Dear Sir

We are in receipt of Yours of the 17th Instant with Copy of Order of the Commissioners asking for information as to progress made towards procuring the loan in this matter.

In reply we beg to state for the information of the Commissioners that before getting the sanction of the Local Government Board to the required loan it

it is necessary to obtain the sanction of the Treasury to the appropriation of the lands to the purposes of the Housing of the Working Classes Acts. Accordingly in August last the Commissioners signed a Memorial to the Treasury praying for the necessary sanction, and on the 20th August we forwarded that Memorial to the Treasury.

On the 14th September we received a letter from the Treasury stating that it was the practice of the Department to require a months notice to be given to the Rate payers of the intention to apply for this sanction.

Now we had previously been informed unofficially by the Local Government Board that the months notice was not insisted on lately, but rather than raise a discussion with such an important Department, we on the 19th September wrote to the Treasury pointing out that on a former occasion when the sanction was applied for the required months notice was given to the Ratepayers; that the matter had ever since been constantly before the Rate Payers; and that it was well ~~Held~~ known that the public were entirely in favour of the proposed appropriation, and we asked them on these grounds to dispense with the

A month has now elapsed but

Dear Sir

Sometime ago Mr McGrath Borough Rate Collector submitted to me a number of queries in reference to the liability of certain parties for Borough Rate - I have considered all the questions raised, and will be prepared to write my opinions on them by next meeting of the Commissioners, but as I am leaving home just now I Cant write you fully for this evenings meeting

There is one Class of Cases however to which I wish the attention of the Commissioners to be drawn this evening - Namely the liability to Rates in respect to Half Annual Rents, issuing out of Charitable Institutions. I understand the County Council Judge West decided about 20 years ago, that no liability attached in these Cases, ~~and he therefore~~ and and in the face of that decision I Could not feel justified in expressing a Confident opinion to the Contrary - but I think the point remains clear, and well worth having reargued. Therefore, if the Commissioners take a test Case, and direct proceedings tonight, and issue a Civil Bill for Coming sessions.

Dear Sir,

It has given me much pleasure to hear that the yard on the Quay has at last been taken by the Commissioners for a Manure Yard.

And now a word or two about Concerning the £15.000 "Water Scheme" at present under discussion. I as a Ratepayer beg to enter My protest against it; and it

Copyright. Wexford County Archive

is very likely that if a meeting of the rate-payers were called to ascertain their opinion, a great many would be found to join me. My Borough Rate Bill is too high already; and as I remarked in a former letter there is an ample supply of water in this locality – there being a fine well in the Brewery Yard and also a pond, and of an odd time the river Barrow Comes up flooding all before it. I think it very probable that if the Commissioners would sink for water there they would find enough to supply half the town. I would therefore suggest Mr Chairman, that these imposing specimens of the New Rop Municipal Order of Architecture in this Yard be speedily demolished. One or two nice fountains be made to play and sparkle there; a few laurel and evergreens planted in this memorable year of 98— the pond cleared and a couple of swans put to skim over the water emulating in grace poor Jerald Griffins "White bird of the tempest" "poising in the air who Careers up this may at times" — thus this unsightly Centerpiece of historic Rop. would be transformed into quite a Romantic spot — a place not only of great utility, but also an Ornament to the Town, eliciting the admiration of passing strangers, and their encomiums on the taste of the Civic body. Hoping

Gentlemen,

I am directed by the Members of the Dramatic Club to apply to you for a modification of the Terms under which we at present hold the "large Room". Our reason for the application is that We are about giving an entertainment in aid of the funds of the Society of St Vincent de-Paul, and for obvious reasons wish to keep down wherever possible, the expenses incident to such undertakings. What I would respectfully suggest is, that You let us have the room from the present date at a nominal rent until the entertainment comes off shortly after Christmas. In Belfast and Londonderry there shall be elected for each Ward such number of duly qualified persons to be Councillors for such Ward as would, if the Local Government (Ireland) Act 1898, had not been passed, have gone out of office on the ~~th~~ twenty-fifth day of November 1898.

2. In every Municipal Borough, the existing Town Clerk, and in every Town having Commissioners under any Act, whether an Urban District or not, the existing Clerk of the Commissioners shall be the Returning Officer at the First Election under the Local Government (Ireland) Act 1898. In the event of the Office of Town Clerk being in any Case vacant or if the Town Clerk or Clerk is from any Cause unable to act, the Returning Officer shall be a person appointed by the Local Government Board for Ireland.

3. The hours during which the poll shall in all Cases be open shall be from 8 A.M. & 8. P. M.

4 Subject as aforesaid the Aldermen and Councillors of County Boroughs (Ireland) Election Order, 1898, and the Urban District Councillors and Town Commissioners (Ireland) Election Order, 1898, shall apply as if the First Elections were the Ordinary Elections therein referred to; Save that the power of direction as to the number

Limerick 18th November 1898

Sir,

I have the honour to report for the information of the Local Government Board that I have Completed the audit of the Accounts of the New Rop Town Commissioners for the Year ended the 31st December last and I forward herewith an Abstract thereof Showing the Receipts and Expenditure under the several heads for the period mentioned.

The Borough Rate fixed at one shilling in the Pound was well Collected and the Collection was Closed within the Year, but I Cannot report so favourably on the other Sources of the income, the arrears of rent due having increased since last Report, While the very large Sum of £40.2.0 remains outstanding on account of manure Sold, and at the present time, nearly £15 of this Balance remains uncollected; I have now warned the Collector that I shall hold him personally liable in respect of this Balance; It would be far more Satisfactory for the Town Commissioners to make an Order directing that the manure Sold should be paid for previous to removal.

The rents due by persons out of possession should be struck off by Resolution of the Town Commissioners, I have frequently requested that this should be done but with no good result.

I regret very much having again to

1898— November 30th

Wednesday 30th November — Minutes

to report that the duties of the Town Clerk have not been Satisfactorily discharged; the Accounts were not written up until immediately prior to the Audit, in many Cases Voucher for Small Payments were not forthcoming; the Borough Rate to provide for the Expenditure of the Current Year was not struck until August and the first Lodgment was not made until the First October, and it is very doubtful Whether the Collection can be closed within the Year; the Assignment of the Plot of Land referred to in last Report could not be produced to me, I am therefore unable to say whether it is now in order; no entry has been made in the Ledger in the Current years Accounts; having regard to intending Changes, and the absolute necessity of the Town Commissioners being fully informed on the various matters Connected with their Accounts up to the latest moment, seems to one that Assistance should be afforded the Town Clerk, or Other arrangements Made, as he appears to be unable to discharge his duties with any degree of Satisfaction to himself or the public; It is very painful for me to have to report thus of one who until latterly has proved himself to be a most useful and efficient officer, but I Consider it would be neglect

of

duty on My part if I did not report fully as to the Physical inability of the Town Clerk to effeciently discharge the duties of his Office.

Your obedient Servant

THE LAST MEETING.

DISSOLUTION OF THE BOARD.

MR. TIERNEY'S FAREWELL FEAST.

Mr M J Finn, chairman, presided. Also present: Messrs Patrick Tierney, Peter Murphy, Wm Murphy, Patrick Gannon, and Peter J Byrne.

The Building of the Cottages.

Mr Peter Murphy asked had the clerk received anything lately from Mr Colfer as to the progress of the cottage scheme? Clerk—No, sir.

Chairman—There cannot be anything done until after the inquiry that is to be held. Mr Wm Murphy—Is that all that obstructs the building now? Chairman—I think that's all.

List of Fairs' Subscriptions.

Mr P Murphy handed in the following list of subscriptions with cheque for the amount from Mr Laurence Kavanagh, Ballywilliam to defray in part cost of change of fairs: J Bolger, P L G, 5s; J Kidd, 5s; W Morris, 3s 6d; M Bailey, 3s; D M'Grath, 2s 6d; D Quigley, 2s 6d; L Kavanagh, 2s 6d; P Bailey, 2s 6d; J Browne, 2s 6d; W Thorpe, 2s; B O'Neill, 2s, and P Kehoe, 1s. Total, £1 14s.

The Death of the Old Board.

The commissioners having signed some cheques for debts due, the chairman declared the body abolished.

Vote of Thanks to the Chairman.

Mr Gannon said that before they broke up, he had to propose a vote of thanks to the chairman for the manner in which he conducted the business. Some people thought it right to say he would be chairman of any meeting, and from his (Mr Gannon's) experience, he believed that Mr Finn was fitted to be chairman of any meeting.

Mr Byrne said he had great pleasure in seconding the vote of thanks. He did not see that anything that had occurred outside should be brought into this matter, as these were electioneering times.

Mr Kennedy said he had great pleasure in supporting the proposition. He always thought that their chairman conducted the proceedings with great despatch and alacrity. He had no fault at all to find with their chairman who had conducted not only their meetings, but outside public meetings very well. These were electioneering times and he believed that any difference they had would be forgotten when the elections were over.

The Chairman said that this resolution had taken him rather by surprise, and he was not prepared to reply as fully as he would wish. He should say that he always endeavoured to discharge the duties of the position to the best of his ability, and if he did not succeed he hoped they would accept the will for the deed (hear, hear). With regard to Mr Kennedy's remarks as to these being electioneering times, he, for his part, was prepared to bury the hatchet when all was over. He again thanked the commissioners for their kindness.

Thanks to the Clerk.

The Chairman said they should not part without passing a vote of thanks to their esteemed clerk (Mr John Tobin) to whom he was often under a deep debt of gratitude for advice and guidance.

Mr Kennedy endorsed the chairman's remarks, and said he desired to second the resolution. He said that Mr Tobin was invariably right in any information he gave, and he was willing to give information to everyone as well as the chairman.

The vote of thanks being passed, the Clerk gratefully acknowledged it, and said that he always tried to do his duty by the general body (hear, hear).

Mr. Tierney Entertains the Dissolved Body.

At the conclusion of the proceedings, Mr Patrick Tierney, true to his promise, sumptuously entertained the commissioners and the Press.

From the New Ross Standard January 14th 1899

NEW ROSS TOWN COMMISSIONERS—

Wednesday.

THE LAST OF THE OLD BOARD.—VOTES OF THANKS.

AMICABLE INTERCHANGES.—MR TIERNEY'S HOSPITALITY.

Mr M. J. Finn (Chairman) presiding.

Other Commissioners present—Messrs Patk Tierney, Peter Murphy, William Murphy, P Gannon, P Kennedy, and P J Byrne.

ADVERTISING THE NEW FAIRS.

Mr Peter Murphy handed in a cheque for £1 14s received from the Ballywilliam district:—The subscribers were as follows—Messrs J Bolger, P L G, and J Kidd, 5s each; W Morris, 3s 6d; M Bailey, 3s; D M'Grath, D Quigley, L Kavanagh, P Bailey, J Browne, 2s 6d each; W Thorpe and B O'Neill, 2s each; and P Kehoe, 1s. Total, £1 14s.

CREDIT BALANCE.

The Town Clerk (Mr Tobin) stated, in answer to Mr Kennedy, that the balance in bank to the credit of the Town Commissioners was £109 4s 3d.

PAYMENTS.

Nearly all the debts due by the Town Commissioners were ordered to be paid, including £63 19s 10d to the Gas Company, accounts for printing and advertising, &c.

Mr Gannon remarked that notwithstanding the charges made against the Town Commissioners of squandering the rates, he thought they were in a very healthy financial condition, as nearly all their debts were paid off.

VOTES OF THANKS.

Mr Gannon said he had great pleasure in proposing a vote of thanks to the chairman, as that was the last meeting of the old board, for the manner in which he had conducted the business from the time he was appointed chairman. Some people said that he was ready to take the chair at any meeting, but he (Mr Gannon) considered he was competent to take the chair at any meeting—perhaps more so than the men who were talking about him. That, at all events, had been his experience, and it gave him great pleasure to propose that a vote of thanks be accorded to him (hear, hear).

Mr Byrne said he thoroughly agreed with what Mr Gannon had said, and he had more experience of Mr Finn than some of the other Commissioners.

