From the first^{day} of July 1920
as I arrived from the Quakers
I was not in the form
Having been 26 days without grub
I said I'd avoid my pursuers
If I had known to be no fun

So immediately I flew again
For ten months on the gun
But just at home for an hour or two
Hard luck and distress
The enemy had swooped again
and finally captured me.
I ^{beat through} fields and prisons
From the year 1916
But hopeful thoughts have made me feel
This will be finally
I have seen the dawn breaking
on our sacred ^{soil} fall - be
Let glorious land, our friends said
Here destined to be free
