In Re Dues to Collectors

Letter read from Collectors 23/3/99

As we are now closing our collection, and as you are aware, it was a very difficult task to perform in such a short time, and such a season of the year, we think we are entitled to some extra remuneration as we had extra work in consequence of levying Rate 6, and it was very difficult to get in money, and as our pound dues only comes to 1/2 what it formerly did. for doing more work than heretofore, and in other Unions where Collectors are paid for better than us, they are giving them Extra Remuneration; now we hope you will (as this is the last time you will have it in your power) will give the matter due Consideration, and do us the same justice as other Unions have done their Collectors.

Supplies to workhouse

Mrs E Fitt
Mr Whitford

They have repeatedly applied for payment of Balances of a/c which they claim to be due since the time of the late Master. And which the Guardians have refused to pay Several times without the orders being produced.

They assert that they produced them to the late master. but as he is dead and no witness to prove they did not the Boards Solicitor is of opinion if they take Legal Proceedings that they will decree the Guardians. So the Board would feel obliged for the advice of the L.G.Board in the matter as to whether they ought to pay it or not now. under the present circumstances.

I may add that there is no record of the goods in any of the books.

That Mr O'Dempsey Solicitor is hereby requested to attend the first meeting of the new Dist Council for the purpose of assisting the clerk to carry out the election of chairman, vice do &c. so as to get the Council and Board in working order.

It appears that the first Meeting of Rural District Council shall be held on the 5th day next after the Election which would be Thursday 11th April inst the regular meeting of the Board of Guardians would be Thursday the 13th April two days after the district Council meeting.

The Board wish to know from the Ty Board if their first meeting of the two bodies could be held on the same day say Thursday 13th April as otherwise a large number would be greatly inconvenienced by having to come to town two days in the one week so near each other at this busy season of the year.

Collection of Poor Rate

Letter read from L.G. Board No 18896 10th April 99

Referring to Guardians Minutes of the 30th Ultimo relative to the proposal to allow a bonus to the Rate Collectors in respect of the current collection of rates in the Union,
and stating that as it would appear that the full amount of legally recoverable rates included in the Collectors Warrants has not yet been collected and the L.G. Board would suggest that the Collectors should be called upon to lodge the amount of recoverable rates outstanding, and they might then be allowed to retain their Warrants with the view of recouping themselves, also stating that the L.G. Board cannot consent to ~~[illegible]~~ the Guardians' proposal to pay a bonus to the Collectors unless the total amount of legally recoverable rates is lodged forthwith.

Ordered "Referred to Mr O'Dempsey Solr to investigate and report to this Board as to whether the legally recoverable rates has been collected & lodged."

Mr Owen Doyle stated that there was a large B° present - of which he was Chairman on the day the bonus was allowed. there were 50 B° present from almost every D.E. & after investigating each case they came to the conclusion that the arrears outstanding were uncollectable, besides they account before the time of year all the present collectors were paid for 4 or 5 years after 31st Dec, then King there might be a chance of collecting them, but it is evident there is not, however we will see what can be done with them

Re
Change of Sick Diets

I beg to make a suggestion to the Board - that is, to allow an alternative tea diet to patients who cannot take, or who do not like milk -
It is a very important matter, and it appears to me that this would be the proper time to make the change, which can be very conveniently done by altering Diets Nos 2 & 4 = No 2 would then consist of 1½ lbs of White Bread. 1 pint of Tea & one pint of sweet milk, No 4 1 lb of White Bread. 1 pint of Tea & 1½ pint of Sweet milk.
The tea for these diets as well as the tea for the body of the house, to be of the following proportions = One lb of Tea, four lbs of Sugar, four quarts of sweet-milk to every eight gallons of water -

Viz - No 1 Diet - To remain as it is =
" 2 - To be allowed 1½ lbs Bread, 1 pint of Tea, & 1 pint of sweet-milk - instead 1¼ lbs Bread & 1 pt of Sweet milk,
" 3 - To remain as it is,
" 4 - Bread to be increased ¼ lb which leaves it 1 lb instead of ¾, no other change.

The Memoralists point out that the loss to Union Contractors on a/c of the bottles, jars, pots, hampers, and packages in which medicines are supplied, is a very serious item.
It will be observed that the prescribed form of Medicine Tender provides that Contractors shall take back at their own expense and risk all empty returns at full price, and does not warrant the Guardians in either retaining or purchasing such articles.

Union Accounts Order.

Letter read from L.G. Board No 124/M: 1899 22nd April 1899.

