DIRECTIONS FOR USING

THE

Pen Duplicate and Triplicate Books

SUPPLIED BY

DOLLARD, Printinghouse, DUBLIN, Ltd.

Place a sheet of one-sided carbon paper, face downwards, between the first and second leaves, and then the piece of black board after the Duplicate. Write upon the page thus prepared with a Duplicater or Manifold Slip Pen, and two copies will be the result.

In the case of a Triplicate Book, a sheet of two-sided carbon paper is placed between the 2nd and 3rd leaves, and then proceed as above.

A CARBO-PLATE can also be supplied to take the place of the black board. This is a plate which grips the carbon, and at the same time provides an extra hard plate, made of aluminium, which gives an extra clear copy. It enables the carbon paper and support to be placed in position for writing and withdrawn without touching the carbon with the hand.

The Clerk's Report of Vaccination was read (this on the first meeting in every month). Number of successful cases :-

The Report of the Visiting Committee was read, and Orders were made thereon, as follows :-

On this day, we paid a visit to the workhouse and made a minute inspection of the wards in the Infirmary. We can only speak in terms of the highest praise of everything that came under our notice. The wards beds and all appointments were absolutely clean. As we were entering, the midday meal was about being served under the personal supervision of Sister Antonio, and this appeared to be both appetising and particularly well served. The patients and other inmates of the Institution interviewed by us spoke in the highest terms of gratitude of the personal care and attention bestowed on them by Sister Antonio and the other nuns. We consider that the appointment of the extra ward aids has raised the Standard of efficiency in the Institution and added to the comfort and happiness of the patients. The yard attached to the convalescent is bestrewn with large pebbles rendering it rather difficult and uncomfortable for delicate people to walk on. We recommend that these pebbles be picked off and fine gravel substituted.

The only applicant for the office of Wardsman in the Fever Hospital was Annie Scanlon who was not present - Postponed for a week

The Committee appointed to purchase a horse for the Ambulance reported they were dealing with a Mr Poole, for a mare - the head Vet Surgeon Mr Malone V.S. who stated that he had examined the mare presented to him by Mr Poole for the Board of Guardians. He found since he had examined her before that she had met with an accident to her knee which at present rendered her unfit for further trial. He expected her to be all right in a week or 10 days.

Order - The Committee withdraw from the purchase of this mare.

It was then proposed by Mr Etchingham seconded by Mr Fanning that Mr Malone be asked for a certificate as to the condition of the mare when he first examined her.

On Mr Malone being asked he replied by telephone that the mare was perfectly sound when he first examined her on the previous Saturday. She was then brought to him on the following Monday when he found her suffering from a swollen knee and going lame. This was the result of a simple accident caused either by a thorn or by knocking it against the manger. The injury was only a temporary one. He could not however give a sound certificate for the mare on that day. He intended to examine her again on the following Monday when he would furnish his report to the Board.

In consequence of the visit of Dr Smyth L.G.B. Inspector the clerk convened a special meeting of the Guardians. Owing to the short notice it was impossible to summon all, but he noticed as many Guardians as possible. There were present Nicholas Whitty Esq, V.C in the chair. Mrs Boyan R.V.C. The Viscount Stopford M.M.L. Messrs Fanning J.P. Carton. Lawrence Walsh. Hill and Etchingham. The Medical Officer of the Workhouse, Dr Dwyer and Mr B.W. Webster Engineer were also in attendance. The following report was read. — "Gentlemen, I beg to bring under your notice the overcrowded of the Fever Hospital. Owing to the large number of scarlatina cases, the present accomodation for fever cases has become inadequate. The Fever Hospital at present is much overcrowded. There are over 40 cases where there is only accomodation for 26. We have also a case of enteric fever isolated in the Infirmary. Under the circumstances it has become imperative to make additional arrangements and I would suggest that the west building be prepared for the convalescent cases. It is absolutely necessary that new provision for the additional arrangement be made immediately. (Signed) J Dwyer. M.O.

It was proposed by Viscount Stopford seconded by Mrs Boyan and carried that the following be adopted:— A special meeting of the Board met on December 5th to consider the M.O's report and visited the premises referred to. They decided that the east end of the west building be fitted as a Convalescent ward ~~for enteric cases~~, and a portion of the west end be fitted as a ward for enteric cases, the work to be carried out by Clerk of the works without further delay, and he to procure the necessary fittings.

The report was then signed by all the members present.

Read resolution of Town Guardians calling attention to the urgent necessity for the Amendment of the Lyttelton Law, whereby the Wives & families of Tenants of Labourers' Cottages cannot be relieved by the Guardians when their husbands are in Hospital - Adopted

It was proposed by Mr John Sinnott JP - seconded by Mr B O'Reilly and passed unanimously

A case having occured in this Union of a tenant of a Labourers' Cottage (at Clonee in the Kilcoole Sub-Division) who dies from Consumption after a long illness leaving a widow and two small children utterly helpless and unprovided for, the Board of Guardians are anxious to retain her as tenant of the cottage and allow her a portion of out-door relief, but as the law now stands they are prevented from doing so. They consider this a most deserving case and they are seeking their representative in Parliament to have Section 2 of the Act 25 and 26 Vic. chap. 83 so amended as to bring this person and such persons within the scope of out-door relief."

States they understand there are about forty Fever-patients now under treatment in the Workhouse and they request to be informed of the number of nurses at present employed for day & night duty respectively in the Fever Hospital & the new Fever Hospital. They transmit copy of a return prepared by the Medical Officer showing the cases of enteric fever contracted in the Workhouse since the report of the Inspector Dr Smyth in Augt 1910. As it is very probable that these cases have been caused by defective drains the Suggest that when the number of patients diminishes the Guardians should employ a Sanitary Officer.
At present there are 2 patients - two day & two night nurses.

Read letter from Sir T.H Grattan Esmonde Bt M.P transmitting the reply of the Chief Sec. to the resolution of this Board in reference to the case of the widow of a tenant of a Lord's cottage in the Union, which stated that the widow worked at any period of the year, no matter how limited it might be, at agricultural labour for wages, she would appear to be entitled to remain as tenant of the Cottage and garden. The Guardians could not, however, afford her out-door relief, as occupation of a quarter of an acre of land is a bar to such relief under the Poor Law Acts, and there is no immediate prospect of legislation for the reform of the Poor Laws.