Mr Kennedy said he had watched the chairman since his appointment, and he could always see that he discharged the public business with intelligence and with despatch. He had never any fault to find with the chairman, and he hoped that any little friction that occurred during the elections would pass away and be forgotten after that day week. He would be very glad to see Mr Finn their chairman another time (hear, hear).

The Chairman said that he was extremely thankful for this token of their confidence in him. Ever since they conferred on him the honour of making him chairman he discharged the duties of the position to the best of his ability, and if he had not succeeded they should only take the will for the deed. They all agreed with Mr Kennedy in the hope that any little friction occasioned by the elections would pass away when they were over. If there is any friction, I, for one, will be prepared to shake hands and bury the hatchet, and I hope our successors will discharge the duty to your satisfaction, and, above all, to the satisfaction of the ratepayers (hear, hear). I believed when first placed in the chair I was unqualified for the position, and I believe so still ("no, no"), and I am greatly indebted for the indulgence you have always shown me.

VOTE OF THANKS TO THE TOWN CLERK.

The Chairman said, taking into consideration the very exceptional circumstances under which they were met there, for the last time, he thought it was due to Mr Tobin to pass a vote of thanks to him for his long years of faithful service as Town Clerk (hear, hear). For his own part he was deeply indebted to Mr Tobin for the great assistance he had always rendered to him since he became chairman.

Mr Gannon endorsed all that had been said about Mr Tobin, and had much pleasure in seconding the vote of thanks proposed by the chairman (hear, hear)

Mr Tobin feelingly replied, and said he did not anticipate that he would receive any recognition at the Commissioners' hands.

A vote of thanks was also passed to the Press representatives, to which Mr Long responded.

All the Commissioners having shaken hands with the chairman, the meeting terminated.

At the conclusion of the meeting, Mr Tierney hospitably entertained all who had attended.

Offices New Ross 21st January 1899.

Dear Sir,

With reference to the proceedings at the first Meeting of the New Ross Urban District Council to be held on Monday next the 23rd Instant, it may be of some assistance to you, and the members of the Council, if I briefly intimate what, in my opinion, should be the procedure and the business to be transacted at that Meeting.

First — Each Councillor should make the Declaration of acceptance of Office before acting as a Councillor — I have given you a form of Declaration which you should transcribe into a book, so as to have a form for each

of

of the fifteen Councillors, and for the sake of uniformity, I think it will be better, if each Councillor makes the Declaration before you. It might be made before any two of the Councillors, but it will prevent Confusion if you take all the Declarations.

Second — When four of the Councillors have made the Declaration, a Quorum is formed and the business may proceed — If the Chairman of the Outgoing Commissioners (Mr Finn) is present he is entitled as of right, to take the chair, but in his absence, the Councillors present, should elect a Chairman of the Meeting, and he will preside at the Election of Chairman for the year, which should be the next business of the Meeting — When this Chairman is elected, he should immediately make a Declaration of acceptance of the office of Chairman, and after his doing so, the Chairman of the Meeting should retire from the Chair, which should thereupon be taken by the Chairman for the year.

Third — After the Election of Chairman for the year, I dont think there is any other business, which it is imperative on the Council to transact at their first Meeting. Section 94, Sub section 9, of the Local Government Act, plainly Contemplates the Election of a Vice-Chairman as well a Chairman, and I see no objection to a Vice Chairman being elected, if the Council desires

desires to do so, but it is worthy of notice that although Rules 9 and 10 of the Local Government (Transitory Provisions) (No 2) Order 1898 refer specifically to the Election of Vice-Chairman for County Councils, and Rural District Councils, Rule 12 of same order which deals with Urban District Councils is silent on the subject. It may therefore, perhaps, be more prudent to postpone electing a Vice-Chairman, especially as it is only optional with the Council to elect him, whereas, it is compulsory on them to elect a Chairman for the year. . .

Fourth — With regard to the date and hours for holding future meetings, the Council may make such arrangements as they think most convenient. Rule 35 of the Local Government (Application of enactments) Order 1898, prescribes that the Council must hold a Monthly Meeting for the transaction of business under the Act. Of course they are not limited to these Monthly Meetings, and what I would suggest is, that on Monday next they fix the date of their first Monthly Meeting, and at such meeting they can arrange for the holding of any additional meetings they may think necessary. The members of the Council, are probably aware

that

Copyright Wexford County Archive

that none of their new powers or duties will not arise until first April next, and Consequently, it will probably be the most Convenient Course to hold the Meetings on the same day, and at the same hour, and in the same manner as heretofore, at least until April.

I believe that in the foregoing remarks I have said sufficient for the guidance of the Council at their first Meeting, and as to future meetings and procedure I will be glad to give such further advice as may be required.

It would be impossible to deal with every point and every difficulty at once. These must be dealt with as they arise. I return L. G. Board's letter of 18th Instant.

Yours very truly
John R Calfer.

They to Complain of the very unfair support I received at their hands, in allowing people to have potatoes weighed all over the Town, (in Corn stores shops &c) I applied to them at one time to have this remedied, which they promised to do, with the usual result, peculiar to that body. Should the same practice be allowed to Continue, I would not be able to pay You the rent of this Scales, as some weeks I do not even earn One Shilling. I trust Gentlemen, You will see Your way to have the Act (similar to the Cattle Market) dealing with this put in force, and so help me to earn a little livelyhood. What I would ask You to do, is simply to have all potatoes Coming to town for sale, sold and weighed on the recognised potatoe Market during the Market hours, Nine to two and have same porters printed to this effect, and ported round the Town. No 15. M. 1899 — Miscellaneous.

Local Government Board
Dublin, 26th January 1899.

Sir,

I am directed by the Local Government Board for Ireland to draw the attention of the Borough and Urban Authorities to the terms of article 7 of the Local Government (Transitory Provisions) (No 2) Order, 1898, a Copy of which is annexed, and to remind them of the provisions Contained in section 53 of the Local Government (Ireland) Act, 1898, which allow of the Consolida— — tion of the poor rates and Municipal

rates

rates under certain Conditions.

Before the 30th of September of this year it is expected that the County Councils will be in a position to inform the authorities of the amount of the Poor Rate to be levied within their districts, and this amount may thus be raised with the Municipal Rate for the period extending from the 1st October 1899 to the 31st of March 1900.

In Order therefore to take advantage of these provisions, as well as on the the Grounds of Convenience and economy, it would be desirable that in every Case where the interval of time admits, any rate now to be made should be Collected before the 30th of September next, and that in Cases where the usual period of making the rates does not occur until about the Middle of the Year that the next rate should not be made if possible before the 1st October.

In this way it would be possible to meet the expenditure of all boroughs and and urban districts up to the 31st March 1900, So that from the 1st of April, 1900, the rating year would be the same in all urban districts, and Uniformity introduced into the Financial arrangements of the principal urban Centres in Ireland.

I am further directed to inform You that if the Council upon deliberation are

are of opinion that another Course in accordance with the Order above mentioned, is more suited to the needs of the district, the Board will be glad to give full Consideration to any statement that may be laid before them on the Subject.

The Board take this opportunity of observing, as some misconception appears to exist on the subject, that although Urban district Councils have been Constituted Consequent upon the holding of the first election under the Act of 1898, the additional powers Conferred upon such Councils by the Act will not become operative until the 1st day of April next.

Local Government Board

Dublin 30th January 1899

Sir,

I am directed by the Local Government Board for Ireland to state that they deem it advisable to appoint the Town Clerk of each County Borough or Urban District Council as Returning Officer for the forthcoming Election of Guardians within such County Borough or Urban District.

The Election will be carried out under

1899 — Wednesday 1st February —

February 1st

under rules similar to those made for the Election of the Councils of County and other Boroughs, and Urban Districts respectively, and the Scale of expenses will be the same as that prescribed for the recent Municipal Elections.

The Election Rules and the Order fixing the number of Guardians to be elected for each Urban District will be issued in a few days, but meanwhile the Local Government think it well to annex a statement for the information of the Town Clerks shewing the dates fixed for the Elections in Order that they may be prepared to make the necessary arrangements.

The Board have required the Returning Officer for County Elections, to appoint the Town Clerk of each Town which forms part of a County Electoral Division as Deputy Returning Officer for that Division

This step is taken in order to ensure that the polling for County Councillors and Guardians shall take place together in the manner provided by the Local Government (Ireland) Act 1898.

Proposed by Mr Roche
Seconded by Mr Tierney

That we entirely approve of the Tenant Right Bill for Towns introduced into the House of Commons by Mr Field M.P. as we believe that if such a measure was passed into law, it would improve Trade and be the means of promoting building and the extension of Towns in Ireland by giving the Tenant a permanency in his holding at a Fair rent, and providing Compensation for disturbance and outlay by Tenants.

That a Copy of this Resolution be sent to all Irish members of Parliament with a respectful request to support this Bill and also to all the public Bodies in Ireland, asking them to take united action in the matter.

Unanimously Resolved

That this Council having read the Local Government Board letter of the 20th January, 1899, re the approaching elections of a County Councillor and Urban Guardians, this Council records its opinion that the Charges imposed thereby upon this small and comparatively poor Townships are altogether unreasonable. The Cost of the Urban District Election in January last was £38. 4. 2, while hitherto the Cost of a similar election for Town Commissioners amounted to the moderate sum of about £4.

The Local Government Board have now imposed upon this Urban Council similar heavy Charges for the Election of a County Councillor and Urban Guardians. These elections are estimated to Cost the District £60 or £70, thus making fully £100 extra expense to be met or 4d in the £ on the rates. This Council respectfully protests against such taxation and request the Local Government Board to amend their Order so as to save the Town this expense" -

Copies of this Resolution to be printed and and sent to the Neighbouring Urban Councils immediately and to invite their Co-operation.

Gentlemen

The members of the above Club would feel greatly indebted to you if you be kind enough to have a few little repairs done in Assembly Room at your earliest convenience - Viz - Whitening the Ceiling and walls and a new Grate in fireplace and a few panes of Glass in Windows

The Committee also wish to know if the Council will be good enough to make a little temporary structural arrangement, as their funds are very limited at present. What they suggest is a folding screen that will divide the room into two parts. It could be so arranged that it could be removed in a few minutes. Trusting the Gentlemen will give the matter their Consideration and thanking them for past favours - On behalf of Members of Club

Dear Sir,

The Lease from the late Commissioners to Mr Wm Reville of Three Bullet Gate which was approved of by the Commissioners long since has been engrossed by Mr Reville's Solicitor, and sent to us for execution.

Under the Local Government Act, the Urban Council is now a Corporation, and Leases and other such documents must have the Common Seal of the Council attached when executed. It is therefore necessary for the Council to adopt a seal. I would suggest "The Urban District Council of New Ross in the County of Wexford" printed in Circular form, with the Arms of New Ross in the Centre, but if there is any doubt on the subject it might be well to ask the Local Government Board to direct what name shall be used under Section 13 of the Local Government Application enactments Order 1898.

New Ros Catholic Working Mens Club.
8th March 1899.

To the Chairman and Gentlemen
Urban Council New Ros.

Gentlemen,

The Committee of above Club Will deem it a great favour, if You be so Kind as to allow them to pay You for Gas light in Room per week. The reason We ask this request is, that as We are only intended remaining temporary in room, and as the getting in of piping &c Means great expense We will be satisfied to pay a Sum of Two Shillings, per Week say, or Whatever You may think would be fair. We will require only Six burners, and We will pay any expense that may be incurred in alteration of present lights, and as the Summer is now Coming on, the Consumption will not be

So high. If the alterations we make Mill not be suitable for use in Room permanently, We undertak to put lights in present position When leaving Room.

Thanking You Gentlemen on behalf Club, I am Yours faithfully

John O'Neill Hon. Sec.

