"Dr Furlong to make out a report as to what he would recommend in reference to the matter for the 16th inst"

A Letter was read from the Secretary of the General Council of the County Councils asking the Guardians to appoint 3 of the members to meet the representatives of the other Unions in the County relative to the Amalgamation of Unions

Mr A Power proposed & Mr D Lacy seconded

Resolved

That the Board considers the proposed Amalgamation of Unions in this County would entail great and unnecessary hardships on the really destitute and sick poor without any corresponding saving to the ratepayers as the examples of the Unions Amalgamated lead us to believe that no saving could be effected without unduly harassing the poor & afflicted and as the representatives of the ratepayers and the poor would have to journey long distances, we would not be able to devote as much time and attention to the interest of our constituents and the poor as their cases would demand and as we possibly could not attend all the meetings of the Board of Guardians & Council with which we might be amalgamated

until it is clearly proved to us that the Amalgamation of Unions in this County would be a benefit to the ratepayers & the poor we respectfully decline to appoint a Committee to consider the matter

As an Amendment Mr J Cleary proposed and Mr Atkins Seconded
Resolved - That we appoint a Committee to confer with the
Committees from other Unions as to the advisability of Amalgamating
the establishment of Auxillary Asylums, District Infirmaries,
& District Schools & Benevolent Homes, in conjunction
with

On a poll being taken the Amendment was Carried Mr
Paker & Mr Lacy dissenting - The Resolution was
lost the same two members only voting for it

The following Gentlemen were appointed as a Committe
Messrs J Hayes J S Atkins and D Boyle

Mr J Cleary proposed and Mr J S Atkins seconded and
it was unanimously resolved

That the County Council of Wexford are hereby requested
to pass to the Credit of the Enniscorthy Board of Guardians
at least £2500 as we are nearly £2000 indebted to
our Treasurer for which we will have to pay 4% interest
This is the 3rd Request for funds to carry through

The Clerk's Report of Vaccination was read (this on the first meeting in every month). Number of successful cases:—

The Report of the Visiting Committee was read, and Orders were made thereon as follows:—

The Medical Officer Reported as follows

with reference to the new Sanitary Arrangements for the Hospital I thought it well to notice make a few rough pencil sketches, which will show at a glance what is required and will also show the best place to have the necessary building erected. No 1 shows the Ground plan on the Male side and the same by just reversing it will apply to the female side. No 2 will show what I have called a birds eye ~~view~~ elevation, that is a view partly from above so as to show what I would strongly recommend - a large Glazed cistern instead of an ordinary roof - water for flushing the Closets & would be most essential for a large establishment like this it is often very hard to procure a sufficient quantity, the water from the roof could be thus utilized without any further trouble would bring up a full supply for at least three months of the year The depth of this cistern could be considerably increased by lowering the Ward room on both floors and have the upper one entered by a short stairs. As an improvement on the plan shown in No 1 a bath room could be introduced when the lavatory is working & the lavatory placed at the extreme end. However the entire plan could be elaborated by your Engineer Mr Casey. I am glad to perceive by a very recent order that the L.G.B. are prepared to grant loans repayable in 25 years for such purposes as this if therefore You expend say £400 on building and furnishing two blocks it would only cost the union £16.0.0 a year & a small interest

"Postponed for two weeks"

The Master reported as follows

I lodged to the Credit of the Guardians £5.7.6 amount received for 43 tons of Oats

The Report of the Tea Taster on the Samples taken from the different Chests is Satisfactory

The Tailor requires 200 Yds Abbey Calico & 100 Yds of Corderoy

An Inmate named Inman stated that some parties owed him money

Report of Committe

Which visited the Farm on the 23rd. Nov. 1899.

%%%%%%%%%%%%%%%%%%%%%%%%

In accordance with the order of the Board, we visited the farm.

The general appearance of the farm is good,we find there has been

~~xxx~~ four or five fields which have been mowed no less than three is

or four times, there about two acres of a lea field which has been mowed twice: we ~~xxxx~~ reccomend that that field be broken in February and tartary oats sowed ~~xxx~~ in it next Spring. There is a Stubble field ploughed about two acres which we recommend should be sowed with potatoes next Spring for the use of the House. We recommend that a couple of thousand of cabbage plants be planted in drills in a breadth in the little paddock to the South of the House immediately to come in against May. We also recommend that the field at the back of Cosgrave's be skinned light with the skinner and ploughed deep with the Chill plough.

