-relief).

The Board trust that the return, accompanied by the separate casepapers, can be furnished to them early in the month of July.

Order. "Returns to be furnished."

RE PATIENT FOR EXTERN HOSPITAL.

Mr. R. Sharpe, Postmaster, Ferns, wrote as follows:- "I beg to acknowledge receipt of your application of the 27th. Instant and to inform you that Mr. James F. Breslin, who is on the Post Office Staff at Ferns as Sorting Clerk and Telegraphist is in receipt of £1:15:0 a week wages, which wages he is entitled to receive during a combined period of absence including Sick, annual and other leave, not exceeding Six months in twelve months. Approxinately Twenty-one weeks Sick Leave on full wages."

Order. "Guardians do not consider this a proper case to send for treatment. Patient to be discharged and if he again seek admission, to be admitted by way of Loan."

RE OILCLOTH FOR SCHOOLTEACHER'S ROOM.

The Clerk reported that there was a misunderstanding with regard to the Oilcloth accepted for Teacher's Room on Thursday last, his note was that the material was to be supplied for 4/6, there was no tender submitted only a sample and it was marked 4/6, 6 Yards 3 Yards Wide. ON Friday morning the Master informed him that the price was 4/6 per Yard

so he instructed him not to purchase material until after the Meeting of the Board.

The Acting Master produced the Sample which had been before the Board on the last occasion, but the words "Per Yard" had been inserted on the sample since the previous Meeting.

The Acting Master was then directed to get the exact size of the Room and invite quotations for a piece to fit room before conclusion of Meeting.

When the quotations were received, it was decided to accept Mr. John Leacy's Tender at 18/- for supplying and laying down the material was accepted.

REX WATER SUPPLY FOR WORKHOUSE.

In reply to letters asking to meet Committee from Board re above, the following replies were received:-

Mr. A.S. Davis wrote:-

"In reply to yours of the 4th. Instant, I shall be glad to meet the Committee on Thursday next at 10-30 A.M. at S. & A.G. Davis's Offices here, or at the Workhouse if they prefer. Kindly note that we are only yearly Tenants and have no power to give leave. The Millrace is owned by Bord Portsmouth, and Mr. Geo. Lett of the Brewery is also a Tenant and should be consulted."

Mr. George Lett wrote as follows:-

"In reply to yours of the 4th. Instant asking me to meet a Committee of your Board on Thursday next at 10-30 A.M. to discuss whether I would or would not psrmit them to take a supply of Water from the Millrace. The Race does not bring sufficient water for my own purposes, and I have refused to allow several people who made application to me to take any from it; the necessities of mu business oblige me to do this. I regret therefore that it is not possible to allow your Board to take any water from the Millrace. I will meet your Committee at the Hour you mention if youb like, but it would not alter my decision with regard to the Race in the least."

Mr. M. Hassett, Engineer, wrote as follows:-

"I went over the course of the Mill-race to look for a suitable Site for ram. The most suitable and cheapest position would be to have ram in small wood belonging to Mr. O' Flaherty. This would not be too far from the buildings. There is no chance of erecting a ram on your own Farm as a sufficient fall could not be procured. If Messrs:- Lett and Davis refuse the water there is an alternative position for ram. The feed water could be got from main river at Weir in Mr. Davis's land and the ram erected in his field. Of course this would be a more expensive job. A three inch pipe would carry all the Water we would require from Millrace to ram. Ram to pump about 8000 Gallons per 24 Hour day. The amount of water we require from Millrace would not be very much in comparison with the very large amount of water in the

Copyright: Wexford County Archive

stream. If Messrs:- Lett and Davis refuse permission to use Water, I would suggest that a Committee be appointed to visit the Alternative Source and as I am going to Dungarvan on Tuesday evening to take up duty. Monday would be a suitable day to meet. I expect Mr. Davis would hardly have any objection to giving permission to erect ram on his land."

Order. "A Committee of Messrs:- Hayes, Lett, Lynch & T. P'Connor to meet Engineer in connection with this matter on Monday next at 10-30 O'Clock."

Order. "Ground Map of Sewerage on Workhouse Premises to be procured."

RE NUN' S APARTMENTS.

Mr. M. Hassett wrote as follows:-

"I beg to submit a rough sketch Plan of proposed apartments for Nuns. It is just the same as submitted by Mr. Bernie. If you approve of it I shall get out proper drawings and specification. New Building will be same height as existing building. Considering that you are prepared to draw all materials, I should think that it will cost about £142. If you adopt this sketch Plan. I shall have the working drawings ready by Thursday week."

Order. "Approved of, Mr. Hassett to prepare Working Plans."

RE TEMPORARY MASTER.

L. No. 35401/1914. Dated. 7th. July, 1914.

L. No. 25-652/1014. Dated. 1st. July, 1914.

Adverting to Minutes of 7th. May last respecting the resignation of Sr. M.C. Phelan as Nurse in the Workhouse and pointing out that no steps would appear to have since been taken for the appointment of Sister Phelan's successor and requesting that the matter might receive/ the Guardians' attention.

The Clerk reported having replied to this communication.

RE OPERATION ROOM.

Messrs:- T. Hayes, J. Bolger, H.A. Lett, O. O'Neill, N.W.Stephens, J. Lynch & A. Doyle reported as follows:- "We beg to report having gone into this question to-day with the assistance of the Medical Officer, when we came to the conclusion that it would effect a saving to have an Operation Room erected. On the last occasion the Local Government Board took/ exception to the proximity of the proposed building to the Infirmary on the grounds that it would obstruct the free passage of air. If this objection still holds good, it could be overcome by placing the new building a further 8 feet back, which would mean a distance of 24 feet in all."

The Clerk stated that for the past Five Years, the amount paid for the maintenance of Patients in Extern Institutions was £838 : 17 : 1.

The Plan proposed to be adopted is the one referred to in Local Government Board Letter No. 20,532/1908. Dated. 15th. April, 1908.

RE CHARGE AGAINST DR.T.J.KELLY.

L. No. 31,228/1914. Dated. 4th. July, 1914.

Stating that they have received the rpport of their Medical Inspector, Dr. Browne, relating to the Inquiry on Oath held recently by him into the charge of neglect of duty preferred against Dr. Kelly, Medical Officer of the Enniscorthy Dispensary District, in the case of a Dispensary Patient Named Mrs. Mary Redmond.

A copy of the Minutes of Evidence taken at the Inquiry is enclosed for the Guardians' information.

It would appear from the evidence of Mrs. Ellen Gibbons, daughter of Mrs. Redmond, that her mother had been ill for some days previous to the 13th. January last, and that she wished to procure Medical Treatment for her and also to ascertain whether the Patient was fit for removal from her home at Cranesilla to a daughter's residence at Enniscorthy, a distance of three miles, and she accordingly obtained a Medical Relief Visiting Ticket and presented it at the Medical Officer's residence on the 13th. January at about three O'Clock on the afternoon. The Medical Officer, Dr. T.J.Kelly, was not in, but Mrs. Gibbons saw his son, Dr. William Kelly, and handed him the ticket and asked him to attend thereon, explaining that her mother was very ill.

Mrs. Gibbons deposed that Dr. William Kelly inquired in a very objectionable manner why the ticket was not brought earlier in the day, and got into a dreadful temper and used very reprehersible language, and caught her by the arm and pushed her out of his Father's House. She added that she had no intention of employing Dr. William Kelly in his private capacity, and procured the ticket in order to secure free Medical Advice, and that her father had been a labouring man all his life and was in receipt of an old age Pension at the time of his death.

Mrs. Mary O'Neill deposed that she accompanied her Sister, Mrs. Gibbons, to the Medical Officer's residence on the 13th. January, and corroborated her statement as to the manner and conduct of Dr. William Kelly on the occasion. She subsequently went for Dr. Boyce, and he visited the case that evening and prescribed, but the Medicine was not obtained until next morning, Mrs. Redmond was removed to

Copyright: Wexford County Archive

Enniscorthy on the 15th. January and was sick in bed there for three weeks after her removal.

Dr. Boyce deposed that he visited Mrs. Mary Redmond at about 7 O'Clock P.M. on the 13th. January, at the request of Mrs. O'Neill, who asked him to treat her Mother Medically and if possible have her removed to Enniscorthy. He examined the patient and ascertained that she suffered from acute bronchitis of probably a few days duration, with temperature 102 F., pulse 110, and that she was in a very weak state and urgently in need of Medical Treatment. The women was over 70 years of Age.

Dr. W.P. Kelly deposed that Mrs. Redmond's daughters requested him on the 13th. January to visit their mother to ascertain if she were fit for removal that evening to Enniscorthy. He stated that they had distinctly informed him that the patient did not want medical attendance and was over the worst of her illness. Dr. W. Kelly admitted that a Medical Relief Visiting Ticket was presented to him, but that he had explained that it was not his duty to attend Ticket Cases, and would not go that evening, and furthermore that the women were not entitled to a ticket for the purpose of obtaining a certificate of fitness of the patient for removal to the Town. He denied positively that he used the abusive and objectionable language attributed to him, and stated that he opened the door and ordered Mrs. Gibbons and Mrs. O'Neill to leave the house as they had complained that the Medical Officer, his father, had let their father die because he did not order poultices. Dr. T.J. Kelly returned home at about Six O'Clock, and was informed later that night about the case by Dr. W. Kelly, who believed that he mentioned having received the ticket but did not hand it over to the Medical Officer, and he added that he looked on the case as a private one of his own and for that reason called at Mrs. Redmond's on the following afternoon when on his rounds, but did not see her and was informed that another Doctor was in attendance on the Patient.

Dr. T.J. Kelly, Medical Officer, deposed that he left home between Two and three O'Clock P.M., on the 13th. January last to visit his Dispensary and private patients, and was absent until after Six O'Clock. On his return home, he received a Message to attend a serious Dispensary midwifery case and went at once and was detained with the patient till

Copyright: Wexford County Archive

near midnight.

When he came back from the midwifery case, he was informed of Mrs. Redmond's case by Dr. W. Kelly, who stated that he would attend her on the next day, and, as far as he could remember, made no mention of a ticket on that occasion. The Medical Officer further deposed that he had no knowledge of a ticket until after the complaint had been made to the Guardians.

Evidence was given by William Connors to the effect that the Medical Officer had attended his wife in her confinement on the 13th. January last from about 7 O'Clock until a late hour in the night.

The Board have to point out that a ticket on behalf of Mrs. Redmond, who was seriously ill/with bronchitis and over 70 years of age, was presented at the Medical Officer's residence at about three O'Clock in the afternoon of the 13th. January last. The ticket was handed to Dr. W. Kelly, son to the Medical Officer, who took charge of it on behalf of his Father. The presentation and acceptance of the ticket at the Medical Officer's residence, cast on Dr. Thomas Kelly, the obligation of attending Mrs. Redmond, and his excuse at the Inquiry that he had not been informed about the ticket cannot be regarded as releasing him from the discharge of his duties, as it his business to arrange that all tickets delivered at his house are promptly conveyed to him.

The Medical Officer in his explanations to this Department appeared to ignore the legal effect of the presentation of the ticket at his house. In his letter of the 8th. March last he wrote as follows;- "The Medical Relief Ticket was not presented to any person on my behalf."

"I am informed that it was given to my son, Dr. William P. Kelly F.R.C.S.I., as a token of where he was to visit on the next day acting in his private capacity."

This attitude is similar to that taken up at the Inquiry by Dr. W. Kelly and is entirely untenable.

The Board consider from the evidence that Mrs. Redmond irrespective altogether of the question of fitness for removal, was in need of Medical Treatment. Her daughters requisitioned in the usual way the services of the Medical Officer, and in his absence from home they handed the ticket to his son, Dr. W. Kelly, and pressed him to attend in place of his father, Dr. William Kelly, acting as he stated in his

Copyright: Wexford County Archive

private capacity, and not in pursuance of the ticket, called at Mrs. Redmond's on the next day (14th. January).

The Medical Officer must be held responsible (1). for the discourtesy shown to the two women who presented the ticket at his house, and (2) for not visiting the patient.

