RE COMPLAINT AGAINST DR. CONNOLLY.

Mrs. Courtney, Ballymurtha, wrote as follows:-

"I am in receipt of a copy of Dr. Connolly's letter in reply to a charge I made against him either of carelessness or ignorance whichever term he like best, but certainly from one or the other I do believe. My Son got a chill on the previous Saturday at a Ploughing Match, he felt bad on Monday 27th. January but went that day to the Ballagh to get something for his wife who was ill from the day before. He should have been in bed and going out did not improve him. I went to him on the 30th. he complained greatly of the pain near his Shoulders, he told me he could not keep from shivering and when Dr. Connolly came late that evening, I heard him tell the Doctor how he took it, he also told him he had only a slight headache. I saw the Doctor examine him back and Chest and used his instruments to do so. My opinion was at that time his lungs were affected. I asked the Doctor if that were so but he said not yet. Was he expecting they would if so he should have told me then to poultice him. I was not going to give him any extra trouble. When he was sent for on the following Sunday he would not come refused black. The Messenger was not on visiting speaking terms Dr. Connolly nor would not dream of paying him a friendly visit. Dr. Connolly states that my son was somewhat better on the 4th. but I say he was not he might be a bit cooler. On the 7th. he was dying and at first I told Dr. Connolly to go, I would not let him see him, that he had done mischief enough. On second thoughts I told him to go up and see his handy work, I only let him go see that fine young man dying to bring him to shame and if he had any conscience, they way it would prick him the remainder of his life, when he told his wife it was too late to do anything for him now he is dying. I turned to him and said you dirty blaguard and smiling scoundrel why did you not do it when you had the chance, I will report you on Wednesday, he then said you wont do that, I told him I would take good care I would and he said do your best. Well Gentlemen I repeat my son died of Pneumonia and am prepared to swear so if it was with the last breath I had to draw in this world I know it to my great grief and if this does not satisfy all present his

remains are in the New Cemetery in Enn'scorthy and I am only too willing to have his Coffin taken up and let it be proved beyond doubt what the man died of. If what Dr. Connolly said is true that he died of Influenza what caused him to spit blood what caused him to be so short of breath that I had to stand by his bed the last two nights and days fanning him trying to give the poor fellow a breeze and he has the cheek to say he had not Pneumonia, I was misled by Connolly, he left me in a way I wont forgive myself as long as I live for taking that man's advice. If I had acted myself I would probably have my son alive to-day and his little Children would have their Father, well In justice to the Poor and to prevent this happening again, I ask your Board to give Dr. Connolly a test case and see what he does know for in my opinion he is no good and it is your business to look after him and see what he is drawing his salary for."

Order. "Referred to Local Government Board."

RE TEMPORARY DUTY.

Dr. Delany wrote as follows:- "Re fees for temporary duty, I presure your communication refers to the recent temporary duty done by me and I wish to point out that at that time there was still cases of Influenza occurring and there were a very large number of Patients suffering from the after effects of Influenza both in the Killanne District and my own, so that the work was heavy. The cost of doing the work by Motor was necessarily heavy also. At that time I could not possibly have undertaken work at any less rate than I did and as I have been overworked for some months, I was not anxious to have it at any amount."

Order. "Referred to Local Government Board."

We adjourn this Meeting as a mark of respect to the memory of the latest Irish Martyr."

RE COMPLAINT AGAINST DR. CONNOLLY.

Mrs. Courtney, Ballymurtha wrote as follows:- "In reply to your letter o last week with reference to Dr. Connolly's reply to the L.G.Board question of a red ticket being served on him to attend my late son, Patrick Courtney of Garrantrowlin. I must admit there was no Ticket served, the Messenger I sent was William Connors and he knew Dr. Connolly's way of working better that I did, it was the first time I had the misfortune to meet him and I guarantee it will be the last. Dr. Connolly always went without a ticket to the Connors family and went to Courtney's house before without a ticket. I suppose it is not always easy to get a ticket in the District and if it came convenient to them after they got a ticket and left it at the Dispensary for the Doctor, if not there was no more about it. Well when that was his way of working he not used to it and when he could not get a ticket he had to go without one, as the man was bad he cannot make an exception of this case. Now Dr. Connolly mentioned about him getting the unemployment money over two pounds a week, well he drew that money three weeks before he fell sick and it was myself that told Dr. Connolly he was drawing it so he need never refer to that putting him in a position to pay a Doctor. When the same man asked Dr. Connolly to come see him on the 2 Jan, he asked him what does he think he wants me for now, when he was told he was bad and we thought he had pneumonia he said well I cant go over and live with him and let whoever says he is bad cure him, but he made use of the same words to myself on the 7 January why did I not cure him when I was so smart, he knew as well as I did the last time he

saw him that he was to blame for he shivered all over like a whipped cur, and I accused him of letting the man die without doing one thing for him. I hope he wont say anymore about tickets for when Tom Connors of Garrymoyle's family got sick he went in to town for a Doctor, none of the family sent for Dr. Connolly but he came there for all and examined the Patients and said he had the worst over now, none of them very bad, he had gone about ten minutes when the other Doctor came and said three of them were very bad and had six of them removed to Hospital, ask him who sent him there or can he produce a ticket. Well if a Doctor is to be paid you might as well pay a good one as well as a bad one for the one in Oulart is only a waster and God help the Poor depending on him. When William Connor went for Dr. Connolly on Sunday the 2nd. January, he absolutely refused to come till Tuesday. Connor offered to get a red ticket and make him come. Well he said a ticket would not frighten him and that he would not go on any ticket."

Order. "Referred to Local Government Board."

RE ELECTION OF MEDICAL OFFICER.

ENNISCORTHY DISPENSARY DISTRICT.

MEDICAL OFFICER WANTED.

The Board of Guardians of Enniscorthy Union will, at their meeting on Wednesday, 16th April, 1919, proceed to elect a duly qualified medical officer for the above dispensary district at an initial salary of £160 per annum, rising by triennial increments of £17 10s. to a maximum of £230 in 12 years. Together with registration and vaccination fees.

The person appointed will also become Medical Officer of Health for the Enniscorthy Dispensary District at a salary of £40 per annum.