Stating for the information of the Board of Guardians, that there appears to be some misapprehension as to the manner in which the form of the financial minutes prescribed by the L.G. Board's recent Union Accounts Order is to be used, and in a few instances it appears to be considered that the form is to be sent to the Office in lieu of the copy of the Guardians Minutes heretofore forwarded. And pointing out that a copy of the Guardians Minutes of Proceedings must be transmitted as usual to the L.G. Board on the day following the day of meeting, and the financial minutes must be incorporated with the old form and substituted for the pages previously required for recording financial transactions, &c,
The L.G. Board consider that the Guardians would do well to procure a supply of Minute forms in which they should incorporate the financial Minutes prescribed by the Board.

Ordered "That as there is a large supply of old Minute Forms on hands the Board consider it wise to utilize them with the new financial forms, after which the Board will procure Minutes prescribed by the L.G. Board - viz — incorporating the financial minutes with the usual form."

COPY OF RESOLUTION.

RESOLVED—

"That we, the Members of the Board of Guardians of the Bandon Union, do hereby place on record our unalterable attachment to the principle of Home Rule for our country, believing that it is the inalienable right of the Irish People to have the management of their own affairs.

"That while we accept the Local Government Ireland Act as a measure of Justice long delayed, we protest in the most solemn manner possible, that we will never rest satisfied until the Imperial Parliament passes into law a Home Rule Bill, the same as was introduced by the late Rt. Hon. W. E. Gladstone, and which received the approval of the late Mr. Parnell, and the Irish Parliamentary Party, believing as we sincerely do, that Ireland can never become prosperous and contented, until she shall have the management of her own affairs."

Death of Mr John Mernagh P.L.G

—"That we, the members of the Enniscorthy Board of Guardians, hereby tender our heartfelt sympathy with the family of the late Mr John Mernagh, Coolamurry, Davidstown, in their sad bereavement. Mr Mernagh was for many years a most respected member of this board. He was ever remarkable for his great charity towards the deserving poor, for whom he had always a kindly word, and as a mark of respect to his memory, we hereby adjourn this meeting of the board."

Mr Owen Doyle said that as an old friend and an old colleague he took a melancholy pleasure in seconding the resolution. He knew Mr Mernagh not only as a guardian, but for many years before that he knew him as an old and valued friend. Perhaps he (Mr Doyle) would miss Mr Mernagh out of public life as much as anybody else. He was heartily sorry and he begged to second the resolution.

Mr Connolly, Clerk of the Union, said—I may join Mr Doyle in saying that I have known the late Mr Mernagh for many years, and I am therefore, in a position to endorse every word expressed in that resolution, as well as every thing Mr Doyle has said. I know Mr Mernagh was always foremost in rendering assistance to the poor, which he was very anxious to do. I regret his unexpected death, and although he has been ailing since last March, still we had expected to see him there again. But the Almighty has willed it otherwise. A few years more and we must all follow him in that last sad and weary journey—to "that bourne whence no traveller returns." Yes, a few years more and we shall all be sleeping our long last sleep beneath the green sod of Mother Erin, and others will take our places here, as will be the case with our lamented friend.

The resolution was adopted, and the board then adjourned without transacting any further business.

"The Board was accordingly adjourned and no other business transacted".

I also wish to report to the Board that the Potato Sprayers would be a great deal safer from breakage if they were put on something like a water cart with light wheels at least 48 inches in diameter and the barrel made permanent thereon, it is very inconvenient and risky to be changing them from car to car frequently, besides it is very difficult to get suitable cars, and people who have them do not like to give them for that purpose.

Mr T B Moffat's Letter to L.G. Board.

Enniscorthy, May 1899.

DEAR SIR—I enclose you a copy of the FREE PRESS of the 5th May, and beg to draw the attention of the Local Government Board to the giving away of the contract of flour by the Guardians of the Enniscorthy Union. Tenders for best bakers flour appears to have been sent as follows—

Rejected (1) Patrick Byrne, per bag 16 stone, £1 0s 1d.

Rejected (2) Edward Goff, do do, £1 0s 2d.

Rejected (3) Thomas Nolan, do do. £1 0s 9d.

Rejected (4) Laurence Kelly, do do, £1 0s 10d.

Rejected (5) Michael Doyle, do do, £1 2s 6d.

(6) Matthew Ryan, do do £1 3s.

I am informed that No. 6 (Mr M Ryan) had two tenders in—one for American flour, per 16 stone, at £1 0s 5d. Numbers 1 and 2 were, I understand, for the best Irish bakers' patent flour. The guardians passed over the lowest tender for the best Irish flour, the next lowest for the same, and gave the contract to a contractor for American flour at a higher figure. As a ratepayer I protest against the passing over of the lowest tender; as an Irishman I strongly object to the giving a preference to foreign flour at a higher price. Local industries will soon be crushed if a premium is to be put on foreign stuffs by those who should protect the ratepayers' pockets. I beg formally to draw the attention of the Local Government Board to the matter.

