THE ASSAULT ON MR. HEALY.

The following resolution, in respect to this matter, was proposed by Mr. James Gallagher, seconded by Mr. Jonathan Haughton, and passed unanimously:—"That we, the Board of Guardians representing the majority of the ratepayers of this union, tender to Mr. T. M. Healy, M.P., our sympathy with him under the unprovoked assault which has been committed on him, and whilst fervently praying that he may soon be enabled to resume his position as the fearless and uncompromising defender of his country's cause, we denounce the miscreant by whom he was assaulted, and deeply regret that any man could be found to inflict such grievous—it may be permant injury—on Mr. Healy, whose undoubted abilities have always been devotedly given in his country's cause."

The Clerk was ordered to send a copy of this resolution to Mr. Healy.

VOTE OF CONFIDENCE IN MR. PARNELL RESCINDED.

Mr. Owen Doyle said he stood up to propose a a resolution which he now held in his hand. The board passed a resolution of confidence in Mr Parnell here about theh 20th November, and before the ink was dry on the paper a great many regretted it. He proposed that resolution of confidence in Mr. Parnell, but it was not his own composition, it had been put into his hand to propose, and there were only three or four guardians present when the resolution was adopted. He now moved that the vote of confidence passed on that occasion be rescinded.

Chairman—Before reading the resolution I want to say that I exonerate Mr. Doyle from any selfish part in the proposing of the vote of confidence in Mr. Parnell. At the time it was passed it was handed to him, and there were only three or four guardians present when it was passed.

Mr. Peter Keogh—I think you had better leave the matter alone for the present. You have his likeness there above your heads.

Mr. George Murphy—Oh, no, let it be settled now.

Mr Doyle then proposed—" That while we shal be ever mindful of the services which Mr Parnell ha rendered to the cause of his country, we are now constrained to declare it as our firm conviction that the shameful disclosures in the Divorce Court remaining still disproved. and the issue of his vindictive, misleading and treacherous manifesto on the 29th Nov, last containing the most false and ridiculous insinuations against some of the ablest and most faithful advocates of our country's cause, and also against the leader of the English Liberal Party, who is endeavouring to remove the grievances under which Ireland is suffering so much, and whom Mr Parnell himself proclaimed as our great leader, immediately after the Hawarden conversation ; his intolerable conduct in Room No 15, when he presided as chairman in his own case—contrary to honour, etiquette, and the rules of every regulated assembly, legal and otherwise, and then refusing to receive or put any resolution from the chair which did not meet his own views, also refusing to abide by the decision of the great majority of his party in violation of a pledge which he should be the last to break ; his persistent efforts during the past four months in endeavouring to create disunion between the priest and people, together with his brazen attitude before the country during that period, combined with his apparent carelessnes as to the wants and requirements of our oppressed and suffering people for the past five years, during which time they believed illness was the cause of his inactivity, which delusion is now dispelled, as shown by his disregard for all sense of decency and honour, which are convincing proofs that he does not hesitate to sacrifice the interests of his country to gratify his pride and passion — his unblushing audacity in appealing to the people to close their ears to the question of morality, render him, in our opinion, totally unfit to be leader of a people who, on the whole, have ever esteemed the virtue of purity a most sacred treasure. Being convinced, as we are, that no sacred cause can succeed without the aid of our priests, or prosper without the sanction and blessing of our bishops, who are and have ever been the faithful and unselfish friends of the people, we deem it our manifest duty to discontinue our adhesion to Mr. Parnell's leadership, and we hereby rescind the resolution passed by the board in reference to him on the 20th November last, on the faith of his promise to Mr. Davitt conveyed to the Archbishop of Dublin."

Mr. George Murphy seconded.

In re Internal Changes in Workhouse

Report of the C.O.

The C.O. of 5 members of this Board of Guns. appointed to Consider the Changes, as recommended by the L.G.B. Inspector sent in a long Report, unanimously signed by all 5 —

Ordered

"To be printed in the Local papers, in order that the Guardians & Dr Furlong may have an opportunity of Considering the Recommendation fully."

