Mr Edw^d Kernagh assistant Clerk

With Refce to letter from L.G.B. N° 1388 dated 28th July 1897. as to the memorial praying for the position of asst clerk of the union consideration of which was postponed for a large Board.
after considerable consultation the following was proposed:-

"That as Mr Edward Mernagh has now had six months experience as assistant clerk of this Union, during which time we are aware — he has got a very severe grinding: so that he must have acquired a fair knowledge of many things in connection with the Office — such as copying the different Abstracts; Rate Books; Return of Inmates; Posting up Rental of Cottages; Making out apportionments &c. and as for integrity, sobriety, diligence and strictest attention to business he is every thing that could be desired: Besides his character is unimpeachable — Qualities which ought to have considerable weight with the Guardians after having had so much experience of others.
This Board, therefore, would most respectfully request the Local Government Board to reconsider their decision, and grant Mr Mernagh a further period of 6 Months probation, to enable him to utilize and put into practice the knowledge he has laboured so arduously, and continuously late and early — to acquire during the past 6 Months"

We have considered Mr Barry's bill in connection with the Ferns Waterworks & think it Correct, and recommend the Board of Guardians to pay the amt

The Ferns Waterworks.

Mr Haughton reminded the board that though the Ferns waterworks were completed more than a year there was a balance of £250 not paid. They were very much annoyed at people sending in their bills when they were not able to pay them. The Local Government Board had recommended the payment of the loan, but they had not received it, and he would therefore move, "The supplemental loan to complete the Ferns waterworks has long since been sanctioned by the Local Government Board, and we have applied on several occasions for the amount. The contractors and other parties concerned require their money, and have sent in their accounts several times, and if not paid will take legal proceedings against the board. We would put before your board again the urgency of sending the balance."

The Board Elected the following Ratepayers to be Members of the Committees of Management of the following Dispensary Districts, respectively:—the Clerk to make a return accordingly to the Local Government Board for Ireland, and to issue the prescribed Notification to the Members elected, and to the Medical Officers of the respective Dispensary Districts, in pursuance of Articles 1, 2, and 3 of the General Regulations for Dispensary Districts. The Clerk was also directed to supply Check Books of Medical Relief Tickets (Forms E 1 and E 2), in pursuance of Article 29 of the Dispensary Regulations, to the New Members of the Committees, namely:—

Newtownbarry Dispensary District, Meeting of Dispy Co of

Newtownbarry Dispensary.

The following report was read: Meeting of Dispensary Committee on Monday, 2nd August, 1897, F Guilbride, Esq, J P, in the chair. Other members present were: Messrs Nicholas Kelly, P L G: N J O'Connor, R Dormer. Dr Lawlor was also in attendance The following bills were signed: James Nolan, May, £1 18s 9d; June, 16s 11½d; July, 17s 10d. Martin Doyle, May, 7s 6d; June, 3s 6d; July, 4s 6d. J Morrissey, £1 0s 4d. Patrick Nolan, for cleaning Chapel-lane closet, 10s. Tenders to keep the town pumps in order for one year were considered, and it was proposed by Mr Nicholas Kelly, seconded by Mr O'Connor, and passed, "That Michael Morrissey's tender be recommended for acceptance by the guardians, provided he undertakes to clean out the well of Church-road pump for the sum of 10s extra, there being a deposit of mud in it." Morrissey was called before the meeting, and told his tender would be recommended if he would put and keep the pumps in order to the satisfaction of the committee. This, however, he declined to do, as he said the tender was merely to keep the pumps in order, not to put them in order. It was then decided to advertise by posters again. Dr Lawlor applied for the sum of £2 2s to pay his substitute whilst absent at the late Carlow Assizes. His application was signed. Dr Lawlor also applied for four weeks' leave of absence from August 9th, as Dr Dormer had promised to take his duty during that time. It was proposed by Mr Dormer, seconded by Mr O'Connor, and passed unanimously that the application be granted.

stating that

Considered and accepted

The Medicine Tenders.

"Mr Chairman and Gentlemen, having seen by the public papers you are in a difficulty respecting the medicine tenders, and wishing to relieve you if I can, I write respectfully to say that if you are willing to rust me until next May, only as you have hitherto done for a great many years, and for which confidence I take this opportunity of thanking you, each and all. I shall with pleasure supply you at same prices as last year, giving you same quality of drugs and chemicals than which none better can be procured, making a reduction in two articles only, which I have pointed out by letter to Mr Connolly. Any drug, chemical, or instrument, outside the tender I shall supply you with at the wholesale prices of respectable houses, which wholesale list Mr Connolly can hold for comparison so that there can be no over charge made by me in any way. I could not honestly charge made by me in any way. I could not honestly supply drugs or instruments at the absurdly ridiculous prices I have heard of, and seem very prettily commented upon by the medical press. I would refer you to one item which is enough, viz, No 257, "Rectified Spirit," very much stronger than whiskey, by which all tinctures should be made. Now it is well known that the duty on whiskey, the weaker spirit, is 12s per gallon. Please refer to tenders and compare quotations there. How can it be done? I pay 22s 6d a gallon for this spirit myself in Dublin, and carriage as well, and there are some tinctures made with this spirit without any dilution, and I daresay you will find them quoted in the tenders for almost nothing. I can refer you with confidence to all your medical-officers as to the quality of drugs I have always supplied. I believe no fault has been found by the auditor up to the present with the prices charged by me on any extra medicines I have supplied outside my tender without giving any guarantee as herein stated. I only wish to serve and benefit your board for the next ten months on account of the trust you placed in me as your contractor for so many years, and from which I voluntary withdrew myself, and did not tender last May for which confidence I feel proud and very grateful. Against next contract time I daresay a new and selected drug tender will be issued by the Local Government Board up to date, and expunging all useless drugs in present tender. Till then if you accept my offer, not a selfish one, I shall take care of your interests as far as I am concerned, and shall act faithfully towards your board in that case. If you desire it I will write out a new tender, or you can advertise again as you think best. Tender or no tender will make no difference to me. In the meantime till you select your contractor I shall be pleased to supply your medical-officers if necessary with any medicines required on the terms I have stated. I am, gentlemen, your obedient servant, William Cooke. P.S.—If you compare your present price for whiskey which is so much under proof, and the prices quoted in the tenders for 'Rectified Spirit,' 55 degrees over proof, you will see the difference.—Gorey, August 4th, 1897."

Mr Haughton said that Mr Cooke was a friend of his, and he would not like to say anything against him, but they had no right to consider any tenders except those that were sent to the Local Government Board and returned to them. Dr Stafford, he presumed, had examined them, as requested, and had given them his advice. They had invited the assistance of their medical officers, who would probably make a recommendation, and Mr Cooke now sent in a tender that he should have sent in months ago. Mr Nolan—Hasn't Mr Cooke been acting here as contractor before? Mr Haughton—Yes. Mr O'Neill—What satisfaction has he given? Chairman—For 20 years he acted in the capacity of contractor, and during all that period there was not, as far as I am aware, a single complaint aginst him.