If the ticket had been personally presented to the Medical Officer and he had behaved discourteously to the persons presenting it, the Local Government Board would have taken a very serious view of such conduct. The failure to attend upon the ticket did not result in any serious consequences to the patient, and as it was apparently due to a misunderstanding the Board will not on this occasion take any further action. They have, however, to request that the Guardians will be good enough to inform Dr. Thomas Kelly that he must make proper provision in future at his residence, for the reception of persons presenting Visiting Tickets, and for his prompt attendance on all such cases. It may be well at the same time to point out that as Dr. Kelly's son is not a Medical Officer of the Board of Guardians, his attendance, unless employed by them or requisitioned by the Relieving Officer, is not desirable.

Order. "That the attention of Dr. Kelly be called to the observations of the Local Government Board in the last paragraph of their letter, as to provision being made for the reception of persons presenting Visiting Tickets at his residence. Also that it is the unanimous wish of the Board that the Local Government Board should inform us whether any expenses incurred in connection with this Inquiry should be charged against Dr. Kelly."

RE BALLAGH DISPENSARY.

L. No.8841/14. Dated. 6th. July, 1914 from Board of Works:-

"I am directed by the Commissioners of Public Works to refer to the application for a Loan of £250 to purchase and improve a House for use as a Dispensary in the Oulart Dispensary District, and I am returning herewith the plans and specification and to ask that the following amendments may be made therein:-

(1). The existing and proposed levels of the ground and ground floors should be shown.

2. Provision shohld be made for sanitary accommodation for both the residence and the dispensary, and details as to the Water Supply furnished.

3. Drains and outfall, fuel store,. pantry, yard and ashpit should all be shown and specified, for which purpose a block plan of the Site would be required.

4. More window space is required in the waiting room and additional windows in the living room, large bedroom and in the Dispensary.

5. The high ground against the north gable is a very objectionable feature, and access of light through the small sitting-room window will suffer as a result. Additional means of lighting should be provided, also the door opening direct to the Street through this small room is objectionable.

6. The Staircase in the sitting-room is unworkable, and should be re-arranged.

RE NURSE WORKHOUSE.

L. No. 37,477/1914. Dated. 17th. July, 1914.
Acknowledging receipt of replies to their inquiries respecting the appointment of Sister Mary Alphonsus Cahill as Nurse in the Workhouse of Enniscorthy Union and stating that they have approved of the appointment at a salary of Thirty-five Pounds a year with apartments.

RE NUNS' APARTMENTS.

Mr. T. Monaghan wrote as follows:- "I enclose Plan and Specification for proposed addition to the Nuns' Apartments in the Union. I estimate the cost of carrying out this work at £145."
The Board having gone into the matter ordered the Engineer to amend Specification, so as to have the material provided and drawn by the Board.
The Plan was approved of.

RE WATER SUPPLY.

Messrs:- Thomas Hayes, James Lynch & Harold A. Lett wrote as follows:- "We beg to report having met Mr. Davis in connection with the proposal to erect a Ram at the Head-Weir, but he pointed out that the Water Supply at present was not sufficient for his own use. However he was quite satisfied to allow the Board to take a Supply from the Urrin at any point below his Mills at St. Johns, and to give a Site for the erection of the Pumping Apparatus. We visited the River and came to the conclusion that the most suitable Site would be at the opposite Side of the ditch where well is situated, the distance for piping from this point would be considerably less than either of the other proposals, being only in or about half the distance, the only difference being the water must be driven from this point by an Oil Engine instead of a Ram. We would request Engineer to supply particulars as to amount of Water, Levels, Dimensions of Tank &c."

Mr. Monaghan wrote as follows:- "I have not yet been able to get quotations for the Oil Engine and pump, but the following is an approximate estimate and will give an idea of what the cost is likely to be:-

Copyright. Wexford County Archive

2½ B.N.P.Oil Engine	£40 : 0 : 0
Force Pump to deliver 1000 Gallons per Hour	£75 : 0 : 0
Pump House,	£35 : 0 : 0
Foundations, Time &c	£16 : 0 : 0
About 400 Yards of 3" Cast iron rising Main	£60 : 0 : 0
Two 1500 Gallon galvd. iron tanks coupled togetherat £25	£50 : 0 : 0
Erecting Tank	£15 : 0 : 0
	£291 : 0 : 0

I will have a detailed Estimate and Specification by next Meeting."

Order. "Matter adjourned for further information to be supplied by Engineer and Committee."

RE OUTDOOR RELIEF.

Applications for Outdoor Relief received from Mary Cahill and Annie Mythen were refused.

Stating that they have had before them the Minutes on the 9th. Instant, containing an entry of their letter of the 4th. Instant, communicating the result of the recent Inquiry on Oath into the charge of neglect of duty preferred against Dr. Kelly, Medical Officer of the Enniscorthy Dispensary District, in the case of a Dispensary Patient named Mrs. Mary Redmond; and with reference to the Guardians' Order thereon, stating that they consider that, in the circumstances, no portion of the expenses of the Inquiry should be charged against Dr. Kelly.

RE VACCINATION DEFAULTERS.

L. No. 38765/1914. Dated. 22nd. July, 1914.

Adverting to Minutes on the 16th. Instant and stating that the lymph supplied from the Board's Vaccine Department is prepared at the National Vaccine Insitute, Sandymount Green, Dublin, and before distribution is always examined and certified as to its absolute purity by the Board's Bacteriologist, Professor E.J. Mc.Weeney. Fresh Glycerinated Lymph for Public Vaccinations can at all times be procured by the Medical Officers of the Enniscorthy Union from the Vaccine Department. The Board/would, in the interests alike of the Public Health and the infant population, urge on the Guardians the adminster the Vaccination Acts within their Union.

RE TUBERCULOSIS PREVENTION ACT.

M.J. Frizelle Esq. wrote as follows:- "You wrote me on the 23rd. June, asking me some questions as to arrangements to be made in the event of a Fever Hospital being transferred to the District Council to have Tuberculous patients dealt with there. I forwarded your letter to the Local Government Board and I now enclose you their reply."

Copy of Reply.

"In reply to your letter of the 27th. Ultimo, I am directed by the Local Government Board for Ireland to observe that in the case of a Union comprising more than one Sanitary District the transfer of the Union Fever Hospital would require to be made to the several District Councils jointly. In the event of the Fever Hospital being transferred the present

Copyright: Wexford County Archive

Workhouse Medical Officer would still continue as Medical Officer of the Fever Hospital with an addition to his salary in proportion to any extra duties devolving on him. The Tuberculosis Officer might arrange to visit the Fever Hospital occasionally and confer with the Medical Officer regarding the treatment of the tubercular patients. As regards the cost of the construction of pavilions or chalets for tuberculous patients the County Council might arrange to defray it partly out of the capital Sanatorium grant, and borrow the remainder, or it might be found to be more desirable for the District Council or Councils to borrow the necessary amount and charge the Interest and Sinking Fund to the County Council as part of the cost of treating the Tuberculous Patients. In either case it is not contemplated that there will be any expense to the District Council or Councils."

Further letter from Mr. Frizelle:- "At meeting of Committee of Management the following resolution was adopted:- "That Mr. Connolly, Clerk of the Enniscorthy Guardians be informed that as regards the proposed transfer of Newtownbarry and Oulart Fever Hospitals to the District Council, the Management Committee, while appreciating the action of the Enniscorthy Board of Guardians in making the necessary transfer of these Institutions to their District Council, regret that they are not in a position at present owing th the cost which would be imposed on their Financial resources to avail of the kind offer of the Guardians seeing that it would be necessary to provide Nursing Staffs for the hospitals referred to. If the Enniscorthy Board of Guardians could see their way to transfer the Enniscorthy Fever Hospital to the District Council it might be possibl to enter into an arrangement with the Management Committee by which a number of tuberculous patients in the Union Infirmary could be transferred to the Fever Hospital. The Board of Guardians could ask the Local Government Board if such transfer could be legally made under which the ordinary patients usually sent this Hospital by the Medical Officers of the Guardians and tuberculous patients sent to this Institution by the Tuberculosis Officer would be treated there."

Order. "Clerk to ascertain from Mr. Frizelle how much County Council would be prepared to contribute towards the erection of Chalets &c. The Board wohld not be satisfied to transfer Enniscorthy Fever Hospital, owing

Copyright: Wexford County Archive

to the large number of Fever Patients being treated. But it might be possible to get accommodation on the Union Grounds."

RE NEWTOWNBARRY DEPOT.

Mr. Frizelle wrote as follows:- "At meeting of my Committee, the following resolution was adopted:- "That we approve of the opening of a Branch Tuberculosis Dispensary in Newtownbarry, and return our thanks to the Enniscorthy Board of Guardians for their permission to utilise their Dispensary in Newtownbarry for the purpose."

N.J.Frizelle Esq. wrote as follows:- "In connection with the proposal to utilize the Newtownbarry Dispensary as a Branch Tuberculosis Dispensary, I desire to state that at last Meeting it was decided to allow the Caretaker of the Dispensary a sum of £3 per annum provided that this proposal received the sanction of the Local Government Board."

No order made.

RE BALLAGH DISPENSARY.

Mr. MOnaghan, Temporary Engineer, wrote as follows:-"In accordance with the instructions of the Sommittee, which visited the Ballagh, I have prepared a Plan and Specification of the proposed work to suit the Board of Works requirements. The Committee however decided to dispense with the Water Supply and not to have separate Sanitary accommodation for the Dispensary and Residence. In addition to the previous estimate it will be necessary to strip and re-slate roof, lay new floor and joists and take out and rebuild portion of the front wall. This will bring the cost to £165."

The Engineer was ordered to delete the Stable shown on Plan, and make out Specification in accordance with same, which was approved of."

RE CHANGE OF HOURS OF ATTENDANCE.

The Clerk reported having sent out the Notice required by L.G. Board in reference to Dr. Connolly's request to have the Hours of attendance at Dispensary changed from 10 to 1 as at present to 10 till 12.

On the motion of Mr. Fortune Seconded by Mr. Lynch the application was granted.

RE INSPECTOR'S REPORT.

L. No. 37403/1914. Dated. 25th. July, 1914.

Forwarding to be laid before the Board, the accompanying enclosure, giving the substance of a report which they had received from their Inspector, Mr. F.J.McCarthy, consequent on hhs recent Inspection of the Workhouse and requesting that the matters referred to therein might receive the attention of the Guardians.

Copy.

The Water Supply of the Workhouse is derived from a Well in the Men's Yard, it is insufficient for the requirements of the Institution. The Guardians, however have under consideration a scheme for supplementing the supply in order that they may be able to improve the lavatory and sanitary accommodation in the Infirmary and body of the House. With the introduction of Water Closets, it will also be necessary for the Guardians to consider the question of improved drainage.

The Town water supply has recently been introduced into the Fever Hospital and lavatory and sanitary accommodation provided there.

Several other improvements have been effected in this building, including the laying down of a new floor in one of the Wards, the installation of a new range in the kitchen and the provision of a hot press.

In addition to these works, the Guardians have in contemplation the construction of an operation room and suitable kitchen in connection with the Infirmary and the enlargement of the accommodation set apart for the nursing sisters.

Straw beds are in use throughout the body of the House; the straw in most of the beds is chaffed and broken, being about 6 months in use. The Guardians have recently purchased 20 fibre Mattresses, and I trust that they will make arrangements to replace all the straw in the Chronic, infirm and lunatic wards with hair or fibre and wire mattresses. Feather pillows might be provided in the infirm men's ward and im the Lunatic departments. It would be desirable that good modern beds should be substituted for the beds with laths and palliasses in the upstairs wards of the Infirmary.

The ward set apart as a healthy nursery is not well adapted for the

Copyright: Wexford County Archive

purpose, being somewhat dark and cheerless; the floor is flagged and the apartment has only one window.

Some seats might be supplied in the Men's yard for infirm Inmates.

The new Dietary Scale will come into operation on the 1st. October next; in the meantime it would be desirable that some of the vegetables grown on the Farm should be supplied for use in the body of the House.

The wards in the Infirmary have good modern grates, but the grates throughout the body of the House are old fashioned and wasteful.

Good modern Anbulances are much needed in this Union; the two Ambulances at present in use are only two wheeled vehicles. The concrete in the Infirmary yard is broken in places and needs renewal. Portions of the main building are showing signs of dampness which is probably due to defects in the eave shoots or downpipes.