Candidates must possess the qualifications required by the General Order of the Local Government Board.

Applications with diplomas and testimonials will be received by me up to 12 o'clock noon on above date.

By Order,

AIDAN A. CONNOLLY,
Clerk of Union.

In reply to above advertisement, the following applications were received viz:-

Dr. W.H.J.Bowen; Dr. C. R. Boyce & Dr. P.D. Murphy, all of Enniscorthy.

Before the election was proceeded with, Mr. B. J. O'Flaherty, Solr. on behalf of Dr. T. J. Kelly asked the Board to postpone the election until after the question of Dr. Kelly's superannuation had been decided so that should the latter not be satisfied, he would have an opportunity of offering himself as a Candidate. Mr. O'Flaherty contended that Dr. Kelly's appointment to do duty until after the

War still held good inasmuch as the War had not legally concluded.

Mr. O'Dempsey, Solicitor, stated that although Mr. O'Flaherty was technically correct, he was of opinion that the Local Government Board's directions was sufficient for the Guardians.

At the request of the Chairman, the Clerk read the Minutes appointing Dr. Kelly to do temporary duty and fixing his remuneration for same. Continuing the Clerk stated that Dr. Kelly's appointment was only a temporary one, although the resolution appointing him read until after the War, yet the regulations governing Guardians' Meetings stated that no Resolution could be rescinded without a fortnight's notice unless by directions of the Local Government Board, it contended that the Local Government Board Letter of the 24th. March was sufficient directions for the Guardians inasmuch as it withdrew the prohibition of the 26th. November 1915 and requested the Guardians at their earliest convenience to fill up any vacancies that might exist.

Mr. Cleary proposed "That the Board proceed with the election."
Mr. Hall Seconded.

Mr. Lett proposes as an amendment "That the Election be postponed until after the War legally terminates."

Mr. A. Doyle Seconded.

The amendment on being put to the Meeting was defeated by 29 Votes to 9 Votes, the remainder not Voting. The resolution was carried by a like majority.

The Chairman called to now proceed with the Election.

Mr. Johnson proposed "That Dr. Murphy be appointed." Mr. Carty Seconded
Mr. McCarthy propsed "That Dr. Bowen be elected." Mr. Harte Seconded.
Mr. Milne proposed "That Boyce be elected." Mr. J. Cooney Seconded.

On a poll being take the result was:-

Dr. Murphy.....	44 Votes.
Dr. Bowen.....	3 Votes.
Dr. Boyce	Nil.

The Chairman declared Dr. Murphy elected, who appeared and returned thanks.

Signed. William A. Farrell Clerk.

RE MOTOR AMBULANCE.

A Meeting of the Committee appointed to purchase Motor Ambulance was held previous to Board's Meeting, the following Members were present Messrs:- L. Harte, H.A. Lett, J. Nolan and C.Flood, Engineer. They had under consideration, the following report received from Messrs:- Harte, Nolan, Flood and the Clerk:- "On the 24th. April we visited Rathdrum and inspected the Motor Ambulance in use there. We were courteously received by the Master and Official/ in charge of the Ambulance, both of whom gave us every information. As a rsult we have no hesitation in recommending that a Motor Ambulance be purchased for use in this Union. Mr. Flood, the Engineer, who took detailed measurements and particulars of suggested alterations will give the Committee any information

required. The Authorities at Rathdrum speak highly of the benefits derived from the use of this form of Ambulance."

The Committee drafted up the following report for the consideration of the Board:- "The Committee adopt the report and recommendation of the Sub-committee and in addition we recommend the employment of a decent country boy as a driver to be trained by the firm from whom the Motor Ambulance will be obtained. The Driver should of course be a whole time Officer and we mention for the information of the Board that the Salary of the Driver at Rathdrum is 40/- per week (including War Bonus). No rations allowed, and he is also in charge of the Severage. Here we recommend that the Driver takes charge of the Water Supply and that he resides on the premises; and that an Agreement binding him to remain in our service for twelve months be drawn up."

Mr. A.P. Delany, L.G.Inspector explained to the Board the manner in which the Conveyance of Patients was carried out in Fermoy Union, where by an arrangement with the Local Garage they could have the work done without the initial cost of purchasing an Ambulance.

Order. "Clerk to write to Fermoy for information and also to see if any of the Garages in town were prepared to provide an Ambulance and hire it to the Board per case."

RE FEVER HOSPITAL SEWERS.

Mr. Flood, Engineer, wrote as follws:- "I had sewer leading from Wash-house opened up and cleaned at a cost of 15/- exclusive of pipes, three lengths and one bend of which had to supplied with cement and joint same which cost 25/-. The other sewers leading from the dry closets are all blocked up and instead of opening them up. I would recommend that a proper water closet be put up instead of the dry one and connect sewer from same with the new Sewer constructed there some time ago. This could be done for about £12:10/- exclusive of excavations which would cost about £4."

Order. "Engineer's action in first instance approved of. Suggestion as to water Closet referred to House Committee."

RE SUPERANNUATION DR.T.J.KELLY.

L. No.15,794/1919. Dated. 29th. April, 1919.

Referring to Minutes on 2nd. instant containing an entry of a Resolution in which the Guardians request to be informed whether the Superannuation Allowance proposed now to be granted to Dr.T.J. Kelly, in consideration of his services as Medical Officer of the Enniscorthy Dispensary District should be based on the scale salary in existence at the time of his resignation and from what date the Pension would be payable. In reference thereto, the Local Government Board have to point out that Dr. Kelly's resignation was tendered to and accepted by the Guardians on the 14th. October, 1915 but owing to the bar on the appointment then of a successor and the difficulty experienced in securing a temporary Medical Officer beyond the Military Age, he was on the 1st. March, 1916, placed again in charge of the District and entered on duty until the termination of the War, and the question of granting him a Superannuation Allowance was meanwhile left in abeyance. The Board are of opinion that Dr. Kelly's resignation might also be regarded as in abeyance and is only now taking full effect. The Board consider that, in the circumstances, it will be open to the Guardians if they see fit, to calculate the Pension on Dr. Kelly's actual salary at the date of his now giving up duty, plus the average of the Remuneration, Registration and Inmacy fees, payable for the office for the past three years- the pension to be payable from the date upon which Dr. Kelly ceases to be in receipt of Salary. The Board would also assent to a payment being made to Dr. Kelly at the Pension Rate for the short period he was out of Office and without salary subsequent to the tender of his resignation in October, 1915.