Proposed by Mr Gannon
Seconded by Mr Delaney
That the Catholic Working Men's Club be allowed the use of the Gas in the large Room through the Hon. secretary of the Club the tenant for the Room Mr John O'Neill at 2/- per week & the Kept lights until 10.30 P.M. on each night. Carried unanimously

A Communication was read from Conduit Lane
Flynn and Young, Hawkyers, Waterford
Saying — Gentlemen — As We are informed that the Town Commissioners of New Ross, are now vested with Power under the new Local Government Act, enabling them to make Fairs and Markets, We herewith make application on behalf of the Principal Fowl buyers of Waterford, begging You to arrange & have the Fowl Market held in future at some fixed place within the limits of the Town of New Ross, and at a Certain time of one particular day of the week — same to be Clothed in a Bye Law, prosecuting parties not acting

acting in Concert with your arran-
-gement. It is necessary to do
this as the market is not worth
attending under the rules that govern
it presently. The Travelling expenses
Cannot be got out of it, and essentia-
ally all the Waterford buyers must
Cease attending unless some steps
are taken to place the market
in the same position as heretofore.
At the same time we beg to remark
that unless a law Can be made
prosecuting offending parties, it
would be useless passing Resolutions
Thanking you in anticipation of
this letter receiving your kind Consi
-deration.

We are Yours Respectfully

Ordered — That the Consideration of
this Communication be referred to
the Street Committee, to inquire into the
matter, and report thereon to the Council.

Received

Street Inspectors Report — There are
fourteen heaps of manure now finished
in the yards for sale. The manure in
Marsh Lane Yard have been made up
in heaps.

I have to state that I inspected the
Footpath at Dr Hickeys Hall door in

Priory street and I found three flags broken, and two flags require to be taken up and reset along with the new flags to be put down Also, the Channel on the Quay at Mr Kellys bacon store. The paved Channel is gone down and requires to be taken up and repaired for about twenty five Yards to give it a fall down to Mr Patrick Hunts Gateway to take down the water in the Channel, and to have some broken stones spread outside the Channel on the Quay. It is greatly gone down, Also, the waterstops in holes at Mr Samuel Roughs, bacon store in the water Channel which and requires to be taken up and reset. Also the Quay inside the rail at the bridge. It is greatly taken up with flags belonging to Mr Rawer. Also, stones have been taken up out of the river and left on the Quay. Also, a lot of old Metal and an old boney left Chained to the rails outside on the Quay. I think they should be removed to prevent a nuisance there.

I inspected John Street on this week and I found on the west side of the street from Bridge Street to the rails at Mr Roche's store to be greatly gone down, and unlevel and requires a good lot of broken stones to be spread out

out and Covered over with some fine stuff. Also the High Hill Concrete footpath. The little Channels are greatly Closed up and very dangerous. I would recommend to have the little Channels Cleaned out to prevent persons slipping when Comming down on the path.

I inspected the Footpaths in Rockcorry going up to the Railway station. I found three flags broken on the North side, and on the South side ten broken flags. All require to be taken up and new ones put down.

St Committee — Ordered — That the report be Referred to the Strut Committee to inspect and report on the matters referred to in the Strut Inspectors Report.

Railway Reform — Excessive Rates.

Court House, Omagh 28th Feb. 1899.

Dear Sir,

At a special Meeting of the Omagh Town Commissioners held on the 25th inst. it was unanimously Resolved that the Report of the Committee appointed to inquire into the question of excessive Railway Rates should be adopted, and that a Copy of the ~~annexed~~ Report (enclosed herewith) together

together with a Copy of the annexed Resolution should be sent to every Corporation, Town Council, Chamber of Commerce, and Board of Guardians in Ireland, and also to all Members of Parliament, with a View of having united action taken in Order to have the grievances Complained of remedied.

I shall esteem it a favour if you will lay the enclosed Resolutions and Report before Your Board at their next Meeting, and I trust they will approve of and adopt the Resolutions, or others similar in purport and will extend their support and Cooperation to this Movement. If so, I would be glad if your Board would forward the annexed request to the Right Hon. Daniel Tallon, Lord Mayor of Dublin.

Copy of Requisition

March 1899.

We beg to direct Your Lordships attention to the Resolutions in reference to Railway Reform, set out below, which we have adopted, and we respectfully request Your Lordship to Kindly accede to the request Contained therein

To the Righ Hon. Danial Tallon
Lord Mayor of Dublin.

1899 March 8th — Wednesday, 8th March — Minutes

That we are of opinion that the time has now come for the Irish people to make a united effort to abolish Railway Monopoly in Ireland, which has for years past formed one of the greatest barriers to the Commercial development and prosperity of ~~Ireland~~ the Country.

That we regard the freights now charged by Irish Railways on all classes of goods (particularly as regards local traffic) as most excessive and Consider that relief is Urgently required.

That the system of Monopoly pursued by the Irish Railways as Compared with the Competitive System on English and Scottish Railways may be attributed most of the grievances of which we Complain, and Whereas English Railways Carry much more goods of higher value per ton at lower rates, yet Irish Railways pay higher dividends than English or Scotch Railways, although the economic Condition of Ireland demands Cheap transit for the success of its manufacturing and Agricultural industries.

That we regard with satisfaction the opposition that is being offered to the proposed Monopoly that the Great Southern and Western Railway are endeavouring to

to establish, and we urge the merchants and traders in the districts affected to oppose it with all their might, as we know from experience the result of the Great Northern Amalgamation has been an increase in Rates of from fifteen to 20 per cent.

That we Consider the Local Rates Charged on many Classes of Goods by the Great Northern Railway are prohibitive, and we direct attention to the instances furnished in our Committee Report.

That in pursuance of this policy of monopoly, the practice of giving Preferential Rates to places which have other means of transit is a dishonest policy, and should be made illegal, as these Preferential Rates are given at the expense of places which have no other means of transit; for instance, as pointed out in our Committee's Report. Rate for porter — Dublin to Omagh 16/8 per ton; Dublin to Derry, 30 miles longer distance, 12/- per ton.

That Considering the amount of Capital invested in, and the Traffic Returns of Irish Railways, it would be quite possible under a proper system of State Control to reduce the Charges for for live stock and merchandize 50 per Cent, and have a sufficient surplus

to

1899
March 8th

Wednesday 8th March - Minutes

to pay a fair percentage on the Capital invested

That in our opinion the Solution of the question will be found either in State purchase or in Compulsory amalgamation under State Control -

That Considering the Financial relations between Ireland and England, the Irish people have a right to demand State assistance for the removal of this grievance, and further that the Money expended on the Construction of light Railways is of very little use for the purpose intended unless a general reform and reduction of Rates is enforced on lines connecting those light Railways with Seaports and inland towns.

That with a view of forming an Organization to bring about railway reform We would respectfully suggest to the Lord Mayor of Dublin the desirability of Calling together a Conference to which representatives from Chambers of Commerce, Corporations, Town Commissioners, Boards of Guardians, and public bodies should be invited; also representative men of all shades of opinion, and Members of Parliament.

The Report of the Omagh Town Commissioners referred to was also received and is annexed at next page.

Ordered - That the Resolutions received

received from the Omagh Town Commissioners, respecting excessive Railway Rates in Ireland be adopted, and that the Requisition Form be signed by our Chairman, and transmitted by the Clerk, to the Lord Mayor of Dublin, with a request that he will be good enough to Consider the last of the Resolutions, and Convene a Public Meeting, whereat the existing anomalies of Railway arrangements in Ireland, may be duly Considered, and a Mode of action decided on for their removal.

Offices, New Rop, 8th March 1899.

Dear Sir,

In reply to your letter of 9th February enclosing order of the Urban Council directing "that the Circular from the Local Government Board "respecting the Rating of the District be referred to "Messrs — Calfer & Gethin for their legal instructions "as to how the procedure referred to therein will "be Carried out by the Urban District Council", we have to say, that the matter does not appear

to us to Come within the sphere of our duty as Solicitors to the Council. Methink this a Matter for the Clerk of the Council, but of Course, if there is any question of law which the Council require to have answered We shall be happy to answer it.

We may mention however that according to our reading of the Local Government Board's Circular, What is intended is, that in a Case like New Rop where the last Rate was made late in the Year, as 29th July, no other Rate should be made until 1st October.

It follows from this that the Local Government Board expect that the Council should make arrangements with their Treasurer for an advance to Carry them on until 1st October, and we would suggest that a Short Statement of the present Financial Condition of the Council be sent to the Local Government Board with a request for their directions under the Circumstances.

Yours faithfully
Calpin & Gethin

Sweeping down Sugar House Lane and the Post office I called on Scanlon and Cahill to sweep around the beam and scales on the Quay where the horses and cars had be standing at the potatoe market. They refused to do so, and did not. The manure was left there. Also, on Saturday night at Marsh Lane, I called on Scanlon and Cahill to sweep over the Channels to Patrick Powers and to Ryory Lane, as horses and cars had been standing over there on Saturday evening. They would not do so. The manure was left there for Sunday. I will not be able to get the streets cleaned with these men. They are paid for Saturday nights work.

The Carman has to stand in the street in the Mornings for the men to sweep before before him. Scanlan and Cahill leave their brushes in the Hall below and before they get them, some times it is a quarter to seven. I give them Orders to bring them home at night and they refuse to do so. house in William street have been repaired by James Connolly. The slates that had been blown off by the storm last week, have been replaced by others and secured.

The plug stone of the stop-Cock in Quay street fell asunder as John Walsh was taking it up on last week. I had to get one made at Mr James Rowers to prevent danger.

There are twenty five heaps of Manure finished in the yards ready for sale.

The Clerk states that the house in which old Mrs Elms lives, was in a very bad state after the slates had been blown off, and the Collector Inspector and himself, Concluded that it was necessary to save the health of the poor old woman and to prevent further damage, that it was necessary to to have the roof repaired promptly with Cement. Also to have the slates replaced on Merrigans house when the slater was in the street. Approved.

The ordering of the stone plug for Quay street was approved.

New Rep Urban District

Local Government Board
Dublin, 11th May 1899.

Sir,

I am directed by the Local Government Board

Board for Ireland to inform the New Ross Urban District Council that the Board have received the report of their Engineering Inspector, Mr Cowan, on inquiry by him into the applica-tion of the Council for Sanction to a loan of £2,481:10:0 for the purpose of Carrying out a Scheme under the Housing of the Working Classes Act, 1890, and I am to State that the Inspector Considers that the plans and Specifi--cations are not satisfactory and that they should be carefully revised and then submitted to the Local Gove--rnment Board.

The plans &c are returned herewith, and the amendments suggested by Mr Cowan are set forth in the enclosed extract from his report.

When the plans &c are amended as suggested the Board will Consider the question of sanctioning the loan.

I am, at the same time, however, to add, that the Consent of the Treasury to the appropriation of the sites has yet to be obtained, and when the amended plans are approved by the Local Government Board it will be necessary that the Council should Comm-unicate with the Treasury in reply to their Lordships letter of the 23rd November last.

Extract referred to.

Some of the points regarding which the plans and specifications should be amended are as follows:—

(1) The stair in each house should start at the back wall and finish at a small landing from which each of the upper rooms could be seperately entered.

(2) One of the upper rooms should be provided with a fireplace, and the other should have a ventilation flue in the Chimney shaft.

(3) The relative levels of the Kitchen floors, Yard and outside ground should be clearly shown. The Kitchen floor should be at least six inches over the ground level.

(4) Built drains should not be used, but six inch glazed fireclay pipes, jointed with Cement Mortar, with suitable earthenware traps, and galvanised Iron grating.

(5) The floor of the privy, ashpit, and surface of the yard should be formed with Concrete five inches thick.

(6)

(6). The Walls dividing the houses should be fully Carried up to the lower side of the Slates.

(7) The plans should be fully figured with arrow-head on all dimension lines to show clearly the sizes of doors, windows, timber &c and the thickness of the Walls.

Ordered – That the Consideration of the letter from the Local Govern-ment Board and the extracts from the Report from the Engineering Inspectors Report on the Changes to be made in the plans and Specifi-cations of the Cottages be referred to next meeting, the members to be notified to attend to Consider same.

Dr Cherry left the Chair which was taken by Mr Murphy.

Ordered – That Advertisements be issued inviting proposals for 12 heaps of manure, the proposals to be Considered at next meeting.