I would recommend that the two cells in the male lunatic Department with flagged floors should be boarded. The floor in the laundry is uneven and damp underfoot, and some of the wooden troughs are defective."

Order. "Referred to Visiting Committee."

RE LEAVE OF ABSENCE.

L. No. 38,764/1914. Dated. 24th. July, 1914.

Referring to Minutes on 16th. Instant and stating that they have sanctioned payment of remuneration at the rate of Two Pounds a week to Mr. Whitty for his services a substitute for the Clerk of the Union for a period of four weeks. The Board have also sanctioned the employment of Mr. John Whelan, as Baker at the Workhouse for a fortnight at a remuneration of One Pound Six Shillings a week.

RE GOODS WITHOUT AUTHORITY.

L. No. 33,474/1914. Dated. 29th. July, 1914.

Adverting to Minutes on 18th. Ultimo and stating that it does not appear that the Master of the Workhouse has yet furnished the explanation called for by the Guardians respecting his conduct in ordering goods in April last for use in the Institution without authority and that they had brought the matter under the Auditor's notice."

The Clerk stated on recent of above he forwarded a copy to Dr J J Kelly, Enniscorthy who had sent the following reply...

With regard to letter of Local Government Board. I beg to state that I did not nor do not decline to give information with regard to blind persons relieved by the Guardians. But I say I have no knowledge of such persons. The Relieving Officer and the Executive Officers being solely in possession of the necessary facts. I have no knowledge with regard to this matter

Re Committees

No 42642/14-Misc. Dated 12th August 1914:

I am directed by the Local Government Board for Ireland to inform you that the Government have constituted a Committee of the Cabinet to advise on the measures necessary to deal with any distress that may arise in consequence of the war.

In the opinion of the Cabinet Committee it is desirable that there should be formed throughout the

Copyright: Wexford County Archive

the country representative local Committees whose function it will be to consider the needs of the localities and co-ordinate the distribution of such relief as may be required.

The Local Government Board have issued Circular Letters (copies enclosed) to the Lord Mayors Mayors and Chairmen of Councils inviting them to take immediate steps to establish such Committee of which they will act as the Chairman. The Committee will comprise representatives of the local authorities including the Board of Guardians of the District Committee if any, of the Trade Unions and of philanthropic organisations

As you are aware the Prince of Wales has inaugurated a National Relief Fund and it is intended that the local distribution of the sums thus made available shall be entrusted to the Committees.

In the event of distress becoming acute the Committee will be regarded as responsible for the co-ordination of all relief agencies in the locality, whether official or voluntary. It is however intended that the Guardians should continue to deal with all persons who have been in the habit of relying on poor law relief, and that such persons should not receive assistance from the Committees, and should be discouraged from applying for such assistance

It is clearly therefore of great importance, with a view to enabling the Committees to discriminate readily between the ~~applications~~ applicants for aid and in order to prevent overlapping, that there should be close co-operation between them and the Poor Law authorities; and the Local Government Board are confident that they can rely on the

cordial

Copyright: Wexford County Archive

cordial assistance of the Boards of Guardians and their Officers in this national scheme.

The first obvious means by which the Guardians can assist the Committees is by supplying them with lists of all persons who are now in receipt of poor relief distinguishing out door and in door. The Board have suggested to the Committees that registers should be kept by them of all recipients of assistance from the National Fund, and they hope that the Guardians will make arrangements for supplying each Committee promptly with the names of persons receiving relief. The Board feel that they can leave it to the Board of Guardians after consultation with the Committee to make whatever arrangements are best suited to effect the purpose in view.

The Board deem it right to warn the Guardians that the special measures to be taken as outlined above do not remove the possibility of a sudden and unforeseen demand being made on the resources of the Guardians in some localities. The Guardians will therefore bear in mind the additional powers which ~~were~~ are conferred on them by Section 13 of the Local Government (Ireland) Act 1908 to deal with ~~the~~ exceptional distress which might arise

Order L.G. Board instructions to be carried out.

RE VACCINATION.

The Board of Guardians, at their Meeting on Thursday, 10th. december, had under consideration the following letter received from Messrs:- T,T. Mecredy & Son, Solicitors, Dublin:-

"The Local Government Board for Ireland have consulted us in connection with the refusal by the Guardians of the Enniscorthy Union to have the Vaccination Acts enforced in their district, and we have before us the circular letter of the 16th. October last which was sent to you, and also the letter of the 18th. November addressed to you, in which the Board requested that the Guardians would re-consider their attitude on the question of Vaccination and take the necessary steps to cause notices to be served on the outstanding Vaccination Defaulters and to institute proceedings to secure compliance in all cases in which notices were deliberately disregarded. We have also before us the Minutes of Proceedings of the Meeting of the Guardians held on the 19th. November last, from which it appears that the Guardians "refused to enforce the Act". Having regard to this we have been instructed to request that the Guardians will forthwith take such steps as may be necessary to enforce compliance with the Provisions of the Vaccination Acts within the Union and in default of their so doing to institute such legal proceedings against them as may be advised."

"We would suggest that you should convene a special Meeting of the Board of Guardians for an early date to deal with the matter."

"Please acknowledge this letter and say on what date the Guardians will meet to deal with."

Order. "Copy to be sent to each Member for consideration on next Thursday, 17th. December, 1914."

relatives of Soldiers and Sailors (including territorials) from which it will be observed that allowances of various kinds are payable to the dependants of men who have joined the colours, and that where for some cause or other the sums thus payable to the dependants of a soldier or sailor have not reached his family, or the amount is inadequate for their necessities, assistance may be obtained either from the Local Branches of the Soldiers and Sailor's Families Association or from Local Committees to be constituted for the purpose of dealing with the prevention and relief of distress consequent upon the war.

The Board have no doubt that it will generally be agreed that it is not desirable that the wives and other relatives of soldiers and sailors should have recourse to poor relief, and I am therefore to request that the Guardians will instruct their Officers to take every precaution to secure that any dependants of soldiers and sailors who apply for relief are referred either to the local branch of the Soldiers and Sailor's Families Association or to the Local Committee

who recently visited Enniscorthy and conferred with the Medical Officer on the subject

Copy

As directed I visited the Workhouse on the 21st instant, and met Dr Furlong the Medical Officer.

We went carefully into the question of the Site for the proposed Infirmary Kitchen and operation room. and having considered several alternatives we mutually agreed that the position indicated on the enclosed sketch plan is the most suitable.

The building is shown 20 feet from the back wall of the Infirmary, it is connected with same by a passage 6 feet in width, the Kitchen will be on the ground floor. and the operation room on the upper floor.

A staircase 8 feet in width leads from the ground floor to the operation room.

The existing staircase on the female side should be removed, in order to provide a passage to the operation room on the upper floor similar to the passage on the ground level.

The operation room should be constructed in accordance with the up to date Methods; Viz:-

I. Northern top light

II. Walls cemented internally with a smooth surface.

III. All angles to be rounded.

IV. The floor laid with impervious material

V - Hot and cold water laid on to the units.

VI. Heated by Radiators.

The Guardians should obtain the service of an Architect of experience in work of this nature, as the plan and Specification prepared by the Clerk of Works are deficient in many respects

Referred to House Committee. Medical Officer and Clerk of Works to meet on Thursday 3rd September at 11 o'clock to go fully into the matter

RE OFFICERS & WAR.

L. No. 150/M/1914. Dated. 9th. September, 1914.
Stating that inquiries continue to be addresses to them by Local Authorities asking what arrangements they may adopt in the case of any of their employees who join His Majesty's Forces.
The Board are aware that some Local Authorities have already decided to give half-pay towards the support of dependants of their employees who have been summoned for Naval or Military Service. The Board wish it to be understood that not alone in the case of ~~xxxx~~employees who have previously joined His Majesty's Forces, but also in the case of those who now wish to do so, they will raise no objection to leave of absence being given to such employees and to the Local Authorities making a reasonable payment in respect of wages or salaries to persons authorised by such employees to receive money. Further the Board will assent where necessary to Local Authorities employing and paying temporary substitutes for officers who are summoned or volunteer for Naval and for Military Service.

No order made.

RE MATRON'S REPORT.

The Matron reported as follows:-

"The wringer is quite useless in its present position, would you kindly get it repaired."

Order. "Master to get work done as cheaply as possible."

"There will be a great deal of Straw required for the use of the House this year."
The Clerk reported that on the previous Thursday on the advice of the Master, that there was no Straw required for the House, the Board had made an order that none be kept. But since that Meeting the Matron had tqice applied to the Agriculturist for Straw, the latter had refused it in view of the Board's order.

Order. "That Ten Pounds worth of Straw be kept for the use of the House."

RE DISTRIBUTION OF MEALS, ORDERS &c.

On the application of the Matron at last Meeting a Committee consisting of Messrs:- T. Hayes, T. O'Connor, J. Bolger, M. F. Byrne, N. W. Stephens & H. A. Lett visited the House, the Matron complained to them. that the girl in the Dairy (Alice Hendrick) was not giving satisfaction and that she had removed her, but that the Master had put her back again; questioned as to what charge she had against the girl, the Matron stated that she had not given out the correct rations to some of the Inmates.

After going into the matter fully and having questioned the Master, the Committee made the following report:-

"Having investigated complaint made by Matron against Dairymaid (Alice Hendrick), we have come to the conclusion that this Inmate should be removed. And that the directions laid down by L.G. Board be strictly carried out. The Committee are of opinion that in the interests of the good management of the House, that in future, all supplies to the Workhouse be checked by Master in presence of Matron. This also to apply to goods when being given out for Meals."

On the motion of Mr. Mc. Carthy Seconded by Mr. O'Brien the report of the Committee was unanimously adopted.

RE REPORT OF FINANCE COMMITTEE.

The Clerk reported that at the Meeting of the Finance Committee held on the previous Thursday, the following letter from Messrs:- J.A.Sinnott & Co., Solicitors was read:- "We are instructed by Mr. John Leacy of Slaney Street, here, to make application to your Board for payment of the sum of £2 : 12 : 6 due to him for the price of flannel sold and delivered in the month of December, 1913 to your Board on the Master's Order, which we have before us, dated 4th. December, 1913. Unless the amount together with 3/6 costs of this application be remitted to us on or before this day week we must only proceed in accordance with our instructions without further Notice."

The decision arrived at by the Finance Committee was:- "The Finance Committee decline to pay for the Flannel on the grounds that there was no authority by the Board to procure."

Copyright: Wexford County Archive

In addition the Finance Committee made the following recommendation:-
"That in future Orders for anything required be issued by the Clerk, to whom Invoices are to be returned, Master to check Goods received in the presence of the Matron and submit report to Clerk to enable him to check Invoice."

The Master took exception to this recommedation on the grounds that it would unduly hamper him.

The Clerk pointed out that it would be the most satisfactory way of doing business, as at present, he had to deal with Invoices coming in for Goods ordered without the Board's Authority, and also for goods supplied without prescribed Order. In fact on the previous Thursday, he found that all the Goods on the Requirement Book had been already delivered and as a result he found it necessary to issue Orders for the Goods that were delivered that day.

On the motion of Mr. Mc. Carthy seconded by Mr. O"Brien the recommendation of the Finance Committee was unanimously adopted.

MASTER'S REPORT.

Cream per Centage.

Cosgrave 10. Ryan 10 1/3.

The Master reported as follows:-

"I purchased on last Thursday by direction of the Board:-

10 dozen Eggs from Mr. Mathew Ryan @ 1/3 per dozen.

50 do. Mr. John Rackard 1/2

35½lbs. Butter do. 1/- per lb.

These were inspected by the Committee and approved of, the goods supplied by the Contractor and rejected were returned."

Order. "Approved of."

"I sent the patient, Mrs. Annie Bennett to the Rotunda Hospital on Saturday for operation, I sent Mrs. Power to accompany her, otherwise I should have had a Nurse to accompany her."

The Clerk stated that the Board's Order was that this patient should be sent on Thursday to avail of a cheap excursion. He had seen the Medical Officer on Friday and asked him whether it made any difference to keep the Patient until Thursday, the latter informed him that it would be better to do so, but that the Patient was very anxious to go herself. On getting this information he had given the Master instructions that the Patient was not to be sent until Thursday, but the latter ignored his instructions.

