Medical Officers Report

David Redmond whose leg I amputated some time since, is now able to leave Hospital, but of course he would be unable for any Employment without an artificial limb. Would the Board kindly allow me to order one for him?

N. Furlong M.O

Ordered

"Dr Furlong may Order an Artificial limb for David Redmond"

Agriculturist's Report.

That he was Employed during the past week making Hay Rick & stacking the Corn he hopes the Board in their usual kindness will allow the old man a cup of Tea while saving the Crop.

The Board will please Order a Steam Threshing Machine while the day is long & the time fine.

ordered

"Tea to be given & Steam Threshing Machine to be procured from Mr Mullett"

TECHNICAL EDUCATION.

The Local Government Board forwarded copies of sections 1 and 4 of the Technical Instruction Act. 1891, 54 vic., cap. 4, which applied to Ireland. The sections provided that (1) a local authority might, subject to the conditions and restrictions in the section, Instruction Act '89, make such provision in aid of the technical and manual instruction for the time being supplied in a school or institution outside its district as might in the opinion of the authority be necessary for the requirements of the district in cases where similar provision could not be so advantageously made by aiding a school or institution within its district; and provide or assist in providing scholarships for, or pay or assist in paying the fees of students ordinarily resident in the district of the local authority at schools within or without that district. (2) In distributing the provision made in aid of the technical or manual instruction, the local authority might consider all the circumstances of the case, and should not be bound to distribute the provision so made exclusively in proportion to the nature and amount of efficient technical or manual instruction supplied by those schools or institutions respectively.

The document was marked read.

Medical Officers Report

Mr Burke the new D.P. Inspector asked me to accompany him on Friday last round where the alterations are being made. He quite approved of Everything Except the new Recreation yard for the Idiots which he considers too small & I think it will be conceded by all concerned that he is right. He also objected to the Workshops being placed within the Hospital building as being inconvenient & distressing to the patients; He particularly requested me to call the attention of the Board to this matter. The Workshops could be suitably & inexpensively placed where the cars are at present & a few pounds would extend the end of the yard out for about 12 or 15 feet which would be a great boon to the poor Idiots.

In re Medical Officers Report on

The Chairman appointed Messrs. James Doyle Patrick Murphy. Edw. Doyle & Wm Attison as a Committee to inspect the Internal changes Recommended in re yards &. sheds & Infirmary.

Mr James Doyle on behalf of the above Co. Reported as follows: ——

We have inspected the yards referred to in the Medical Officer Report, & have come to the conclusion that the most convenient place the workshop for Tailor & shoemaker could be built is in the yard adjoining the Bakery. outside of the door where there is 20 feet × 14 feet of clear ground inside; We Recommend the house be lofted - the Tailors shop to be upstairs & the shoemakers downstairs - a fire place with flues to be put in it. We have agreed to leave the cart house where it is, and we have also agreed not to take in any more ground for the Piggery yard, as to enlarge it any more than it is would cause too much Expense & trouble, & spoil the appearance of the place outside by cutting down the trees & making a new road way. So we consider that what we have Recommended would be the least Expensive (in our opinion) and would be the most convenient. provided the work-shop for Tailor & shoemaker ~~Baker~~ do not interfere with the light or access to the Bakehouse.

"

The Board of Guardians beg to remind the L.G.B. that they have been furnished with full particulars already (in August last) in respect to the divisions for which the Board asked an Instalment (of the ~~loan~~ loan sanctioned) of £1480.

"

The Board of Gns respectfully asks the L.G.B. to sanction the issue of this Instalment at once, as the "Ordinary Poor Law" Rates of the Union have been spent to carry out these Schemes, & the Board is now in debt to its Treasurer."

Inre Waterford Election"

THE ASSAULT ON MR. MICHAEL DAVITT.

Mr. O. Doyle, V.C., said there was a resolution placed in his hands which he would read to the board, and it was one which he never had greater pleasure in his life proposing than when handed that resolution with which he was sure they all would concur.

Resolved—"That we, the Board of Guardians of Enniscorthy Union, on behalf of the majority of the electors of North Wexford, whom we represent, hereby indignantly condemn the disgraceful and murderous assault committed on honest Michael Davitt at Waterford on Sunday last; and we now earnestly call on the manly and patriotic electors of the city of Thomas F. Meagher to squelch out factionism and ruffianism by returning to Parliament by an overwhelming majority the man who was suffering penal servitude for Ireland, while John E. Redmond was comfortably situated in a Government office at Westminster. That a copy of this resolution be forwarded at once to Mr. Davitt at Waterford."