We recommend that none of the land be mowed again- except where there is a first crop meadow. We recommend that the three windows of the stable be taken out and a strong wire netting put in their place/ to prevent the horses from being broken-winded. And we also recommend that ~~one~~ on fine days, when the horses would not be working, they should be let out on the field next to the river, on which there is grass a foot high.

The long metal windows to be taken out of the other stables and thick wire netting be also put in its place.

As regards the turnips they are fair this year, an average crop-.

We recommend that they be not offered for sale untill the 1st. week of January, against when, there may be a price opened :

Mr O Dempsey Solr. wrote Dec. 20th 1899

Re demand for Poor Rate on Workhouse Farm referred to me on 14 Dec. inst. I also enclose letter addressed by me to Capt. Pigott Sec. to County Council re above. The Guardians have referred the enclosed demand note to me to advise as to whether they ought to pay Lord Portsmouth to whom it is addressed having refused and referred the Collector to the Guardians who are the tenants. I am disposed to advise the Guardians to pay it if you address the demand note to them as I think Lord Portsmouth's refusal is well founded. But we have the Auditor to face and it would remove all difficulty in Vouching the payment if the demand note were addressed to the Guardians. I trust you will see your way to do this and return me the demand note amended as requested; I also enclose Capt. Pigotts' reply declining to alter the demand note.

"I recommend the Guardians to pay."

Copy of Capt. Pigott's reply to Mr O Dempsey

I regret, I cannot see my way to alter the demand note enclosed as suggested by you. It is a correct copy of the assessment from the books of the General Valuation Office and for that reason I cannot interfere with it.

Ordered "To be paid."

Letter read from P. J. O'Flaherty Sol. dated 19/12/99

Following our letter of yesterday with reference to rent due Lord Portsmouth. We think it right to point out that under 51 Sub Sec. 7 of the Local Government Act, every debt which became due after the passing of the Act must be paid within the half year, whether the first or second six months of the Local Financial year in which same became due, or within three months after the expiration of such half year, as we understand your Financial half year ended 29th Sept. and the three months therefore expire 29th Dec. hence the necessity for our letter and for his Lordship taking steps to protect his right before 29th Dec.

Notice of Motion

As there are 10 Nuns engaged nursing the Sick and infirmary patients in this Establishment at present and in charge of the Hospital in connection therewith as well as attending to very many other important duties and as it is impossible ~~for them~~ that number elsewhere to hear Mass daily. And as the Ross & other Unions have made arrangements to have the Holy Sacrifice of the Mass celebrated every morning in their Chapel so as to afford the Nuns and the poor old infirm and delicate people

on the brink of the grave the opportunity of assisting at the Holy Sacrifice of the Mass and also the consolation of having a Priest to recite the Solemn Office for the dead before interment. I hereby give notice that on the 1st day of March 1900 I will move that this Board increase the Salary of the Roman Catholic Chaplain from £60 to £100 a year so as to enable him to perform the duties referred to the same as Rev Ross for which salary I am informed his Lordship the Bishop will give us an additional priest to enable the Chaplain to perform all the necessary duties

Dated 1st February 1900

Signed Daniel Bowlan

This arrangement will be found to be no loss to the Ratepayers when the time of a man & horse for 2 or 3 hours every day is taken into consideration, often when required to go long distances for patients - thereby necessitating his being out till a very late hour at night - and running the risk of making serious accidents this often happening for that acct. in consequence of losing so much time in the morning patients to the infirmary or accidents of our own ambulance not being available when required.

Daniel Bowlan

THE RECENT FATAL ACCIDENT.

Maurice Murphy, Boolabawn, wrote as follows —"Gentlemen—Being a friend to the deceased James Murphy, who died on the 22nd ult., in the above institution, and summoned by the Crown as a witness to identify the body for the jury at the coroner's inquest, and being one of the largest ratepayers in The Leap Electoral Division of the Union, I consider myself justified in commenting on and inquiring into the treatment of patients admitted to the house. As to the unfortunate accident that was the cause of his death I have nothing to say. He was admitted, according to the Porter, at twenty minutes before two o'clock on the 21st of February, and died on the following morning about nine a m. He was over nineteen hours in the house between his admission and his death, and let die without either priest or doctor."