The Master stated that the Medical Officer had informed him on Thursday that the case was very urgent and should be sent at once, further that he/had told the Clerk that the case should be sent at once and that he Master had a witness to prove this, also he did not receive the Message about the Medical Officer's instructions from the Clerk until the Patient was in the Ambulance going to the Station. Also that Sr. Mary Peter had asked him to wire to Hospital on Saturday morning for a ticket.

Copyright: Wexford County Archive

The Master further stated that the Order made by the Board was that the Patient should be sent, but did not specify any day.

The Assistant Clerk stated that he had given the Medical Officer's instructions to the Master on Friday in the presence of the Porter.

The Chairman stated he had a distinct recollection of the Order being made for the patient to be sent on Thursday, as the Clerk had mentioned there would be a cheap excursion on that day.

The only thing to be found out then was whether the Clerk's statement or the Master's as to the Medical Officer's instructions was correct.

The following Order was made:- "Medical Officer to be asked to state what were his orders given to the Master and Clerk in connection with the case, as regards the Patients being sent to Dublin. Medical Officer in future when making an application for a Patient to be sent to Hospital, to state when Patient should be sent, and in all cases to give notice to Clerk when Patient comes in."

"A girl named Lizzie Butler, who is in the House for three years has got employment at Mr. Doran's Tominearly, Clonroche, she would thank the Board if she got Clothes for her three Children, whom her Sister is taking charge of."

Order. "Thirty Shillings worth of Clothes allowed."

"A girl named Lizzie Simpson gave me a letter from Mrs. Kate Moulds saying she would take one of her Children and would thank the Board for Clothes to allow it to go."

Order. "Refused."

"The Provisions that have been delivered are ready for inspection."

Order. "Satisfactory."

"Some of the Ceiling in St. Anne's Ward in the Infirmary has fallen off.b

Order. "Referred to Engineer."

RE MEDICAL OFFICER'S REPORT.

RE PUBLIC WORKS LOAN ACT.

L. No. 48575/1914. Dated. 21st. September, 1914. Referring to Circular Letter of the 27th. September, 1907, on the subject and transmitting a further Notice which had been issued by the Lords Commissioners of His Majesty's Treasury in pursuance of the Public Works Loans Act, 1897 (60 & 61 Vict. c.51).

RE LEAVE OF ABSENCE.

Mr. Jasper Whitty, Assistant Clerk, applied for and was granted the usual four weeks Leave of Absence.

RE STOCKTAKING.

Mr. George Meyler wrote as follows:- "As I was not aware that a Stocktaker would be appointed at your Meeting on last Thursday, I would be grateful if you would consider my application at your Meeting on Thursday next. My reason for not remitting an application on last Thursday was that I did not know that it would have been on that day and I was not even let know, as it was generally the last Thursday of the present Month, the Stocktaker was appointed and at the very least I might have been let know that the appointment was on last Thursday."

The Clerk stated that the usual course adopted was to make the appointment on the Second last Thursday of the Half-year, the Master would make a report and the Board would act on that report.

Order. "That in future advertisements be issued for Stocktaker, the appointment to be made on the First Thursday of March and First Thursday of September."

RE PATIENT ANNIE BENNETT.

The Clerk reported that in accordance with Board's directions at last Meeting, he had written the following letter to the Medical Officer:- "A discussion cropped up at yesterday's Meeting as to why this Patient was sent to Dublin on Saturday last instead of having the cheap Excursion availed of on Thursday.

I explained that I had been speaking to you on Friday and that you told me it would be better have the case sent on Thursday; but that the patient was anxious to go at once.

I instructed the Master after seeing you that the case would go on Thursday; but he sent it on Saturday and stated at yesterday's Meeting that you told him it was a most urgent case and should go at once and furthermore insinuated that the statement I made at the Board was different from what you really told me.

I was directed to write to you and ask you whether my statement or the Master's was correct."

The Clerk reported he had received the following reply from the Medical Officer:- "Your statement is perfectly correct."

Messrs:- L. Harte, N.W. Stephens, T. O'Connor & H. A. Lett, Members of Finance Committee reported as follows:- "In the case of Arnie Bennett a patient ordered to the Rotunda Hospital to arrive on Thursday, the Master disregarded the Order, and sent up the patient on Saturday thereby causing unnecessary expense. Having regard to the Master's disobedience of the Board's Order, we recommend that he be severely cautioned and we further recommend that the expense incurred in this case be disallowed to the extent of 15/- We note also that this patient was not accompanied by an Official of the Board."

Order. "Committee's Report adopted."

The Finance Committee further reported:- "At the October Meeting raised the question of the purchase of Meat for Easter last. The Committee decided that the recommendation of the Finance Committee of May Last be adhered to.

The Clerk explained that at Easter the Guardians specified the exact

RE MINUTES OF LAST MEETING.

When the Minutes of the last Meeting had been read Messrs:- T. Cleary and James Murphy, Enniscorthy objected to the/ Chairman signing them, on the grounds that what was embodied in them,in respect to the Reports of the Finance Committee ~~xxx~~ re/lative to the cases of the Patient Bennett and the extra supplies at Easter, did not coincide with their views. Mr. Cleary stated that the Board made an order as to the amount of Meat that should be purchased at Easter and that he had been authorised to purchase it in company with some other Members; he further// questioned the action of the Medical Officer with regard to the Patient.

Mr. James Murphy followed in a similar strain.

In reply to a query from the Chairman, the Clerk stated that they could not object to the Minutes being signed if they were a correct record of what transpired at the previous Meeting.

As neither of the Members mentioned would question the correctness, the Minutes were signed.

Notice of Motion.

"Take notice that I will move on this day fortnight, Thursday, 22nd. October, 1914, that the resolutions of the 1st. October adopting the Finance Committee's recommendations, re the case of Mrs. Bennett and Goods ordered at Easter be rescinded."

Signed. Thomas Cleary

RE FINANCE COMMITTEE'S REPORT.

When the Minutes of the last Meeting had been read, Mr. James Murphy, Enniscorthy, wished to know why his name did not appear on the Minutes of the 1st. Instant, as dissenting from the report of the Committee relative to the Bennett and Easter Supply cases.

The Clerk stated he did not put him down as having signed the report, but that if so wished it could now be noted as not agreeing with the reports in question.

The following note having been made:- "In addition to entry respecting Finance Committee's report, the name of Mr. J. Murphy, Enniscorthy, should appear as dissenting from the views expressed."

The Minutes were then signed.

MASTER'S REPORT.

Cream per Centage.

Cosgrave 10 1/3. Ryan 11 2/3.

The Master reported as follows:-

"An inmate named Annie Toole, that is in the Dairy by the Matron's Orders, is causing great disturbance and quarrels in the House, and when spoken to gives abusive language. I request that the Guardians make an order for her removal, as a suitable girl is required."

The Clerk stated that this woman had come down to his Office on the previous evening and complained that another Inmate named Walter Devereux had threatened to assault both her and the Matron with a Brush. After a long discussion during which three Female Inmates were called before the Board, it was decided that a Committee consisting of Messrs:- T. Hayes, N.W. Stephens, J. Hall, P.J.Bowe, T. Bowe & M. Brien to see the number of Able-bodied Women in the House and to report as to the advisability of discharging them or otherwise."

"A girl named Maggie Varberry and her Illegitimate Child William 2 days old came to the House on 9th. October and her illegitimate Child James was brought in on yesterday."

Order. "Referred to Solicitor to investigate."

"The Provisions and goods that have been delivered are in the Boardroom for inspection."

Order. "All correct except Buckets and Brushes which are not equal to sample and re to be returned."

Order. "That the Medical Officer be requested to report on the condition of the Child Sarah Murphy, by next Meeting."

RE AGRICULTURIST'S REPORT.

The Agriculturist reported as follows:-

"I beg to report that I bought Seven Young Pigs on the 10th. Instant from Mr. Daniel Sweeney for the sum of £9 : 9 : 0."

RE OUTDOOR RELIEF.

A memorial was received on behalf of a woman named Mrs. Henneberry, whose husband was in the Infirmary, asking that she should be granted Outdoor Relief."

Order. "Medical Officer to be asked to report as to the condition of John Henneberyy against next Meeting."

The Clerk reported that the following surcharge had been made by Mr. More O'Ferrall on his audit of the Accounts:-

"I hereby disallow, as illegal, payments amounting in the aggregate to Three Pounds and Eleven Shillings, made, as Outdoor Relief, to three married women, whose husbands were in gaol. I surcharge the said sum of Three Pounds and Eleven Shillings to Mr. Thomas Hayes, who, by his initials authorised the expenditure. I hereby certify that the sum of Three Pounds and Eleven Shillings is due from Mr. Thomas Hayes. My reason for making the above surcharge is, that the women relieved were not legally entitled to Outdoor Relief."

It was unanimously decided to ask the Local Government Board to remit the Surcharge.

SOLICITOR'S REPORT.

The Solicitor reported as follows:-

Guardians v Patrick Kearns.

"I beg to report the Judge dismissed the above case on the grounds that there was not sufficient evidence to fix the paternity of the Child, Mary Hendrick, on Defendant. Cost of Dismiss 10/3. Outlay on Civil Bill and Witness Summons 3/6."

Guardians v Roche.

"Above case was dismissed without prejudice for want of corroboration, It appears that the witness, Michael Roche, summoned by me was not served with the summons. The Process-server served the summons on another man of the same name, who knew nothing of the matter. The Guardians are entitled to bring this case on again, but in view of the difficulty of proving this class of case I should not advise them to do so."

Order. "No further action to be taken."

Notice of Motion.

"Take notice that I will move on this day three weeks, that the resolution of the Board authorising the Clerk to issue all Orders be rescinded."

Signed. Thomas Cleary

Dated. 15/10/14.

RE CAST CLOTHING.

Messrs:- T. Hayes & E. O'Connor reported having inspected the Cast Clothing and recommended that some portion be retained for repairs, more to be used for scrubbing purposes and balance to be sold."

Prop. "adopted."

RE BENNETT CASE.

Michael Bennett, Munroe, wrote as follows:- "Having seen in the papers last week a report from the Guardians about my wife, Annie Bennett, being sent to Dublin Hospital to go under an operation. I would wish to leave the true facts of the case before the Board as I know the case thoroughly. On Thursday, 3rd. September my wife sent word for me to come in to see her, as she would be going to Dublin under an operation that week, I went in to see her on the 4th. and she told me that she could not go that week, as when Dr. Furlong was examining her, he was called away to a Meeting about an Operation Room, he was to return back, but he did not come that evening. I was left until the next week which would be the 10th. September and during this time she was in great pain and scalding lying in her water. I have seen her nightdress wet up to the Shoulders, I went in to see her on the 10th. September expecting to find that she would be recommended that day and to my sad surprise she was not reported that day either, owing to someone being dead belonging to the Doctor and I was there at 5-30 p.m, on that date and Dr. Furlong was not after coming to visit the Hospital, so there she had to remain until the following Thursday, 17th. September in the same state or I believe worse. I believe the Doctor was giving her no treatment. On the 17th. September she was recommended and I was told that she would be sent away on Saturday or if not surely on Monday and I consider that she should be sent a fortnight sooner a person in her state she was stronger on the 4th. September nor she was a week after the longer the worse in her case and with regard to an excursion train she could not travel on it, it would be a nice place for a woman in her state, the Officials of the Enniscorthy Union are getting economising and energetic now that they have to wait for an Excursion Train, it seems that they would think more about a couple shillings than a person's life, but if she had to wait for the excursion, it would be to Glebbrien Cemetery."

Mr. Cleary wished to know by whom the letter had been opened, the Clerk stated that he had opened it at the previous Meeting in company with the other letters addressed to the Chairman.

Mr. Murphy, Enniscorthy stated that was not so, but the Assistant Clerk corroborated the Clerk's statement.

The Clerk stated that the letter was not read at previous Meeting, owing to the adjournment of the Board.

It was decided on the motion of Mr. Cleary seconded by Mr. J. Murphy that the consideration of the letter be postponed until next Meeting."

MASTER'S REPORT.

Cream per Centage.

Cosgrave 11 6/7. Ryan 12 2/3.