Dr Kelly, Dr Greene and Dr P J Murphy then came into the board-room, and Dr Kelly said—We have considered those tenders very carefully, and I may tell you it is not a hasty conclusion we have come to. The matter has been not only before the guardians, but before the country, for a long time, and it has been a subject of debate throughout Ireland. Mr Connolly has prepared a very important return, which I will read, so that you may better understand the question: I first acquainted the medical officers, and got them to mark the drugs, etc, which they were in the habit of using and could not do without. I then took all the bills for medicines for the past twelve months, and selected from them what I saw the medical officers were in the habit of ordering most. I did not include very small orders, amounting to only 3s or 5s in the year, and only ordered by one of the medical officers in the union. I then took the prices tendered by the different contractors, and entered each in a separate column, headed by the name of the contractor. I added up all, and found the totals for the different items of medicine quoted as follows: Leslie and Co, Dublin, £5 11s 9d; Hunt, Dublin, £5 14s 8d; Clarke, Dublin, £4 17s; Weston Roberts, Enniscorthy, £10 11s 9d; Cork Chemical Drug Co, £6 9s 4d; Boileau and Boyd, Dublin, £6 7s 6d; the old contractor for medicine supplied during past year, £9 6s 7d. I also compared the prices of two wholesale manufacturers, viz, Barron, Harvey and Co, London; Richardson and Co, Leicester, and the Apothecaries' Hall, Dublin. I find that Roberts and the old contractor are nearer to the quotations of the manufacturers mentioned than the others, who are, in my opinion, from 30 to 50 per cent under them." Dr Kelly, continuing—We have come to the conclusion, after looking over the tenders, and on the plain reason that a man is not going to give you 15s worth for 5s, to discard six tenders, because we know very well, on the face of them, that they could not be honest. The man that promises to give you £1 for 5s you know very well must be a rogue; he must naturally be a rogue. Another point about it is this. The question was raised a few minutes ago in Mr Cooke's application with reference to spirits and wine. It is rectified spirit here, and the duty on rectified spirit is 10s a gallon, and as a matter of fact Leslie proposes to make you a present of the rectified spirit if you pay the duty on it. He tenders at 10s. Now, I say it is impossible for Mr Leslie to give you a decent, respectable article at that price. The next tender is from Mr Hunt. He proposes to give you a gallon of rectified spirits at 15s, while Clarke, of Cork, propose to give it to you at the preposterous sum of 5s—that is, just half the price of the duty. He will pay half the duty to amuse you. Now, Mr Roberts proposes to give you the same article at 24s, and the price of it, as given here in the

re over three months of age and
y Districts—

PROCEEDINGS of the BOARD OF GUARDIANS as the RURAL SANITARY AUTHORITY.

Reports from the Sanitary Officers of the following Districts, viz. :—

The following Letters from the Local Government Board for Ireland or others, relating to Sanitary Matters, were read, and directions given thereon as follows :—

wholesale list, is 23s—that is, by buying large quantities in London you get it for 23s, and Mr Roberts puts on 1s for packing, etc. We have decided to recommend Mr Roberts as the person from whom you will be most likely to get decent drugs at a fair price. If you go down town, and if a man offers you a reaping machine for 4s that would cost £4. I don't suppose you would take it. It matters little to us what contract you take. The average price in London for the article I have mentioned is 23s, and I have quoted the prices at which it has been offered. Another thing, you had the contract before from Messrs Leslie and Co.

Chairman—We are not in committee, remember.

Dr Kelly—I don't care about that, Mr Chairman. We had a contract here from Leslie and Co. The class of the drugs sent to us was so bad that we had to send them back again and not use them. And consequently we recommend, when we find a man not dealing straight with you, to discard him for the future. Mr Weston Roberts has also written as follows :

"27 Templeshannon, Enniscorthy,
5th August, 1897.

"Dear Sir—In case the board find any difficulty in ascertaining the lowest price quoted in the tenders before your board, in addition to my tender submitted to your board, I now beg to offer to take the contract at 10 per cent discount off the London price list of Barron, Harvey and Co, and at the same time undertake that the articles supplied shall be of the first quality procurable in the London market.—Yours truly, "Weston Roberts."

Mr O'Neill—This is the local man. Dr Kelly—My colleagues and myself have determined to recommend you to accept the tender of Mr Weston Roberts as being the best and most suitable.

Mr O'Neill—Are you unanimous? Dr Greene—Quite unanimous. We have considered the matter very carefully, and we are unanimously of opinon that the tender of the local man is the best and most suitable.

Dr Kelly—In a few items Mr Weston Roberts is higher than the others. Mr O'Neill—I would be in favour of Mr Cooke, only that his tender did not come in at the proper time, but after the recommendation of our doctors, I think we should unanimously accept the tender of Mr Roberts. He has paid you a very nice tribute.

Mr D Dempsey—I think it is very hard to part from a good contractor. Mr O'Neill—No doubt. Mr Eden—The medical gentlemen ought to have great weight in this matter.

Mr Redmond—I mave that Mr Roberts get the contract. Mr Power—I second that.

Mr Hayes—Will you have it at 10 per cent below the London price list, or what? Mr Connolly said he compared the prices in the tender with the London and Dublin price lists, and they compared very favourably.

After a few words conversation, it was decided to acept the tender as put in by Mr Weston Roberts.

The tender of Mr Weston Roberts of Enniscorthy was accepted unanimously

Meetings requested to report Certain Cottages
in progress as L.G.B. Engineering Inspector's

Arising out of a question in connection with the labourers' cottages, Mr Devereux asked was Mr Casey obliged to attend an board days for the convenience of the guardians.

The Clerk replied that Mr Casey always atended when anything in reference to the Labourer Act was amongst the board's business.

The Chairman concurred with Mr Devereux's view, that as Mr Casey was the board's servant he should attend here more frequently in the future, in case any question should arise that could not be satisfactorily answered in his absence. The chairman also was of opinion that it would not be out of place that an order requiring Mr Casey's attendance on board days should be made.

It was ordered—"That Mr Casey, C E, attend the board's meetings in future, unless prevented by important business." An order was also made that Mr Casey visit during coming week all the houses referred to in the Local Government Board's engineering inspector's report, and report to the board if the defects referred to by the engineer have been removed.

Remuneration to Matron Mrs Ellen Murphy

while doing the masters duties.

Letter read from L.G.Board No 31.827 17th Aug 1897

With reference to Minutes of Proceedings of the Board of Guardians of Limerick Union on the 5th instant. I am directed by the Local Government Board for Ireland to express their sanction to the proposed payment of remuneration at the rate of £1 a week to the late Matron of the Workhouse, Mrs Ellen Murphy, for her services in discharging during the period mentioned in the Minutes the duties of Master of the Institution.

Qualifications of

Letter read from L.G.B. 31.646 19th Aug 1897

THE ASSISTANT CLERK.

The Chairman read the following letter from the Local Government Board relative to the proposed appointment as assistant clerk of the union of Mr Edward Mernagh, who has been employed on probation as such for the last six months. The board desired to state that they had learned from their Inspector, Mr Lynch-Staunton, that Mr Mernagh was not a competent or efficient officer, and they considered, under the circumstances, that the guardians should not retain his services. The Local Government Board was unable, therefore, to sanction Mr Mernagh's appointment, but in deference to the resolution passed unanimously by the guardians in the matter. they would consent to his being allowed a further period of probation for three months, but it should be on the understanding that Mr Mernage's services would be dispensed with at the end of that period if he had not acquired a thorough knowledge of the duties.