Your obedient servant,

THOMAS B. MOFFAT.

Ordered

The Guardians in the exercise of their discretion after inspecting the bread laid on the Board Room table manufactured from the different Samples of Flour sent in for trial and comparing the tender & prices of same made the best selection they could under all the circumstances – neither the highest ~~or lowest~~ or lowest tender was accepted, but the tender that was accepted was from a contractor – Mr Ryan – who had proved himself highly satisfactory with his previous contracts – besides in this case he was the old contractor and the Guardians were aware that they were paying up to 25/= & 26/= Per Bag for a third quality of flour up to the time he commenced to tender for the best flour at the same price as the Guardians were paying for a third quality.

On the occasion of the last contract the two lowest tenders quoted Davis's "Eclipse" at 20/1 and 20/2 per 16 stone Bag respectively.

Mr Ryan quoted Davis's "Best Eclipse" from their printed price list at 23/= per 16 stone – which left the Guardians under the impression that there were two qualities of "Eclipse" flour = and they did not like the bread made from either of the cheap samples as well as the bread made from the Finest Spring patent flour which they accepted =

To day the Baker was called before the Board and questioned as to its quality and he gave it the highest praise for both quality and produce, =

On the day the Flour Contract was considered there were 54 Members present

18 Members left immediately after the District Council Meeting

Checking of Rate Collectors Books

Proposed by Mr Lynch

} Passed unanimously

—"That this board thoroughly approve of the general order of the Local Government Board known and cited as the 'County Councils Order' recommending the Co Council (article 24, 4 and 5) to authorise their secretary to appoint as his deputy—for the discharge of the duties of examining and checking the books of the collectors of the poor-rate in any rural district—the clerk of any union which is in whole or in part situate in the county, as we are convinced that such a course will save very considerable expense, inconvenience and risk."

We therefore respectfully request the County Council of Wexford to instruct their Secretary to comply with the L.G. Board's Order & recommendation by appointing the Clerks of Unions in this County to discharge the duties referred to with which they are thoroughly conversant.

That a copy of this Resolution be forwarded to the County Council at once

"That this board have great pleasure in bearing testimony to the very efficient and satisfactory manner in which the poor-rate collectors of this union discharged their duties, and from what we know of them we are firmly convinced they will discharge their duties to the County Council fully as satisfactorily as they did to the guardians, and we trust there will be no hesitation in employing them. Having been informed that there is some suggestion made to split up the district hitherto collected by Collector Sullivan, this board is of opinion that such a course would be a grave mistake, as Mr Sullivan is well able to do the work and made the two collections of last year exceedingly satisfactory; at the close of which he had no collectable arrears outstanding, although there was £9 transferred to him when he commenced. We feel assured that Mr Sullivan will give the same satisfaction to the County Council as he gave to us. We further think it would be a dangerous experiment to give away a part of this collection to a new man unacquainted with the district."

I am also sending you form 3A - but I thought it better to not make out the other forms, as by doing so, the Compromise &c. in consequence so many errors being through the Rate Books =

I now find the Rate Collectors warrants and the amounts therein, are quite different to what I would have given them from the books.

After checking over the books as carefully as possible. we found Errors when the collectors were left, which could not be rectified now. hence the cause of the difference in Rate.

The collectors are complaining of wrong valuations in some places & careless figures in others with numerous errors in the Collectors.

MOUNTMELICK UNION,
BOARD-ROOM,
3rd JUNE, 1899.

SIR,

I have been directed by the Board of Guardians of this Union to forward you the undermentioned Copy of a Resolution which was unanimously adopted by them at their meeting on 27th ultimo; and to request that you will be so good as to lay same before the Board of Guardians of your Union at their next meeting for adoption.

I am, SIR,

Your obedient servant,

RICH. GOODBODY,
Clerk of the Union.

To the Clerk of each
Poor-Law Union in Ireland.

(COPY OF RESOLUTION).

Proposed by PATRICK A. MEEHAN. Esq, seconded by FRANCIS J. CORBET, Esq., and resolved unanimously:—

"That we protest against the proposal of the Government to give nearly £2,000,000 to the Landlords under the Tithe Rent Charge Bill out of the Irish Church Funds.

"That those Funds are the property of the Irish people; and should only be spent in promoting the welfare and general interests of the country.

"That if the Government persists in giving this large sum to the Landlords, we demand that an equal sum will be given for the re-instatement, or compensation, of the evicted tenants throughout Ireland, as Parliament by its Land Legislation has proved the existence of the grievance, for which the evicted tenants sacrificed their property for the welfare of their fellow-countrymen.

"Copies to be sent to County M.P.'s, Mr. Balfour, and the several Boards of Guardians in Ireland."