The Master reported as follows:-

"On the 16th. Instant, Mrs. Martin, The Folly brought in a child Thomas Tobin 2½ years on a Doctor's ticket, the day after it was sent to the body of the House. Please say what to do. His mother is, I believe, in Tramore in a good situation."

Order. "Master to make further inquiries as to whereabouts of the Mother with a view to prosecution."

"A woman named Mary Myron and her 4 Children seek admission to the House, one of the Children is Illegitimate."

The woman was called before the Board and stated she was a widow, she stated that the father of the Illegitimate Child was serving in the Army at the Front."

Order. "To be admitted."

"The Provisions and goods that have been delivered are in the Boardroom for inspection."

Order. "Satisfactory except the Brushes, which are to be returned."

RE AUDITOR'S REPORT.

L. No.55167/1914. Dated. 19th. October, 1914.

Forwarding for the information of the Board of Guardians, a copy of the Auditor's Report for the half-year ended 31st. March, 1914, with attested Abstracts of Accounts.

Copy.

"I beg to report that I have audited the accounts of the Enniscorthy Union for the hafl-years ended 31st. March, 1914. Duly certified abstracts thereof are transmitted herewith. During the half-year Outdoor Relief was granted to three married women, whose husbands were in Gaol. As such cases cannot be legally relieved outside the Workhouse, I was compelled to surcharge the amount of such Relief, being £3 : 11/- in all, to Mr. Thomas Hayes, who, by his initials, authorised the grants. The accounts were accurately and efficiently prepared for audit."

RE OPERATION ROOM.

L. No. 47456/1914. Dated. 16th. October, 1914.

Adverting to previous correspondence on the subject and to Minutes of 3rd. ultimo and requesting to be informed whether anything has since been done in connection with the proposed erection of an operation room in the Workhouse.

Messrs:- T. Hayes, J. Lynch, H.A.Lett, T. Cleary, N.W. Stephens & Dr. N. Furlong reported as follows:- " We beg to report having gone into the question of the provision of an Operation Room. We recommend that the Plans submitted by the Architect be adopted and that a Loan be applied for to meet cost of erection."

The estimated Cost was £420.

Mr. A. Doyle Proposed "That the Committee's Report be adopted."

Mr. H.A. Lett Seconded.

In reply to a query the Clerk stated that the Medical Officer informed the Committee that the provision of an Operation Room would not do away with sending Patients to Dublin, as even with an Operation Room, some cases such as Cancer, Eye and bad Internal cases would still have

Copyright: Wexford County Archive

to be sent.

Mr. T. O'Connor proposed "That the matter be adjourned for six months."

Mr. L. Harte Seconded.

After a short discussion, Mr. Doyle withdrew his proposal and it was unanimously decided to postponed the matter for six months.

RE OUTDOOR RELIEF.

In connection with an application for Outdoor Relief, a Certificate of Illness of applicant was read from Dr. T.P. Kelly written on a scrap of paper.

Mr. Lett said the application should not be considered as Dr. T.P.Kelly was not an Officer of the Board and if the applicant was able to pay a Doctor, she did not require Outdoor Relief.

The Relieving Officer (Mr. Browne) stated that Dr. T.J.Kelly had informed him that his son was acting for him until the 22nd. October.

The Clerk stated that Dr. Kelly had informed him that he had taken his holidays in the month of September and that the Board had received no notice of any further absence.

After further discussion, the following Order was made:-

"That Dr. Kelly's attention be drawn to the fact that the Certificate issued for Moses Power does not appear to be signed by him, and that the Board will not recognise any certificate received in future from him or on his behalf unless on the recognised forms."

RE ABLE-BODIED PEOPLE IN HOUSE.

The Clerk reported that the Visiting Committee on the previous Thursday were engaged in investigating the circumstances of the Able-bodied Female Inmates.

With regard to the women, it was found that on the average each woman had three illegitimate Children, in some cases the information given by them would be sufficient to obtain convictions against the Putative Fathers, but the mothers would not undertake to give evidence in Court. The majority of the women promised to accept the first offer of a situation and take out their Children.

As regards the men, they recommend that Thomas Dunne be discharged, also

Copyright: Wexford County Archive

drew attention to the case of Walter Devereux, who attempted to assault the Matron with a Brush and threatened to assault a woman named Tee[illegible] Order. "Able-bodied women to be discharged as still as vacancies for servants crop up."

RE DEVEREUX CASE.

Dr. Furlong wrote:- "Walter Devereux is not a Lunatic, but is of weak mind."

Order. "To be cautioned as to his future conduct."

RE HENNEBERRY.

Dr. Furlong reported:- "John Henneberry has a running sore on the Stumpwhere his leg was amputated (It probably never will heal)."

RE CHILD SARAH MURPHY.

Dr. Furlong wrote:- "Sarah Murphy is a delicate child but without disease."

RE THOMAS DUNNE.

Withreference to this case the Master stated that this man was in charge of the Idiots.

In reply to a query as to whether a man named Kearns would not be able to look after the Idiots, the Master stated that he had been granted an Old Age Pension and was leaving the House.

Eventually it was decided that Dunne be discharged, as he was an Able-bodied man with a Wife and Family outside."

RE FINANCE COMMITTEE'S REPORT.

Mr. Cleary's Notice of Motion "To rescind the resolutions of the 1st. October, adopting Finance Committee's Recommendations, re the case of Mrs. Bennett and Goods ordered at Easter." was read.
In reply to a query the Clerk stated that the Notice of Motion was not in accordance with the Standing Orders, as it should be countersigned by two other Members, the only manner in which it could be considered would be to suspend the Standing Orders.
It was unanimously decided to suspend the Standing Orders on the motion of Mr. O'Connor seconded by Mr. Lett.
Mr. Cleary in proposing his motion referred at length to Mrs. Bennett's case, he stated that his instructions were that Dr. Furlong was anxious to have this case sent away much sooner, but was called away on some business on a certain Board-day and did not get back in time to report the case. The following Thursday, 10th. September, the Doctor was away attending the funeral of a relative and so the case went on to the 17th. September. The husband of the woman informed him that she now had to undergo a second operation and wasstill in Dublin and was likely to remain for some time longer because she was not sent early enough. Someone suggested that the patient be kept over for a cheap excursion so as to save a few shillings in the rates, but it could now be seen that the rates were not being saved. He held that the Master did right in sending the Patient on the Saturday, and not waiting for the excursion on the following Thursday, and if he could have sent her earlier, it would have been all the better.
Regarding the purchase of the meat at Easter. Mr. Cleary said the amount purchased by the Master was the amount ordered by the Board. He was prepared to swear that. Himself and Mr. John Pingston were appointed a Committee to purchase it. There was no question of any number of ounces per head for the Inmates.
Mr. Jas. Murphy (Enniscorthy) Seconded and stated that Dr. Furlong did not attend regularly during the time the woman was in Hospital, as could be seen from the Porter's Book."
The Clerk said it was he who suggested and he believed he was justified in doing so, that the Board fix a certain amount of meat

Copyright. Wexford County Archive

per head, as at the previous Christmas there were 182 Inmates on Meat for whom there was 330lbs of Meat purchased. He produced the Master's report in his Journal showing the Order made allowing 12 Ounces to each Inmate.

Mr. Stephens stated there were 75lbs. Extra purchased which would mean that each Inmate would receive 1½lb. and there would still be 5 lbs over.

Mr. Harte in moving the rejection of the motion said the Finance Committee, when making their report, relied on the Books and Minutes and written records of the Institution and not on the memories of cwrtain Members of the Board.

Mr. O'Connor Seconded and stated that there was no use in the Finance Committee coming there at all, if their decision was to be upset by one or two Members of the Board.

In reference to the Bennett case, the following letter from Dr. Furlong was read:- "I am much obliged to you for sending me a copy of Mr. Bennett's letter. It is only too obvious that this letter was 'Made in Germany' to be fired by poor Mr. Bennett. And the proof of this statement is the number of inaccuracies and untruths it contains. In the first place Mrs. Bennett was under treatment as long as it was necessary and the poor woman was unusually grateful for this treatment. In the next place, She never would have seen Glenrien Cemetery, as her case, tho' very uncomfortable, was by no means dangerous. The facts are she suffered from Gangrene, which is a very septic disease, and before Operation could be possible, it was of the utmost importance that all Septic Symptoms had completely disappeared. For this reason, I was intentionally putting her off from time to time, as the Sisters can prove. It would have been sheer madness on my part and highly dangerous to herself to have sent her sooner."

Mr. Harte's Amendment on being put to the Meeting was carried by 14 Votes to 2 (Mrssrs:- Cleary & Cooney). Mr. J. Murphy having left the room.

The Board expressed themselves as perfectly satisfied with the Medical Officer's reply to Mr. Bennett's Charge.

L. No. 55,746/1914. Dated. 29th. October, 1914.
Referring to Minutes on the 15th. Instant relative to the surcharge of £3 : 11 : 0 made by the Auditor at the audit of the Union Accounts for the half-year ended the 31st. March, 1914 and stating that, in order that they may be in a position to take the question into consideration, application should be made to them by the Person or Persons aggrieved, under Section 12 of the Local Government (Ireland) Act, 1871. RE PURCHASE OF CLOTHES FOR INMATES.

Mr. James Murphy, Enniscorthy, raised a question with regard to the Clothes allowed to Inmates on last Thursday, alleging that they had been unduly delayed in receiving them.

The Clerk stated that the first application for the boy Flynn was received by him from the Master at Ten Minutes to One on Saturday, he then, as directed by the Board, applied to the Matron for the list of Articles required and on receiving same sent circulars to the Traders of the Town.
The Second application for the Girl Simpson and her Children was not received until half-past two, when the same mode was adopted.
As regards the delay, it was quite plain that when orders were kept until such a late hour on Saturday evening, there was bound to be a delay.

Messrs:- Murphy and Cleary then took exception to the order for the Matron to select the Clothes.

The Chairman ruled that the Board at the previous Meeting came to conlusion that they would adopt that system, so as to get better value.

Mr. Cleary then raised a question as to who should issue the orders and wished to know why it had been changed from the Master to the Clerk.
The Clerk stated that it was prescribed that the Order Check Book should be kept by the Clerk, heretofore it was kept by the Master, but the Finance Committee some time ago in Checking the Accounts referred to the Block of the Order Check Book and found that the Invoice did not agree with the Block, inasmuch as there was an item charged in the Invoice that was not on the Block. The Trader had been sent for and admitted having sent the Goods on a verbal order. Then when the payment had been disallowed by the Finance Committee an Order was sent to the Contractor for which no authority had been given by the Board. Hence the recommendation of the Finance Committee.
The master stated that the report was only signed by two Members.

Copyright: Wexford County Archive

The Committee's report was produced signed by Seven Members.

The Chairmand stated he was afraid there was friction going on amongst the Official.

The Clerk stated there was friction going on and it was a person who was not an Official at all, who was at the bottom of it all, at present there was nothing but complaints all day long. With regard to the orders, the method recommended was that the Orders should be issued by him and the Invoices returned to him, whilst the Master should check the Articles received in the presence of the Matron and then report to result to him, so that he compare it with the invoice.

After a discussion the matter dropped.

With reference to Mr. Cleary's Notice of Motion on the same subject the Chairman ruled that it was out of order as Contrary to the Prescribed Regulations.

RE EXTRA FARM HANDS.

Mr. James Murphy raised a point as to whether a man named James Fitzharris, who was an inmate had been paid for working at the Threshing.

The Clerk stated that was so, he was going through the Farm Bills for the half-year with the Agriculturist a few days ago, when his attention was drawn to this Bill, he asked the Agriculturist about it and the latter informed him that Fitzharris had got up at Six 0' Clock in the morning each day to draw water for the Engine and worked all day at the Threshing, hence he had paid him at the same rate as the other hands. The Clerk further stated that when he had informed the Agriculturist that this was not legal, the latter immediately refunded the money that had been paid and same had been lodged to the credit of the Board.

RE STOCKTAKER'S RETURN.

The Clerk drew attention to the fact that the Return submitted by the Stocktaker as regards Provisions and Necessaries did not agree in some instances with the amounts shown by the Master in his Provision Check Account.

The Board compared the figures, the differences were as follows.