Chairman—That is a very nice reply to your request, and it remains for you, Mr Mernagh, to use all your exertions to improve yourself and thus secure the favour of both the guardians and the Local Government Board. I don't think we have further comment to make on the letter.

In Re
Half yearly Report of L.G.B. Inspector
Mr Lynch Staunton

Mess^rs Hayes. Power & James Doyle were appointed a Committee to visit & report as to above.

The following is there report

We the undersigned visited the workhouse on the 18th August 1897. for the purpose of taking into consideration the Half yearly report of the L.G.Board Inspector Mr Lynch Staunton dated 3rd June 1897 & the changes and alterations recommended by him. therein having went very minutely into every thing.
Water Closets we consider are not really necessary besides a Sufficient supply of Water could not be procured to keep them properly flushed.
We consider there is no necessity for a new range but the one now in use requires some little repairs When this is done it will last for a long time.

From the minute inquiries made by us we are satisfied that there is no trespass across the Walls between the boy's & Girls yard's now & that complete regularity exists in that direction & we believe that the strict vigilance used by the officers now in charge had a great deal to do with the Checking of these irregularities & therefore believe there is no necessity of raising the walls which would be expensive.

With reference to the tile floors in the different wards, we consider it would be better to have this matter postponed for the present, as it would entail large expense, & also the Carpenter is very busy at present at other important work.

The repairs refd to & the door into the Male Idiot Ward are all completed & made all right. We are glad to be able to state that there is a general improvement in the condition & management of the house. Since the present Master & Matron took office.

NEW AMBULANCE VAN.

With reference to the fever hospital ambulance van, Dr Furlong reported that the present one was quite unsuited to its purpose. A fever case coming any distance should be placed in the recumbent or lying down position, and this would be utterly impossible in the car in use.

It was decided to have plans prepared for a new ambulance van.

School master asking for an increase of Salary

THE SCHOOLMASTER'S SALARY.

James Howlin, schoolmaster, wrote as follows: Mr Chairman and Gentlemen—I most respectfully request that you increase my salary from £32 to £42 per annum. Allow me to remind you that previous to my appointment to this school, your board was unanimous in increasing the schoolmaster's salary to £50 per annum, but the Local Government Board, replying, said "That the Local Government Board cannot sanction the increase in the schoolmaster's salary, but should the man appointed be duly qualified and the attendance remain as high as for the past three years, the board will re-consider the matter." The report of the School Inspector—Mr M'Alister—answers for my qualifications as a teacher. With regard to the attendance I will explain as briefly as possible the average attendance of boys for year ended 31st December, 1893, 17; 31st December, 1894, 20: 31st December, 1895, 18; 31st December, 1896, 18. For the past seven months of the present year (1897), 21 boys. Highest quarterly average since I took charge, 22 boys; lowest quarterly average since I took charge, 20. If you examine the foregoing figures, which are taken from the daily report book of this school, you will find that the second condition required by the Local Government Board has also been fulfilled. The attendances and salaries of schoolmasters in the following workhouses are—Wexford (12 to 20 boys), salary, £43 10s per annum; New Ross, £40; Dungarvan (10 to 12 boys), £40; Fermoy (12 boys), £40. I am sure, gentlemen, that as you were unanimous on another occasion in granting £50 per annum, you will now have no hesitation in granting me the £42, taking into consideration that the salaries of the teachers are entirely refunded by the Treasury. My reason for asking the £42 is, that it is the salary of a third-class teacher in a National School, with results, fees, and other emoluments.

Mr J Mernagh gave a notice of motion to increase the schoolmaster's salary from £32 to £42.

as foreseen

I give notice that on this day 3 weeks Sept^r the 16^th I will move that the Schools Salary be increased from £32 to £42 per annum

Providing a new Dispensary

Letter read from L.G.B. No 32.088 20th Aug 97

THE ENNISCORTHY DISPENSARY.

With reference to the application of the guardians for a certificate under section 4 of the Dispensary Houses (Ireland) Act, 1879, to enable them to obtain a loan of £500 for the purpose of providing a new dispensary for the Enniscorthy Dispensary District, the Local Government Board pointed out that the architect's estimate of the cost of the dispensary was £250, that a tender for its erection for the sum of £195 had been accepted. It was not apparent therefore why a loan of £500 was applied for.

and the reason stated in the letter of 10th instant. viz. to obviate the necessity of applying for a Supplemental loan would not satisfy the Commissioners of Public Works, & requesting the guardians to again consider the matter.

Ordered that the fact of such a difference being between the Tenders for the Erection of the Disp alone, viz £340. £300. £240. £215. and £195 without including the interior or Sewage &c. the Dispensary the Guardians were to a certain Extent led astray, but having accepted the lowest Tender - which is so much under the Estimate - the BC is now of opinion that £400. should finish it, and respectfully request the Bds Sanction this amount & recommend the Comrs of Public Works to Grant it

An Account of the Expenses incurred for the service of each Dispensary District in the Union, for the half-year ended 189 *having been submitted to the Board, the Clerk was directed to furnish to the Committee of each Dispensary District a Statement of all the Expenses of the District which have been included in the half-year's Accounts. The following is the Total Expenses incurred for each Dispensary District for the half-year ended* 189

VACCINATION DEFAULTERS.

An extract from Dr Stafford's annual report, dated 4th August, 1897, was as follows:—"There are too many vaccination defaulters in the Clonroche dispensary district. The attention of the relieving-officer requires to be directed to this matter."

In the course of a discussion on the matter, it appeared that many children in the district had been vaccinated, but the vaccinations were not registered.

Mr Whelan, R.O., reported that 43 of the children whose names appeared on the list of defaulters under the Compulsory Vaccination Act from the Clonroche dispensary district had been successfully done by Dr Delaney, and he had reason to believe that the majority of the rest were done prior to Dr Delaney's appointment.

Referred to the Local Government Board.

In Re Superannuation of Mrs Murphy Ex matron

Mr Haughton prop
" Mr Nolan 2nd

At this stage the chair was vacated by Mr Haughton, and taken by Mr O'Neill. Two medical certificates, stating that Mrs Murphy, ex-matron, was unable to discharge the duties of the office, which she had resigned. Mr Haughton proposed the following resolution. "The board of guardians would most urgently and respectfully request the Local Government Board to re consider the case of Mrs Murphy, ex-matron of the workhouse, with respect to the superannuation allowance proposed to be given to her by the guardians, as they are strongly of opinion that she is fully entitled, both from age and length of services, to this pension. She has been for over 30 years an officer of this union, and has not during all that time (so far as the board knows) been found fault with either by the Local Government Board or any inspector until very recently. She has been a faithful, active officer all that time, although she has been severely tried under difficult exceptional circumstances in the discharge of the duties of her office. She will now if unpensioned be reduced to dire distress and poverty, as she is too old to enter on any new phase of life. In the list of queries sent back to the Local Government Board, referred to in their letter, the fact that from her state of health as certified by two medical-officers, the guardians consider her physically unfit to perform the duties of matron of the workhouse, with advantage to the public service, should be given amongst the reasons for her resignation, and the board of guardians would ask the privilege of being allowed to amend the form so far as to add these."

[illegible] said that in reference to this

8 guardians voted for the resolution
3 " against it
1 " declined to vote

The Chairman declared the resolution carried by 8 votes for it = to 3 against it = that is by a majority of five for it.