Adopted unanimously

In re Mr Moffat's Letter re Flour Contract

"Enniscorthy, June 3rd, 1899.

"DEAR SIR—I am in receipt of yours of the 1st June, containing what purports to be an account of the order of the Enniscorthy Guardians. The account is not in accordance with that published in the local papers, which purport to give a verbatim report of the resolutions passed by the Board. Whether the newspaper reporters suppressed part of the report, or the guardians or someone interested altered the resolutions stated to have been adopted is a matter not to be decided by me. I cannot, however, see that the newspaper reporters could have any object in suppressing part of the resolutions. You will note that in the report given in the papers not a word was said as to the inspection of breads from the various flours; nor was anything apparently stated as to the guardians having been paying 25s and 26s per bag for a third quality flour. It is not clear from the report why this price was paid for a third quality flour, but I need hardly point out that flour changes rapidly in price. When third-class flour was 25s a bag the Eclipse flour was 28s 6d. Quoting this price is clearly simply an attempt to draw attention from the points at issue. Mr Ryan quoted a gross price for Messrs Davis' flour, knowing perfectly well that this was their gross price and not the net one. If Mr Ryan's contemplated profit on the Irish Eclipse flour, of which this is only one quality, would have been in or about 3s. It would be interesting to know what the profit on the American flour would be in order to arrive at some idea of their relative values. Mr Ryan, the guardians' report states, was a contractor "who had proved himself highly satisfactory with his previous contracts—besides, in this case, he was the old contractor." No doubt, as the guardians were aware of the fact in connection with the price and quality of previous contracts they were aware also of the facts which appear to have been somewhat misstated. The flour supplied by Mr Ryan was, no doubt, satisfactory, it was Messrs Davis's "Eclipse." So far, Mr Ryan as a contractor was satisfactoay, but it would be interesting to know whether this Mr Matthew Ryan is the same Mr Matthew Ryan whose tender was accepted for the supply of flour by the guardians from November, 1898, to the end of March, 1899, at 25s 6d, and whether he refused to notify and carry out his contract. Further, whether the guardians or their officials entered into an arrangement by which Mr Ryan was to supply at the price of the day the very article for which he tendered, and having been accepted as contractor refused to deliver according to tender. I am informed that such was the case. Flour had fallen heavily by February, 1899—did Mr Ryan give the guardians the benefit of the fall? Might I ask, as a ratepayer, why the contract was in the first place not enforced, and when not enforced at what price Mr Ryan supplied the flour at the "price of the day." If Mr Ryan was allowed to repudiate the contract, then why should he not do so again. Yet the guardians assure the Local Government Board in defence of the purchase of American goods, that Mr Ryan "had proved himself highly satisfactory" as the old contractor. The guardians are reported to have called their baker before them and to have got from him the rather surprising statement that the 16 stone bag of flour gave 77¾ 4lb loaves. Any practical baker will inform you that no such number of well-baked 4lb loaves can be got from a 16 stone bag of flour. The guardians wisely omit to quote the baker's remarks for your Board's information, but I would like to point out that no such test appears to have been made before giving the contract, and, further, that what is known as a 4lb loaf is often nothing of the kind. I have often had bread bought in this town as 4lb loaves, tested to see if they were up to weight, and have usually found that they were considerably under weight. The guardians should know that such tests are worthless unless carried out by an independent expert. The proper test would be to test the weight of dough got from such bag of flour, and not the number of nominal 4lb loaves which is seldom equivalent to loaves weighing 4lb each of well-baked bread. Further, as you will note from experiments carried out by Messrs Davis (see their letter in the local papers of this date), the Eclipse flour gives a better yield than American Spring Patent flour, thus disposing of the supposition that the yield from the foreign article is greater in quantity. As to quality, the traders who tendered at the lowest figures are well known bakers themselves, baking a splendid bread, and men who would certainly deliver nothing but a first-class article. A fair system of testing bread no one can object to, but it should when intended to be relied on be made by an independent tester not, surely, by a baker in the board's employment. The facts are now admitted. The two lowest tenders for best Irish flour were passed over; the contract given at a higher price for a foreign stuff to a trader who could only quote 23s for what the two traders referred to could give at 20s 1d and 20s 2d respectively. The former flour was highly satisfactory, and is cheaper than that contracted for now. As you will see from the enclosed copy of a local paper, one guardian (Mr Sinnott) states that he would do the same again, whilst another (Mr P Bolger) says that the guardians must support the "Yankees." I trust the Local Government Board will take steps to stop this supporting of the Yankees out of the ratepayers' pockets. We have sufficient demands on the support of our own poor. It occurs to me that the system of voting for flour according to the contractor's name is working very badly. Why the names of those tendering should be given I cannot see. Surely the points to be considered are the quality and price of the article tendered for, Unless I am much mistaken, this is the system adopted by some public boards.