In accordance with Notice of Motion duly circulated Mr. J. Doyle moved "That Dr. Kelly be granted a Superannuation Allowance based on the permanent Salary at the time of his resignation plus Registration Fess &c. for the past three years and that the amount be £120."

Mr. Cleary Seconded.

Passed Unanimously.

RE LEAVE OF ABSENCE.

L. No. 21371/1919. Dated. 23rd. May, 1919.

Approving of the appointment of Dr. Bowen to do temporary duty in Enniscorthy Dispensary District at £7:7:0 per week.

L. RE VACCINATION ACTS.

L. No. 24189/1919. Dated. 22nd. May, 1919.

Referring to previous correspondence and to Minutes on 14th. instant and requesting to be furnished with a detailed Report showing the steps that are being taken toenforce Vaccination in the several Dispensary Districts of the Union. Numerous cases of Small pox are reported weekly from England.

Order. "Postponed for one week."

RE OULART FEVER HOSPITAL.

Order. "Solicitor to be asked to state if he has completed his investigations in this case."

Dr. Connolly, Medical Officer, wrote stating that the quantities in the Bill supplied by James Cooney for Oulart Fever Hospital was correct.

The Clerk stated it would be necessary to have this Account sent to Local Government Board with a recommendation that they grant an extension of time limit, as the Account extended over a period from 18th. Dec. 1916 to 21st. August, 1918.

Order. "That the Account be forwarded to Local Government Board and that they be requested to grant the necessary extension.

RE TEMPORARY DUTY.

The Clerk drew attention to an account that had been submitted by Dr. Delany for temporary duty in Clonroche Dy. Dt. from which it appeared that he was charging for four weeks duty, whereas the Local Government Board sanction No. 15013 of the 7th. April was for a period of three weeks. It appeared that a Mistake had crop ed up through the Relieving Officer not having submitted a Medical Certificat for the first week, he had afterwards submitted the necessary

Certificate.

Enniscorthy Union.

On examining the matter it was found that the Medical Officer had in reality done four weeks duty.

MINUTES of Proceedings of the Board of Guardians at a Meeting held on

Order. "That the Medical Certificates be forwarded with the Minutes and that we request the Local Government Board to sanction the additional week's payment to Dr. Delany."

Dr. Murphy drew attention to the fact that he had not yet been paid for the Six weeks duty he had done for Dr. Kelly of Enniscorthy in December and January last, he understood the Local Government Board had asked him to act for less than £7:7:0 per week for the period, but he was not prepared to do so, as his travelling expenses were too high.

The Clerk stated that at the Meeting of the 9th January last, R. J. Browne reported that he had employed Dr. Murphy to do temporary duty in Enniscorthy Dy. Dt. at £8:8:0 per week, the Local Government Board took exception to this amount and the Relieving Officer was directed to see the Doctor and ascertain if he would work at a lesser rate. Dr. Murphy agreed to act for £7:7:0 per week, which amount the L. G. Board also considered high, but the Medical Officer refused to act for lesser sum. In this case the amount payable by the Board would be for five weeks, as they had refused to allow one week to Dr. Murphy owing to his not having submitted a Medical Certificate in time.

Order. That we request the Local Government Board to sanction payment to Dr. Murphy for the five weeks referred to at £7:7:0 per week."

RE FERNS DISPENSARY.

Edward O'Connor, Ferns wrote as follows:- "As the time for the increase of Rent of Dispensary expired in June, we are returning this Pay Order as we cannot accept unless you see your way to arrange increase."

The Clerk stated that the landlord wanted the increase now which had been granted in January, but which would not be payable until

MARY RUSSELL boarded out with Mrs. Clear, is suffering from a boil on her neck, and appears to have enlarged tonsils and adenoids. This girl should be medically examined.

A manure heap is very close to Mrs. Lancaster's Dwellinghouse. The two children in Mrs. Lancaster's charge are exceedingly well cared for. They should now be sent to School.

Regular Monthly Reports should in all cases be furnished by the Relieving Officers.

The payments for the Children should be made direct to the foster parents in their own homes and not as in several cases at present, left in a shop in the nearest village, or paid in the Town of Enniscorthy."

carry on business for Public Bodies if they are not bound by their Contracts. We note the action of the Board appears to have emanated not from themselves, as we are sure they would not think of anything so unfair, but was in consequence of the action of the Local Government Board. We are sure the Local Government Board must have been under some misapprehension and that the matter will be set right otherwise Mrs. Cosgrave would be put to a very severe loss by this breach of Contract."

Messrs:- O'Flaherty & Son wrote 2nd. June, 1919:-

"Mrs. Cosgrave who has the Contract for supplying Milk to the Guardians was very much surprised to see from the Newspapers that the Guardians proposed to re-advertise the Milk Contract. She tendered on the 19th. March and her tender was accepted at 2/- which is the ordinary price of Milk in the town and in the case of one of the Contractors for Milk in the Asylum the price is the same. She was put to great expense in buying Cows, providing grass &c. We see that the action of which Mrs. Cosgrave complains in seeking to withdraw from a completed Contract did not emanate from the Guardians but from the Local Government Board. We are accordingly writing to the Secretary of the Local Government Board a letter copy of which we enclose. We trust the Guardians will cancel the re-advertisement for tender pending hearing from the Local Government Board. Mrs. Cosgrave has a legal right to have the Contract carried out we are sure that the Guardians and the Local Government Board will see that this is a case in which in all fairness the Contract should be carried out."