A DISASTROUS HARVEST.

A resolution transmitted from the Lismore Union was couched in the following terms:—"That we deem it the duty of all public bodies in the country to impress upon the Government as strongly as they can the present unfortunate condition of the harvest, and the fact that we must face the probable total loss of the potato crop this year. We, therefore, call upon the Government (1st) to take measures to provide for the poorer classes a supply of seed potatoes in the ensuing spring. (2nd) For a prompt re-adjustment of the judicial rents, so as to enable farmers in general to tide over the results of what now must be regarded as a most disastrous harvest, and (3rd) that they bring pressure on the landlords of future tenants to give suitable abatements."

The resolution was adopted unanimously.

The well was examined by all the Members of Committee present except Dean Busher, and the decision arrived at after careful consideration was that the existing well should be enlarged, & the Cement bottom removed, so as to catch several Springs in the vicinity which are choked and their Course diverted by the Cement bottom & sides. The Committee recommend that the existing well be extended by about 3 feet up the lane, and to within about 1 foot of the opposite wall, the whole to be sunk 18 inches deeper than the well is at present, the Cement at bottom & sides to be removed except ~~The following Orders of the Local Government Board for Ireland under the Medical Charities Act were laid before the Board, and directions given thereon as follows:~~

at the end and the side through which the supply pipe to pump passes, and the enlarged well after having been inspected by the Committee, ~~(date)~~ ~~(state subject)~~ at their next meeting to be covered at bottom with clean gravel to the depth of two or three inches when the Water shall have been got to flow freely. The Committee consider that £1 extra should be allowed for the detailed work. On consideration of the tenders it was found that Edward Donnelly's was the lowest, and it was proposed by Mr Guilbride, Seconded by Mr Obonnor and passed "That E. Donnelly's tender to do the work enumerated in Advertisement for £2-4 to keep the pumps in order Subsequently for 12 months for £2:10 be accepted, if he undertakes to do the extra work to the well which supplies Market Square pump to the satisfaction of the committee for such additional sum as they think reasonable" Donnelly was called before the meeting and agreed to this. The Committee therefore recommed that E Donnelly's tender be accepted, and that he be paid £1- extra for the additional work detailed.

And drawing attention to this letter of the 10th ultimo, on this Subject, and requesting that the Collectors be called upon to furnish written explanations of their persistent failure to Comply with Article 47 No. 4 of the General Regulations".

Mr O'Neill proposed Mr L. Devereux 2nd passed unanimously

Ordered "The Board have carefully Examined the Rate Collectors Abstract for week Ended 28th ultimo. by which it appears that the following were the Sums in the hands of the collectors. Viz John Walsh £2:4:8, John Sullivan £9:5:9, Laurence Lacy £1:11:0 Ed Somers £1:13:4. Patk Dunne £1:10:11 John Bolger £2:8:6 The Guardians have also perused Article 47 No 4 General Regulations, requiring Lodgment when the Sum shall amount to £50. and fail to see where the Collectors retained any unusual balances, only what was barely necessary for Change going through the Country = On the Division on which no lodgments were made there was nothing Collected = The collectors have been in regularly every second week on monday since the last audit and their books and receipt block Carefully checked. So taking Every thing into consideration, the Guardians are convinced that it would be difficult to get more reliable or Satisfactory men for the position than the present Rate collectors of this union, and it might be unwise to press them too much when as we say they are doing their best".

Stock Taking in House

The Clerk reported "That it is necessary for the Guardians to now appoint an independent, experienced, thoroughly reliable & competent man, accustomed to taking Stock in Workhouse— to take Stock of every thing in & around this House at the Close of the Half year ending 29th Sept: 1897: as Mr Martin who was appointed by the Guardians to take Stock at the time the present Master, was [redacted] entering on his duties, had not yet sent in his return of the Stock he took after going over it twice & taking it a second time— notwithstanding that he has been repeatedly applied to for it— Of course it is only fair to say that I have been informed that he has been in very bad health for some time past & was (I am told) unable to do anything— however be that as it may— the time has now come when a correct Stock must be taken, at the close of the Half Year ending the 29th Sept: of course, Mr Nolan (the Present Master) took Stock on his own behalf at the time Mr Martin was taking the Stock, and has an account of it, but it is necessary that I should have Mr Martin's return— he being appointed on behalf of the Guardians :—

Mr Hayes proposed
Mr Merne J.P. Seconded
Passed unanimously

"That a competent Stock Taker be employed to take Stock for 29th Sept: of all the Clothing Utensils &c in and around this house."

£5 to be allowed for taking Stock and squaring up same.

Week Ending 18th Sept: 1897

And that the Balance on the Account Cr *the Guardians was* £1685 : 9 : 0

Masters Report Continued.

I would ask the Committee respectfully, to visit the room on the Male side suggested some time ago to be set apart for an old Married Couple in the House.

Ordered "A Committee consisting of Messrs Mernagh, J.P. A Power, P.L.G & John Shea P.L.G. were appointed to visit the room referred to.

The Committee recommended that the small ~~room~~ space partitioned off by boards for use of Schoolmaster and Agriculturist for many years - but which boarded partition was removed some years ago - that a similar boarded partition be again erected in addition to this small room, so as to make the space sufficiently large to accommadate the two old people for whom the small room was set apart; But that this shall not be a precedent for any other case in future.

John Breen, the driver of the Infirmary Ambulance, reports to me that the springs of that Conveyance requires repair, he says they are to weak for the weight of the Van, and its load, and thereby cause it to jerk up and down to the discomfort and danger of patients conveyed.

Ordered "To be repaired"

In Re
Admissions to Workhouse

Letter read from L.G. Board 36.272 29th Sept. 1897

Acknowledging Minutes of the 9th instant, containing a report from the Master Relative to the admission of a woman named Anne Murphy and child whose husband appears to be in constant employment having declined to support her.

If a Relieving Officer has reason to believe that a woman is destitute, he is justified in giving her a ticket of admission – the fact of a woman applying for a ticket affording strong evidence that She is in destitute circumstances

The proper course for the Guardians to adopt under the circumstances is to at once institute proceedings against the husband for allowing his wife to become chargeable to the rates.

In Re
Superannuation allowance
to
Mrs Ellen Murphy Ex Matron of Workhouse

Letter read from Dr Furlong dated 27th Sept: 1897

Mr Connolly,

Did you forward the certificate I sent in as the state of health of the late Matron of the Union, to the Local Government Board.

I ask this question as I see the Local Government Board in their letter read on last Thursday "That the Medical certificates do not certify to permanent infirmity of mind or body." —

Now I distinctly stated that one of the diseases from which I found Mrs Murphy was suffering "would be progressive" that is to say, that the disease would be not only permanent, but would increase in severity as time wore on. I may illustrate this better by giving two typical examples. Loss of sight would be a permanent, but not a progressive disease. Phthisis or Consumption would be both permanent & progressive - If you think the LGBoard cannott read my Certificate in this light, I would have no hesitation in inserting the word permanent as well as progressive.