I remain your obedient servant,

THOMAS B. MOFFAT.

To Thos. A. Mooney, Esq., Secretary, Local Government Board, Dublin.

Mr Sinnott—I propose that you adjourn it for a week.

Mr Fortune proposed that they should not consider it, for they had answered and explained that matter before.

Mr P Bolger—I second that. Throw it in the wastepaper basket. Mr Fortune—They have all the remarks we had to make about it.

Clerk—It would be better for the parties writing those letters if they did not get our remarks, for they will be very clinching. Mr Sinnott—It is not the flour he wants to talk about. He wants to rule the board. Mr Bolger—Other parties pay rates besides Mr Moffat. Mr Fortune—We should not notice it.

Clerk—It would be better we did, because this letter will appear in the Press, and it would look very curious if we did not contradict it. Mr Fortune—Then you have to contradict every letter like it. He should not want a second answer; it is like cross-examination.

Mr Lambert—Mr Moffat's first letter was most misleading.

The Clerk suggested that the consideration of the letter should be postponed for a week, so that he might have an opportunity of refering to the minutes and looking up all the facts.

Mr P Bolger—If you go on like this Mr Moffat will make plenty of money.

A Guardian—He is not making money out of that. Mr P Bolger—He is earning it out of Mr Davis's pockets.

The consideration of the letters was then adjourned to the next meeting.

The Bonds and other securities in force were laid before the Guardians by the Clerk, together with his Report thereon as follows: (this on the second Meeting after the Annual Election in every year).

Flour Contract

Out of courtesy to the L.G.Board

Mr Sinnott proposed, and Mr Lynch seconded' the following resolution as an explanation to the Local Government Board relative to Mr Moffat,s letter on the recent flour contract ;— "This board hereby make known to all whom it may concern that we do not hold ourselves accountable for newspaper reports ; neither do we expect that space can be afforded to insert fully everything which passes here. The order on the minutes which was forwarded to the Local Government Board was passed unanimously and confirmed again after being loudly and clearly read at next meeting of the board when all the guardians at the former meeting were present but three. Heretofore the board was in the habit of inserting in their advertisement for flour that the preference would be given to Messrs Davis'—it being home manufacture—but after some time it was found that we only received one tender in reply to each advertisement for this important article of diet. In consequence of this very many ratepayers in town and country were complaining that the guardians were throwing away the ratepayers' money by not inviting open competition, but confining the contract for flour practically to one party. Mr Matthew Ryan never refused to carry out any contract he made with this board since his tender was first accepted." as the following extracts from minutes will show

"There was an advertisement for flour & issued for 28th June 1898, when only one tender was received from Mr Byrne, who was then the old contractor, and who it is but justice to say always gave general satisfaction in every respect;

He tendered to supply Davis's "C.C." Seconds - which is considered a third quality of flour - at 25/- per bag of 16 stone; before this the guardians were paying 26/10 for this quality of flour, which they considered too high but had no remedy for want of competition,

As there were numerous complaints against the bread made from this flour and a large quantity of it unused by the old decrepit inmates of the House, so that the "C C" flour was found unsuitable - the guardians came to the conclusion that it would be much cheaper to contract for a better quality of flour on which there would be likely to be very much less waste, so they readvertised for the 21st July 1898.

The Master was authorised to purchase flour for the ensuing fortnight which would elapse, before a contract could be received & considered, he invited tenders from people in the trade and received the following =

The Bonds and other securities in force were laid before the Guaraians by the Clerk, together with his Report thereon as follows: (this on the second Meeting after the Annual Election in every year).

Copyright: Wexford County Archive

Mr P Byrne tendered to supply the following - July 8th 1898
Davis's Eclipse at 28/= per Bag of 16 stone
" Diamond at 27/= " "
" C.C Seconds - 26/9 " "
" Pearl " 25/6 " "

Mr Thos Nolan tendered to supply Eclipse @ 27/6 per Bag of 16 stone
" Diamond - 26/6 " "
" Pearl 25/= " "

Mr Matthew Ryan tendered to supply Eclipse @ 27/3 " "
" Diamond " 26/3 " "
" Pearl " 24/9 " "

Mr Ryans tender being the cheapest he accepted it on his own responsibility for two weeks for Diamond at 26/3 and Pearl 24/9 (being 9d under Mr Byrnes & 3d under Mr Nolan and the guardians sanctioned his action in the matter - this disposes of Mr Moffats insinuation as to Mr Ryan not carrying out his contract with this Board, and officials entering into arrangements to allow him to supply flour at the price of the day.
In reply to the advertisement issued for the 21st July 1898 no one tendered but Mr Ryan - who offered to supply
Eclipse at 26/1 per bag of 16 stone
Diamond " 25/1 " " " "
C C Seconds - 24/10 " " " "
Pearl 23/7 " " " "

all the above flours having been tested the guardians came to the conclusion that the "Eclipse" was the best value and accepted it for 3 months which expired on the 21st October 1898.