THE PROPOSED CHANGES IN THE HOUSE.

With respect to this matter, the following report was read:—"Gentlemen, on the 7th ult., a committee, consisting of Messrs. John Cullin, J.P., Haughton, Gallagher, P. Murphy, and Hayes, was appointed to meet and consider the changes, recommended by Dr. Furlong, and to see if they would agree to it, or recommend a less expensive plan, which would suit the purpose and satisfy the requirements of the Local Government Board and your board, and accordingly the following members of the committee met at the workhouse on the 26th ult. After going through the house with Dr. Furlong, inspecting same, and hearing his plans fully explained, and after due deliberation, the committe who met, came to the conclusion that the plan, recommended by him, was too expensive, and also quite unnecessary, as will be shown hereafter, there being already a great deal of room unoccupied, and not likely to be occupied which could be utilised for the purposes required. Your committee recommend that the idiots be changed from where they are at present, down to the men's chronic ward, for the purpose of letting the space, which they now occupy into the infirmary. This change would afford all necessary accommodations for the number of idiots in the house at any one time, and also satisfy all requirements in connection with the proposed enlargement of the infirmary. If it be considered that the chronic ward, is sufficient for the necessary accommodation of the idiots, they can be put to sleep in one of the three vacant dormitories over same, and let them have the chronic ward to serve as a day-room. We also considered that the idiots may be allowed to go about with safety in the able-bodied men's yard, as they are now and alway have been doing, particularly as there is a paid ward-master always in charge of them."

The report was signed by Messrs. Cullin, Jonathan Haughton, Patrick Murphy, Thomas Hayes, and James Gallagher.

THE ASHBOURNE ACT.

Mr. Jonathan Haughton proposed, and Mr. Darcy seconded the following resolution.—

"That having fully considered Mr. Balfour's Land Purchase Bill since its introduction, we consider Lord Ashbourne's Act far more preferable from every point of view, and are convinced that unless evicted tenants be at liberty to purchase the holdings from which they have been evicted, which are at present occupied by planters or land-grabbers, and that the amendment moved by Mr. Parnell (without consulting the Irish Party) excluding all tenants whose rent and valuation exceed £50, be eliminated altogether, and that unless the bill be amended wholesale in committee, and the Insurance Clauses which are absurdities too grotesque for argument, be completely removed, it will become, in our opinion, an injustice too oppressive for endurance, and from our knowledge of the country, we are convinced it will be sure to lead to discontent, dissension, and strife. That a copy of this resolution be forwarded to Mr. Alfred Webb, this evening." Passed unanimously.

The following Accounts of Expenses incurred under the Sanitary Acts were laid before the Board. viz.:—

Re "Internal Changes" in E.S. House

(2) Furlong's report

THE PROPOSED CHANGE IN THE HOUSE.

