DIRECTIONS FOR USING

THE

Pen Duplicate and Triplicate Books

MANUFACTURED BY

DOLLARD, Printinghouse, DUBLIN, Ltd.

Place a sheet of one-sided carbon paper, face downwards, between the first and second leaves, and then the sheet of black board after the Duplicate. Write upon the first leaf with a Duplicator or Manifold Slip Pen, and two copies will be the result.

In the case of a Triplicate Book, a sheet of two-sided carbon paper is placed between the 2nd and 3rd leaves, and then proceed as above.

A CARBO-PLATE can also be supplied to take the place of the black board. This is a plate which grips the carbon, and at the same time provides an extra hard plate, made of aluminium, which gives an extra clear copy, and enables the carbon paper and support to be placed in position for writing and withdrawn without touching the carbon with the hands.

The following Orders of the Local Government Board for Ireland were laid before the Board, and directions given thereon, as follows:—

No 57354 Nov 14/12
Seales Order appointing the Rev W H T Gahan the Chaplain of the Workhouse.

The following Letters from the Local Government Board for Ireland, and others, were read by the Clerk, and directions given to answer them respectively, to the following effect (or orders made on them respectively, as follows) :—

No 61751 Nov 22/12
Questions for answers respecting the persons who may be employed temporarily as Night Nurse

Read letter from Sister M Antonia resigning the office of Head Nurse in the Infirmary
Order Resignation not accepted pending decision of Rev Mother
It was resolved that we request the Rev Mother of the Community St. Johns of God to reconsider the transfer of Sister Antonia from the Infirmary
Since Sister Antonia took charge of this institution the greatest satisfaction has been given to all concerned and we do not consider it in the interests of the poor of this municipal District that this change should be made
We are quite sure that every person, Guardians and Officers interested in the concerns of the poor and the sick share in this opinion.
During the years Sister Antonia has been with us everything that concerned the work, and the duties of the Infirmary was accomplished in a manner most satisfactory. There have been no complaints—
Efficiency and general good feeling added immensely to what brightens life for those in suffering.
Her loss to the institution would be irreparable.
We therefore do not accept the resignation of Sister Antonia pending the Rev Mothers consideration of our appeal and we earnestly beg she will arrive at a decision favourable to the wishes, by unanimous expression of feeling,

Questions for answers respecting Mary Ward who has been employed Temporarily as attendant in the Midwifry Ward

Read letter from the Clerk of Swinford Union, in reply to letter from the Clerk, regarding the maintenance of inmates of that Workhouse.
In Compliance with the Workhouse Regulations, the Pensioners, all of whom suffer from some infirmity due to their old age, are placed under the charge of the Medical Officer of the Institution who prescribes their diet, which varies according to the necessities of each case. They are allowed to wear their own clothes, and they are permitted the utmost freedom consistent with the proper observance of the necessary discipline of the Workhouse. Their respective condition does not admit of any work being required of them, and they are placed under the care of a special attendant.
The Pensioners are permitted to pass out once a week for the purpose of drawing their pensions, but they are required to return immediately to pay to the Master the amount of the General Average cost of their maintenance, which works out at 4/- a week, the balance being retained by them to provide additional comforts for themselves.
This arrangement which has been working satisfactorily for the past three years, has not so far as the Guardians know resulted in any abuses. On the contrary, the Pensioners show their appreciation by evincing a keen desire to fulfil every

condition required of them. & on the whole the experiment serves to show that a good deal can be done within the narrow limits of the Workhouse System to remove the stigma of pauperism from the lives of those poor people, the majority of whom have neither a home nor friends. & so help them to bear better the burden of their declining years.

He has compiled a special form of Separate Record for recording the cost of relief in these cases & has received the approval of the L.G. Board. with the assistance of this record the Master is in a position to collect & [illegible] weekly the amount received from Relatives liable.

A Committee of the Board met on Friday Feb 14/13 for the purpose of considering the establishment of an old Age Pensioners' Home at the Workhouse.
Present in the Chair - Mrs Boyan D.V.C. Messrs Carton Etchingham Keegan and L. Walsh.
Dr Dwyer medical officer accompanied the Committee who inspected the proposed apartments.
It was ordered that the portions of the existing old women's ward and Infirm ward as well as the old men's ward and male infirm ward that are at present unoccupied be utilized as apartments for the old age Pensioners in the house.
It was proposed by Mr Tanning seconded by Mr L. Walsh and carried that "an arrangement which has given to an institution similar to ours the utmost satisfaction to a deserving part of the community, namely- the old age pensioners who have no friends to look after them is one which could be established here with satisfactory results. There is no question that we as Guardians of the poor should do our best endeavours to help those people to spend in the manner most beneficial to themselves the five shillings a week which comes to them from the State. Too often, this is not appended to the great advantage of those who receive it. This only is to be deplored. How may the matter be rectified by the Guardians without throwing an additional offense on those who pay rates and whose burden is at present heavy enough? The proposal is that a few rooms which are not necessary for other purposes should be set aside for those worthy old people. They could be kept suitably clothed, properly fed and well looked after in rooms which we should set

apart for the purpose at a cost to them of four shillings per week. Then they would have a shilling per week from their pensions to attend as they themselves would decide, in tobacco or something else that would be to their advantage.
This arrangement would be most likely to give general satisfaction and to enable those old people who are at present in the institution and who prefer the attendance they get here to what they could procure abroad for five shillings - to avail of the State grant and thus the rates would be lowered and the aged would be made more comfortable.

Read copy of the Order National Health Insurance (Subsidiary Employments) (Ireland) Provisional Order 1913 -

Read letter from the Sec National Health Insurance Commission as to the question whether officials of Boards of Guardians are employed within the meaning of Part II of the National Insurance Act. Recommended that the Court be decision in accordance with provisions of Section 66 (1) (11) & be directed to attention of the judgment of the Court that no Contract of Service exists

The Commissioners are prepared to consider applications from Boards of Guardians for refund of Contributions paid

Ordered that the Visiting hours in the Infirmary in future on Sundays be from 2 p.m to 4 p.m
That no persons, except inmates and officers be allowed to attend Mass in the Workhouse in future

Order Report to Mr Webster

Read Credit note for empties from Messrs Borlase & Co Ltd amounting to £4-5-7

Read letter from Mary K Roche, District Midwife Camolin DD in reply to letter from the Clerk, re complaint of Jas Byrne. stating she attended Mrs Byrne on the 6th inst immediately she got the ticket. it was a normal case of labour & no doctor was needed if the woman had a little patience. if she required a doctor She (the nurse) would send a note to the Camolin Medical Officer - There was a handy woman in the house who sent for the doctor when sending for me - James Byrne left his house about 7.20 p.m to get Carnew dispensary for Dr McKeogh but instead of doing so he brought in a doctor from Carnew. The case was not urgent. The baby was born between 12 + 1 a.m while the doctor was out in a neighbouring house -
She hopes the guardians will find this explanation satisfactory