In reply to advertisement issued for the 27th Oct 1898 two tenders were received for flour oatmeal and Indian meal as follows

Rent due by Guardians

Letter read from J.C. Roberts. J.P agent to Earl of Portsmouth dated 15th June 1899.

Requesting payment of one Years Rent due by the Guardians to the 25th March 1899 amount- £115:5:10 - I find under Section 51, Sub Sec. 7 of the Local Government Act that it is imperative on me to collect the outstanding rents due by them to last Sale day.

Ordered "Referred to Solicitor"

Mr P Byrne Davis's Eclipse @ 25/6 per bag 16 stone
" Oatmeal " 22/6 " "
" Indian meal. 11/6 " "

Mr M Ryan Davis's Eclipse @ 25/7 " "
Oatmeal " 21/6 " "
Best Indian meal " 11/= " "

It will be observed that Mr Ryans tender for flour was 1 per Bag over Mr Byrnes, but Mr Ryans tender for oatmeal & Indian meal were 1/= per Bag & 6d per bag respectively lower than Mr Ryans, so taking the tenders for flour, oatmeal, and Indian meal together into consideration - Mr Ryans was declared the cheapest on the whole and accepted for 6 months, which terminated on the 20th April instead of March as Mr Moffat stated =

On the 4th May last when the contract came to be considered, there was a very large board, consisting of 54 members, 18 of whom left just as the consideration of the contract was about to take place, leaving 36 who took part in considering the contract. As already stated in a former resolution the guardians—the majority of whom are large ratepayers—exercised their best judgment in endeavouring to obtain the best value they could, as cheap as possible. They did exactly what Mr Moffat states they should do—that is, they did not vote according to the contractor's name. What was done is this: The master, by the direction of the board on the previous week, took off the labels and put on numbers instead, and entered said numbers in a private book, so that no guardian could know who sent in the sample of flour until the selection of the best bread was made—not even the baker who tested it. The sample loaves of bread, made from all the flours, were laid on the board-room table, with the number stamped on each corresponding with the number on the bag of flour from which it was made. A loaf, with No. 3 stamped thereon, was selected as being the best and whitest, and by reference to the master's book and the tender, it was found that the flour from which No. 3 loaf was made was supplied by Mr Doyle, of Newtownbarry, but the price was considered too high, being 22s 6d per bag, although it was 6d per bag cheaper than Davis's best Eclipse, quoted at 23s per bag by Mr Ryan, the bread manufactured from which was marked as No 4. Nos 3 and 4 were then withdrawn owing to the price, and Nos. 5 and 6 were declared invalid, not having complied with the terms of the advertisement. The selection was then made between Nos 1, 2 and 7. No 2 was considered the best of this lot, and on consulting the master's book it was found that the flour from which it was made was supplied by Mr Matthew Ryan and bore No 2 on the label. At the time this selection was made no one knew where the flour from which the bread was made was manufactured. It is only fair to say that the baker who appeared before the board to whom Mr Moffat refers was only here for one week after the contract being taken, instead of the baker belonging to the house, who was away owing to the death of his wife.

So there could be no favour shown by the baker, and if they knew the flour they would favour Davis. This board is just as anxious to support home manufacture as Mr Moffat, so long as they do not have to pay too dearly for doing so. They are of the opinion, however, that many Irish manufacturers could do a good deal more than they are doing by encouraging the cultivation of Irish wheat and the rearing of Irish produce more than they are for years past. There is no doubt but if the name of the manufacturer had been known when the selection was made the home manufactured article would have got the preference, but we deny that any loss has occurred to the ratepayers by the transaction. On the other hand, we believe a considerable gain has been effected by the open competition. As to Mr Moffat's remarks about not supporting the Yankees, etc, we have only to say that every Irish miller must buy the wheat they manufacture from the Yankee, and as the Yankees are on the very spot where the good wheat grows, they are not likely to select the worst to manufacture themselves and send the best here. This board does not adopt Mr Moffat's suggestion as regards the Yankees, as we cannot forget that our kith and kin—nearest and dearest—have been afforded a living amongst them which was denied them at home by felonious and evicting landlords and their aiders and abettors, some of whom are endeavouring to pose as good Irishmen and Nationalists to-day."

Whiskey Contract.