Mr. O. Doyle—Davitt was in prison when John E. Redmond was in London. That was quite true.

Mr. William Murphy seconded the resolution, and it was passed unanimously.

The Clerk laid before the Board a "Receivable order" from the Board of Works Dublin. for Instalment due Nov^r 1^st. 1891 on re Loans under Labourers act. Amt £311:11:9. Also a Circular letter dated Dec^r 15^th calling attention to the fact that this claim had not been met. & if not paid within one week "the recovery of the amount will devolve on the Solicitor appointed for the purpose.

After some discussion
It was moved by Mr Owen Doyle & seconded by " J. Houghton } and adopted nem Con

Resolved

—The Board of Guardians, of Enniscorthy Union, referring to the letters of the 31st October, '91, and 15th December, '91, as to instalment due to Board of Works to November 1st, 1891, in the matter of loan under the Labourers Act, beg to point out that of the sum of £7.015 sanctioned to be advanced to the Union to carry out schemes authorised by Provisional Order of 26th September, 1888, the sum of £1,115 yet remains unpaid to the Board although all the houses authorised have been built. The Board of Guardians has spent the ordinary rates of the union in advance expecting immediate receipt of this amount, and there are now no union funds to meet this demand. When the Board receives this balance due them, they will meet the claim for payment of instalment, without delay. The Board request payment of this balance therefore, as there are no valid reasons, of any moment, why it should not be advanced at present."

ordered

Referring to the letter of the Local Government Board sanctioning the issue of instalment of loan under the Labourers Acts, of £685, since received, the Board of Guardians respectfully request the Local Government Board to sanction the issue of the remaining balance due of £1,115, as all the houses authorized by the provisional order of September 26th, 1888, have been built, and there is no reason why such a large amount should be retained from issue at present. The Board of Guardians are prepared to carry out the suggestions of the Board's engineering inspector, but respectfully submit that the large sum yet due the Board is quite disproportionate to the trifling repairs which require to be carried out in the houses built by the Board of Guardians."

MEDICAL OFFICERS' DUTIES—PERSONS ENTITLED TO RELIEF.

The Local Government Board, referring to the minutes of the 14th inst, wrote stating in reply to an inquiry contained therein, that a medical officer of a dispensary district is bound to attend every "poor person" in his district on whose behalf he has been presented with a ticket duly signed by a person duly authorised to give such tickets, but if he has reason to believe any case to be an unfit one for the continuance of medical relief it is competent for him to report the circumstances to the Dispensary Committee who may cancel the ticket if they think fit to do so, but the medical officer cannot discontinue his attendance until relieved of this responsibility by the cancelling of the ticket. The Medical Charities Act provides that if any person who shall obtain a ticket for medical attendance shall be declared, by a majority of the members present at the meeting of the committee not to be a fit object for dispensary relief the ticket shall be cancelled and the holder disentitled to further relief, but the consideration whether a person taking into account the circumstances in which he or she may be placed, is or is not a fit object for dispensary relief, rests with the discretion of the committee.

"The Board of Guardians begs to say that they were, and are quite willing to have the necessary repairs pointed out done to the houses, but they fail to see the fairness of keeping back the large sum of £1130. from being issued to the Union. in order to force these repairs being carried out which repairs could probably be all completely done by an outlay of about £30 at most and thus causing such financial Embarrassment to the Union.

The L.G.B might sanction the issue of £1000 - at once. and leave the balance over as sufficient security to insure the carrying out of the necessary repairs "

Maurice Murphy's Report
in full
re defects on houses
pointed out by L.G.B.