Mr Murphy Signed the Cheques.

The following was read from the Local Government Board

Whereas by Order dated 21st day of March 1899. We, the Local Government Board for Ireland, did in pursuance of the Powers vested in us by Section 27 of the Local Government (Ireland) Act 1898 prescribe certain rules entitled "The Urban District Councils General Rules 1899, for the transaction by Urban district Councils of the business transferred to such Councils by the Section:

And Whereas under the provisions of the said Section 27, it is provided that the Council of any Urban County District may undertake the entire maintenance of any road in the District the expenses of the maintenance of which are leviable partly off the County-at-large;

Now therefore We do hereby order and prescribe that the provisions of the Urban District Councils General Rules, 1899, excepting the provisions Contained in Articles numbered respectively 4, 5, 6, and 7, shall apply to and be observed by the Councils of ~~each~~ such Urban County Districts

Districts as may, from time to time undertake the entire maintenance of all roads within their districts under the provisions of Section 24 (6) of the Local Government (Ireland) Act 1898.

And We do further direct that this Order shall not apply to, or be observed by the Councils of those Urban County Districts in which the business ~~parties~~ respecting public works had been transferred from a Grand Jury, prior to the passing of the Local Government (Ireland) Act 1898.

Collection of Rates in Urban Districts.

Local Government Board, Dublin 19th May 1899.

Sir,

I am directed by the Local Government Board for Ireland to state

1899 — Friday 26th May — Minutes
May 26th

~~State~~ that they have received applications from several Urban Districts requesting them to Suggest a form of Rate Book which may be used for the Collection of the Town Rates, and of the Poor Rates levied under the Local Government (Ireland) Act 1898 in Urban Districts.

With a view to facilitating the Urban District Council in arranging for the Collection of their next rate the Local Government Board have prepared the enclosed two Forms of Rate Book, one to meet the Case of any Council proposing to Collect the Poor Rate seperately from the other municipal rates and the other for use in Towns Where the Council Consider that all the rates can be Collected together.

The Local Government Board desire to Point out that the Columns and headings of the Forms may require alterations to meet the necessities of particular Districts, or in the event of the inclusion by extension of boundaries of any portion of Agricultural land

Land in area of the Urban
District and they wish the Urban
Council to understand, that it
is a matter for their own Consi-

Miscellaneous

Local Government
Board, Dublin 31st May 1899.

Sir,

Numerous inquiries having been made respecting the position, under the Local Government (Ireland) Act 1898, of Poor Rate Collectors who are existing Officers under the Act, and whose original Collecting area extended into both an Urban and a rural district the Local Government Board for Ireland deemed it advisable to Conduct the Law Officers of the Crown on the subject. The opinion of the Law Officers has now been received, and is to the effect that Sub-section 20 of Section 115 of the Act applies to the Cases Mentioned, and that Where a difference has arisen the Board Can determine whether a Collector is transferred to the Council of the County or of the Urban District.

It is probable that the question may

In reply, in reference to the letter, plan, specification, and repot of the Engineer, Mr Cowan, received from the Local Government Board and Considered at Meeting held on the 7th Instant, the Clerk stated, that that after the meeting of the 7th Instant had Concluded, he wrote to Mr Jones that might to Come in next day to make the required alterations in the plans and Specification. That Mr Jones did Come in on the 8th Instant and made the alterations required by the Local Government Board.

That When Mr Jones had finished the plans & Specification as amended, that he (Clerk) gave them, as he had received them from Mr Jones, to Messrs Calfer & Gethin on the same evening (8th June), for transmission to the Local Government Board.

Thomas Daley Came before the Meeting and Stated that he had been put to expense of fine and Six pence Cost for 1/- Claimed by the Collector, by Summones for himself and his two bails or Sureties, and asked for Some allowance from the Councillors.

The Collector, who was present in reply, stated that after Daly had left the House, he had written to Daly and his Sureties and had Called on Daly personally on

on several occasions, until his applications had been treated with indifference, and when he (Collector) told Daly, he would be obliged to summon him for the amount, Daly became defiant and said he would meet him in Court, and defy him. He (Collector) was therefore obliged to summon him and his two sureties.

As there could not be any legal deduction or allowance made on the application the members present subscribed some having promised, and had it subsequently given to Daly — amount 5/6.

The presiding Chairman gave the following to the Clerk, to insert substantially, in the notice for next meeting —

— In Consequence of the irregular attendance of the Councillors, and the difficulty of procuring a quorum A full attendance is requested to arrange for the Conduct of business for the ensueing three months.

On Monday 5th June 1899.

It was moved by Wilbe Fitzgerald and Seconded by Robert Frewen —

Resolved — That it is the opinion of this County Council that the disagreements between Landlords and Tenants, which may be called a land war, have been and are very injurious to the general prosperity and Commerce of our Country. We, therefore, urge upon the Government to pass an equitable "Compulsory Land Sales Act," which shall abolish dual ownership, and establish a Peasant Proprietary, this being in our judgment the only effectual remedy for the Contentions which prevent the farmers from thriving and throwing all their energy into the Cultivation of their holdings. We also point out that as the traders in our towns are almost wholly dependent upon the Agricultural interest, they must also benefit by any Scheme which will tend to bring a Settlement and prosperity to the farmers. Be, therefore, resolved that this resolution be printed, and a Copy be sent to the Chairman of every Rural, Urban, Corporate and County District in Ireland, with a request that they will Co-operate by adopting our resolution; Copies also to be sent to Lord Salisbury, Mr A. J. Balfour, Mr G. Balfour and our representatives in Parliament.

Fair Wages Resolution.

Raised by the House of Commons, on ~~the~~ 13th February 1891 and renewed on 21st March 1893:—

Resolved— "That, in the opinion of this House, it is the duty of the Government, in all Public Contracts to make provision against the evils recently disclosed before the Sweating Committee; to insert such conditions as may prevent the abuse arising from Sub-letting, and to make every effort to secure the payment of such wages as are generally accepted as current in each trade for Competent Workmen."

Resolution passed by the Corporation of Dublin, on the 2nd March, 1891, 2nd April 1894, and April 1899:—

Resolved— "That in all future advertisements inviting tenders for Works, and in all Contracts, the following Clause shall be inserted —"The Corporation will require the Contractor whose tender may be accepted, to pay not less than the minimum standard rate of wages at the rate paid in Dublin and District, and to observe the Hours and Conditions now recognised as proper there; and that in

Conditions, or shall sub-let
any portion of his Contract without
Consent in writing previously
obtained; that it be made a
Condition of all Corporate
Contracts that Regular Tradesmen
only be employed to perform
tradesmen's Work; and that an
Official of the Council shall be
authorised to inspect all work
done by Contractors at such times
during its execution as the Council
shall direct."

Mr Gannon seconded the propos-

The Clerk stated that he had carefully amended the Lists of names of the Occupiers and Immediate Lessors within the Borough but had not received received any applications for a change in Valuations. That he called on the Poor Rate Collector who up to this received such applications and he stated, he had received no such apoplications.

Ordered - That the Clerk send forward his Statement to the Meeting, to the Chief Clerk at the Valuation Office in Dublin.

A Circular was received from H. Caddell Registrar of Petty Sessions Clerks Dublin Castle - Saying - they enclose Cheque for £16. 18. 11., being the proportion payable to the Urban District Council of New Ross out of the Surplus Moneys arising from the Sale of Licences issued in the year 1898. Sales of Manure.

Clerk's Report — On this day 4th July 1899, an Auction of the Manure in the Councillors' Yard on the 2nd day took place.

The following persons purchased as follows —

Edward Merrill, Rawmore	2 heaps, at	10/-	£1.0.0
Edward Browne, Annestown	2 heaps @	10/-	1.0.0
George Keogh	2 @	10/-	1.0.0
Edward Merrill, Rawmore,	2 @	10/-	1.0.0
William Keogh Lacken	2 @	12/-	1.4.0

Michael

Michael Roche, Ballyanne, 3 heaps @ 12/- 1.16.0
Edward Browne Arnestown 2 heaps @ 12/- 1.4.0
15 heaps sold £8.14.0

The persons present seemed to be strongly under the impression that the manure was not of as good a quality for their purposes, as it used to be in years past, and the time of the year the Auction was held, made it an unfavourable time for some of the persons present to engage in drawing manure from Town. These reasons seemed to keep back bidders from purchasing.

The Street Committee having arranged for the erection of a shed in the Yard to hold the Street Machines and other property belonging to the Councillors, now in the Marsh Lane Yard, under rent, and the want of a Space to bring in and make up more manure, influenced me, in the absence of instructions, to allow the heaps to be sold at so low a price, together with the impression that if the Auction was adjourned, the Sums offered per per heap, would perhaps be lowered, as it was known that a portion of the yard should be cleared. Offers were made to purchase Eleven heaps at 12/- per heap but I declined to allow any more to be sold at

Report of Street Committee

We the undersigned inspected the house occupied by Mrs Galewin at Fairgate on July 1899 and found the roof at the East side in a bad state of repair - one large hole, the result of the March gale being still unattended to. We are of opinion that a Slater and attendant could do all repairs necessary in one day, and recommend that a man be employed for the purpose.

We would call the attention of the Council to the disregard of standing Orders by several inhabitants in South and North Streets, who continue to put the sweepings of their shops on the streets overnight instead of in the morning - causing the streets to be in a perfect Litter and most unsightly.

Mr Redmond, Street Inspector, goes home before the shops are closed and does not see to this. The name of those who most frequently

The following which was signed by a number of inhabitants of the Irishtown and neighbourhood was read.

July 26th 1899

To the Presiding Chairman and Urban Councillors of New Ross

Gentlemen

Permit us, the undersigned, to enter our most solemn protest against the site chosen by the New Ross '98 Committee for the monument to be erected to the memory of those heroes who fought and died for fatherland. Allow us a portion - a leading portion - of the ratepayers and voters in this urban district to say that the Market Square was, nor is not, the proper place to erect the monument on. It should be erected in Irishtown, where the battle was fought and won, or at the Three Bullet Gate where our forefathers fought a determined and victorious battle against the Red Coats. Either of those two places is the proper spot for the monument. But those whose votes carried the site to the Market Square would not be guided by those who knew history much better than themselves. You may say this is a late hour of the day for us to protest but we wish to remind you that we done so before the site had been chosen as we refused to subscribe when

1899 July 26th Minutes Continued

we learned that the monument was intended to be erected in a spot where all was lost that had been won in the two places above referred to. If the monument is erected on the Market Square we shall never subscribe, but on the contrary, if it is erected in any of the two places above referred to, we shall open our purse strings, and subscribe with generosity. If this protest do not get an important hearing, and support at your hands, we shall seek a remedy in a more public and determined attitude, and will further remember your action at the polls the next election

Our reasons for Arklow is as follows:-

(1) Battle fought there.

(2) The oldest and most historic spot in town.

(3) Monument seen by thousands at the monthly fair held there.

Our reasons against the market square is as follows:-

(1) No room

(2) Here the gallant pikemen suffered defeat

(3) It was the hot bed of Yeomen.

The National Bank Limited

Dear Sir,

On the 9th Instant, I wrote to the Council on the Subject of the overdraft. but have not been favoured with a reply nor even an acknowledgement to my letter, and a second letter of mine on the 25th Instant having been treated in like manner, I have to request that the Council will issue no more Cheques until the account is set in Order.

I am dear Sir
Yours faithfully
C. J Feeley.

The Chairman
Urban District Council
New Ross.

The Clerk stated that he had written a letter to Mr Feeley on the previous day ~~but~~ giving full particulars of the steps taken by the Councillors on the Subject, but found that it had not been delivered until to day, which

Cities and towns in Dublin and is insufficient:

(2) That in order to prevent harsh evictions in such cities and towns, and to protect the interest of such classes, and all citizens having any interest in their dwellings or holdings as tenants, immediate legislation is necessary to redress the grievances at present existing:

(3) That all citizens being town tenants are entitled to better legal security in their tenure and improvements, and to have the interest in their tenancies properly defined, fair rents judicially determined, and a less expensive and more expeditious procedure for adjusting disputes between landlord and tenant established:

(4) That the terminable leasehold system, by the Landlords on expiration of leases become entitled to the tenants buildings and improvements, is injurious to the community, and that ground values should be taxed:

(5) That copies of this resolution be forwarded to the First Lord of the Treasury, the Chief Secretary for Ireland, and every Borough and County Council in Ireland.