—"The doctor saw him once. Who is responsible for this state of affairs? The ratepayers and the public want to know. If the boy was brought to the poorest cabin on the road he would have got both priest and doctor. Did the officials want to consult a doctor before bringing a priest to a boy that 21 cwt weight of a cart went over? The doctor's visit was immediately after admission. The deceased was perfectly conscious at the time.× Two hours after he was visited by three friends. He again complained× and wished the doctor would come.× He never came until he was dead. He must have suffered great agony for the last hours 15 minutes before death. Several other friends thought to see him after the first three succeeded, but were stopped in the porter's hall and were informed it was the doctor's orders. If they could have seen him he might not be let die without the clergy If the doctor left such orders why were they not carried out in the first instance. If the deceased was quite drunk, as the doctor stated before the board, it was extraordinary how sensible he spoke to him about his complaint and about his relief. He also stated it was only apprehended that the cart went over him. Would he be surprised to learn that it was seen going over him."

×'He complained about the water × when he took it from him he expressed himself relieved ×2 of the water and relieve him

—"He also says it is not at all probable that a priest coming to a person under the influence of drink could or would do anything for him. Assuming that the deceased was drunk, he had 19 hours to get sober from the time that he saw him. In that long space of time did Dr Furlong go to the slightest trouble to find out if the deceased wanted the priest, or was in a proper state to receive him. Everyone admits he was perfectly conscious from first to last. I attended the inquest on a summons to identify the body. I was there in a double capacity. I had a perfect right to be there, and a perfect right to find out how he was treated from the time of his admission until death. I put some pertinent questions to the doctors on the matter, when the Coroner objected, and peremptorily ordered me from the room and called on the police to remove me, without the slightest protest from the jury."

"no order"

James Leary, Boolabawn, also wrote as follows—Gentlemen—I have seen the report of your last meeting in the Press, and the unfounded statements made by Dr Furlong in connection with the death of poor James Murphy. He brands Mr Corcoran's men as a drunken trio, myself included. Dr Furlong did not see us, or we him, on that day. We were not more than two hours and a half in Enniscorthy, and the most of that time We were getting our cars loaded. Our master was present when we were leaving the yard for home. He can, and will, certify as to our condition, if necessary. Now, I challenge Dr Furlong to prove, either himself or anyone for him, that I was either drunk or incapable on that day, or any other day, in Enniscorthy or anywhere else. I think as much about my character as Dr Furlong although I am but a poor man. Therefore I require Dr Furlong to retract or verify his unfounded statement. We admit we were labouring under great excitement. I would like to know who would not. We knew James Murphy was killed. We knew a car 21 cwt went over him. There was no doubt about it. The marks were painfully visible. He was in the employment with me for years. We all liked him. Everyone liked him. He had no enemies. We never knew anything by him but what was good. I called Dr Dowse, who was passing by. He recommended the hospital. We brought him there. He was not unconscious. He was not drunk, but was unwell for days previous to the occurence. Dr Dowse was mistaken. If we were a drunken trio, as Dr Furlong is trying to make us out, why did the Crown summon us as witnesses at the inquest. In conclusion, allI require from the board is that this letter will get as much publication as the infamous charge that prompted it—I remain, gentlemen, yours respectfully, &c. Marked "Read"

L ho 12340 1900 Dated 7th March 1900	Adverting to minutes of the Board on the 15th ult and expressing their sanction to the proposed payment of remuneration at the rate of 5/- a week to Mrs O Rourke for her services as temporary midwife of the Ferns Dispensary District & returning her testimonial	
L ho 13 8024. 1900 Dated 7th March	Adverting to minutes of the 8th inst & requesting to be furnished with full particulars respecting the Charges of Neglect of duty preferred against the Medical Officer & the Midwife of the Clonroche Dispy District in the midwifery case referred to in the minutes	The charge was made verbally by Mr Kennedy against Dr Delany & Mrs Holohan A copy of the newspaper report forwarded with minutes

ALLEGED NEGLECT.

Mr Kennedy said he had a painful case to bring forward in which a midwife and doctor had neglected their duty. The worst of the case was that the woman died. When he heard the rumour circulated, he spoke to the midwife. He asked her was she to blame and she said not, that she could clear herself, and that the doctor was to blame. He was speaking to the doctor later on. The doctor d... not blame the midwife though she had blamed him. He was speaking to the husband afterwards. He said he went to the doctor's house with a red ticket about nine o'clock in the morning, but the doctor did not arrive at the woman's residence until half-past 12 or one o'clock. The doctor was at home. At four o'clock he sent a messenger into town for Dr Furlong. Dr Furlong could not go, but Dr Kelly went in his place. Dr Kelly did not arrive until after eight o'clock and when Dr Kelly went there he delivered the woman in a few minutes. The woman died between five and six o'clock the next morning. I think as the case stands and as there is a contradiction amongst the parties, the best way to clear up the matter would be to demand an inquiry.