Dr. Furlong, the medical-officer, reported that he was not a little surprised on reading the report of the last committee appointed by the board to report on the proposed changes to ameliorate the condition of the male idiots, to find that they again recommended the present chronic ward to be turned into an idiot ward, and that they advocate the promiscious mixing of the idiots and epileptics with the able-bodied and infirm classes. Being requested to meet each of the committees at the workhouse, he did so, and to the last as to the former, he clearly pointed out that from a sanitary point of view the arrangement would be highly objectionable, and that there were other very urgent reasons why such a change ought not to be made. He here stated that, bad as undoubtedly are the present idiot wards, the scheme, as suggested by the committee, would be unmeasurably worse. There are at present seventeen idiots and epileptics in the house, and they had no reason to suppose that would at all represent a maximum number; and as medical-officer of the establishment, he wou'd protest against huddling these poor creatures into a room that is lighted and ventilated by a single door and a single window, and from its position and surrorndings it would be altogether impossible to improve that state of things. Dr. Furlong also protested for the very serious reason, mentioned in his last report, against the idiots, and epileptics being allowed into the able-bodied men's ward. A few years ago the chronic ward was specially arranged on the ground floor, and near the yard, so as to enable the blind, the lame, and those too infirm, to force several flights of stone stairs, to enjoy a little open air, even in fine weather. Now, if they relegated these poor people to an upper storey, as suggested, it will at once deprive them of this necessary recreation. This ward is at present overcrowded with fifteen beds, and where then will the seventeen idiots and epileptics be placed, not to mentioned a ward-master's room? It will always be necessary to have a limited number of cells. There is no provision, whatever, made for them in the report. To come to the most important item of all, the greatest defect in the present arrangement is the want of an independent day-room, as in bad weather the idiots have to live day and night in their sleeping apartments. This seems to have been altogether overlooked by the committee. The saving in fires proposed would, he feared, be woefully at the expense of those for whose comfort all these changes are about to be undertaken. As to the alteration scheme—which was not his, as mentioned in the report, any more than that I approved of it—it supplies all the requisite conditions—ample and well-ventilated accommodation for the idiots, for both day and night, with wardmaster's room, cells, and independent exercise ground. Dr. Furlong, before concluding his report, wished to deal with a few of the objections urged against it. There is, first of all, the expense; it will be at the very substantial interest of five per cent. It would only amount to the small sum of £9 a year. In the next, the changing of the Protestant church, and if the chaplain objects, he thought it ought not to be done, but the proposed new one will be in every way similar, will have a brighter and warmer aspect, and above all will be away from the noise and disturbance of the boys' yard. There will be a substantial stone wall between it and the new day-room, which will cut off all the noise; another objection is that some of the windows of the day-room open on the boys' yard. These can be built up and still leave ample light and ventilation. Even if this scheme be not adopted he should advise that the boys' school and dormitory be very much curtailed in size, as being out of proportion to their number they are unnecessarily cold in winter.

In reply to the request of the L.S.S. Dr Kelly of Enniscorthy, sent in a long report as to the state of this grave yard, to be sent on to the L.S.B.

THE CLOSING OF ST. MARY'S CHURCHYARD.

With reference to this matter, Dr. Kelly wrote—I visited the graveyard called St. Mary's, Enniscorthy, which surrounds on two sides the Church of St Mary's. It is situated in the centre of the town and surrounded by dwelling houses, having Court-street on the western side, Lower Church-street on the eastern, Church-street on the northern, and dwelling-houses on the southern side. It may be seen from the accompanying sketch that the position of the graveyard is most objectionable, surrounding on three sides a place of public worship, the graves being in some cases as close as, and closer than, 8 ft from the church wall, Again, it is itself surrounded by dwelling-houses. On the western side a dwelling-house comes close up to the boundary wall, and on the other side being but a few feet from it, in some cases 25 feet, and in others even less. Just at the entrance gate, there is a portion of the ground 8 feet over the adjoining way, and about the same height over the foundations of the adjoining houses. The graveyard is very much crowded, the graves being as close as possible to one another and the sexton, J. Parslow, informed me in some cases he saw but one foot and a-half of covering for coffins. The community of the church, for whose accommodation the burial-ground is presumably intended, are well provided, having a new cemetery just outside the town. Moreover, the authorities of the church are unanimously anxious to have the place closed. For these reasons, and on account of the protection it would afford to the public health, I am of opinion that this graveyard should be closed against future interments. The board unanimously agreed that the graveyard should be closed.

THE EDUCATION QUESTION.

Mr. Hayes proposed, and Mr. Laurence Kelly seconded, the following resolution, which was passed unanimously :—

"That we endorse the resolution of the Cork Corporation in directing the attention of the Government to the work that has been accomplished by the Christian Brothers in imparting a sound, moral and religious education, and we trust that when the grant for free education (which Mr. Goschen proposes in his Budget) is being allocated, that a portion will be devoted to the needs of this valuable order, as no body of instructors merit public recognition and monetary support more than the Christian Brothers do. Up to this they have been precluded from sharing the funds liberally bestowed on other schools owing to their consistant refusal to yield to the requirements of the Commissioners of National Education as regards religious matters, notwithstanding that they have scored brilliant successes, and have thrown into the shade other schools with unlimited resources."

A copy of the foregoing was ordered to be forwarded to Mr. T. M. Healy, M.P.