Ordered — That the Resolution be adopted.

The following was read

No 318. M./1899

Local Government Board
Dublin, 29th August 1899.

Sir,

The Local Government Board for Ireland desire to draw the attention of the Council to the terms of Section 116 of the Local Government (Ireland) Act 1898, which provide that if the duties of any existing Town Clerk of a Borough or Clerk to the Commissioners of any Town are increased, he shall receive such increase of salary in proportion to that increase of duties as the Local Government Board may determine.

The Board have been applied to in a large number of instances to determine the future salaries to be paid to Town Clerks in respect of increased duties, but they have deemed it advisable to withold their decision in all cases, until such time as they are in a position to consider all claims for increase of salaries in consequence of increased work which the officers mentioned may desire to submit.

Copyright: Wexford County Archive

The Board will, therefore be glad to receive within a month, from the present date a statement showing the salary of the Town Clerk or Clerk to the Commissioners who is affected by the provisions of the section referred to, and who may not have arrived at an agreement with the Council on the subject, together with a statement as to the increase of work to be taken into amount in each case.

Any observations which the Council may see fit to make respecting any claim put forward affecting them, under the enactment in question, will receive full consideration on the part of the Board.

I am,

Sir,

Your obedient Servant,

Thos. A. Mooney

Secretary.

To the Town Clerk of each Borough, and the Clerk of each Urban District Council.

Auditors Report.

Kilkenny 31st August 1899

Sir.

I have the honour to Report for the information of the Local Government Board, that I have Audited the Accounts of the New Rop Town Commissioners for the three Months ended the 31st March 1899, and I forward herewith an Abstract showing under Several heads the Receipts and Expenditure for the Period under Audit.

Out the Sum of £464.17.4 arrears due by the yearly tenants at the Close of 1898, only £22-6.0 was Collected during the three Months under Audit. Since then I ascertained, £160.14.11 has been paid, but another half years rent had become due. Taking all round, over two years rent was due by the yearly tenants — of this however a large portion is due by the Harbour Board which is insolvent but which it is hoped will be soon able

Dear Sir,

We enclose the Fee Farm Grant and Counter part of Folly House premises from the Council to Mr Carr, who, as we have already advised you, is entitled to have this Grant made to him under the Renewable Leasehold Conversions Act. The rent received by the Original Lease was £2.2.6, Irish Currency, equivalent

to

£1.19.3 of the present Currency, but this has been increased to £2.2.9, present Currency in the Grant. Mr Carr has also sent us a Cheque for all renewal Fines, and interest due on the making of the Grant amounting to £24.2.3, and we have carefully checked the Calculations of those fines and Interest, submitted to us, and found the Calculation Correct, and we now enclose you the Cheque endosed by us.

The Grant and Counterpart, and the Memorial of it, which we also send should be Sealed with the Common Seal of the Council, in the presence of the Chairman, and two other Members of the Council who should sign their names, where marked in pencil and you and another Witness should also sign your names where the word "Witness" is pencilled.

Please let us have back the documents perfected as soon as possible and also let us know, if the rent has been paid up to the 25th March last.

The Municipal Minutes of previous meeting not having been written up, (of this Meeting), Some Conversation ensued as to Whether the business of this Meeting would be proceeded with or not. It was decided to proceed with the business the Minutes to be read and signed at next Weekly Meeting.

The following was read.

Financial Committee.

Your Committee Met this day at four o'clock P.M.

The Amount due to the County Council for Union Charge, formerly called Poor Rate is £ 695. 7. 8, and for County Charge which previously was Collected as County Cess is

1899 — Wednesday 13th September —

September 13th

is ~~£695.7.5~~ £340.13.8. To meet the Union Charge or Poor Rate your Committee recommends the Council to adopt 2/- as their Rate which would yield from the Assessable valuation of new Rop £7800, say £780, when from this amount is deducted the Cost of Collection @ 7° per £ about £20, and a further sum of say £40 as irrecoverable, the balance will be close to the amount required £695.7.8. That your Committee does not think it prudent to have the Rate less than the 2/- suggested — Of course any small surplus should remain to the Credit of this Rate Account for next year.

To provide the County Charge, that is Cess which has to be remitted to the County Council, amounting to as stated £340.13.8 Your Committee recommends a Rate of 1/ to the £ to be struck. For the maintenance of the Streets and Roads within the Urban District, which hitherto the County looked after by means of

Copyright: Wexford County Archive

of the County Cess, the Urban Council has now to Collect and disburse itself directly a sufficient sum for this purpose. The Estimated Cost of same for one year is £299, to which has to be added the Cost of Collecting Rate say £10. and the Salary of a Local Surveyor, £52, making in all about £360. Your Committee considers 1/- in the £ as the proper Rate to adopt in this Case. The Rates above mentioned amount to 4/- in the £, half of which should be Collected now, and the remaining half next January. Of this 4/- the landlords in the Urban District Continues to allow 1/- Poor Rate that is 1/- which makes the Net Rates to be 3/- in the £.

These Rates of 3/- Compare favourably with the same Rates previously paid, Generally amounting to £3/10 in the £.

Regarding the Collector for these Rates, Your Committee recommends the appointment of James Barron at a Poundage of 7½. ~~in the~~ the Urban Council has to note that James Barron has to be

appointed

appointed as a Collector ~~for~~ of the Poor Rate, or receive Compensation for the loss of the Office in as much as he has signified his willing-
-ness to act.

We also recommend that all rates should be Collected within three months from date of Collectors Books being handed to Collector.

Your Committee Considers the duties of a Local Surveyor as enumerated by the Local Govern-
-ment Board as quite sufficient, and does not recommend that the Council remove from the present Street Inspector any principal duties, at present performed by him

The Committee approves of 1/- in the £ as the Estimated Rate for a Borough Rate

The Clerk Submitted a Rough Estimate of a Borough Rate. The following is the Summary of the Estimate.

Expenditure – Urban Councillors Prospective	£650.15.0		
Claims for Payment	488.9.2		£1139.4.2
Expenditure – Sanitary Authority Prospective	£140.15.0		
" Retrospective	59.9.5	200.4.5	
			£1339.8.7
Assets Urban Councillors	£630.17.4		
" Sanitary Authority	20.2.6	£650.19.10	
Balance for which B Rate will be required			£ 688.8.9

By the foregoing Statement, it appears that the Sum of £688-8-9 will be required.

On the Net Assessable Valuation of the Borough £7885 a Rate of one Shilling in the Pound will produce £394-5-0, leaving a Balance of £294.3.9 Unprovided for.

After some Conversation as to whether a Sanitary Rate ought to Struck to meet the Large Balance unprovided for

Report – Finance Committee
Sept 20th 1899.

Your Committee met this day at 6.30.
We recommend the Council to execute the Lease for Mrs Hawletts Yard at the rent of £10 per annum.

Respecting the Fee Farm Grant of Tally House, New Ros. Your Committee would not undertake the responsibility of advising the Execution of this Deed, in Consequence of a want of Definiteness about the Site in question, and recommends the Council to refer the Subject to the Solicitor of the Board for his advice.

Your Committee recommends that the Council direct the Clerk to inform Mr Boyd that the Councillors are ready

Re - Fee Farm Grant to Rev. E. Lean,

Dear Sir,

Mr Cain's Solicitor has again written us on this matter, requesting us to return the deed executed, or unexecuted at once, in order that it may be stamped. Please to let us have the Deed to-morrow without fail.

If the deed is not stamped within a month from its date it cannot afterwards be stamped without payment of a penalty of £10. and if Mr Lean should be called upon to pay the penalty, he will under the Circumstances undoubtedly look look to the Council for repayment.

"That we tender our best thanks to the County Councils and Rural and Urban District Councils that are endeavouring to Keep their case before the County, and particularly to the Limerick County Council for its patriotic and practical action in appointing Evicted Tenants to the vacant Rate Collectorships in that County

"That funds are absolutely necessary to enable them to carry on the fight for their homes and farms, and, in our opinion, the time has arrived when the District Councillors throughout Ireland should come to their rescue and call upon their constituents in their respective Electoral Divisions to contribute to the Evicted Tenants' funds and redeem the pledges so freely and frequent given to the brave men who so nobly sacrificed their ~~farmers of Ireland~~ homes and families at

The following was read.

At a meeting of the Street Committee held at Thaldel on the 3rd of October, at
Members present —
11 A.M. William Cherry in the Chair
David Murphy and Martin J. Delaney
The Committee in accordance with
Order of the Council, proceeded to the
Store in Connection with the Manure yard
upon the Quay, to examine and report
upon its fitness for storing the utensils
Carts &c belonging to the Urban
Council, now in the Brewery Yard
Marsh Lane.

Upon taking measurements of the
Gate, and the Carts — We find that the
Greater of the latter are too wide to
admit of their being placed in the
Store, and therefore Consider the place
Unsuitable for the purpose

The Committee afterwards inspected
the streets, and found them Generally
in

in a very dirty state; especially John Street, North Street, Quay Street, South Street; Where, at 11.30 A.M. much of the refuse still lay about. The man in Charge of the Cart does not appear to do his work satisfactorily.

We recommend that the Street Inspector be Called for a Written explanation of the uncleanly State of the Streets.

Re Fee Farm Grant to Rev E. E. Carr.

Dear Sir,

Since my interview with you and Mr J. B. Hearne, I have had a look at the premises in and around the Fair Gate, with the object of identifying some of them with the premises leased by the Corporation to Mr Carr's predecessor in 1705. In My opinion, identification is now practically impossible. This however does not deprive Mr Carr of the right conferred on him by statute to obtain a Fee Farm Grant in respect of the Premises

1899 — Wednesday 18th October

October 18th.

Premises of which he is Lessee under a Renewable Lease. In the Fee Farm Grant Mr Carr simply adopts the description of the premises Contained in the Origi- nal Lease and he is entitled to have a Grant of the premises by this description. He has alrea- dy refused to have a Map annexed to the Fee Farm Grant for the purpose of identifying the premises and indeed it would, I think, be difficult for the Urban Council to prepare or review such a Map, as they do not seem to have any actual Knowledge of the premises Comprised in Mr Carr's Lease. One thing however is quite Certain, namely that Mr pays the Council only one rent, and that is the actual Sum Mentioned in the last Renewal of the Lease. Under these Circumstances the Council are bound to execute the Fee Farm Grant, unless they Can by positive evidence that the Lessee's interest under the Lease has ended.

~~I would therefore suggest that the Fee Farm Grant and Memorial be executed in accordance with the~~ and

and I have heard nothing to lead to any such Conclusion

I would therefore suggest, that the Fee Farm Grant and Memorial be executed in accordance with the directions Contained in the letter of My Firm dated 6th ultimo.

The New Rop Urban District Council.
Gentlemen,

I beg to report on the present state of the Roads and streets in the Urban District — I have made an inspection of all or nearly all the streets and Roads, and from my previous knowledge of them, I must say they have in many Cases deteriorated — In Fardly any of the streets will the surface Water find its way into the

the paved side Channels, or Water Tables, where such exists and where the ~~duct~~ rain water does find its way into the Channels in the upper streets of the Town an amount of dirt allowed to remain in the Channels, very quickly Chokes up the Gullets and Gratings so that an ordinary heavy shower finds its way to the lower portion of the Town, Cutting up and Considerably injuring those streets over which it rushes. Owing to a Gullet being Choked at the end of Mundmill Lane, last nights rain Caused Michael Street, Robert Street, South Street &c to be flooded, and the surface of the Street greatly injured. The same Statement applies to those Gullets in the Irishtown — these floodings are Chiefly owing to Contractors not Keeping the Gullets, Channels and Streets free from dirt and Debris. It is my Opinion these floodings Cause more injury to the Streets than the traffic does.