Letter read from Mr P O'Neill re the Application

"DEAR SIR—From the report I see in the local Press of your proceedings of last Thursday in connection with the whiskey and other items, and the very unfair manner my tender had been treated, it being the only legal tender for whiskey before the board. Now, if the majority of your board approve of such proceedings, I will have to consider the propriety of withdrawing my tender altogether, it being perfectly clear that no contractor wanting only fair dealings would submit to such a course as that adopted. I have been a contractor for over 20 years and never wanted to buy over guardians, nor do I intend to do so now, but am satisfied to leave to the officers of the house, present or past, as to how I fulfilled my contracts. With regard to sugar, "Tate's Twos," which I tendered being such a standard article, and always the same, it is most absurd to reject it for want of sample. I would respectfully suggest, and I do think the majority of the board will agree with me, that the less they have to do with jobbery of any kind the more estimation they will be held in by the ratepayers and and voters whom they represent."

Analyst required

The Clerk reported that it will be necessary to appoint an analyst specially, as it is not likely people tendering 50/- under a very carefully made out list after long consideration will give satisfaction unless closely watched.

Another thing if Medicines are not carefully packed and sent off at once on receipt of delivery the analysis may be disputed.

Ordered

"An Analyst to be advertised for in General Advertiser and to be asked to quote terms."

The Guardians are also requested to settle the fee to be paid to Medical Officers substitutes while the Medical Officer of the District is away on leave or through illness.

Mr Fortune proposed
– Cleary Seconded

"That temporary M O's as substitutes be paid as usual £3:3:0 per week for outlying Dy. Dt. and £4:4:0 for Enniscorthy Dy. Dt;
And that the Medical Officers be allowed only 2 weeks leave of absence instead of 4 weeks."

Mr D J Callaghan proposed
" P Boyce Seconded

"That the Medical Officers be allowed 4 weeks leave of absence Remuneration to be paid in proportion to the M O's Salary under all heads."

The amendment was lost by 19 votes = 8 for it & 27 against it

Whiskey Contract

The following letter on the subject was read from Mr P O'Neill: "Dear Sir—From the report I see in the local Press of your proceedings of last Thursday in connection with the whiskey and other items, and the very unfair manner my tender had been treated, it being the only legal tender for whiskey before the board. Now, if the majority of your board approve of such proceedings I will have to consider the propriety of withdrawing my tender altogether, it being perfectly clear that no contractor wanting only fair dealings would submit to such a course as that adopted. I have been a contractor for over twenty years and never wanted to buy over guardians, nor do I intend to do so now, but am satisfied to leave to the officers of the house present or past as to how I fulfilled my contracts. With regard to sugar, 'Tate's Twos,' which I tendered, being such a standard article, and always the same, it is most absurd to reject it for want of sample. I would respectfully suggest, and I do think the majority of the board will agree with me, that the less they have to do with jobbery of any kind the more estimation they will be held in by the ratepayers and voters whom they represent."

In re
Tender accepted by Guardians for the supply of Flour to the Workhouse

Letter read from L.G. Board No 38538 5th July 1899

Forwarding a letter which has been received from Mr Thomas B Moffat, Solicitor, relative to above, and requesting that the L.G. Board may be furnished with the Guardians observations in reference to the statement that an official of the Union, had been engaged in canvassing Guardians for their support, in connection with the Contract in question.

Proposed by Mr Daniel Nowlan
Seconded by Mr Thomas Cleary
} Passed unanimously

"The Guardians have no observation to make on the subject."

Mr Moffat's cutting was taken from issue of 23rd June 99 but the following is from 1st July 1899

Mr Atkins Also Feels Aggrieved.

Mr Atkins said he had been reported in last week's papers as making use of some strong comments on the practice of officials canvassing guardians in connection with the contracts. He certainly made use of the statements attributed to him, but he believed when making that the reporters would regard as private, especially as they were made before theminutes were read.

In reply to the clerk, Mr Atkins said that the official he referred to occupied a very minor position, and was neither the clerk, Mr Mernagh, Mr Whelan, R O, nor the master.

(Mr Moffats Letter to L.G. Board.)

Enniscorthy, 30th June, 1899—Sir—Referring to recent correspondence I have now to draw the attention of the Local Government to the statement made last week at the guardians' meeting by a guardian (Mr J Atkins) that an official of the union had been engaged in canvassing guardians for their support in reference to the flour contract. The only satisfaction afforded Mr Atkins for courageously bringing forward the matter was from the chairman, who remarked 'that during my life time and yours this sort of canvassing will go on.' I have no knowledge myself as to what official is referred to, but if tenders are sent in in the contractors' names, and if an official using his knowledge, accordingly proceeds to canvass for support of a guardian it certainly reveals an astounding state of affairs in this unhappy union. I enclose a copy of one of the local papers, and suggest that if the guardians will not enquire into the complaint against the official, the Local Government Board should do so—Your obedient servant, T B Moffat."