Mr Cowman pointed out that this was a very serious matter, and the cost of a sworn inquiry would be very great. He probably issued more tickets than anyone else in Dr Delaney's district and he always found Dr Delaney ready and willing to do his duty. He never knew Dr Delaney to leave a patient so long as alleged by Mr Kennedy. They would find that Dr Delaney did his best in this case.

Mr Kennedy—Did he do his best? Perhaps he was only practising on the woman (cries of "oh, oh.")

Mr Owen Doyle—Mr Kennedy is not a medical expert and I don't see why we should go to the expense of a sworn inquiry on his statement. Mr Cleary—It was stated by Mr Kennedy that there was neglect and that should be inquired into.

Mr Doyle—I don't see why you should con-

...support the committee hope to develop other ...gain by it. Given that loyal whole-hearted ...is practically no limit to the advantage you will ...it. The following Letters and other Communications were read by the Clerk, and Orders were made on them respectively as follows :

Date	From whom	Subject Matter	Order of the Board thereon
6/3/1900	Dr Delaney Clonroche	Stating he had no Objection to the Vaccination of defaulters being deferred until next month	

Bree, Enniscorthy,
6th March, 1900.

DEAR SIR—I beg to acknowledge the receipt of your communication of the 2nd inst stating that the board of guardians require a written explanation as to the alleged neglect of duty in the case of Mrs Redmond, Clonroche, who died on the 7th of January last. You do not state that neglect of duty is alleged, and I have, therefore, to take it that I am to answer certain charges contained in Mr Kennedy's speech at the meeting on Thursday last, as reported in the local papers. The principal charge appears to be that I did not attend Mrs Redmond immediately on receipt of the ticket, and Mr Kennedy states that the woman's husband came to my house at 9 o'clock, and that I did not arrive at his house until half-past twelve or one. I entirely deny that. When Redmond arrived at my house it was after ten o'clock and I was in Clonroche, which is five miles distant, before 12 o'clock. I am not depending on my own memory—three persons in my house saw Redmond, and they state that it was half-past ten when he arrived, and they also know that I started almost immediately for Clonroche. It is also charged or implied that if I had sent sooner for a second doctor the woman would have been delivered sooner—this is also wrong. I had to perform a certain operation, and after successfully performing the first part of it, it was necessary, as it often is in this operation, to allow an interval to elapse before completing it. Accordingly I had to wait, and I sent for Dr Kelly in time to assist if necessary at the completion of it. If he had come sooner we should have had to wait just the same. Any attempt to accellerate delivery would also accellerate the woman's death. Mr Kennedy did not inform the board that Mrs Redmond (who was only recovering from influenza) was in labour from Thursday night until Saturday morning before I was sent for. Though Mrs Holahan was not with her until Friday night, Mrs Redmond herself told me she was bad from Thursday night. I feel bound to say that if I had been sent for sooner the patient's life might possibly have been saved. I have avoided making any charge of neglect against the nurse; probably she sent for me as soon as she recognised the gravity of the case; but if so it is regrettable that she did not recognize it sooner. At any rate it is most unreasonable that she should try to cover her mistake by making charges of negligence against me.—Yours, &c.

M DELANEY, F R C S I.

March 6th.

Gentlemen—I see by the message of your board that yous wants an explanation from me about Mrs Redmond's case. I was called to her house the 5th January about six o'clock in the evening. I found she was then commencing her labour. I stayed with her all night. Then, in the morning I found it necessary to send for the doctor. When he arrived, and after being there for an hour I said to him, "Sir, I think it would be well to get another doctor since it would be nothing out of your pocket." He replied that he thought no one could do any more than he could do. He then continued for hours, when at last he said, "Well, I believe in all fairness to Mrs Redmond and her husband I will send for another doctor." He then withdrew. I asked him would it be necessary to get the priest. He said there was no necessity, but if we like we might have him. The priest came and gave her the last rites. Then after some hours Dr Kelly arrived and delivered her in 7 minutes. I am a midwife 10 years. I have charge of a district when this month will be out 8 years. I believe that Mrs Redmond's death was brought about by prostration and from being left without the assistance of another doctor. I stayed with her after the doctors went away. I found she was dying. I had to go on another case about an hour before she died. That is what I have got to say. Believe me to be yours humble servant, Mrs MARY HOLOHAN, District Midwife, Clonroche