As regards a supply of broken stones for the winter maintenance, Philip Kelly has provided none so far — J. Filzgerald has a large quantity at Mundmill Lane, and Nunnery Lane

New Ross Urban District
Rosbercon Ward.

Gentlemen.

I beg to Report on the State of the streets and Roads of the above ward.

The Waterford Road from the Bridge to the Laundary is in a bad state, the Surface is very worn and uneven, and having no Crossfall the water when it runs is unable to find its way to the Water drains at the sides, the Consequence is, the road will be always in puddle in wet weather.

At present the surface and sides require Cleaning badly. I noticed some small patches of repairs having been

been done within the past day or two, but they are very little where so much is required, in fact the labour would have been much better employed Cleaning the surface and Sides. The very small quantity of broken stones provided is totally insufficient, in my opinion less than five or six boatloads of limestone additional would not Keep this road in repair during the winter.

The road from the Bridge to the turn to Bawn James is in parts worn to the rock, much of this wear is caused by heavy floods, the sewer Gratings and water tables getting Choked and unable to take the water. It is turned out on the road, doing much injury to the surface. The gravelled ~~footpath~~ along this road seems not to have been attended to for a long time. It will require some two or three inches of filling and gravel to bring it to the level of the kerb. The road from the manure bank at Chilcom to the boundary is fairly good, but requires Cleaning and provision for Keeping it in repair during the winter. It would be an advantage to have the hedges trimmed, and Cut down a bit.

The

The road from the Street of Rosbercon past the School house to the boundary is Midling, except that portion up to the School-house which is much worn- The Sides and Water tables want Cleaning, the Weeds Cut and the Hedges require to be trimmed. There is no provision made for the Winter Maintenance.

The Approach to the Bridge is very worn, down almost to the Foundation of the road. Of Course this must have been neglected for a number of years past.

The flagged footpath on this portion are also in a neglected Condition and would need resetting.

in Barrack Lane on the ground
purchased by the Town Commissioners
from Miss Mullen. That he found
that the rain entered the roof in
different parts leaving the House
in a bad way for the poor woman
That the rafters were fairly good
and the greater part of the slates were
fit for re-set on the roof. The Tenant
wishes to spend the remainder of
her days where her mother died

In the new Rop
Ward some of the principle streets
have been cleaned, and I
expect during Coming week to
be a good quantity of metal
spread at the Greywell and
New town boundaries, and
if possible some of the princi-
-ple streets attended to also.
The old granite Crossings which
have been somewhat neglected,
require to have portion of the flags
taken up and relaid and metalling
put to the sides to have them
from under wear.

I have been speaking to

Gentlemen

We the undersigned inhabitants of Robert Street beg respectfully to ask you to kindly place a lamp at Father Rrandys Corner as this particular place is most dangerous in consequence of the curve at the upper end of the street, and which we need scarcely describe further to the Council who know the place as well as we do.

Removal asking for a Gas Lamp Robt St.

By having a lamp erected at the forementioned Corner, by far a better light will be thrown on the Whole of the street.

We may mention, the lamp in its present position in the street cannot throw light round this curve and and therefore is of little or no benefit to the inhabitants, whereas if erected opposite the Curve, sufficient light would be thrown on the entire street.

Trusting, Gentlemen, you will favourably Consider the Matter, and have our grievances remedied before the dark nights set in.

Town Surveyor's Report

Gentlemen,

During the past week the Lower portion of the Town has received some attention with regard to the Cleaning and Metalling I Consider the patches of broken stone should be closer and larger, and more in accordance with terms of the Specification, and should extend from the Centre to the edge of the paved Water tables, especially where the surface is worn below the paving.

A Meeting of the Street Committee was held on Monday last, at which all the Contractors attended, and thereat promised to give satisfaction in the Carrying out of their Contracts

The Contractor Philip Kelly for the College Road, Strathtown he made statement that he had broken

broken stones, sufficient to fulfil his Contract in a depot at the Maudlin Bridge, this is Contrary to the fact he however promises the Committee to provide and deposit within the Borough a sufficient supply.

The streets out of Contract in Rosscrean are being Cleaned. A few holes in the flagged footpath, leading to Railway station require making good with Cement.

Two Boatloads of limestones should be provided for the Newport side of the bridge.

New Ross Urban District

Surveyor's Weekly Report, 8th November 1899.

Gentlemen.

Repairs to the streets have been proceeded with, though still somewhat slowly, owing no doubt to the wet state of the weather during the week. I fear unless more horses and men are put at the work it will be a long time before all the streets for which Jn Fitzgerald is the Contractor, will have even a partial repair and many of the upper streets require attention badly — The greater portion of the Quay should get a full Coat of Metalling instead of slight patches here and there. The Drinstown for which Mr Philip Kelly is ~~to~~ Contractor is getting a slight dressing of material displaying Carelessness, and trying to make a small quantity do a great deal.

The Waterford Road is still in a bad dirty state and not receiving the attention it should.

The Approach to the Bridge on the Kilkenny side is unmetalled. I would notice the

Report of the Street Committee
Present—Surgeon General Cherry
in the Chair. David Murphy
Martin J. Delaney.

Your Committee met at 11 Oclock
on Monday 6th November 1899, to (1)
to reconsider a dropped Report
on the State of the streets which was
Considered by some members to be
too drastic.

(2) To report upon the necessity of
a lamp in Robert street at the
Corner of the Rev Mr Prandys house
or otherwise or otherwise.

(3) To report upon the State of Roads
in Rosbercon.

Mr Redmond Street Inspector and
Mr Byrne Town Surveyor Were present.
After hearing Mr Redmonds Statement
the Members were of Opinion that
the unsatisfactory State of the
streets

1899 — Wednesday 8th November

November 8th

Streets is due in a great measure to Mr Redmonds Negli-
-gence, and to the disregard of the printed Orders of this Council on the part of the residents in de-
-positing Shop sweepings, and other rubbish in the streets at other hours than those laid down in the printed Circulars issued early in the present Year.

The Committee have given Mr Redmond a last Warning and if he Continues to neglect his duties must reluctantly ask the Council as a body to deal with him.

The Chairman and Mr D. Murphy inspected Robert Street, and find that there is a lamp, 20 Yards below the road leading to Rev Mr Prandys house and one about the same distance above it, there should therefore be no necessity for a third lamp within a distance of 60 Yards. Besides there is a lamp outside the Commercial Hall which can be used When entertainments are given in that establishment.

In View of the early Widening and Imponement of Robert Street as an approach to the new Church, Your Committee

Copyright Wexford County Archive

Committee would Suggest that no alteration be made just at present in the lighting of the street

The Committee recommend the purchase of broken stones to metal and repair the road from the entrance to Rochercon Castle to the Corner of Bawnjames road and also, and also the road leading from Rochercon to Mr Boyds gateway; but do not Consider it necessary to repair the road from Mr Hearne's house to goods station gate, as it will soon be in the hands of the Railway Contractors for alteration, also that the Stones be purchased to metal the Bridge and its approaches.

Mr Delaney drew the attention of the Committe to the state of Windmill Lane, and the Members suggested that the Borough Surveyor be directed to send in a Report as to its requirements in the way of Channels and Water Courses.

Dear Sir,

Acting on the Order of the Council, we have issued Summonses against William Murphy and Patrick Roche, James Power, John Moran, and Patrick Delaney for breach of one of the Clauses of 72nd Section of the Towns Improvement Act.

In some of the Cases however, the Evidence of Mr Redmond seems to us to fall somewhat short of what is necessary to obtain a Conviction. However, we shall make the most of it, and if necessary, apply for an adjournment.

Having regard to the fact that these are the first prosecutions of this Kind, we would be glad to Know, if the Urban Council wish us to press for penalties.

Surveyors Weekly Report Nov 15th 1899.

Gentlemen,

Some of the principal Streets have been repaired during the week. I would again Call attention to the Quay. I Consider that portion from the Bridge to the National Bank should receive more attention, both as regards Metalling and Cleaning – The metalling should extend out further than it does. Where the Quay admits of it, it should be maintained in good Condition for a distance of at least thirty feet from the footpath. That portion from Priory Lane to the Blockhouse seems to have been entirely neglected. I Called the attention of the ~~Offici~~ Contractors man to this last week, so far, without result.

I have no improvement to report regarding the Maintenance of the College Road, Mount Pleasant Lane and

1899 — November 17th

Friday 17th November

and Dristtown.

Some slight repairs have been added to those already done on the Waterford Road. The Contractor is getting stones broken, but at the rate he is going on, I fear it will be some time before he has his quantity spread.

There are a few bad and broken flags in footpath opposite Mr Sullivans houses in John Street that require being replaced with good flags.

Yours respectfully
Thomas Byrne

Borough. Some imbroken stones and rubbish have been put in patches to one side of the College road where the brow had become wheel cut and worn; the use of such material is bad and unsatisfactory.

The footpath on the South side of Wexford St has been repaired and gravelled.

The repairs to the flagging of footpath in John St have been done, but not in a satisfactory manner. Such work should be executed by a Mason.

The Coping of the protecting wall along the footpath of the Waterford road is much injured, And without the Specification I am unable to say if it is the duty of the Contractor to make good the damage, such I believe it is. I shall see to find out. It would be well if the Council made an order for the owners of lands adjoining the public roads to be noticed to trim the hedges, and cut any boughs that are an obstruction. The Surveyor or Contractor should send notices

Local Government Board
Dublin 24th November 1899

Sir,

I am directed by the Local Government Board for Ireland to draw the attention of the Council to the Small Dwellings Acquisition Act 1899 (62 & 63 Vic. c. 44) herewith, which Contains important provisions for facilitating the acquisition of small houses by persons who desire to reside in them, by enabling Local Authorities to advance under certain conditions part of the purchase Money.

Power of the Local Authorities to make Advances towards Purchase of Small Houses.

By section 1 (1) of the Act, a Local Authority for any area is empowered, subject to the provisions of the Act to advance Money to a resident in a House within the area for the purpose of enabling him to acquire the Ownership of that House.

Local Authorities under the Act.

The Local Authorities for the purposes of the Act, who are Constituted by the Act itself, are the Councils of Counties and County Boroughs.

But

But it is provided that the Council of any urban district not being a county borough, or the Council of any rural district, shall become the Local Authority in their District for the purpose of the Act, to the exclusion of any other authority, on passing a Resolution undertaking to act under the Act. Where however the district in question contains a population, according to the last Census for the time being, of less than five thousand the Consent of the County Council must be obtained to the Resolution (Sections 9 (1) and 14 (6)).

If the County Council refuse to give such Consent, the District Council may appeal to the Local Government Board, who may, if they think fit, give their Consent and the Consent so given is to have the same effect as the Consent of the County Council (Sections 9 (1) and 14 (11)).

Where the Council of an urban or rural district become the Local Authority for the purposes of the Act, all the powers, rights and liabilities of the County Council in respect of advances already made by them under

Surveyor's Weekly Report, ending 8th December 1899.

Gentlemen,

I have little to report having been done by the Contractors. Mary Street is being repaired and some of the Streets are being Cleaned. The lower part of the College Road had a few Carts of stones used over it, and the large stones put to sides has struck remains still unbroken, although the Contractors Notice, has been called to them.

The Waterford Road was cleaned and some Patching done.

Notices

Notices requiring the hedges and trees to be pruned or lopped have been sent to the following— Mrs Boyd, Mrs Lawler, Mr Thomas Shea, and the Secretary of the D. W. & W. Railway, the sent a reply stating the matter was referred to the Engineer. Notice was also sent to Mr Samuel Elmes, to get the owners of land adjoining the Boheen to have hedges trimmed or lopped.

Channel at Rosbercon from Messrs - Doyle's Gate to Graving bank. The paving is somewhat sunk for a considerable distance in the middle and the road way at this place requires a good deal of Metalling to give an efficient fall from the path on the West side to the Channel. Another and more suitable period it would be advisable to make a Channel of Cement-Concrete instead of the pebble paving.