Copy of Letter referred to:-

"Mrs. Cosgrave of this town took a Contract for supplying new Milk to the Enniscorthy Workhouse at 2/- per gallon. The tenders were before the Guardians on the 19th. March and her tender was accepted. It appears from the Report of the Proceedings of the Guardians in the local papers that your Board considered the price too high and directed the Guardians to re-advertise the Contract. We trust that the Board will re-consider this decision. It would involve Mrs. Cosgrave in a ruinous and most unfair loss. She was the only tender and she took the whole Contract which she never

Copyright: Wexford County Archive

had before and with aview to this made preparations, she did not till her own lands, she had to buy Cows and had to take grass in order to enable her to meet the Contract. Her tender was the only one and was duly accepted and she cannot understand why now that she has been put to the expense of making the above preparations, the Contract duly accepted and acted upon should be shortly put an end to after over two months. The price of 2/- per gallon is the ordinary price of Milk in the Town and one of the Contractors in the Asylum is getting the same price. We think there must have been some misapprehension. At any rate we are sure that your Board will see that it would be a great injustice to Mrs. Cosgrave to involve her in such a heavy loss and we trust the Board will re-consider the matter. Mrs. Cosgrave has a legal right to have the Contract carried out but without going into the legal right we are sure the Board will see that it is a case in which in all fairness the Contract should be carried out."

In reply to a query from the Chairman the Clerk stated that at the previous Meeting the Board had decided to re-advertise the Contract, this decision could not be upset unless by a Fourteen days Notice to rescind or by a direction of the Local Government Board. The Advertisement was prepared and ready for the papers.

In reply to a query as to whether any date had been fixed for the re-consideration of tenders, the Clerk answered in the Negative.

Order. "Advertisement to be held and Local Government Board requested to give necessary instructions as to course of action to be followed against next Meeting."

RE COMPLAINT AGAINST DR. CONNOLLY.

L. No. 24,973/1919. Dated. 2nd. June, 1919.

Forwarding Copy of a Letter received from Dr. Connolly relative to charge made against him by Mrs. Courtney and requesting to be furnished with any further observations the Guardians may wish to offer respecting the matter.

Copy.

"In reply to your letter No. 19 76:1919 Enniscorthy Union of the 12th. instant. It is easy enough to get tickets, one Guardian of the Division lives only a mile from Courtney's House and the other Guardian of the Division lives about an equal distance from it. The Messenger who came to me passed the House of a third Guardian on his way to my House; I am sure any of the three would readily issue a ticket to anyone entitled to it. I dont think any of them could consider a man having an income of over £2 weekly entitled to free Medical attendance. It is untrue for anyone to say that it is customary for me to attend dispensary cases without tickets. I try to carry out the Dispensary Regulations which say that "a ticket shall be furnished in every case" and if I have attended any case without a ticket it was due to the fact that the party informed me that he could not get a ticket on account of absence from home of the Guardian or Warden to whom he applied."

Order. "Guardians have no further observations to make."

RE LEAVE OF ABSENCE.

Dr. Delany, Clonroche Dy. Dt. wrote as follows:- "I beg to apply for the Annual four weeks holiday. I recommend Dr. Bowen as my Substitute, he is willing to do duty at the remuneration of Seven Guineas per week. I propose to take the first half of my holidays beginning 1st. July next."

Order. "Leave Granted. Dr. Bowen to do duty at £7:7:0 per week. Local Government Board to be asked to allow recoupment on this amount for holiday leave."

RE INSPECTOR'S REPORT.

L. No. 25574/1919. Dated, 16th. June, 1919.

Forwarding substance of report of their Inspector, Mr. A.P. Delany, consequent on his recent inspection of the Workhouse and requesting that the matters adverted to therein should receive the attention of the Guardians, and that the Matron furnish an explanation relative to the verminous condition of a bed in female Lunatic Division.

Extracts from Report.

"The recommendations made by the Board's Inspector, Mr. F.J. McCarthy, in his last report, viz: (1) that as many of the patients as possible should be placed on diets Nos. 2 and 2a instead of 1 and 1a respectively, and that Potatoes should be served at dinner-meal every day, in the Infirmary, instead of four days per week, have been put into operation."

"The Supply of hot water to the Laundry is now abundant, but in order to guard against such a shortage as occurred last year the Guardians will, before the Winter sets in, consider the question of covering the race from the main kitchen with asphalt."

"Although the day nursery is unsuitable chiefly by reason of the fact that it has a flagged floor, it is not possible at present, by any re-arrangement of wards, to provide more suitable accommodation for mothers and their infants. The Medical Officer has suggested that the floor of the existing apartment be boarded, and I understand that the Guardians are prepared to carry out this recommendation when wood becomes more plentiful."

"Cleanliness is fairly well observed in every department. The bed, however, in the female Lunatic division was verminous."

"The lavatory accommodation for each class is fair."

"It would be well that the Guardians should at this period of the year arrange for the better lighting and ventilation of the Infirmary Wards by the enlargement of the windows in front of the building."

"There are no fire-extinguishing appliances in any part of the Institution."

"The water supply is fair; it is secured by a force pump from a private well. The Guardians might consider the desirability of getting a supply from the Urban District Council."

"No Children have been sent to service during the past half-year; there is one present in the Infirmary."

"As the mother of the two Children, John and Thomas Martin, referred to in our report, has just died, the Guardians have decided to keep out both boys."

"The Sanitary condition of the Workhouse is unsatisfactory. There is only one Water closet in the Fever Hospital and the question of erecting another is now under consideration by a Committee. There is no Water Closet either in the Infirmary or the body of the House. By securing a supply of Water from the Urban District Council the Guardians could equip the entire Institution with modern sanitary conveniences."

"The front of the Main building which is rather dilapidated requires attention."

"A defective floor in St. Catherine's ward is being repaired."

"The windows, doors and timbers are maintained in proper repair subject as to observations as to improved windows in Infirmary Wards."

"The Painting inside and out is being done gradually."

"Several new locks are required."

"The Visiting Committee has not met since May, 1918. Attention is directed to the requirements of Article 59 of the Workhouse Rules in this respect."

Order. "Referred to Visiting Committee."

Eventually Mr. Sinnott moved "That the Meetings of the Board of Guardians be held fortnightly in future and that the hour of Meeting be One o'Clock during Summer time and Twelve o'Clock during Winter time."

Order. "Approved of subject to sanction of Local Government Board."

RE PLACE OF RESIDENCE CLONROCHE MIDWIFE.

In accordance with Notice of Motion duly circulated, Mr. T. Furlong moved "That the resolution of the Guardians fixing Clonroche as the place of residence of the Clonroche Dispensary Midwife be rescinded and that she be allowed to reside in Sparrowsland which is the centre of the District and convenient to the Medical Officer's Residence."