Article.	Stocktaker's Return.	Provision Check.
Butter	171bs.	78 ozs.
Bread	4301bs.	240½lbs.
Oatmeal	1371bs.	2371bs.
Coal	8 Tons.	6 tons 2½ cwt.

There were slight differences in some ~~of~~ of the other items.

The Master stated the Stocktaker told him she had made a mistake.

After a short discussion it was unanimously decided that the Stocktaker should be communicated with and asked whether she has any explanation to make.

RE NUNS' APARTMENTS.

The tender of Patrick Brennan, Newtownbarry at £47 : 10/- for the addition to the Nun's Apartments was accepted conditionally on his giving Security.

MASTER'S REPORT.

Cream per Centage.

Cosgrave 11 3/7. Ryan 15.

The Master reported as follows:-

"I lodged in Bank to-day, the sum of £10 : 14 : 4 made up as follows:-

Old Age Pensions.....£10 : 8 : 4

Rent of Kane's Cottage... 6 : 0

"On the 9th. Instant, Mr. T. O'Connor P.L.G. came to the Kitchen and demanded of me to see the Meat, I asked had he any other Members of the House Committee with me and he said he had not, so I refused him inspection, he then asked me again and when I again refused him, that will do I will see about you. I now ask the Board to protect me from this sort of annoyance as it obstructs me in my duties having other business to attend to."

In reply to a query, the Clerk stated that he was of the opinion that a quorum of the Visiting Committee could visit the House at any time, in fact they were supposed to do so every week, but he did not think that an individual Member could do so. Three formed a quorum for the Visiting Committee.

Notice of Motion.

"Take notice that I will move on this day fortnight, Thursday, 26th. November, 1914, that the resolution requiring three Members of the Visiting Committee to form a Quorum be rescinded, and that the Guardians proceed to fix the number of Members to form a Quorum."

"I enclose two replies from the War Office re Annie Toole, an Able-bodied woman in the House with two children. She asks the Board for clothes for the Children to go out."

From the correspondence it appeared that this Woman's Husband had given his address as Waterford, to which address Money Orders had been forwarded by the War Office and had been returned. It was pointed out that when the Woman left the House and supplied her address a re-issue of the Money would be made.

RE MEDICAL OFFICER'S ATTENDANCE.

The Clerk submitted a record of Attendance of the Medical Officer for the past three months supplied by the Porter.

In reply to a query from Mr. J. Murphy, the Clerk stated that according to the Return, there appeared to be Eight Days on which the Medical Officer attended, but he advised the Board not to place too much reliance on the first portion of the Return, as there was a temporary Porter during that period and the Book did not appear to have been properly kept.

After further discussion, it was decided that the Medical Officer's attention be drawn to the fact that he is bound to be here before Twelve O'Clock, as it would appear from the Return that it was after this hour when he attended on some occasions, also that he should attend when requisitioned by the Master or Matron."

When the discussion had closed, the Clerk stated that he had received a letter ~~which~~ from the Medical Officer with a request that it should not be read until the discussion had finished, it was as follows:-

"A charge has been preferred against me, to come off at the Board to-morrow, without any previous notice to me except what I casually saw in the local Journals; evidently it was intended to carry the matter on behind my back. As I cannot attend the Board I wish to make a few remarks on the subject. I have seen the list of supposed non-attendances by me at Hospital. In one week in August, I am not entered for three days, this never did occur and I am sure never will and on close investigation of the Porter's Book it will be easily seen that the locum tenens Porter at that date only kept the Books for a very short time each day. Again since the middle of September I am reported as being absent four days. To-day I casually asked a patient in the Accident Ward suffering from a broken leg, and who is in for ten weeks, how many days he had not seen me and his reply was that he could not remember a single one. I do not blame the Porter for those omissions as it is well known I have given a pathway across my fields for the use of the Nuns going from one Hospital to the other. This pathway is less than half the distance for me, that it would be to go round the road to the Infirmary and it is only natural that when in a hurry, I sometimes

Copyright: Wexford County Archive

avail myself of it, the porter in this case never knows that I have attended. I honestly believe that there are very few Union Medical Officers in Ireland have attended more regularly than I have done during my long service; and this very often when I was so ill, that I ought to have been in bed. I may also add that I am fully entitled to take a month's leave every year, at a considerable cost to the Union, this I have never done and the few weeks I did take were for the most part on sick leave. This may be an opportune time to call attention to a letter, purporting to have been written by a man named Bennett, making charges against me and it will be remembered the Board considered my explanation quite satisfactory. It will now come as a great surprise to the Board to hear that this letter has a very strange history. The letter was opened at a previous Meeting to the one at which it was discussed, in the meantime I had an opportunity of reading this letter. On the morning of the discussion I read the letter that was to be presented to the Board, but to my intense astonishment I found that it was not the original letter, but an almost exact copy, blot for blot, the only difference being that one paragraph making most serious charges against me had been omitted. It had been found, that these charges were utterly untenable, the letter was then stolen from under lock and key in the Clerk's office and a modified forgery substituted in its place. All this will show what honest straight forward Officers have to contend with at present."

In reply to a query the Clerk stated that he could not say whether a letter had been substituted for the original, as he had not read it through until it was before the Board, he was not prepared to contradict the Medical Officer's statement.

Continuing the Clerk stated that there were two locks on the door to his Office, one of which he always locked when going away, on one occasion some time ago he happened to use both locks and took both keys away, when he returned there was a Key in the lower lock, which would open the Door, he had taken possession of it and had it still.

It was decided to request the Medical Officer that should he find occasion to come the short pathway to the Hospital to notify the Porter of his entry.

RE STOCKTAKER'S REPORT.

Miss Anastasia Kelly, Stocktaker wrote as follows:- "With reference to report of Stocktaking, I beg to state that I got no instructions from Mr. Connolly to take Stock of Provisions at any time. I had a letter from him stating that Stocktaking should be completed by the 30th. September. On the two former occasions there was no question of Provisions and the printed forms I got to fill in were for bedding and clothing only. The Master told me he had a letter from the Clerk saying that Stock was to be taken of Provisions, had I known it should be included in my work, I would have done it on the 30th. Being too late I could only consult the Master as to the quantities consumed in the meantime of the Articles in question. The mistake referred to by the Master was in quantity of Oatmeal which should be 237lbs."

The Clerk stated this was a very lame excuse, as on the last occasion Miss Kelly had signed the Provision Check Account showing the Provisions and Necessaries on hands as being correct. Consequently on this occasion he had given distinct instructions that the Stocktaker should not be allowed to have access to any Books. The Provision Check Account went to show that Stock of Provisions and Necessaries had not been taken, as the items were the same as those first shown by the Master, but he had made mistakes in transferring.

Order. "Referred to Local Government Board for instructions."

RE CHARGE AGAINST MASTER.

The Clerk reported as follows:- "I beg to report that on Tuesday morning the Matron sent for me and informed me that she could not see her way to go into the Dairy or Kitchen again, as the Master had threatened to strike her with a Stick on the previous evening. I communicated the facts to the Master, who denies the Matron's statement.'

The Master stated that the matter was a thorough falsehood. On the day Mr. Tim O'Connor came here, she came into the Kitchen about 12 O'Clock. Everything went on fairly well but she was encouraging the Girls in the Kitchen to jeer me and hiss me. I never raised a stick to her or anything else, but I told her she was not a Nun or she would not torment me the way she was.

Asked for the names of some of the Inmates whom the Matron encouraged to jeer him, the Master named Kate Kenny and Nannie Quigley, he stated the Matron told them not to obey his Orders.

It was decided that a Committee consisting of Messrs:- T. Hayes, H. A. Lett, N.W. Stephens, J. Walsh, J. Murphy (Ballagh), M. Bedd, M. F. Byrne Should investigate the Charges and report to the Board.

RE AGRICULTURIST'S REPORT.

The Agriculturist reported as follows:- "I would feel grateful if the Farm Committee would call out to-day to see if there would be Farmyard Manure bought this year and to arrange how much."

Order. "Manure to be purchased."

RE VISITING COMMITTEE.

The notice of motion standing in the named of Mr. H.A. Lett relative to number necessary to ferm a quorum on Visiting Committee was read.

Permission having been granted Mr. O'Connor stated that on that day fortnight the Master had made charges against him to the effect that he had obstructed him in the discharge of his duty and that I said I had not the Old Age Pension Book belonging to Miss Donnelly, which I now hand in. I was coming up here to get the Authority from Miss Donnelly to draw the Old Age Pension. I met the Matron and was going up with her across the Men's Yard. I saw the Butcher's Car coming in and said that as I had heard so many complaints about the Meat, it would be a good opportunity to inspect it. I went into the Kitchen, met the Master and told him I would like to see the Meat that had been supplied that day. He said that as I was not coming as a Member of a Committee, he would not let me see it. I replied very good I will see about it.

Then with regard to the Old Age Pension Book, I was standing at my door when the Master came down and asked me if I had Mrs. Mc.Donald's

Old Age Pension Book, I said I did not know such a Person, he then told me that she had informed him that I had her Book, I replied that I did not know any Mrs. Mc.Donald.

MINUTES of Proceedings of the Board of Guardians, at a Meeting held on THURSDAY, the 26th. day of November 19 14 in relation to the Boarding or Hiring Out of Children, and under the Infant Life Protection Act.

RE BOARDED OUT CHILDREN.

L. No. 62,736/1914. Dated. 20th. November, 1914.
Acknowledging receipt of Particulars Form A respecting Mrs. Ellen Ponder, Ballyvaldon, with whom it is proposed to board out a child named Luke Brien and stating that they will raise no objection to the proposal.

RE INSPECTOR'S REPORT.

L. No. 61,802/1914. Dated. 21st. November, 1914.
Forwarding to be laid before the Board of Guardians, the accompanying enclosure giving the substance of a report which the Board have received from their Inspector- Miss Browne, regarding the Children boarded out in the Union and requesting that the Guardians might give their careful consideration to the several matters adverted to in this report.

Copy.

"There are at present 34 Children boarded out by the Guardians. Three more are shortly to be boarded out. The homes which have been selected for the Children are on the whole good. Their personal cleanliness, neatness in dress and appearance is very fair. Their School attendance is, in the majority of cases, regular. The health and general physique is, on the whole good. The dentition is in a good many cases impaired, and requires careful attention. I would recommend that toothbrushes should in future be supplied with the Children's outfits, and that the foster-parents should be asked to instruct the Children in the use of them. Some simple and inexpensive dentifrice might also be supplied. The clothing is on the whole very fair. I would recommend that good warm overcoats should in future be provided for boys and girls every two or three years, as required. In most cases the children have

Copyright: Wexford County Archive

considerable distances to walk to School, and at present have not got sufficient outside covering for inclement and cold weather. Care should be taken that all Children when being boarded out from the Workhouse should be sent to their foster parents in a clean and healthy condition, especially as regards the absence of vermin. A new foster-parent has little encouragement to keep a child clean and free from vermin, if she receives the Child in a dirty state. The outfits provided for the Children on first being boarded out should be better than those at present supplied, especially as regards the underclothing of the girls. I would recommend that the Foster-parents should receive the clothing orders direct, so that they might procure the clothing at the Shop where they are accustomed to deal, and where they could get good value for their order. Some of the Clothing I saw, especially the boy's suits, were very poor value for the money paid, the material being of a poor quality, and not at all durable. It would be advisable in future to get good strong home spun tweed, or cord suiting, as required, and have the material made up either at home or at a local tailors. Some provision should in future be made for children when they come off the Boarded Out Register. If they are to remain on with their foster-parents, and agreement should be signed to pay each child stated wages, whatever is the current rate in the District. A Savings Bank Book should also be provided, so much of each quarter's wages lodged in the Savings Banks, and the Book to be shown to the Relieving Officer and Inspector on the periodical visits of inspection. In the case of a promising boy or Girl I would recommend that the Guardians should apprentice him to some trade, or have them sent to some training School where they would be fitted to take their place in the world, and become useful Members of Society. On the whole, I found the Boarded Out System in this Union is working in a satisfactory manner. The Children in all cases appeared to be very kindly treated, and to be happy and contented.

Payment sheets should be issued to the Foster-parents, and the Relieving Officers should be instructed to have them signed up by the Foster-parents."