Gentlemen,
I consider there is not sufficient

Sufficient material being put out on the streets and roads at the present season, and I find anything I can say to the Contractors will not induce them to mend their methods in the carrying out of their Contracts.

The Crossing at the head of Marsh Lane, is in a bad way. much below the proper level; the Crossing stones should be reset or renewed altogether.

The Contractor for Leithtown and College Road is making no effort to Carry out his Contract.

The Contractor for the Waterford Road has put out almost all the broken stones, so far provided (one Gabbord load and one lighter load). He has another lighter load landed on the pier at Chilcomb which may take three or four week to brake.

The Covering flags of the Sewer outside the House of Mr Phelan Roberson have been broken; it would be well to get it done at once. I Called Mr Lady's and Mr Redmond's attention to it. I Cannot Say Whose duty it is to repair the breach. A temporary flag has been put over it for the night.

I asked Michael Madock for a

The following was read
New Rop Urban District — Surveyors Report, Week ending 20th December 1899.

Gentlemen,

I sent as directed ten day Notices to the following Contractors under Section 54; —

John Fitzgerald, Daniel Cody and Philip Kelly, and enclose Copy of Course of Complaint endorsed on each of the Notices.

The Owners of land adjoining the roads in Rosbercon Ward, have Complied with the Notices sent them regarding the trimming of the hedges.

Mr

Mr Lawler yet requires to trim some parts closer to the fence. Samuel Elmes has not yet got the thorn trees cut on his Contract Road.

The Crossing flags at the head of Marsh Lane have been reset.

I think it would be desirable, if the Street Committee would recommend a trapped grating be set at head of Priory Lane (outside Mr Williams' house). At present the water must cross the Street to the next grating.

I sent a letter to Mr Daniel Cody Calling attention to the size of the broken stones he is putting out, as they are too large, and requesting that he get them broken smaller.

The Railway Contractors' men (I presume) are banking out Mud on the Waterford Road, reducing the Width of the Carriage Way about one third, and they have paled in portion of the footpath near the Foundry Cross and made a rough path outside it.

The Boatman in St Mullins Ident about the Gravel is not working his boat, so cannot bring it.

I have not yet got a proposal from Michael Maddock about supply

of quarry rubbish. I am told he is unwell.

To the New Rds Urban Council.

Ordered — that the Report be adopted that the suggestion respecting the trap be carried out.

The following was read from the Town Surveyor.

Cause of Complaint entered on notice sent to the following Contractors — John Fitzgerald — 1105 perch of the streets of new Rds —

Your failure to provide the necessary quantity of broken stone & put most of the streets in repair

Mr Daniel Cody —

The quantity of broken stone provided is not sufficient for carrying out Your Contract the patches already put out are too few and too small, and the general attention to metalling and Cleaning is not good.

Philip Kelly — between Brazils Gate and District Boundary, and from Irishtown to Fever Hospital — Your failure to provide the necessary quantity of broken Stone and General neglect.

Financial Committee December 20th 99.

Your Committee met this day at 6.30 P.M.

We recommend that the Poor Rate Collector open a seperate Account with the Treasurer, to be Called No 2 Account so as to Keep his Lodgments seperate from the Municipal Rates. We have examined Mr Banans Account of Rates due by the Council for its Holdings in the District amounting to £10.11.6 and recommend a Cheque to be drawn for same.

As the arrears on some of the weekly tenants are proportionally high, we recommend that the Collector be given a discretionary power to claim six pence per week towards there arrears, in addition to the weekly rent.

Your Committee regret to report that the Collector has made no progress since our last Meeting in Reference to his new Bond.

The Small Dwellings Acquisition Act 1899.

We recommend the Council to pass a Resolution undertaking to act as Local Authority for the purpose of this Act.

This Resolution shall thereby convey to the Council the necessary Authority to obtain

obtain from the Commissioners of Public Works in Ireland the loan of four fifths of the Market Value of a suitable house, which a resident occupier may desire to acquire. Manifestly this facility would be a great boon to Careful thrifty Occupiers who wish to be Owners of their own residences. This Act does not apply where the Market Value of the house exceeds £400.

A Leasehold interest having sixty years unexpired can be purchased as well as a fee simple, under this Act. There are certain ~~Candidates~~ Conditions to be observed regarding the house to be purchased which at present, it is unnecessary to detail, but Your Committee can assure the Council they are of a perfectly fair and reasonable Value such as, that the house must be in a Sanitary Condition, good repair, be protected by a policy of Insurance against fire, that the instalments of payment, whether monthly or half yearly, must be punctually discharged &c

The expense of working this act is trivial, and is to be met by a Sanitary Rate. With a view to limit the amount of expenditure by the Council

in Connection with this Act, it is provided, that if at the end of your financial Year the Net loss exceed a sum equal to one penny in the pound on the Rateable Value of the District, no further advance can be made until the expiration of five years, during which time the small additional rate of interest, not exceeding ten shillings per hundred pounds, which the Council is empowered to charge over the rate at which the loan is obtained, will be operating to reduce this debt.

The Act further provides fully against loss to the Local Authority, in Cases where the purchaser fails to meet the stipulated instalments.

Under these Circumstances your Committee can recommend the operation of the Act without apprehension of any loss to the Lawn.

The Rate at which money can be borrowed by the Urban Council for this purpose is three per cent, the debt to be secured on the rates and repaid over a period of thirty years. It will be found that a reduction of about 5d per week can be effected by a tenant, at present paying 2/- weekly rent who is desirous of becoming under this Act the owner of his Dwelling besides yearly adding to his interest therein.

Surveyor's Report, Week ending 3rd January 1900.

Gentlemen,

The time of the Ten Day Notices sent to the defaulting Contractors has expired, and so far, without the desired result. It is now open to the Council to proceed to get the work done themselves, but without a sufficiency of Material on hands this is not quite practicable at present or at least not immediately. Any Materials provided by the Contractors noticed, and in depots on the side of their Contract roads, can be used for the purpose of putting the streets and roads into repair. The Contractor for the Crichtown Rd did not provide the Material required for

for the Carrying out of his Contract within the Urban District, so you Can See how the matter Cuts with regard to him – none of his unused material Can be put out.

The scrapings of the Street of Rosbercon being allowed to remain too long without being removed, under the notice sent D. Cody, the Council may have it removed and the expense charged to the Contractor.

It would be advisable to Send a notice to Samuel Elmes for repeat of the road from Irishtown to Boun-dary for which he is the Contractor.

I am informed Mr Burkehall is unwell for the past Couple of days so did not See him as directed with regard to the diversion of the road in Rosbercon and matters in Connection with it.

There is a piece of rock at the depot on the College road that would be useful to have removed; the stones arising from it Could be used in Rosbercon and the space cleared would form a good depot. Perhaps a few members of the Street Committee would Meet and Consult as to the

Your Committee met at 11 Oclock On Thursd 4th Instant 1900 to Consider the Borough Surveyors' Report and the various Contracts ~~in the lower portion of the Town~~ were seperately discussed

discussed.

John Fitzgerald — The Surveyor is satisfied with ~~the~~ Condition of the streets in the lower portion of the Town, Cat Cross Lane, William Street, Bewley Street Barrack Lane, Lady Lane, Sugar House Lane, Priory Lane, Nunnery Lane, Church Lane, Bullawn, High Hill, and the Quay from Bridge to Block House, have not been repaired in accordance with the Specifications of his Contract.

As he has worked fairly well, the Committee recommend that Mr Fitzgerald be given fourteen days to put the above mentioned Streets and Lanes in repair.

Philip Kelly — As Mr Kelly has utterly failed in Carrying out his Contract, in not earlier providing material in Depots within the boundary or repairing the roads, it is recommended that the Council request the Solicitor to Communicate with him.

S. Elmes, has not Complied with the terms of his Contract, is very careless and indifferent.

Recommended that he be given the usual ten days notice.

Re Housing of the working Classes.

Dear Sir,

On receipt of your letter of the 3rd Inst we wrote to the Board of Works inquiring whether the Board wanted any further information or documents from the Urban Council before issuing the Loan. This morning we received a formal acknowledgement of our letter, but Yesterday our Mr Colfer, when in Dublin called to the Board of Works Office, and pressed for a Speedy Closing of the Matter, with the result, that he was informed that if the Stamp duty and Registration Fees were forwarded to them, they would at once send the Draft Mortgage to us for approval. Our Mr Colfer ascertained that

that the stamps and fees amount to £5.10.0, and we would suggest that a Cheque for that sum. be drawn in our favour without delay, so that we can send it to the Board of Works. Nothing will then remain to be done but to have the Mortgage executed by the Council. Yours very truly

The following were read.

New Pop Urban Council, Wednesday 10th January 1900

Gentlemen

I asked Daniel Doolan Contractor for the Kilkenny side of the Bridge to repair the defective flagging of the Footpath, and he told me it was not part of his Contract. I asked him for his Specification and he had not a Copy. Shall I write for one to the County Surveyor of Kilkenny.

One of the Covering Jeals over the Gullet at the South end of Johnstreet got broken Yesterday. I sent to the Contractor (J Fitzgerald) to have it Make good, and he sent word it was Mr P. Redmond should do it. I got one of the Councils men to do it. The road Metalling is worn down

to

& within a Couple of inches of the Covering flags, and I dare Say many of the Covering flags are more or less shaken, having an insufficient thickness of metalling to protect them from injury.

I sent as directed a Ten Day Notice to Samuel Emes, Contractor for the road from Dunhtown to the boundary.

I attended at the office of Messrs Calfer and Lytton. I saw McCalfer and gave him such particulars and information with reference to Philip Kelly's Contract as I was in possession of.

I attended at the opening of the stopped up outlet for the surface water in Prion street. The trapped Catchpit was found to be all right and in the Yard in Marsh Lane I got a perforated granite dished stone that suites to set over the the Catch pit, and which I Consider will, without expense answer the purpose nearly as well as a Grating.

Daniel Cody did some Cleaning and put out Some stones on the Waterford Road.

Daniel Doolan tels me he has a boatload of Limestones landed at

Report 17th January 1900.

Gentlemen,

Philip Kelly put out a
small quantity of stones on the Irishtown
during the week, the surface is so worn
that

that the Curbstones of the paved Channel on the North Side shows up very prominently and from neglect of having sufficient Material put to the sides, is liable to undue wear from Cross traffic.

Cockpit Lane is ~~dirty~~ dirty and manure heaps allowed to remain on the Sides ~~too~~ Long it also wants metalling and the Channel paving repaired

John Fitzgeralds Contract for the upper Streets do not show much improvement yet. Nearly all of them are very dirty and in some streets large loose stones are scattered about. These should be Collected and removed off the Surface. The footpath in upper Mary Street should be Cleaned and Coated with fine Screenings from the Stones and the upper portion of High Hill footpath should be Gravelled.

The flags of the Footpath Covering the overflow drain from the Quarry at Merrill Street are displaced and should be properly Reset, Otherwise an accident may occur.

Samuel Elmes did some Cleaning and Spread some Stones on the Road from Leighlowan to Boundary.

Daniel

1900 — January 17th

Wednesday 17th January

Daniel Cody has attended fairly to the Cleaning of the waterford Road. He put out nearly all the Broken stones he has and is expecting to get in more for the use of the road.

I got some stones Carter from the yard and Spread on the road from Mr Boyds Childrens to the boundary. This and the School House Road will require a large quantity of Metal Owing to increased traffic when the lower Road is stopped.

Messrs J & Power and Company have delivered to date, two Gabford loads of limestones and Mr Roche's boatmen two Gabford loads ~~load~~ also. One half or more of the second boatload will be broken by M Carrin to morrow evening

New Ross Urban District.

Surveyor's Report.

Gentlemen,

There is very little improvement to be seen yet in any of the back streets and so long as the material provided for in the specification is not supplied and put out it cannot be expected the streets will improve.