Mr. H. A. Lett Seconded.

Mr. Harte Proposed a direct negative which was seconded by Mr. Cullen

The following Correspondence was read in connection with the matter:-

Letter from Canon Sheehy P.P. Bree.

"As the question comes before your Board on Wednesday as to where the Nurse for this District should reside, I am asked to put before you what I believe to be the unanimous opinion of the people here. When the nurse lived in Clonroche, the people of this Parish especially in the populous townlands of Ballyhogue and Borrmount, which are seven or eight miles from Clonroche, were subject to grave inconvenience. So much was this the case that they rarely requisitioned her services and were obliged to engage nurses from Enniscorthy which meant for them double expense. So great was the inconvenience that to overcome the difficulty they got the present nurse trained, and highly trained at great trouble and expense. We are of opinion that in those circumstances the least that might be done, would be to leave the nurse where she resides at present, which is the centre of the District and close to where the Doctor lives."

Letter from Mr. T. O'Gorman, Clonroche.

"On Sunday at a meeting of the Clonroche Branch of the

Copyright: Wexford County Archive

of the Agricultural and General Worker's Union, it was decided to remind the Guardians of the District and the Enniscorthy Board of Guardians in General that some time ago they elected a Maternity Nurse for the Clonroche District on the express understanding that she reside in the Clonroche Village, the Guardians must have forgotten all about it, the nurse has not come to reside in the Village and no one seems to know where she is to be found. Every sensible man must know Clonroche is the place for the Nurse to reside. No use fooling around Taheenahoon looking a job, send her along to Clonroche. We trust yourwill see to it to-day, that an order is passed to that effect, you are exhausting the patience of the people, get busy and do things, the Americans would have a President elected in half the time, but make no mistake the Nurse must reside in Clonroche, should that not suit the lady she can resign. We would remind you that it is the convenience of the poor of the District we are concerned about I have been asked to tell you this and I have told you. Since writing the above I have heard of three cases in Clonroche vicinity which threatened to be serious were it not for the services of an experienced woman, the result would be perhaps fatal whereas in the Free District the Doctor is to be found."

Mr. Furlong's proposal on being put to the Meeting was carried by Eleven Votes to Four Votes.

RE MATERNITY MIDWIFE.

R.O. Browne reported that having received a Certificate that Nurse Storey was ill, he had appointed Nurse Pierse to do duty at the usual remuneration of £1 per week.

Dr. Kelly's Certificate:-

"Mrs. Storey is ill and will not be fit for duty for a week."

Order. "R.O.'s action approved of. Nurse Pierse to do dut, at usual remuneration."

He is prepared to act on being allowed the Grass of a Cow. RE AMBULANCE DRIVER.

Mr. King, Secretary Trade and Labour Union, wrote as follows:-

"It has been reported that your Board intend appointing Mr. Doyle, Agriculturist, to the position of Motor Ambulance Driver. This Union objects to such proposal on the grounds:-

(1). Mr. Doyle is not a qualified driver or mechanic and the patients conveyed in the Ambulance will be in danger of being left on the roadside should a breakdown occur, for perhaps hours until a man is obtained to do the necessary repairs.

(2). There are skilful drivers in town and outside it who want the position worse than Mr. Doyle, who has at present at least a living wage.

The Union believes in "one man one job" and as this matter has already gone before the Branches the necessary steps will be taken in the matter. In the interests of humanity your Board should see that the man appointed to the position is qualified to drive and repair. I feel sure your Board will when they realise the responsible position of the man appointed, select a driver who is skilled in Motor Driving and repairs."

Order. "To be placed on Agenda for next Meeting."

If you still accept my tender for this latter, I shall continue to supply, otherwise I shall be reluctantly compelled to fix a higher price on the Margarine."

The Clerk stated that the Board could not allow Mr. Gowan more than the Contract Price, he had refused to sign his Bond, but that did relieve him of the responsibility of supplying the Article at the price quoted, as the tender had been made on the prescribed form. RE OPERATION CASE.

L. No. 51077/1919. Dated. 16th. October, 1919.

Referring to Minutes on the 8th. instant relative to the expenditure of a sum of £7 in respect of the hire of a Motor Car engaged by the Workhouse Master by direction of the Medical Officer to convey a Patient to the Rotunda Hospital Dublin, recently for operation and requesting to be informed whether the Patient in question was an Inmate of the Workhouse previous to her illness. If not she could not be sent to an Extern Hospital even by an Order of the Guardians. If, however, the case was one that could legally be sent for treatment the question as to the propriety of the mode of transit should depend on the urgency of the case. Should the Guardians decide to pay the amount in question they must be prepared to submit valid reasons for their action to the Auditor, from whose decision in the event of a Surcharge there is of course an Appeal to the Local Government Board.

In reply to a query the Clerk stated that the case apparently must have been very urgent, as the Patient was operated upon immediately on arrival in Hospital and the Operation had been successful.

Order. "That the Medical Officer be asked why he did not send the Patient on the previous day or in time for a Train."

RE SUPERANNUATION SCHOOLTEACHER.

L. No. 49938/1919. Dated. 16th. October, 1919.

Referring to Minutes of 1st. relative to Notice to grant a Superannuation Allowance to Sr. M.A. Pearson, late School Teacher and pointing out that Ladies of a Religious Community do not, as a rule, seek pensions when retiring from the Poor Law Service and this fact has frequently been put forward when nun's were claiming preferential treatment in the matter of salaries &c. Moreover this lady could not be awarded a Pension on the ground of Old Age, or of permanent incapacity inasmuch as her resignation was not accompanied by a Medical Certificate testifying to such incapacity.

Order. "Members of the Board are aware from their own knowledge that this lady who is over seventy years of age is incapacitated from

further performance of duties. Her Case was different from that of Nuns as a rule, because she was Teaching and had charge of the Children without a break for the past twenty-two years and consequently Board consider her case one for a Pension."

RE WAR BONUSES.

Mr. Whitty, Secretary, Officers' Association, applied to the Board to consider the question of making the Civil Service Scale of War Bonuses applicable to the Officers of the Union.