Mr. Murphy then handed in the following report:—"In compliance with the request of the Local Government Board I make the following report in connection with the repairs on the labourers' cottages. Out of the 62 houses authorised to be built and repaired under the above order, 57 new houses are now completed, 56 being occupied, and 1, in Castletalbot Electoral Division, still in the hands of the contractor. Nos. 44 and 45, in Ballyhuskard, not repaired; plots fenced, and in possession of tenants. Nos. 33 and 34, Ballyhogue, not repaired, and plots not fenced. No. 122, Newtownbarry, abandoned. In connection with defects pointed out in the engineering inspector's report, they are all now remedied; but a few exceptions remain in connection with privy floors. The contractors believe they cannot be compelled to lay concrete floors when not included in the specification. All piggeries belonging to 56 houses are now supplied with suitable gates and doors. The off-sets in all houses where damp-course was omitted, pointed out in Mr. Deane's report, are since weathered and pointed with cement. The sand reported as being too fine, used in building No. 66 in Castletalbot Electoral Division, is the only sand that can be procured in the locality, as no other sand can be found equal either in Castle Ellis or Ballyvaldon divisions and cannot be got nearer than the Slaney, 10 or 12 miles distant. In justice to the contractor for the houses of the above division I must say that he spared neither time nor money in the erection of seven cottages which are splendidly finished. The porches are done with concrete with ornamented tiles on the top. The chimneys are provided with solid concrete heads nine inches deep. The contractor directed me to inform the board that he was prepared to give a guarantee to keep his contract in repair for five years from date of giving up his contract. I must direct the attention of the board to the fact that all the houses now built were in the hands of the contractors when I made the final inspections. I found the kitchen floors not broken but finished with a fair even surface, only in two cases where the contractor had to relay them. In the majority of cases the houses were occupied a considerable time, and the floors broken up for want of care long before they were inspected by Mr. Deane. I have no power to compel contractors to repair floors if broken up after possession is given to the tenants. The 7th paragraph of the memorandum of agreement entered into between the guardians and labourers is as follows:—'The tenant shall, whenever required during the tenancy, within one week after service upon him of a notice in writing by the guardians, repair and make good the kitchen floor, the glass of windows of said premises; also, that they must be whitewashed, and stop all such parts of said premises or any of them as are now plastered, and repair the fence of his plot of ground according to the terms of such notice. In witness whereof the guardians have hereunto affixed their corporate seal, the tenant has thereupon set his hand and affixed his seal the day and year first herein written.' I may point out the whole responsibility did not rest with me to carry out the works successfully. The guardians, by resolution, imposed the duty on themselves individually to inspect the work in their respective divisions as it proceeded, and directed the clerk of the union and presiding chairman to issue or sign cheques for contractors on my certificate without the signature of the guardian of the division where work was being done. Therefore, I would not get a contractor paid unless the guardian was willing. I may add that the defects pointed out in Mr. Deane's report were of a trifling nature unless in two cases, one in Rossard, where the entire chimney had to be removed and re-built with good bricks; the other in Killan, where the entire external plastering had to be taken down and re-done. The cost of time and material for all the repairs in the whole union could not exceed £15. The defects would have been remedied long since but for the unfavourable state of the weather for the past three months. I would respectfully suggest to the board of guardians to have all the houses in the union inspected and reported on at least three times a year, if not they will have serious repairs to remedy very frequently with the floors and windows, and, especially, the boarded floors in some houses will soon fail in consequence of the state they are kept in. My report, dated 26th Oct., '91, is described as being inaccurate and misleading. I admit it was inaccurate in giving the correct number of the houses then completed only by one house. My report was not misleading, as I made a detailed report to the best of my knowledge and information."

The report was adopted, and a copy was ordered to be sent to the Local Government Board.

Letter Read L.G. Bd 16th Feby 1892 4690 92 Mis

Requesting the attention of the Bds. to the fact that the Repayment of Instalments Due Nov 1st 1891 £311:11: had not yet been made.

Proposed by J. Whelan Seconded by J. Hayes } and Orders Rem Cor

The Guardians Bd. at once, on receipt of the Balances due them by the Board of works issue a cheque for the Amt referred to £311.11.9 - but the Bd think it would be very unreasonable to ask their Treasurer to whom they are already in debt to a very large amount, to advance a further sum of £311.11.9 to be paid to a Corporation who hold a sum amounting to 3 times that amount, belonging to the Board of Bds."

The following letter was written
by Mr O'Flaherty

without prejudice

Dear Sir, In reply to your letter of the 25th Feby. claiming on behalf of Maurice Murphy, the sum of £25.10.0 alleged to be due him for marking sites for the Labourers Cottages for the Scheme of 1891. I am directed by the Guardians to state that apart from all other objections several Members of the Board have complained that owing to the course taken by Mr Maurice Murphy in disregarding the Rules laid down for his guidance in marking sites, a number of them have been marked in such places & manner & times, as to be necessarily disallowed by the Inspector of the L.G.B. on the Local Enquiry, and his work so far, will have been wholly useless to the Guardians

Having regard also to the fact that this part of Mr Murphys duty is marked the sites, to attend the Local Enquiry & verify by his Evidence the sites so marked; the Guardians have thought it reasonable to postpone the consideration of his claim until after the Enquiry, and accordingly they trust under the circumstances that you will recognize the reasonableness of postponing proceedings till after the Inspector has reported,