Truly Yours

Letter Read from R. Dormer Newtownbarry Dated 6th Oct. 97

Sir,

I beg respectfully to resign my appointment as a Member of N. T. Barry Dispensary Committee as I find the constant attendance at Meetings, which is expected of the Member who acts as Hon-Sec - is a considerable inconvenience, my time being fully occupied -

Previous to the last election of Dispensary Committee I wrote to Mr Connolly requesting him to kindly leave my name off the list. It appears I ought to have written to the Chairman as Mr Connolly subsequently informed me he had no power to do as I desired. At that time Mr Connolly asked me if I could suggest any person to take my place. If allowed to make such suggestion now I should say that I think - Very Revd L Drapes, B.D ought to be appointed to fill the vacancy caused by my resignation. Revd L Drapes has succeeded the late Rev Archdeacon Archdall as rector of N. T. Barry & is expected to take up his residence here in the course of A week or two.

Superannuation of
Mrs Murphy Ex Matron.

Letter read from L.G.Board N° 38,904:1897 13th October

With reference to the further resolution of the Board of Guardians of the Enniscorthy Union of the 30th Ultimo, respecting the proposal to grant a superannuation allowance to Mrs Murphy in respect of her services as Matron of the Workhouse, I am directed by the Local Government Board for Ireland to call attention to their letter of the 22nd Ultimo on the subject, and to point out that the Union Officers (Ireland) Superannuation Act. provides that a superannuation allowance can only be granted to a Union Officer when the permanent infirmity of mind or body shall be of such a nature as to render an officer incapable of discharging the duties of his office with efficiency.

If such is the case with regard to Mrs Murphy, and a further certificate to this effect is furnished the Local Government Board will be prepared to consider the Guardians' Resolution of the 15th of July last.

I have attended Mrs Murphy, late Matron of the Enniscorthy Union, & I certify that she is suffering from a chronic affection of the liver that renders her quite unfit to discharge the duties of that office, with efficiency, and in my opinion the disease will be permanent & progressive.

W. Furlong

Admission of Patient to N. F. Barry Fever Hospital
by direction of the Dispensary Committee.

Letter read from Dr. Lawler dated 24th Nov. 1897

"The order made by the Board at last meeting re Blayney in no way concerns me; and I do not mean to take any official recognition of the matter.

The Dispensary Committee ordered his removal to the Fever Hospital, subject to the approval of your Board acting on that I had him sent to the Hospital. The order made at last Meeting was directed to the R.C. and not to me. Had Mr. Murphy R.C. tried to remove him he would have done so with my protest. In the hour of death such an order loses its binding influence. Yesterday, however a body of kind friends assembled and carried away all that was of poor Blayney, in a coffin. Whether the Dispensary Committee acted contrary to the regulations it is not for me to say but this much I know. that they acted with the utmost consideration for the welfare of the patient. The house was only 400 yards from the Hospital and they took on themselves the responcibility of sending him where he would have a comfortable bed & attendance &c. A woman might have been employed to nurse him in his house but considering the case in all its surroundings, that would have been a small comfort, his only nurse was his wife a feeble old woman worn down with infirmities, who cared him night and day with the devotion and sacrifice worthy of a Christian charity. The poor woman said to me "I wish you would remove me from this to the Infirmary or any where else for as long as I am here, I am only dragging that woman into the Grave with me" The matter may turn up at next Dispensary Meeting short as Death has intervened. perhaps we shall hear no more"

The Bonds and other securities in force were laid before the Guardians by the Clerk, together with his Report thereon as follows: (this on the second Meeting after the Annual Election in every year).

Patient admitted to Newtownbarry Fever Hospital

The Very Rev Dean Busher, V G, P P, wrote: "Dear Sir—As chairman of the meeting of the dispensary committee here, which took into consideration the case of the late Simon Blaney, which was before your board at its last meeting, I beg to make the following explanation of the circumstances which I think justified the action of the committee in his regard. Blaney's health had completely broken down, he could scarcely use any food, was in a most helpless state, and had been prepared for death. He had no one to care for him but his wife, a decrepit old woman, over 70 years of age, and he a large heavy man. She came to me, and said she had been trying to care him day and night since the commencement of his illness, but that now she was unable to do so any longer, and asked me to get him removed. Two persons also told me that the man from a sanitary point of view, was in a deplorable state. The relieving officer lived 4 or 5 miles away. She had no messenger to send to look for him, and if she had he mightbe away in some other part of his district. I then asked the hon secretary of the dispensary committee to call a meeting of that body to consider the case. The doctor said he could not be removed to Enniscorthy, an opinion evidently well founded, as the man has since died. Something should be done, as the case was urgent. The hospitol was not very many perches from his house, there was a nurse there, and no patient but one little boy, and he was convalescent. Under these circumstances we considered the only thing we could do was to send him there temporary, and to notify the guardians. It does seem strange that the doctor has no power to take cases like Blaney's into this hospital, where there is always a nurse and oftentimes no patient."

"Newtownbarry, November 24, 1897.

"Dear Sir—I gave your letter received on Sunday to Dr Lawler. Blaney died on Monday. I think it is possible that the guardians did not quite understand the case. Possibly my report was not sufficiently clear. The doctor considered that if Blaney had been removed to Enniscorthy Infirmary at the time the extraordinary meeting of the dispensary committee was held that he would have died on the way; the fact that the man died within a few days proves, I think, that he was quite correct in taking that view. Now this was clearly the case of urgency, and if something had not been done the old man would doubtless have died of neglect, as his wife is a very feeble old woman, and too feeble to give him the nursing and attention he required. The reason it was suggested that a nurse should be employed to attend him was that, at the time there was a fever patient in the hospital, and the permanent nurse was fully occupied. The doctor thought it better to send Blaney to the hospital, as it was within about a hundred yards of his house, and he thought he would have a more comfortable bed and clothing, etc, than in his own home. I think Dr Lawler ought to be recommended for his humanity in the matter, as such consideration for the poor is most praiseworthy. I understand the guardians' objection was that the Newtownbarry fever hospital is a union charge, but I think it is a pity that some arrangement should not be made to give the doctor discretion to send such cases there when there is room, and he thinks it desirable to do so. The charge in such cases might be made divisional as distinct from fever cases which are charged, I presume, on the union-at-large. There is no doubt but that in some cases the patients would be more comfortable than in their own homes, and except there were fever patients there at the same time there would be no necessity to employ an additional temporary nurse.—Yours faithfully, R Dormer."

Cairn pump

Letter read from Mr Dunne Guardian for Castlebore. E.D dated 24th Novr 97

Stating that he cannot attend the Meeting of the Board of Guardians on the 25th inst and asking to have the consideration of the chargeability of the Cairn pump postponed for a fortnight stating at the same time that he would consider wholly unjustifiable on the part of the Board to tax the Electoral Division of Castlebors at least as a whole, for the purpose because the major portion of the people of that Division whether taxpayers or no will probably never see & of course never use the pump I myself for instance though living at no considerable distance away from it have not seen the old pump scarcely half dozen times since it was erected 18 or 20 years ago There might be some show of reason to include too or perhaps three Townlands in the Division in the area of charge, Clohedan, Ballyhyland, & Aughnadaps as the people of those Townlands send children to the school at Cairn, but for the others there is none at all. I shall attend to morrow fortnight-Dec 9th 97 to discuss the matter

Ordered "Postponed until this day fortnight Dec 9th 1897."

[This at the end of each half-year, in pursuance of Articles 30 & 31 of the General Rules for Dispensary Districts, dated 29th November, 1869.]