Notice of Motion.

"Take notice that I will move on this day fortnight, that the Board consider the question of making the Civil Service Scale of War Bonuses applicable to the Officers."

Dr. Delany, Clonroche wrote:- "In reply to yours of the 14th there is not an epidemic of Whooping Cough in this District. Dr. Greene, Ferns, wrote:- "No. Owing to the exceptionally severe weather and the prevalence of Lung Complaints and Ulcers &c. due to low temperature."

Dr. Kelly, Killanne, wrote:- "I have no Whooping Cough in my District It does not matter at what time of year Vaccination takes place, but owing to the present condition of the Roads it would be difficult to bring babies to the Dispensary."

Order. "That Copies of Medical Officers Letters be forwarded to Local Government Board and that they be asked whether, in view of the opinion of the Medical Officers, there would be any objection to having Vaccination postponed until the fine weather sets in."

RE WAR BONUS.

L. No. 58649/1919. Dated. 6th. January, 1920.

Referring to Minutes on the 12th. November last and stating that they have sanctioned the War Bonus of £47 a year proposed to be allowed to Assistant Clerk from 12th. May last. Regarding the proposal in the case of the Workhouse Master, the Board desire to point out that this Officer was appointed two years ago at a substantially increased salary, and, in the circumstances, the Treasury Regulations do not contemplate his receiving a War Bonus- the salary having been revised on War Time conditions.

Order. "The Board desire to point out that when fixing the salary of Master they did not take into consideration the question of War time conditions, as they only increased the Salary at that time by £15, whilst they had at first intended to fix the amount at £100. As this Officer has given completed satisfaction since his appointment, we would respectfully request the Board to sanction the proposed War Bonus. In addition we would point out that unlike in other Unions, the Master here does not receive any commission on Monies collected on behalf of the Board."

RE VOTE OF CONDOLENCE.

Mr. James Hall Proposed "That we the Members of the Enniscorthy Board of Guardians desire to place on record our deep regret on hearing of the death of Mr. James Murphy, one of our respected Colleagues, and as a mark of respect we hereby adjourn this Meeting."

Mr. T. Hayes Seconded.

RE VACCINATION.

L. No. 63070/1919. Dated. 24th. December, 1919.

Stating that they have received a Report from their Medical Inspector, Dr. Mc.Donnell, relating to his visit of inspection on the 4th. inst, and his examination of the Medical Relief Registers at Oulart, Ferns and Hortcumbarry Dispensaries. He reports that there were no cases of Whooping Cough recorded in these Registers, but that the Medical Officers had informed him that they had heard there were a few cases in their Districts, and Dr. Greene mentioned that Lung Diseases and Bronchitis were prevalent in the Ferns District. The Inspector did not visit Clonroche or Killanne as the Medical Officers had not reported any cases of Whooping Cough.

The Inspector further reports that the Medical Relief Register of the Enniscorthy District was not available on the occasion of his visit owing to the absence of the Medical Officer in Dublin, but that he subsequently had an interview with that Officer who stated that there were a large number of cases of whooping cough in the Enniscorthy Dispensary District.

The Inspector considers that Vaccination could be safely carried out in the Union especially as the Medical Officers have the right to issue postponement certificates on behalf of individual Children wherever the circumstances warrant doing so.

Vaccination has been at a standstill in the Union during the half-year ended 30th. September last and the Guardians took no measures during that period to enforce the Law and by their Resolution of the 19th. ultimo they intimate their intention to postpone action during at least, the remainder of the current half-year.

The Local Government Board cannot acquiesce in the proposal to await the fine weather before taking steps against Defaulters and they must ask the Guardians to reconsider their decision and enforce the Vaccination Acts systematically throughout the Union.

Received Form P from Ferns District containing the names of 17 Defaulters for December Quarter; and from Oulart containing the names of 21 Defaulters.

Order. "That the attention of the Local Government Board be directed

to the Reports furnished by our Medical Officers, and that we request them to allow Vaccination to remain over until the Fine Weather sets in."

"We are in receipt of your letter of the 6th. instant. The goods in question for the Enniscorthy Union were dispatched on the 2ard. December via Waterford, through Clyde Shipping Co. We usually ship goods for this Union via Dublin, but the Dublin Steam-packet Co. owing to the congestion of Traffic at that time were unable to accept the Drugs. Some small delay was caused in finding a Shipper, but we can assure you that we use every ehdeavour to have the goods dispatched as quickly as possible. By now they should be to hand. With regard to the enclosed Minutes of Proceedings, no letter has been received by us from Enniscorthy Union; if this was sent off at your end it must have gone astray in the Post."

The Clerk stated that the Drugs had been delivered.

RE OULART FEVER HOSPITAL.

L. No. 8544/1920. Dated. 12th. February, 1920.

Stating that they have had before them the Guardians' resolution of the 28th. ultimo deciding to rescind the resolution abolishing Oulart Fever Hospital, and pointing out, with reference thereto, that Oulart is only 8 miles from Enniscorthy, that no Patients have been admitted to the Hospital since the year 1904, and that the cost of treating patients there would be very much in excess of the cost of treating them in Enniscorthy. As the Guardians are aware, the Board's Inspector Mr. F. J. Mc.Carthy reported in August, 1918 that the Oulart Hospital was then in a very dilapidated condition, being almost roofless. The Inspector considers that it would cost several hundred Pounds to put it into any kind of habitable condition now. In the circumstances the Local Government Board are not prepared to approve of the Guardians' proposal.

No order made.

RE MEDICAL INSPECTOR.

L. No. 2771/1920. Dated. 13th. February, 1920.

Stating that from 13th. February, 1920 Enniscorthy forms part of the Dublin No. 1 Medical Inspection District which has been placed in charge of Dr. J.D.Mc.Cormack, Local Government Inspector.

No Order Made.