Order. "Payment Cards have been procured and will be issudd to Foster

Parents. Steps to be taken to see that Children are free from Vermin when sent out of House, Foster-parents to attend to this matter also. With regard to the purchase of Clothes the Board consider that the present system adopted, whereby the Relieving Officer gives the Order to the Foster-parent, is the best."

Monthly Reports.

Relieving Officers Browne and Murphy submitted their Monthly Reports.

Order. "The Foster-parents of Peter Layne, Patrick and Margaret Swords to be warned that unless they send these Children to School more regularly in future, they will be taken from them."

"I am writing to state that I have already asked for assistance from the American Embassy, so they have told me I should apply to the Local Board of Guardians. My Husband is German, and I am a British Born subject. My husband has been interned as prisoner since about the 15thz September, since this I have been trying to live with my poor old mother. She has no one to earn for her only her Old Age Pension to live on, therefore I find it very hard here as my friends would not help me now, therefore I must ask for assistance as my dear husband was taken from me, my only support. I am unable to work as I expect confinement in two months time. I have no child living. My maiden name was Elizabeth Ellen O'Brien. My husband is now in the Detention Camp Hospital, Newbury, Berksz"

"I would be thankful for any assistance given me."

Order. "Eight Shillings allowed as suggested in L.G. Board Circular Letter."

MASTER'S REPORT.

Cream per Centage.

Cosgrave 12¼ Ryan 12 5/6.

The Master reported as follows:-

"On Sunday, 10th. Instant, a boy named Michael Murphy, aged,9 years, was pegging stones at the windows, I followed him to the stairs of the Dormitory and caught him by the arm and was bringing him to the Probation Ward, when his mother, Annie Murphy, attacked me with a brick and threatened to split my skull, I then got hold of her and with trouble I got her to the Cell, where I detained her for one hour."

Order. "To be prosecuted."

"The Chimney of the bath-house at the Female side of the Infirmary requires repairs."

Order. "Referred to Engineer."

"The Provisions that have been delivered are in the Boardroom for inspection as is also the clothing."

Order. "Portion of the Butter and Blay Calice rejected and to be returned."

TENDER FOR RAGS.

The tender of Patrick Dunne, Dublin at 8/6 per cwt. for Rags and 3/- per cwt. for bones, being the best offer, was unanimously.

RE COSGRAVE'S HOUSE.

Order. "The attention of the Contractor is to be called to the condition of Cosgrave's and he is to be requested to have it put in proper repair at once, otherwise the Board will get the work done at his expense."

RE AGRICULTURIST'S REPORT.

The Agriculturist reported as follows:-

"I beg to report that there are some turnips to spare and could be sold."

Order. "To be sold at 14/- per ton undelivered and 16/- per ton delivered."

"There are some pigs to be bought on the fair."

The Secretayy of Office of Lunatic Asylums wrote as follows:- "I am directed by the Inspectors of Lunatiss to transmit, for the information of your Board, the accompanying memorandum of the inspection, on the 19th. Ultime, of the insane inmates of the Enniscorthy Union Workhouse

Copy.

"In the departments of this Workhouse set aside for the Insane there were 10 Males and 21 Females classed as mental cases, including two Children, one of whom, though unable to learn, goes to the Workhouse School. Five of these are also Epileptic. About 14 are able to be usefully occupied, and some 19 attend Divine Service. Their clothing was fairly satisfacfory."

"The male department consists of a tiled day-dormitory, an ordinary dormitory, and three single rooms, only one of the latter being occupied by an insane patient. All were cleanly kept, as were in general the beds, which are provided with hair mattresses and pillows, and nearly all have underblankets. In one instance the sheets required changing."

"The females are housed in a good cheerful day-dormitory with bearded floor, but the beds here, though clean and well kept, and provided with underblankets and sufficient coverings, are only furnished with the old fashioned straw ticks, which are so troublesome to keep in satisfactory order. They should be replaced by hair or fubre mattresses over palliasses, as on the male side, or preferably on spring bedsteads.

"The bathing facilities on the male side are good and on the female side passable, the infirmary bath-house being used by the females. Bathing takes place weekly."

"The sanitation, is however very inferior, consisting of slop-buckets or night chairs in the wards (not enough of the latter), and of ill-kept old privies off the yards. That used by the females was in a filthy state. Proper water-closets should be provided."

"The dietary is ordered by the Medical Officer in each case, and, as shown by his order book, was very satisfactory."

Order. "Mattresses when worn out to be re-placed by fibre Mattresses. Engineer to submit estimates as to the cost of proper Water Closets."

"That as the Local Government Board cannot legally sanction the appointment of an independent Doctor at a fixed yearly salary, to act as locum tenens for other Doctors on holidays or sick leave, we hereby call on the Government, to pass an Act of Parliament, which will make such an appointment possible; seeing that such, while not involving any increase on the rates, will obviate many cases of hardship of the sick poor, some of them actually involving loss of life."

MASTER'S REPORT.

Cream per Centage.

Cosgrave 12)3/6. Ryan 12 3/3.

Order. "That the best thanks of the Board be returned to these ladies for their kindness."

"As directed by the Board, I prosecuted Annie Murphy on 18th. Instant, when she got seven days hard labour."

"The boy, Patrick Maguire, who got a glass eye a fortnight ago, says it hurts him and he would like to have it changed."

The Clerk stated that he had been speaking to the Medical Officer about this case and the latter had informed him that it was probably owing to the eye having been so recently procured that it was hurting him. The Optician from whom the eye had been procured had undertaken to exchange it if it were not satisfactory.

Order. "No action to be taken for a few days longer, to see if the eye would turn out satisfactory, otherwise to be exchanged."

"As there are no patients in the Fever Hospital at present, it would be a good time to have the repairs carried out and also to have the walls distempered."

Order. "Work to be carried out at once, Engineer empowered to employ a Mason for plastering work if necessary."

"The Provisions that have been delivered are in the Boardroom for inspection."

Order. "Satisfactory."

The Medical Officer reported as follows:-

"The Patients cannot eat the Butter supplied at present and scrape it off their Bread rather than eat it. Not nearly the quantity of milk required for the use of the Infirmary patients is coming up. This is a really serious matter and should be seen to at once."

Order. "Board are doing all in their power to obtain satisfactory Butter. Milk is very scarce at present and cannot be obtained, Tea is to be given in the Body of the House as far as possible and the milk supplied to the Infirmary."

Thomas Storey, Ballinakill, Ballycarney wrote as follows:-"It is not with pleasure that I sit down to write this complaint to you regarding the treatment I received at the hands of your Medical Officer for this District, Dr. T.J.Kelly of Enniscorthy. The particulars of the case I will explain as short as I can to you. On Thursday December 31st.,1914 my wife delivered a red ticket at Dr. Kelly's house to his servant and told her of my complaint and the suffering I was in and that the priest who was with me on that morning told her I was badly in need of Sleeping Draughts. On the same evening the Doctor came to my house and ordered me to hospital without any examination of any kind whatsoever. I told him I had eaten nothing for the last nine days and that I would not go to Hospital till Saturday January 2nd. 1915. He then cursed and stamped his foot on the boards and seemed greatly offended because I would not go. Hethen told me to send in for Medicine and I again asked him for something to make me sleep, he said he would send it along with the Medicine. My sister, who was with me in the absence of my wife asked him could he do anything for me give me any relief and the answer he gave her was of the corner-boy type. Owing to the frost on the roads I could not send for the Medicine that night as I live 5½ miles from the Doctor's House. On the following day when the Messenger went in for the Medicine, he abused and cursed him and ordered him out and told him he s] should have gone to the Dispensary, but he had one well able for him here, who would not leave till he got the Medicine, but he did not send the Sleeping Draught. I still have the Medicine for there was no directions of how or what way it was to be taken on the bottle, the Messenger also asked him for a line to admit me to Hospital on the following day, but he refused to give it to him saying I would have to go to him myself for to get it. Through the influence of Father Power of Castledockrill, Dr. Doyle of Enniscorthy, who visited me in connection with the Insurance prescribed for me and I bought Medicine at P.E. Kelly's, Slaney Place. I was Nine Days sick before I got the Doctor, buty/having experience of him before I did not think it worth my while. I was once in the service of a Doctor ~~before~~ for two years and any place he ever went on a Red Ticket, he always paid his three visits, it seems strange to me that Dr. Kelly only pays the one visit, but it do be well for the poor that he comes but once."

Order "Refered to Dr. Kelly for an explanation."

Mr. O'Dempsey, Solicitor, wrote as follows:- "I enclose Bill of Costs of Messrs:- Mecredy, payment of which they make a condition of staying Proceedings. I recommend that same should be taxed and paid, and any question as to individual liability of the Guardians left to the Auditor of the Local Government Board.

Mr. Mc. Carthy raised a question as to whether the Mandamus was legal as they Guardians got no notice that the L.G. Board was applying for same.

Order. "Matter postponed, Clerk to communicate with Solicitor and ask him if the Guardians are liable for costs, as they received no notice of application for Mandamus. Solicitor to obtain Counsel Opinion if necessary."

Lists on Form P submitted by Drs. T.J.Kelly & B. Connolly were laid before the Board.

Order. "Notice to be served in each case."

Notice of Motion.

"Take notice that I will move on this day three weeks, that the resolution of the 21st. January re improvements at Oulart Fever Hospital be rescinded and that the Guardians take into consideration the question of keeping on the Hospital or discontinuing it."

RE COMPLAINT AGAINST DR&KELLY.

Dr. T. J. Kelly wrote as follows:- "I am inreceipt of your letter relative to Thomas Storey of Ballinakill. On the 31st. December, 1914 I received a Visiting Ticket for Storey at about three O'Clock in the afternoon. I saw him shortly after. I examined him and advised him to go into Hospital. This he refused and asked me to give him a Sleeping Draught. I told him that such was not suitable for his complaint, but if he sent into my House that evening or to the Dispensary the next morning I would give him suitable medicine. I then left his House without further talk. Next afternoon a man called at my house for Medicine, I explained to him that the House was not the depot for Medicines, and that he should have called at the Dispensary. Neverthless I gave him appropriate Medicine, he asked me for a ticket forthe car, I inquired if Storey had changed his mind, for that if he was going into the Infirmary he did not require Medicine he answered that Storey had not changed his mind, but that he might and that he would decided what he would do when the car went out. That I remarked was absurd and if Storey wished to go to Hospital he should apply to the Relieving Officer, who would attend to the matter."

On the motion of Mr. Doyle Seconded by Mr. Lett the explanation of Dr. Kelly was considered satisfactory.

RE BUTTER CONTRACT.

L. No. 7,760/1915. Dated. 10th. February, 1915.

Referring to Minutes on the 21st. ultimo and 4th. Instanf, relating to the supply of inferior Butter for use in the Workhouse and inquiring what steps the Guardians have taken to enforce the terms of the Contractor's Bond, and whether they have called the attention of the local Inspector of food and drugs to the butter supplied by the Contractor.

Order. "The Guardians have always rejected Butter they considered was not up to Standard and have purchased fresh supplies at the expense of the Contractor. They consider this was the best action to take. The matter was not reported to Food and Drugs Inspector.

RE SCHOOL INSPECTION.

Rev. T, O'Byrne, Diocesan Inspector wrote stating that he had examined the Children attending the Workhouse School and found them all round "Excellent". He was very pleased with the answering of the Children in the School. As most of the Children were mere Infants, the number examined, compared to the number on Rolls was very small. The Prayers were recited very devoutly and correctly, but I would recommend the Teacher to train the Children to keep their eyes cast down. The answering in the Sathchism was very satisfactory and all displayed a clear and intelligent grasp of its meaning. The Children also were quite familiar with the Life of Our Lord. The Teacher certainly deserves great credit for her excellent work."

The Board considered above report very satisfactory.

COMPLAINT AGAINST MIDWIFE.