Admission of Patient to Newtownbarry Fever Hospital by directions of Dispensary Committee

Letter Read from D. Taylor dated 1st Decr 1897.

"The respected Chairman of your Board, John "Daly Devereux Esq, J.P. made some few observations "at your last meeting, which I cannot allow "to pass unnoticed. Mr Devereux one of the "meekest and Kindest of men is before the public "many years. He devotes most of his time and his talents to the "advancement of public interests. He is well known as a gentleman "of refined feeling, with a broad liberal mind, subtle and keen "in his judgment and most cautious in his public actions "and utterances. Moreover he is a Barrister and therefore to the "uninitiated his authority on legal matters stands pre-eminent. "Where his opinion on law is given all heads bow: all con-"troversy ceases. When such a man at the end of correspondence re "Blaney case thunders forth with the bold pronouncement "there is not "the slightest doubt but the doctor transgressed the law" it is enough "to make one quake and picture all the horrors of the dungeon or the "scaffold. In addition that statement goes before a body in Dublin known "as the L.G.B and we behde the unfortunate Dispensary Doctor on whom "it frowns. I therefore stand accused before the public & before the L.G.B of "being a transgressor of the law. Mr Devereux simply made the accusation "& from his plain words he evidently considered it unnecessary either to specify "or prove it. He was unmindful of the fact that he was looking at things "with the search light of his legal learning & that the general public & myself "were not so gifted. Mr Devereux also says "Three letters (Dean Busher's Mr Dorman's "& my own) are all written more or less in an apologetic strain" I beg to state that "mine was written in no such strain as I did not see anything to be apologetic for "It was written to Mr Connolly in reply to a copy of resolution sent me & is simply "an expression of opinion on the matter; I did not think it would appear before "Your Board, but of course "What I have written, I have written" Mr Devereux in "his next statement throws around me the mantle of his protection, when he says "I did not want to read it (the correspondence) for the doctor's sake" the only thing "I have to fear is his own statement which is neither specified nor proved. "With regard to Dr Cookman's remark "the law wont permit under any

"to say it has no application to the present instance; if D^r Lostman drops me a private

Irish Local Government Bill

Proposed by Dr Cookman, J.P
Seconded by J. D. Devereux, Esq. J.P } Passed unanimously

That as the Poor Law Officers throughout Ireland have been selected and appointed by Boards of Guardians consisting largely of the elected representatives of the Rate-payers,
And that as the appointment of such Officers has been made for life or during good conduct,
And further, that as Clerks of Unions, Medical Officers, Engineers, Rate Collectors, Relieving and other officers, discharge important duties in connection with the Labourers Acts, Public Health, Franchise, Jurors, Diseases of Animals, and other Acts, or some of them, and have by continued study and practice acquired an intimate knowledge of such Acts, and an expert acquaintance with the duties prescribed thereby in all their details,
We, the Board of Guardians of the Enniscorthy Union, Consider that it would be inconsistent with the spirit of Local Government, injurious to the interests of the Public Service, and unfair to the Poor Law Officers, to have the administration of the Acts mentioned, or such of them as may be transferred to the proposed County Councils, taken out of the hands of a trained body of Officials and handed over to new Officers wholly unacquainted with their provisions and working.
And we consider that the Employees of the Poor Law Service are entitled to protection in the full enjoyment of the offices which they at present hold, or to adequate compensation in the event of its being considered necessary to the symmetry of the proposed measure that they should be deprived of all or any of them.
That copies of this resolution be forwarded to the Chief Secretary for Ireland, & the Members of Parliament for the County of Wexford.

On receipt- Circular letter N° 114 m/97 Mis from LG Board in re above. The Clerk issued circulars to all the Ex Officio + Elected Guardians of the Union to take the subject into consideration on this day Dec.r 16th 1897 After carefully considering + fully discussing the matter the following order was made.

Ordered "This Board are unanimous in their opinion that the Seed supply act is not required in this Union".

Bank Account-

Letter read from Mr Loyd Manager National Bank Ltd Dated 15th Dec'r 97

Your further letter dated 9th instant having been submitted to the Directors, they desire me to say that pending a definite application being made and a proper understanding arrived at as to the future working of this account, the decline to authorise me to pay any further Cheques of the Enniscorthy Union unless provided for.

Mr Andrew Power proposed } Passed
Mr H. H. O'Keill seconded } unanimously

That the following letter be sent to the Manager of the National Bank.

Dear Sir,

I am directed by the Board of Guardians to write to you, in reference to previous correspondence and particularly your letter of the 15th instant- The Guardians recognise fully the desire of your

Directors that a proper understanding should be arrived at between them & the Bank, as to the terms on which future overdrafts should be granted, and definite provision made for the Interest thereon, keeping same to a separate account; so as to substitute a proper working basis for the present unsettled manner of doing business that has gone on for so many years and given rise occasionally to much avoidable friction.

To promote this most proper purpose, the Guardians suggest that the Bank should furnish them with a statement of the rate of Interest which they would be prepared to charge on Overdrafts and the rate of Interest they would allow on Credit Balances. The Guardians understand that definite and satisfactory arrangements of that kind prevail between the Bank and other Unions. As soon as the Guardians receive such a statement they will consider and submit proposals on the subject to the L.G.Board with a view of obtaining the sanction of that body to a definite arrangement being entered into which would enable the current account and the Interest account to be separately kept: and payment of the latter distinctly provided for.

Mean time, dealing with the existing state of things, the Guardians have to face the immediate necessity for an overdraft as heretofore practised to meet their Christmas bills, pending the collection of the new rate, the books for which will be in the hands of the collectors on the first Thursday in January. a month to two months earlier than any of the past 5 years. The last two years the books were not out until the end of March and the Debit balances were from £1000, to over £2000 before the new books were in the collectors hands.

Copyright. Wexford County Archive

This year therefore shows a much more promising prospect of short Over Draft & good Credit balances. Urgent directions will be issued to the Collectors to hurry up the collection so as to shorten the period of the Over Draft which the Guardians confidently anticipate will not continue for more than two months at the outside.

At the present moment, owing to a lodgement of £670 to day, there is now an actual Credit balance of about £150; The Over Draft would not exceed £1000 at most. The Guardians would call your attention to the fact that the demands now immediately to be met with are the quarters liabilities for the quarter ending 25th instant all of which are covered by the new rate, which when struck provides for the year from 29th Sept. last to 29th Sept. next and do not consist of anything in the nature of undischarged liabilities in arrear from the previous financial year or involve any reflection on this solvency or judicious administration of the affairs of the Union.

Pending the conclusion of such definite arrangements as are above suggested, the Guardians are under an absolute necessity of getting this overdraft somewhere; They have hitherto for many years been much indebted to the indulgence of the Bank this season while awaiting the new rate as old customers they would be extremely sorry that any precipitate departure from the usual practice, however Open to correction as proposed in reference to future dealings, should disturb the harmonious relations heretofore subsisting between them & the Bank or oblige them to apply elsewhere.

Trusting that you & your Directors will give their kindest consideration to both the matters dealt with in this letter, & in the meantime authorise you to honour their house keeping Cheques to the extent required.