L. No.13388/1920. Dated. 17th. February, 1920.

Referring to Minutes on 11th. instant containing a further entry ~~re~~ relative to ~~a~~ claim of Dr. Delany for remuneration at the rate of £7:7:0 per week for acting as substitute for the Medical Officer of the Killanne Dispensary District and pointing out with reference thereto that a fee of £6:6:0 per week already sanctioned, represents an increase of 50% on the pre-war scale of remuneration for the temporary Medical Officer of a Dispensary District. The Board consider that even in present day financial circumstances, £6:6:0 a week affords reasonable remuneration for a temporary Dispensary Medical Officer, and such scale is generally accepted throughout the ~~Country~~; and the Board are not prepared to sanction a higher rate to Dr.Delany for his services as temporary Medical Officer of the Killanh Dy. Dt.

RE VACCINATION ACTS.

L. No. 13388/1920. Dated. 17th. February, 1920.

Adverting to previous correspondence and to Minutes of 11th. instant, and stating that unless the Guardians at once take steps to enforce the Vaccination Acts systematically throughout the Union, the Board will be obliged, without further notice, to apply to the Court of King's Bench for a writ of Mandamus to compel the Guardians to carry out the law.

After a long discussion on the matter

Mr. Owen O'Neill Proposed "That the Letter of L. G. Board be referred to Solicitor."

Mr. T. Mc. Carthy Proposed "That no~~t~~ action be taken."

The Chairman asked ~~if~~ there was any Seconder for either Proposal, but as none came forward the~~y~~ matter was allowed to fall through without any Order being made.

Minute to Board

MASTER'S REPORT.

Cream per Centage. 10 5/6.

The Master reported as follows:-

"A girl named Margaret Furlong died on the 1st. March, she had in her possession a sum of money (£10:10:0), a silver watch and chain, spectacles, trunk with body and underclothing in it. Let me know what I am to do in the matter."

Order. "Master to hold property until inquiries have been made as to to the amount of Outdoor Relief this Person has received."

"There are a number of Mem and Women Tramps coming into the House for the night constantly. Would the Board kindly give directions in connection with same. They have Relieving Officers Tickets. Some of them do not belong to this Union."

In reply to a query the Clerk stated that it was the duty of the Relieving Officer to exercise due care before issuing Tickets for Admission to any Person who applied to him and that he should only issue a Ticket for Admission in cases of Sudden and Urgent necessity. It would be ridiculous to suggest that a Person coming into the House night after night would be a case of this Class. In all other circumstances it was the duty of the Relieving Officer to bring applications made to him for Admission Tickets before the Board to enable them to decide as to whether the Person should be admitted.

Order. "Relieving Officers to carefully attend to the Regulations in future."

"The Vanddriver was paid 10d for overtime on 2nd. March; 1/3 on the 6th. March and 10d on the 9th. March."

Order. "Approved of."

"I had to employ two Men on the 9th. and 10th. March at 7/- each per day."

Order. "Approved of."

"I had to employ a man to empty the Waggons on the 8th. March at 3/6." Order. "Approved of."

MASTER'S REPORT (contd).

"The Potatoes will be all used up by the end of March."

Order. "Master to procure Potatoes on best possible terms."

"A family named Hendrick, Clone (four in number) came in on March 6, 1920 to the Isolation Shed of the Fever Hospital for the purpose of being disinfected, they brought some of the bed clothes with them but not all. The Ambulance Van went out yesterday for the remainder and returned without them. There was Diphtheria in said House."

R.O.Murphy stated that the reason the Clothes did not come in was because no Attendant went out with the Van and he could get no person to take the Clothes out of the House.

Order. "Medical Officer to be asked why he did not give the necessary instructions to the Relieving Officer on the first occasion to have all the Clothes removed. Master to send out some Person to take the Clothes in."

AGRICULTURIST'S REPORT.

The Agriculturist reported as follows:-

"I beg to report that there would be about four and a half barrels of Seed Barley required."

Order. "Referred to Farm Committee, who met and recommended that four acres of Barley be sown, and that Seed Barley and Seed Oats be procured."

This was approved of by the Board.

"I would require an additional hand for a few days to turn Manure and get in Potatoe Crop."

Order. "Allowed."

"There was a Pig sick during the week, I brought Mr. Doyle V.S. to see it, it is doing well now."

rder. "Approved of."

WORKHOUSE AMALGAMATION.

Mr. O'Sullivan, Clerk of Union, Wexford, wrote as follows:-

"I brought your letter of 13th. ultimo before the Guardians' Meeting on last Saturday, when they decided not to appoint any Delegates to the proposed Conference re Union Amalagmation, but to leave the matter to the new Board."

Mr. Rochford, Clerk New Ross Union, wrote 25th. Feby:-

"In reply to yours of 13th. instant, I am directed to inform you that the Guàrdians here cannot see their way to discuss the question of Union Amalgamation for the County as they are thoroughly opposed to any proposal to amalgamate this Union with any other."

Mr. Rochford wrote, 1st. March, 1920:-

"I am sorry my last letter did not reach you in time for Meeting of your Board, but I was under the impression their Meetings were held on Thursdays. With reference to your letter of the 27th. ult my Board having again considered the matter of Union Amalgamation in the County, directed me to inform you that they adhere to their decision contained in my letter to you on the 25th. ult."

Order. "Gorey to be written to and asked if, under the circumstances, they are prepared to discuss the question with Enniscorthy."

RE ATTACK ON WORKHOUSE PORTER.

Mr. O'Dempsey, Solicitor, wrote as follows:-

"I regret very much that I have to attend an Inquiry before the Clerk of the Crown and Peace to-day. Immediately on hearing from you last week I endeavoured to have the Inquiry out off until later in the day but I heard only this morning that this could not be done. I am very sorry I cannot be present at the Boards' Meeting until I get back from Wexford and I do not know exactly when that will be. Meanwhile my Assistant will attend on my behalf."

Mr. O'Dempsey wrote further:-

"Information has been sworn and Notice served on behalf of Malicious Injury Claim herein. Probably the amount of Compensation would be assessed off the Urban District of Enniscorthy with costs

Copyright: Wexford County Archive

against them. I do not think, however, that it is a matter that it is very well worth while going on with; if it is not gone on with the repairs will have to be done at the expense of the Rural District, but as the expense is not very much, it would hardly be worth while having costs of claim and compensation charged on the Urban District Council!

Order. "Claim to be proceeded with."