Michael Byrne, Slievenageria, Ballaghkeene, wrote as follows:-

"I take the opportunity of sending this in to you as a complaint against the Nurse Walsh of Ballaghkeene. My wife and child were almost dead on her account. I called her at two 9'clock on the morning of the 6th. March, my wife being bad from the following night, she came to the House with me and demanded a ticket which I had not at that time, she never spoke a word to my wife, shestayed until 5 O'Clock and then went home and left her with a neighbour woman. I had to follow her again at half-past five. I called Mr. Jeremiah Murphy first and he signed a ticket at that time for me, I had to call her out of bed again and gave her the ticket, she came with me alright and stayed until 8 O'Clock, she left then again and left nobody only myself in the House and the woman as bad as could be, during the time she stayed she never spoke to my wife, she ordered her then out of bed and told her she wanted nobody, it was only cold she said she was not one bit bad and went away again and my ticket with her. She went after on another call to Cooladine and never came again. I then had at Twelve 9'Clock to go for another woman and take her out of her work to come to my wife and the child was born again 30-1 in a very bad way both of them, all by pure neglect on the Nurses' part and she had to get tea and whiskey on both visits and then she went on another call in the evening to the Parish of Blackwater and never came to see was she dead or alive. She had not very far to come and I wish to have this before the Board on to-morrow. I was going to go to Mr. Redmond of Tinraheen, I know he would do all he could for me, but I wish to do all I can against her, because she is not fit to handle cattle. Have this before the whole Board and let them make the best of it, as I will not let it go with her and it is for the poor she is paid."

Order. "Copy of Letter to be sent to Midwife for any explanation she may have to offer against next Meeting."

Signed.

Order. "To be admitted."

"The Provisions that have been delivered are in the Boardroom for inspection."

Out of the 100 lbs of Butter supplied, 83lbs. were rejected and ordered to be returned, the Members of the Board were not satisfied as to whether some of what had been supplied was really Butter or not, it was decided to take a Sample of same and forward it to Sir Charles Cameron for Analysis."

"Withreference to the Flannel, which the Finance Committee disallowed payment for. I got the Flannel when it was urgently required. I intended to report the matter afterwards, but overlooked it."

RE MEDICAL INSPECTOR'S REPORT.

L. No. 12,972/1915. Dated. 12th. March, 1915.

Forwarding for the information of the Guardians, the substance of a Report received from their Medical Inspector, Dr. C.J.McCormack, consequent on his recent inspection of the Workhouse Infirmary and Fever Hospital and requesting that the matters adverted to therein might receive the careful attention of the Guardians.

Copy.

"I inspected Enniscorthy Workhouse Infirmary and Fever Hospital on the 16th. February, 1915. The number in the Infirmary was 94, comprising 40 Males and 54 females. The total number in the Workhouse was 210. There were four patients in the Fever Hospital suffering from Scarlatina 2 Boys and 2 Girls. The Nursing Staff for the Infirmary consists of a Head Nursing Sister and 4 Nursing Sisters, one of whom discharges the duties of Night Nurse. The three small Wards set apart for cases of Delirium Tremens, Epileptics and any patients suffering from incurable forms of Disease, such as advanced cancer, are very deficient in Floor space, light and ventilation and are not provided with fire-places. The wards occupied by the Male Idiots and Imbeciles should be provided with wooden floorings and the windows that are at present boarded up should have the boarding removed so as to allow of more light. The number of infants and children of 2 years and under was 12 and the mothers of nine of these were in the House. A female inmate looks after these children during the day under the supervision of the Matron, Sister Liguori, when the Mothers are engaged at work, and, at night, the latter mind their own Infants. The other three children are left in charge of the Inmate helper, who sleeps in the Dormitory. I am of opinion that an experienced Children's Nurse, in view of these circumstances, should have sole charge and responsibility of the care and management of the infants and younger children. I consider the Day Nursery could be made more cheerful and warmer. It is, at present, a cold, comfortless Ward, having a tiled floor and being very draughty, owing to three doors opening into it. The roof of the Fever Hospital is in need of repairs, as the ceilings of the Top Wards are being injured from the rain coming through. There is no provision made in connection with the Fever Hospital for drying clothes in Wet weather. This is a

Copyright: Wexford County Archive

much felt want and as there is a room next the Wash-house that would suit admirably for a drying-room, the expense entailed in meeting it would be very small. The roof of the present disinfecting apparatus in use at the Fever Hospital, had been very recently blown off and I think the Guardians would be well advised to have a steam disinfecting chamber fixed in the brickwork setting, which is still intact, and thus ensure thorough ~~xxxxxfxxxxxx~~ disinfection of all infected articles and the purification of clothing and bedding at the Fever Hospital or Workhouse. The condition of the Infirmary and Fever Hospital was neat and orderly and bore testimony to the care and constant attention of the Sisters."

Order. "Referred to Visiting Committee."

RE COAL CONTRACT.

The Clerk reported that in accordance with the Board's Orders of last Meeting he had circularised different firms with regard to supplying Coal, the following replies had been received:-

Wallace Bros. Dublin, who offered three waggon loads @ 36/- per ton, free on rail at Enniscorthy Station.

Mc.Cullagh, Waterford, who offered Coal free on rail at Enniscorthy for 37/1 per ton.

The Clerk was directed to order three Waggon Loads from Wallace Bros.

RE ADVERTISING CONTRACT.

The Clerk reported having received three tenders for advertising for the ensuing year.

Before the tenders were opened, the Chairman stated that it would be better to decided whether the advertisements should be inserted in the three papers or in one.

In reply to a query the Clerk stated that last year and the previous year, the advertisements had been inserted in the three papers, each advertisement receiving one insertion, the contract price being 2½d. per line, which worked out at 7½d. per line per advertisement.

Before this the advertisements were inserted in one paper only at 3d. per line, each advertisement receiving two insertions.

Copyright: Wexford County Archive

On the motion of Mr. Lett seconded by Mr. Stephens, it was decided to have the advertisements inserted in One Paper only.

The tenders were then opened and were found to be from:- "Echo" "Free Press" & "Guardian", each paper tendered at 3d. per line per insertion.

On the motion of Mr. Lett seconded by Mr. Carstairs, the three names were placed in a Hat and the "Free Press" was drawn.

The tender of the "Free Press" was then accepted.

RE POTATOES Contract.

It was decided that any Potatoes required under new Dietary Scale should be purchased in the Market by the Master with the assistance of Messrs:- J. Murphy & J. Kavanagh.

RE COMPLAINT AGAINST MIDWIFE.

Nurse Walshe, Ballaghkeene, wrote as follows:- "In reply to a communication received from you on the 13th. Instant of a copy of a complaint lodged with the Board by Michael Byrne, Slievenagoria. I am gratified to have an opportunity of offering an explanation. I was called by Michael Byrne at 2 a,m, on the 6th. Instant, got up and went with him at once, I found his wife complaining, but I knew she would not require me for some time, however I remained until 5 A.M., when I went home as I knew I was quite safe in doing so, leaving word for them to come down for me when the woman would get bad again (the distance not being far) Byrne called me again at 5-30 a,m, I went and found the case as I left, I came home again with the same remark as to sending for me and had only just got home when a most urgent case was called on me, a Ticket Case by a man named Brady from Cooladine, I, at first, refused to go, but as he told me of the necessity of the case I went (Mr. Grady can vouch for this) I was back from Cooladine between 1 & 2 O'Clock p.m. and met Byrne on the street, I asked him how was his wife and he answered just the same. Almost immediately a man named Dempsey from Killeigh came, I went with him, a ticket case also. I called on Monday to see Mrs. Byrne and met Byrne outside. He told me I was not wanted there and of course I came back. Now Gentlemen you think I was trying to shirk my duty or that I did not do right in the matter. I should be most grateful if you would be good enough to lay down some rule for me, in similar cases should they occur. I assure you of no willing neglect or prejudice in the case, but doing for all as I thought best. Trusting you may consider this explanation satisfactory."

It was decided to caution the Midwife to be more careful in future.

RE AUDITOR'S REPORT.

L. No. 15000/1915. Dated. 19th. March, 1915.

Forwarding Copy of Auditor's Report with attested Copy of Abstract for half-year ended 30th. September, 1914.

Copy.

"I have the honour to report that I have audited the Accounts of Enniscorthy Union for the half-year ended the 30th. September last and to enclose duly certified abstracts thereof. The Medical Weekly Return for the Fever Hospital is not signed by the Medical Officer; hence the Master has no authority whatever for the issue of the extras entered therein. Further, certain items of Tea and Sugar are entered in bulk each week and not prescribed for individual patients. This is highly irregular and must not occur in future. The Relieving Officer of No. 1 District, Mr. Browne, keeps his books carelessly. His "Application and Report Book" does not contain sufficient details of the cases. As this man has only recently been appointed, I shall not further refer to this on the present occasion, but shall require great and permanent improvement in the future. One of the cases in receipt of Outdoor Relief in No. 1 District was described as a "married woman". On inquiry I found she was the wife of an able-bodied labourer. The latter, of course, should have been shown on the Relief List, as relief, afforded to a member of a family, is to be considered as granted to the head thereof. The head, in this case, being able-bodied, the granting of Outdoor Relief was illegal and I surcharged the amount of the grant, viz:- £3 : 6 : 0, to Mr. T. Hayes, who, by his initials, authorised it."

Order. "The attention of the Officers concerned to be drawn to the Auditor's Report."

RE STOCKTAKING.

L. No. 14,807/1915. Dated. 19th. March, 1915.

Referring to Minutes on 4th. & 11th. instant and stating that they have sanctioned the proposed payment of remuneration of Four Pounds to Mr. Thomas Ryan for his services in taking and valuing Stock in the Workhouse and Fever Hospitals for the half-year ending 31st. March.

RE CONTRACTS FOR SUPPLIES.

Mr. J. Racksrd wrote as follows:- "I regret I made an error in tendering for Pigs Cheeks, I understood it was Pigs Heads and quoted for heads. Cheeks, if procurable, would cost about 8d. per lb. at present, I have made inquiries at three different factories and they replied that they did not stock any."

Order. "To be re-advertised."

Mr. Peter Dempsey wrote as follows:- "I regret very much having made an error in filling tender form. The price for Sugar should have been 17/- per half cwt. instead of per cwt. I trust you will bring the matter before the Board next Thursday, as no Sugar could be procured for that money."

Order. "To be re-advertised."

The Contract for the Supply of Eggs for the ensuing year was divided between Messrs:- Rackard & Dempsey at 1/2 per doz.

RE VOTE OF CONDOLENCE.

Mr. A. Stafford.....Proposed. Passed

Mr. T. Mc.Carthy.....Seconded. Unanimously

"That we beg to tender our sincere sympathy to mr. James Murphy R.D. in his recent sad bereavement consequent on the death of his Father."

RE LOSS SUSTAINED OWING TO WAR ON CONTRACTS.

L. No. 18977/1915. Dated. 12th. April, 1915.

Adverting to Minutes on 1st. Instant containing an entry of an application from the Contractor for the supply of Sugar, Oatmeal &c to the Workhouse for an increase on his Contract Prices owing to the War; and, in reference thereto, pointing out that since the outbreak of the war, the prices of a great number of commodities have fluctuated considerably. For a short time they rose to an excessive and unreasonable extent, and then, when affairs became adjusted to existing circumstances, they fell considerably to a more settled figure. In dealing with applications such as that at present under consideration it should be the aim of the Guardians to arrive at the exact loss in which the Contractor was involved through ~~xx~~ having to supply an article at a particular time, and the Guardians should endeavour to fix the figure by consulting all such sources of information, including invoices, letter books, and all other documentry evidence as may be available. Should the Guardians decide on their own responsibility to make such payment to the Contractor as they may consider reasonable, care should be taken that this amount will not in any case leave the Contractor any profit on the portion of his Contract supplied since the War. The Guardians should exercise great care and circumspection in this matter as all such payments made by them will be subject to review by the Auditor. The Board desire to add that this letter only applies to Contracts taken before the War was declared."

Order. "All documentry Evidence to be produced before Finance Committee."

RE ORGANISATION OF LABOUR.

L. No. 55/M/1915. Dated. 16th. April, 1915.

Stating that owing to the demand for labour for the manufacture of munitions of War &c it would be advisable for the Local Authorities to grant permission to such of their employees as can be spared to obtain employment in Government Works &c.

Also advising the Authority not to proceed with any new works or building that is not absolutely necessary at present and recommending their postponement until after the War, when they would be of service in dealing with any cases of unemployment.

~~Matter~~