March 6th—The morning of the 6th January I arrived at the place where Dr Delaney stops ten minutes past 9. I met a boy in the yard and asked him if the doctor was at home. He said he was. I told him he was wanted on an urgent midwifery case in Clonroche, and I gave him a ticket telling him to tell the doctor to make all the haste he could as the woman was bad since 4 and 5 o'clock yesterday evening. He did not come until one o'clock. He commenced his work then. I did not see him. That was well for him. At 2.30 I asked him how he was getting on. He said he was doing his best and he could do no more. I went away and he went on with his practise. Then he left the place at night and never said bring the woman the priest. When he was going away he said you will have to bring another doctor. He named Dr Furlong, but as Dr Furlong could not attend Dr Kelly came in his place. After Dr Delaney telling me I would have to get another doctor he went to Mrs Hore's public-house, and I had to wait an hour for the order from him for the doctor. And I think it could be plainly seen that he had not much interest in the case. The priest visited the woman; when he came he asked where Dr Delaney was. He was told he was at Hore's, and the priest had to go in to him. The priest gave more satisfaction than the doctor. He said it was all over with the woman. It only took Dr Kelly an hour and twenty minutes from the time he was sent for until he arrived, and that was not much longer than it took Dr Delaney to write the order for him to come.

Peter Redmond, Clonroche.

Gentlemen. I see by Dr Delaney's letter of the 8th where he states that I covered my mistake by putting the blame on him He fumbles by saying I did not send for him in time though again he said if Dr Kelly came soonr he would have to wait, it do be very hard indeed to know the exact way to state his anyone fumbles when they are doing so. I think now Dr Delany cowardly accuse me of what he know in his heart I was not guilty of. I sent for him to soonr for what happened. I sent for him for a case of natural labour in which there was a little delay but when he came he turned it to very unnatural labour by his wrong management which I can without fear state let any Doctor ask me what occured and I will tell them as the case was very painful to me to see poor Mrs Redmond & her child to be lost in the want of proper attention. I again state if she had to be delivered by Dr Delany when he came or when he found out he was not able to do it himself, if he then had to immediately summon the assistance of another. I say she would be alive. Mrs Redmond was only coming labour when I was called to her. She was washing some little things when I went through. Dr Delany stated that she was sick from Thursday so she might but not in labour now any information that is wanted in this case. I can give it fearless Mrs Redmond said when she was dying she had nothing to say to me

Yours faithfully

The following Letter was read

Gentlemen

I have before me first the Statement of Mrs Holohan Midwife Clonrooke relative to the Case of Mrs Redmond Clonrooke Second the Statement of Mrs Redmond Finally the Statement of Dr Delany Medical Officer Assisted Dr Delany to deliver Mrs Redmond, I read the Doctors Statement with regard to the previous conduct of the Case and it is my deliberate opinion that Dr Delany could not have acted otherwise than he did in the management of a most difficult & complicated case The reason that I was enabled to complete the delivery of Mrs Redmond so quickly on my arrival in Clonrooke was because of the skilful and masterly way in which Dr Delany had prepared the way. Dr Delany's delay was inevitable & complied with the directions laid down by all Authorities and I may [illegible] say that had Dr Delany delivered Mrs Redmond before the time that Matters were ripe for such procedure. He would have caused Mrs Redmonds immediate death

Dear Sir. I see by the published reports of the proceedings of last Thursday's meeting of the Enniscorthy Board of Guardians that one or two further false statements are made in reference to the death of Mrs Redmond Clonroche. From Redmond's letter some people might infer that I spent an hour drinking in a public house, whilst he was waiting on me for a letter to take to Dr Kelly. Anyone who knows me, however, knows also (as Mr Owen Doyle kindly stated in the discussion which followed the reading of the letter) that I never take intoxicating drink of any kind & I took none on that occasion. I had asked of Redmond's for some writing paper & as there was none in the house I went to Mrs Howe's house which is close at hand to get some. Redmond was outside his own house & asked him to come with me & I would write the letter for him. He came part of the way, but then turned back saying that he wanted to get a horse. I told him to come to Mrs Howe's as soon as he was ready. He came in about 15 minutes & I gave him the letter: if he came in five minutes he would have got it. As regards sending for a clergyman, I advised that it should be done & I saw the Clergyman myself later on in consequence of what I said to him, he supposed the woman for death

I am Dear Sir Yours very truly
M Delaney LRCSI.