Dr. N. Furlong wrote as follows:-

"I gave the names of certain objectionable characters to the Porter with instructions to keep them in the Probation Ward, till I would see them and examine them myself before admitting them to Hospital. My reason for doing so was that they usually came in with absolutely nothing wrong with them and when in the House many of them gave any amount of trouble and would not conform to the rules of the Institution."

Dr. P. D. Murphy wrote as follows:-

"Re Case of Richard Byrne and Martin Doyle, you ask why I gave admission Tickets to above men. The only reason is stated on the Admission Tickets which I gave. In my opinion what I found and stated entitled them to be admitted. When with me they were not under the influence of Drink and I was not aware of anything that would exclude them from the Infirmary."

No Order Made.

RE CARPENTER'S SHOP.

The Engineer reported as follows:-

"The Materials for repairs and fitting up of above cost £5:6:2. These included two skylights and a number of slates."

Order. "Approved of."

RE OPERATION CASE.

The Master reported that at the request of Dr. Furlong, Medical Officer, he had employed Dr. P. D. Murphy to assist at an Operation for removal of Cancer Tumour on an Infirmary Patient. Dr. Murphy's Fee was £2:2:0.

Order. "To be paid subject to sanction of L.G.Board."

RE INSPECTORS' REPORTS.

L. No. 12381/1920. Dated. 28th. February, 1920.

Forwarding the substance of a Report received from their Inspector, Mr. Delany, consequent on his recent inspection of the Workhouse and requesting that the several matters adverted to therein might receive the careful attention of the Guardians without delay. As regards the final paragraph of the Report as to the very defective condition of the Workhouse, it is obvious that the Guardians should now decide the amalgamate the Union or board out the Inmates or else put the Institution in a proper state of repair. The Matron and person in charge of the Female Idiot Ward should at once be

called upon for a written explanation as to the dirty condition of the linen in that ward at the time of inspection.

Extracts referred to:-

"The Engineer has been directed to report with regard to the question of covering with Asbestos the hot water pipes from the Kitchen to the Laundry."

"The Guardians delaing with a recommendation in my last Report have decided that Fire Extinguishing Appliances in any part of the Institution are unnecessary."

"In several beds in the female idiot ward the linen was very dirty. On the occasion of my last inspection I had to complain of the verminous condition of a bed in this ward."

"The lavatory accommodation for each class in the Institution is fair. The bath for the female Infirmary is situated in a Shed in the yard. It is consequently rarely used during the Winter."

"The suggestion of the Medical Officer that the day Nursery should be boarded has not been further considered."

"The Water Supply which is obtained from a well proves insufficient at times. I understand that the Urban District Council cannot in view of their own requirements supply the Guardians with any water. The difficulty might be overcome at a small cost by drawing on the adjoining river."

"I would again suggest that the Guardians should arrange for the better lighting and Ventilation of the Infirmary Wards by the enlargement of the windows in the front of the building. The drainage is not in a proper state. The drains are all unpiped channels."

"The Ambulance arrangements will be satisfactory when the motor Ambulance ordered some time ago has been delivered."

"The Sanitary condition of the Workhouse is not satisfactory There is only one Water Closet in the Fever Hospital, and a proposal to erect another has not yet been carried into effect."

"There is no water closet either in the Infirmary or the body of the House. By securing a supply of Water from the River adjoining the Guardians could furnish the Institution with modern Sanitary Conveniences."

"The lunatics and idiots are not treated with proper care. There was no responsible person in the female idiot Ward when I visited it. A nursing Sister said that a Pauper Attendant was appointed to do duty there. I found a number of the inmates grouped around an open fire. Subsequently I saw the Pauper Attendant who said she had been out with her Child. She stated that she had been appointed on the previous day to look after the Idiots, but she had not been given any instructions to apply for a substitute during her absences."

"A number of slates blown away during recent storms should be replaced."

"Painting is done from time to time when Inmates are available to do it. The Dining Hall is badly in need of paint."

"As already reported several new locks are required."

"The Visiting Committee met and reported only once during the half-year."

"Having regard to the very defective condition in which I found the Workhouse, I requested the Clerk to convene a Meeting of the Visiting Committee, in order that I might confer with them and personally point out the improvements most urgently necessary. The Clerk issued the requisite summons, but only one Guardian attended to meet me. This Gentleman suggested that the improvements were not likely to be considered, either in the body of the House or Infirmary, until such time as the question of boarding out the Inmates had been finally determined."

Order. "Referred to Visiting Committee."

REPORT DR. CONSIDINE, INSPECTOR OF LUNATICS.
Inspection. 26th. February, 1920:-

"In this Workhouse there are 4 males and 15 females classified as of unsound mind. The accommodation on the male side consists of a tiled day-room dormitory, with a good, clean airy

Copyright Wexford County Archive

dormitory over it. The bedsteads are iron without springs and furnished with flock mattresses. They were found clean and fairly comfortable, but a little more attention to the making of them is required. The bathroom is good, and the males get a bath once a week. On the female side the accommodation consists of a good, clean, airy and well-kept dormitory. The beds were very clean and in good order, but only straw ticks are provided, which cannot be considered satisfactory. There is no bathroom in this part of the Institution, and only a footbath is provided for the females in winter, but in Summer they go to the Infirmary, and get a bath once a week. A suitable bathroom could easily be erected between the Nursery and Idiot Ward and would be a great advantage to the Institution. The Sanitation consists of Privies, which, however, were found xxxyxxclean. Both male and female patients were suitably dressed, and appear to receive due care and attention. The diet seems to give satisfaction and appears sufficiently good."

Order. "Referred to Visiting Committee."

March last to take charge of the property of Mrs. Handrick of Clone (that is her fowl and pigs) where there was an outbreak of Diphtheria, there having been three deaths in the House within three weeks. Our Client was 14 days there in charge of the Pig and fowl which she fed and the amount of her claim is £4. She went on three separate occasions to the Enniscorthy Board to get paid her claim but has not been paid up to the present. Mrs. Handrick and family returned to Clone on the 20th. March last. ur Client was asked to take a week's pay for a fortnight's work, but this she refused to do. Unless we have the amount within four days with our costs 5/- we shall have to issue a process against the Board at the coming Sessions. Mrs. Murphy tells us that she sent you her claim by Regd.