National Bank

your further letter of the 16th inst. has been laid before the Directors, and they say they are not prepared to sanction the over-draft to the Guardians except for a ~~small~~ small amount for a short time, say £500 for a month or two. Provided the Guardians arrange that such Creditor balances shall thereafter be kept as will in my opinion recoup the Bank for the overdraft and tend to reduce the outstanding debtor Interest &c.

Further letter read from the Manager National Bank 23 Dec 97

acknowledging letter of 22nd inst stating that he had already conveyed the Directors decision to the Guardians application, and that to take upon himself the granting of any addition would be altogether irregular. If the Guardians decide upon asking for a further increase over draft that he will submit their request to his Directors.

Notice of Motion

"I Give Notice that on Thursday, January 13th, 1898 & that as our Treasurer, the National Bank, has refused at very short notice and at a Critical Moment our request to overdraw our account not exceeding £1000, although the financial condition of the Union has been shown to them to be in a much better position than it has been for many years. there being at the present Moment a credit Balance as against an overdraft from £1000 to £2000 before striking the Rate in previous years and the rate being now ready to be struck on the fifth January, 1898 as contrasted with previous Rates struck very much later in the year. and as the Bank has omitted to submit proposals for the future allowances as to Interest as requested in my letter to them of the 16th Dec. 1897. I will move that the National Bank of Ireland, Ltd. be discontinued as our Treasurer, and that our account with them be closed and for that purpose that they be requested to furnish accounts.

Outbreak of Zyphus fever.

Letter Read from D. Lawler Newtownbarry Dated 22/12/97

"Sir

"I beg to call the attention of your Board to a matter "affecting the health of a large district. On this day "(wednesday) I was called out to a family named Foley "living in Glorgne, near Kiltealy, and found three "of its members suffering from what I believe to be Typhus fever. "one of them only is fit to be removed to hospital. The Stricken "ones are the Mother who is past Middle life and two sons aged "23 & 21 Respectively. The house is not large & the family Consists "of ten persons, four of whom are young children, so that the house "is rather congested. The only attendants are the father and one son "and the former assures me, he could get no person to go in "and nurse the sick. The people are therefore, in a desolate "Condition. They live outside my district & belong to the "farming class, so that they do not come under the category of "'poor persons' I am communicating with the Medical Officer "of the district D. Murphy by this post. I do not know if there "are other cases in the district and if the attention of the "L.G. Board is required to prevent an Epidemic, no doubt, if necessary "Dr Murphy will notify. The remaining seven Members of "the family if not isolated, are very likely to contract the disease "and the whole neighbourhood may become affected, if "precautions are not taken. I take this unusual step of "notifying to you and the L.G. Board, so that a weeks "valuable time may not be lost."

Ordered:- "Referred to Dr. D.P. Murphy, Killann District to take all necessary steps and immediately, to isolate the cases referred to either by removal or otherwise as he may judge proper or effectual"

"Acknowledging Minutes of the 23rd inst. containing an Entry of Notice of Motion by Mr. Andrew Power which he intends to propose on that day three weeks, dismissing the Treasurer of the Union and in reference thereto stating that the Guardians will perceive on referring to the General Regulations which govern their proceedings that no power is vested in them which would enable them to dismiss or suspend the Union Treasurer (Articles 24, 39 & 40 of the General Regulations). The L.G. Board do not consider that the fact of a Treasurer refusing to allow an overdraft to a Union is sufficient ground for removing him from that office, and adding that they do not approve of Guardians providing for the Expenditure of the Union by borrowing money instead of enforcing the collection of the Rates. Extract from Inspectors Report.

"① All the Collectors have closed except in the case of two Collectors P. Dwane & L. Leacy, who still have £43:10:4 between them uncollected.

② The collection of the new Rate should be proceeded with as soon as possible. The money that will be available from this source, will probably be sufficient to provide for the Union Expenditure to the end of the Financial Year, 29th Sept. '98

③ The situation of the Nursery over the Female Lunatic Ward is inconvenient; the constant noise is hardly beneficial for this class of patients.

④ It would be desireable to employ the boys who are old enough to be so engaged, on the land in light work.

⑤ As pointed out in previous Reports, Water Closets should be provided for the Infirmary.

⑥ Twenty-four feather pillows should be supplied for the Infirmary.

⑦ Six Iron-beds are needed for the Fever Hospital to replace the existing old wooden ones. Hair mattresses should be supplied.

⑧ There is no separate Yard for the female lunatics.

⑨ The collection of Cottage Rents is most unsatisfactory £87:12:0 is the amount of arrears on 180 houses. This represents about an average of 12 Weeks Rent on Each Cottage.

⑩ As pointed out on former occasions, the Master's Office should be attended to.

⑪ The old tile flooring of the male infirm Ward should be replaced by boards.

⑫ Some repairs are necessary to the Wood-work of the Windows.

⑬ Outside painting of the Wood-work is much required.

⑭ It would be a great convenience if Gas were laid on to the Fever Hospital

⑮ Some Linoleum is required for the Infirmary Wards.

Ordered "Consideration postponed for one Week"

The Bonds and other securities in force were laid before the Guardians by the Clerk, together with his Report thereon as follows: (this on the second Meeting after the Annual Election in every year).

In Re CHANGE OF TREASURER.

"I GIVE NOTICE, that on Thursday, January, the 13th, 1898, that as our Treasurer, the National Bank, has refused at very short notice—and at a critical moment—our request to overdraw our account not exceeding £1,000, although the financial condition of the Union has been shown to them to be in a much better position than it has been for many years, there being at the present moment a Credit Balance as against an overdraft from £1,000 to £2,000 before "striking the rate" in previous years; and the Rate being now ready to be struck on the 5th January, 1898, as contrasted with previous rates struck very much later in the year; and as the Bank has omitted to submit proposals for the future allowance as to Interest, as requested in our letter to them of the 16th December, 1897, I will move that the National Bank of Ireland, Ltd., be discontinued as our Treasurer, and that our account with them be closed, and for that purpose that they be requested to furnish accounts.—ANDREW POWER. 23rd December, '97."

Mr Power Proposed

Mr Haughton Seconded

"In accordance with my notice of motion, I beg to propose that the National Bank, Ltd, be discontinued as our treasurer for the following reasons:—

(1) Endeavouring to make as little as possible of the board of guardians by suddenly dishonouring the cheques of the union at a very critical time, between the closing of the old books and opening of the new ones, which was never done before under such circumstances in this or any other union.

(2) In keeping a private interest account against the guardians, apparently as a kind of threat, and omitting to submit proper business-like proposals as to interest in future when requested to do so—on same lines as exist between other unions and their treasurers, by which means the finance of the union is properly worked, as the guardians are made aware frequently of the amount of interest for which they are liable for over-drafts and the amount of interest allowed them on credit balances, which naturally stimulate them to take steps to keep them out of debt with their treasurer.

(3) In refusing to honour our cheques they are endeavouring to stop the supplies to the union, as contractors cannot afford to supply their goods without being paid in due time, and, by this means also, the poor people inside and outside the workhouse must suffer from want. The National Bank seems to be anxious to get rid of the guardians' account altogether. Therefore it is impossible for the guardians to compel their treasurer, who does not wish to remain as such, to continue as treasurer.