Masters Report Continued

Referring to my report of the 6th inst re the tea supply and the Boards order thereon, I have received the following letter from Mr. J. Palmer, tea taster as follows

"Dear Sir—Your favour of the 7th inst to hand this morning. As I think I explained to you on a former occ sion, it is usual with most unions that I have to deal with to take delivery at once of the tea accepted, and my minimum fee of £1 1s covers the selection and examination of bulk with original sample at the time of declaration of contract. Of course if your board prefer to take delivery as they require only, and they should wish to have each delivery tested, I should be pleased to undertake it until the termination of the contract for the sum of £2 2s. If I may be allowed to suggest to the board, I think that possibly they might find it more to their interest to divide the contract into two separate ones, say of six or eight chests each, instead of one of twelve or thirteen chests, as if the contractor has to hold the tea selected for nine months, it must of necessity deteriorate considerably towards the end of that period. I merely offer this as a suggestion for consideration in the future."

Ordered

Three Months supply to be taken at each time £2:2:0 to be paid to the taster for testing all samples of Tea sent to him until the 31st March 1900.

The Nuns have got a respectable situation for an inmate named Sarah Byrne, who is 17 years in the House. Owing to the great length of time

~~Agriculturist's Report~~

she has been in the House her clothes have become useless. Will the Board under the circumstances kindly grant her an outfit to take up the situation,

Ordered "£1:10:0 worth of clothes allowed,"

Mr Roche has supplied 100 yards of Blay calico please have it inspected.

Ordered "A Committee consisting of Messrs J. Hennessy. J. Lynch. & J Cleary inspected and reported not equal to sample to be returned to contractor,"

In re
Registration Office

Letter read from Registrar General to Chairman of Board of Guardians No 3896 10th July 1899

Acquainting the Board of Guardians that Dr. R.J. Mitchell, late Inspector of Registration who recently visited the Union reports that the window of the Strong Closet of the Register Office is stiff and has not been opened for a long time, and he shall be much obliged if you will give directions to have the window eased and fitted with a proper handle, as soon as possible.
Also stating that in spite of the dry weather traces of mouldiness appear on the Register Books, notably in some of the Marriage Registers and recommending that the strong room should be heated by a system of Hot Water pipes, this method of heating having been carried out with very beneficial results in other Unions,
and expressing the hope that the Guardians will be so good as to authorise this important improvement being affected".

Ordered

"That the Master get the White Smith to ease the Iron Window referred to and repair the lock of inside door, Considering that as a fire is constantly ~~lighted~~ in this room and the boiler from which the proposed water pipes could be supplied is only used ~~twice~~ a week any alteration of existing arrangements would entail more expense than the needs of the occasion required,"

The Bonds and other securities in force were laid before the Guardians by the Clerk, together with his Report thereon as follows: (this on the second Meeting after the Annual Election in every year).

In re. Relieving Officers

To The Enniscorthy Board of Guardians

Gentlemen/

As this is the day appointed to adjust the Officers Salaries in Compliance with the letter of the Local Government Board: which allows this Board to increase or diminish the Salaries Consequent on the increase or diminution of their duties.

We therefore as Relieving Officers wish to point out to the Board of Guardians the Granted increase in our duties as Compared to heretofore.

Namely:— We are obliged to attend one day a week more at the Clerks Office which in itself entails Considerable trouble and expense. The forms of the books to be kept are different with many additions. Besides every half year we have to register all Cases anew.

Our Salaries as Compared with any of the Neighbouring Unions are not at all equal to them. Take for instance Waterford £65, Wexford £40, Gorey £39. respectively, for R.O.'s a year; while ours are only £30. for one, and £25. each, for the other two Year. We respectfully ask the Board to favourably Consider our application for an increase

The greatest objections I see to it are its great weight & cut legs & its unnecessary height It seems however to be very well put together Tho built for the Fever Hospital I do would suggest that it be used for the Infirmary where an ambulance is much more frequently required as it is somewhat lighter than the old one which could be transferred to the Fever Hospital

Portsmouth Estate

To G Roberts Esq JP
Estate Office

September 22nd 1899

Dear Sir

Referring to previous communication I am now instructed by the Guardians to make a proposal to the Landlord to purchase the holdings of the Guardians from the Landlord under the Land Purchase Acts at 22 years purchase of the present rent to include the hanging years rent now demanded and of course the costs of the purchase

I am desired by the Guardians to point out that the annual profits of the farm are very inconsiderable averaging over the last 3 years only £11 odd, and were it not that the Guardians as local Authority will probably be called on to utilize the lands under the powers of the Technical Instruction Acts, they would have seriously considered the propriety of retaining the farm at all

Trusting that his Lordship will give a favourable consideration to the foregoing proposal

I remain
Yours truly