Boys Schoolroom
Workhouse March 29

Dear Sir

I beg leave to state that the whole cause of my absence during the periods mentioned in the report made against me on last Thursday was owing to the severe illness of Mrs Howlin who was confined on the 14th March. It may be well to remark that Mrs Howlin has been residing outside the Workhouse for some time. I have since taken the pledge and append certificate to that effect

Your obedient Servant
James Howlin
Schoolmaster

"The Board accept the Schoolmasters explanation"

The following Letters from the Local Government Board for Ireland and others were read by the Clerk and directions given to answer them respectively, to the following effect (or orders made on them respectively, as follows) :—

carried out with a view of improving the accomodation in the workhouse and the Sanitary Arrangements of the Hospital

Plan or Specification have not yet been received

L No 17786. 1900. Dated 28th March

Referring to previous Correspondence relative to the death of a patient named James Murphy shortly after admission to the Workhouse Hospital and forwarding for the information of the Board the accompanying copies of reports received from the Medical Officer and Master of the Workhouse on the subject

Both explanations considered satisfactory one Guardian dissenting in the case of Dr Fitzlong's explanation

L No 13823. 1900 Dated 28th March

Acknowledging the receipt of the Resolution of the Guardians of the 21st inst proposing to increase from £60 to £100 per Annum the Salary of the Roman Catholic Chaplain of the Workhouse & stating that the Resolution does not explain why it is not considered necessary to impose additional duties upon the Chaplain beyond those which he has hitherto been called upon to discharge and as the present Chaplain has been only 2 years in office the proposal to increase his Salary from £60 to £100 a year appears open to question

They are desirous however of meeting the Guardians wishes as far as possible and they have therefore decided to raise the salary to £90 a year, that being equal to the average Salary paid to Chaplains of Unions Classed with Enniscorthy

Mr Dowlan proposed
Mr Hennessy Seconded and it was passed Unanimously

Copyright: Wexford County Archive

—The reason why it is considered necessary to increase the salary of the Roman Catholic chaplain from £60 to £100 a year is as follows:—The Nuns or nursing Sisters bound by their orders to assist at the holy sacrifice of the Mass daily, and for that purpose must be conveyed about a mile every morning, so that they cannot be back in their places less than 1½ hours. Those of them who cannot go to first Mass must go to second, so that the celebrating of Mass in the workhouse would prevent them having to go elsewhere, and would enable them all to be always in the house attending the sick and other duties to say nothing to the saving of a man and horse every day. Another thing, from experience we find that it is in the morning as a rule that weaknesses generally come over poor old delicate people, and at a time too when all the priests are engaged saying Mass in the Cathedral and Convents in the town, as well as confessionals in their own chapels, so that it is extremely difficult to have them here in time in case of urgency. Had there been a priest here to celebrate mass some time ago poor Murphy would not have died without being attended to by him, as he would have been available at the time he got the sudden change. Another point is, our chaplain is only bound to say mass here on Sundays and holydays, hear confessions and attend the sick when sent for. this he does punctually for £60 a year his present salary. But the celebrating of Mass every day in the workhouse Catholics know could not possibly be done for the six week days for less than £100 a year, which is only £40 for the increased duties. This would only be equivalent to 2s 6d a day, which the poorest person would give for a private Mass. Then the reading of the burial service over the dead is considered very important by the poor people as well as the opportunity of assisting at Mass daily, which is all the consolation they expect in this world. To perform these duties it is necessary for our present chaplain to procure assistance which he cannot get less than £40 a year, nor even for that only the nuns are supplementing out of their own resources so as to enable them to give their whole time to attending the sick poor in this house. Although the present chaplain is only about a year appointed, still he has been assisting the previous chaplains here for the past 20 years. When £90 a year has been paid in other unions, this board understands that Mass is not celebrated daily in the workhouse or the burial service read over the dead.

The Board therefore respectfully request the Local Government Board to sanction the arrangement referred to as we are thoroughly convinced that we could not confer a greater blessing or benefit on the poor of this house or one which would be as much appreciated by them as to give them an opportunity of assisting at the Holy Sacrifice of the Mass daily or having the Burial Service read over them when they die.