(4) The guardians are well aware that they have no power to dismiss their treasurer without the permission of the Local Government Board. But if the treasurer does not wish to remain treasurer, the guardians fail to see how either they or the Local Government Board can compel him to do so, no more than they can compel any other officer who wishes to leave their employment, and for that reason makes himself disagreeable beyond endurance.

(5) The collectors have done their duty faithfully and well for the past four or five years. When we had far different collectors our cheques were not dishonoured, but now, when the union is in a much better position than it was within the memory of the oldest guardian here, our cheques are dishonoured, and we are sought to be made as little as possible of in the eyes of the world; but as we can get a treasurer who will not dishonour our cheques out of whims, I beg to propose that the National Bank of Ireland, Limited, be discontinued as our treasurer, and respectfully request the Local Government Board to sanction this resolution, so as to save the poor, inside and outside the house, from want and misery."

Mr Haughton seconded the motion.

Chairman—I regret we cannot take as strong steps as we would like to, because we are in debt to the National Bank. I believe it is not a legal debt—it is not recoverable by law—but at the same time there are debts of honour.

Mr Haughton—The Local Government Board I am sure would allow us to pay that debt. I would be sorry to leave them owing £200. Mr Davis—It would not do for us to do that.

Mr Devereux—Has the National Bank ever declined or refused to act as our treasurers? The very contrary was the case. They actually said that if it was necessary we might get a further over-draft on application to the directors. What I move is this—not to come into conflict with the present treasurers, but to state what are really the facts:—"That as the collecting books and warrants are now in the hands of all the collectors, who are exerting themselves energetically to get in the rates, the board of guardians would therefore most respectfully request the Directors of the National Bank, Ltd, to authorise their manager at Enniscorthy to honour the union cheques until the collectors have time to make a few lodgments, and thereby wipe out our liability to the treasurer, and place a considerable balance to the credit of the union immediately." Continuing, Mr Devereux said—From what Mr Lloyd told me, and from what he wrote to this board, I have not the slightest hesitation in saying that our request would be granted. I think we ought try that before we ask the Local Government Board to forthwith dismiss the present treasurer and appoint another. Mr Haughton—Mr Devereux has put this case very temperately, and I agree in the main with him. If the National Bank would do as he suggests we might go on as we are. I think at the same time they used us very sharply. Mr Devereux—Oh, there is no doubt about that.

Mr Guilbride—I'll second the amendment. In addition to that I think you should ask the National Bank to furnish the interest account weekly.

Chairman—We had better wait until we begin to lodge. We are in an excellent position financially, though we happen to be short of cash just now. We will be all right in a few days.

Mr Power withdrew his motion, and the amendment was accepted.

Loans on Loans

Proposed by Mr Houghton J.P. } Passed
Seconded by " Daly Devereux J.P. } unanimously

"That we the Board of Guardians of Dunscorthy Union, feeling acutely that the present Rates are pressing heavily on our Ratepayers owing to the General depression which exists and which has existed in every source from which Rates are paid. whether from Investments, Land, Property or business, are of opinion under these circumstances that the time has arrived when some relief should be given by a Reduction in the Rate of interest now charged on Loans on Rates either by a Revision of the Statute under which the loans were contracted or by extending the time for payment of Principal & interest and thereby reducing the rate of interest from 3½ to 2¾ per cent; the Rate now charged on similar loans & securities under the act of 1897. The perfect nature of the security, the promptness & regularity of payments and the fact that those loans were generally contracted for the benefit of future generations entitle us be believe to every consideration, and we desire that these facts be placed before the Local Government Board soliciting their approval and intercession with the Lords Treasury on our behalf."

Trained Nurses

Proposed by Jonathan Houghton Esq J.P. } Passed
Seconded " John Daly Devereux " " } unanimously

"That we the Board of Guardians of Dunscorthy Union, having had before us and fully considered the recent Compulsory order of the Local Government Board as to the appointment of trained certificated Nurses, and also having taken into consideration the changed condition of Workhouses Generally, are desirous to have the recent order carried out. We are of opinion, however, that Workhouses which originally were intended for famine stricken and destitute poor, have become now, practically a home refuge for the old and infirm an Infirmary for the sick and Maimed, an Asylum for

the imbecile and an hospital for infectious diseases.
Under all these changed circumstances we seriously ask the consideration of the Local Government Board to the fact that the appointment of certificated trained nurses is only an increase on our medical staff and that the cost so incurred should be charged as under the Medical Charities' Act of 1851 the one half being paid out of Imperial funds.

Members present. Jonathan Houghton J.P. Chairman
Dominic Murphy. J.P. Thaddeus Bolger J.P. Joseph J Houghton
Thomas Donohoe. P.L.G. Patk Doyle. P.L.G Dominic Murphy & J Nolan. Hon Sec.
The following resolution was proposed by Mr Houghton
seconded by Thaddeus Bolger. J.P. and passed unanimously.
That we consider the salary of £100 now paid Dr Greene
ought to be increased to £125 per annum = Reasons
In Oulart the Doctor gets £125 N. of Barry £130
Killann £120 = The Reg & Vac Fees are less
in Lerns than any other district in the Union,
from blue Book returns the work done in
Lerns is more than Glonroe. Killann. Oulart &
N. of Barry districts added together. The number
of cases is never less than 1000 per year & sometimes
goes up to 1,300. We consider under these circum-
-stances the Doctor is fairly entitled to the increase.
We recommend & request the Board of Guardians
to bring the matter before the LG Board by
sending on a copy of this resolution and also
to give us their influential support in obtaining
for Dr. Greene the increase that we proposed.

[This to be entered on the occasion of every appointment of a new Committee, after the annual Election of Guardians, and on the occasion of any election to fill any vacancy in a Dispensary Committee.]

The Board elected the following Ratepayers to be Members of the Committees of Management of the following Dispensary Districts respectively :—the Clerk to make a Return accordingly to the Local Government Board for Ireland, and to issue the prescribed Notification to the Members elected, and to the Medical Officers of the respective Dispensary Districts, in pursuance of Articles 1, 2 and 3 of the General Regulations for Dispensary Districts.—The Clerk was also directed to supply Check Books of Medical Relief Tickets (Forms E 1 and E 2), in pursuance of Article 30 of the Dispensary Regulations, to the new Members of the Committees ; namely :—

Ferns Dispensary ~~District, Mr.~~ Committee of

In the Chair. Dominic Murphy. J P

Other Members ÷ Messrs Joseph J. Haughton. John Bolger &

James Nolan Hon Secy

A Meeting of the above Dispensary was held on the 2nd March 98

The following resolution was proposed by Mr Haughton seconded by Mr Kelly and passed unanimously —

That we consider Dr Green was justly entitled to an increase of £25 a Year in his salary & requesting the Board of Guardians to send on a recommendation to that effect to the LG Board

We consider the action of the Board of Guardians in this ignoring the unanimous opinion of the committee to say the least of it very unusual as with one exception those who voted against the resolution of the Committee were in no way concerned & had not to pay any of the proposed increase of salary. It was simply an act of outsiders preventing the local committe in doing what they believe to be just, and we consider our local Guardians ought to bring the matter up again by another notice of Motion at the Board on the 24th inst.

We consider the last Board being small and not represented by the majority.

~~The following Orders of the Local Government Board for Ireland under the Medical Charities Act were laid before the Board and directions given thereon as follows :~~

~~Order dated~~ _____ ~~(state subject).~~