From Priory Street to the boundary at Newtown the surface is very weak and worn and up to this it has not had its due share of Metalling. Bridge Street and Charles Street and that portion of the Quay from Marsh Lane to the Block House should be attended to better — they are rather neglected. In Rosbercon some additional material has been put on the road from Mrs Boyds entry to the Boundary and the street from the Bridge to the upper entrance to the Railway has been patched.

The Waterford Road has been cleaned and some stones spread. Mr Cody is delaying

delaying too long without providing the additional material required for the road.

The Roof of Mr Galavan's house Irishtown, has been repaired. Also, some repairs to the brick work of a chimney flue.

The Roof of Anne Delaney's house is in hands. So far the back is secured. When up at Mr Galavan's I noticed the Eave gutters of the houses in Tally House Lane are choked with dirt, water overflowing and injuring the walls, some down pipes broken and some glass in the back windows broken.

The boatload of limestone N. Cassin has in hands, will I expect be broken by tomorrow evening

Surveyors weekly Report, ending 31st January 1900.

Gentlemen,

As directed by the Council I attended at the Office of Messrs – Colfer & Gethin Solicitors who took my instructions with regard to the defaulting Contractors John Fitzgerald, Daniel Cody and Samuel Elmes.

During this week all the Contractors have set to work more earnestly in providing and putting out materials on their ~~roads~~ Contract roads and Streets

Philip Kelly has put out a wagon (about 6 Cubic Yards) and an equal quantity, I should say in Cart

Cart loads. I am not satisfied with his machine-broken stones as they are too uneven.

Philip Kelly's Contract, from the Three Bullet-Gate ~~to the~~ boundary is in a very negected state both the Carriage way and the Footpaths. The footpath to the Workhouse is almost as dirty as the Road.

Samuel Elmes has imparoved Considerably.

Daniel Leady has landed two jabbord loads of stones. One of them is being broken.

Daniel Doolan is getting stones broken for the Bridge. He promised ~~to~~ spread some of them tomorrow. It wants them badly.

John Fitzgerald is providing additional material for the back streets.

I got from Mr Rae, Solicitor, the C. C. Kilkenny Copies of Specifications for the Bridge and the Waterford road Contracts. There is a fee of 2£ to be sent him for them. Kindly add it to my payment, or Weekly Bill, So that I Can forward it to him.

levied on Poor People, holding
small Tenements of £1.10.0 Valua-
-tion, and Who, in many instances,
scarcely earn any weekly wage,
and many nothing at all, Consider
the Local Government (Ireland) Act
very defective in this respect, inasmuch
as it levies Rates on these poor people
who are unable to pay, and who
we feel satisfied cannot pay, thereby
throwing a large amount of
arrears on the General body of the
Ratepayers. Now we earnestly
Call for an amendment of the
Local Government Act, so that the
Landlords will be made liable
for Rates on small Weekly
Tenements, as heretofore, Whose
Valuation does not exceed four
pounds.

The following Resolution was also received from Dungarvan —

"That this Council having before them the Resolution of the Wexford County Council asking the Borough ~~and~~ Councils of Ireland to depute six of the members of each Council to meet in Dublin to Consider and direct the policy of the Nationalists of Ireland, on Parliamentary Elections &c — Consider that such a mode of action is impracticable, and entirely unworkable; and we cannot but remark, that we were not elected to assume such a function and arrogate to ourselves duties which only belong to the people themselves. We are Clearly of opinion that such a Convention, without any recognised authority from the Irish people, would do more harm than good towards the Cause of our Country."

Ordered — That the Clerk return the Resolution the Dungarvan Urban District Council, and also to state that this Council totally disapproves of the Resolution.

Dear Sir

Your letter of the 29th ult addressed to our New Ross Office, has been forwarded to us, and arrived in Mr Graves's absence.

We have made enquiries, and it does not appear to be correct to say that our manager stopped the contractor from repairing the public street from the corner of Priory Lane to the Block House. He informed him that the repairs for many years had been done by us, and that the Quay was our property.

The question of the ownership of this Quay came before the Law Courts some years ago, and the Court decided that the whole of the Quay, with the exception of the roadway extending a certain number of feet from the wall, was our private property. We never claimed the street to be ours, and have no wish to do so now.

The exact measurement can, no doubt, be easily ascertained, or a copy of the Judge's ruling could be had on application to the proper quarter

Surveyor's report. Week ending 14th February 1900

Gentlemen,

Referring to the letter of Dr Philip Kelly which was before the Council at the last meeting stating that he delivered and put out on the Inishtown Street 43 loads of stones for that week. I have to say Dr Kelly gave me notice verbally on Tuesday the 6th Inst, that he would on that evening and the following day be putting out road material on the Inishtown. I told him I would attend across what was being done. That evening, about 4.30 P.M. or so, I went over the road and could find no fresh material put out.

Next morning I found that a waggon load had been brought there somewhat late the previous evening, and thrown in heaps along the street, and I believe left there all night unspread and I found a man working away at the spreading of them at about 11 O'clock on Wednesday. I questioned the man and his reply bears out the above statement. The man had a cart with him collecting the very large stones.

Mr Roche's boatmen delivered two Gabbard loads of limestones

on the Quay - one on the 8th inst, and one on this evening

The Wexford County Council Re Public Works

Mr. Chairman and Gentlemen,

Doubtless you are aware that many Maintenance Contracts for Roads and Bridges, which expired in March, or which will expire in July, have been renewed for small sums until the 30th September next.

It will be desirable to have tenders taken for these contracts not later than next July in order that the Contractors may prepare their Winter supply of material in good time.

I have prepared a Schedule of roads which I beg to lay before You; in it you will find the Road Contracts apportioned to the various Rural and District Councils.

I may point out that Enniscorthy Rural District is very large, and contains at least 635 miles of Contract Roads - that I am afraid will be too large a mileage for one Assistant to look properly after. Several works were given into my charge at

February 14th 1900

Your Committee met this day at 6.30 P.M.

We examined the Gas Co's Bill, but before recommending the ~~sum~~ to be paid on account of this debt, we advise that the Council direct the Clerk to make out a statement of the full liabilities of the Board so that the Council may be in a better position to suggest the suitable payment to be made in each case.

We further recommend in reference to these Debt Debts that a Ledger be provided at once, and a personal account opened for each Debt, and that goods be ordered by written order, and duplicate copy of these orders be retained in the office, to enable the Clerk to keep these accounts written up, and to be in a position at any time to inform the Board of its actual financial position.

Your committee would point out to the Council, that the Council have no option, in face of their own stringent rule on the subject, but require Mr Hopkins either procure a Security Bond or surrender the house.

The following report of the Town Surveyor was read:-

week ending 21st Febry 1900

Gentlemen,

That portion of the road from the Bridge to the boundary, between the Churchyard and the turn to Dawsonne, in Roberton, has got a fairly good ~~dressing~~ of broken stone and the road by Mr Doyle to the boundary has been repaired where it had been cut up after the snow. Daniel Doolan put out some material on the bridge, and Dan Cody spread some on the Waterford road.

There are a couple of breaches in the retaining wall of the Waterford road, also the grating back of Mr Doyle's premises, which would require immediate attention to prevent a larger expense if delayed.

The foundation got undermined, owing to the gravel and stones on the beach being washed away by the storms.

One of the breaches is about 15.0 by 4-6 and averages 2-3" thick, and the second is 4-0" by 3-0" on the face and about two feet thick. Some pinning and pointing in cement will be required to make another portion safe.

The flagged footpaths of bridge approach in Roberton are not included in the Maintenance Contract.

Very little material has been put out during the week by Contractors in the Newtown Ward.

Philip Kelly delivered yesterday between 5 and 6 Cubic Yards of stones, badly broken as before. A drain coming out from the premises of Messrs Hartley & Murphy on the quay had to be opened to ascertain the course of the granite

curb of footpath dropping down some 6 or 9 inches, it appears the filling underneath got washed away, when the covering flag of sewer was removed, the drain was full of Sewerage matter, something like 22 inches deep of stuff. The outlet in the dock should be kept free. It will be expensive if it should be opened up to clear it Out to the dock.

I am told M. Maddock is willing to deliver at 1/= per load, quarry rubbish for filling and forming the very worn surface of the road near his premises

J D Kenna

Proposed by Dr Delaney and seconded by Dr Roche

That the report of the Finance Committee be adopted.

Passed Unanimously

The Inspector reported that there are twenty four heaps of manure now ready for sale

Ordered

That fourteen of the heaps of Manure be advertised for sale.

Dr Delaney stated that he had been asked by some members of the Working Mens Club to request the Council to kindly remove the large stage out of the room.

Dr Kenna suggested that the Consideration of the matter be adjourned for a week, and he will ascertain in the meantime, if it can be removed into the Tenant Right Reading Room. Agreed to.

Dr Roche drew attention to the fact, that No report had yet been received from the Committee appointed to inspect, and report upon the obstruction

Mr Chairman and Gentlemen

Immediately after my appointment in September last, I made a Careful inspection of the Contracts within the District and measured up the quantity of materials. A few of the Contractors had provided for their maintenance, and these Considerably short of the specified quantity.

The streets and roads transferred to the Council I found to be in a very worn Condition, many of them appeared as if totally uncared and neglected, and owing to the insufficient material provided for the year's maintenance, I Cannot report much improvement.

The two Contracts held by John Fitzgerald embraced the greater portion of streets of the Town, and the material provided by him for their maintenance was very far short, the Consequence being, many of the streets are neglected. and unless additional Material is provided and put out within a reasonable time the deferred payment will have to be stopped and the amount applied to the repairs of the neglected streets.

The

1900 — Wednesday 28th February —

February 28th

The next important Contract is that held by Philip Kelly, from Brazils Gate to the boundary near St. Stephens Grave Yard. No material had been provided in the depots within the district at the proper time for the years maintenance. Some small quantities of badly broken stones have been spread occasionally, quite insufficient to keep the Street in fair Condition.

The remainder of the Contracts in the New Rop Wards are for short distances and do not amount to much.

In the Robberson Ward, two of the Contracts expired last July, since when they have been on the hands of the Council. Up to December, no provision had been made for their upkeep, since then they have been fairly looked after.

The Waterford Road, although in a bad state for a long time shows some care latterly, and needs more.

Attached are my recommendations for payments.

I am Gentlemen Yours faithfully

Thomas Byrne

County Surveyor's Office
Wexford Febry 24th 1900

Dear Sir

I am in receipt of yours of the 22nd Inst. I am not aware that under the Local Government Act (1898) I am to report to the Urban Councils on the main Roads, my recommendations have been submitted to the County Council However I may observe that the existing post roads in the Urban District of New Ross, on the Co Wexford side of the river have been fairly well attended, but they ought to have been kept cleaner, and the portion of Fitzgerald's contract between Cregwell & the Urban Council bounds on the Mountgarret road, ought left for some time in a very rutted state.

The post roads on the Kilkenny side of the Urban District have been kept very badly. Care should be taken to metal the bridge approaches earlier in the Winter, and also to keep the open for drainage cleaned.

When the main Road Scheme has been finally adopted, it might be advisable for your Council to arrange to take the roads over altogether into its charge, by agreeing with the County Council, to receive yearly or half-yearly a lump sum equivalent to half the present cost of what will finally be the Main Roads.

The following report of the Town Surveyor was read:-

Week ending February 28th 1900

Gentlemen,

I got as directed 20 carts of quarry stones broken on the street of Kosheroon. If 20 or 30 loads more were procured for the same road, they would help to raise it considerably.

I got Mr James Connolly to repair the breaches in the retaining wall on the river side of the Waterford road, and to re-set the flags, and curb stones displaced in the footpath of Bridge approach.

The Sewer from Messrs Hartley & Murphys Quay has been opened, cleaned and re-covered for a distance of

Copyright Waterford County Archive

Sixteen feet outside the footpath. I believe the outlet for this sewer must have been built up or stopped up in the dock wall for some time.

The Anchor of a mooring ring appears to be placed, as well as I can judge, in the line of this sewer, whether it interfered with the discharge of the sewerage matter, I cannot say without opening the ground farther out on the Quay or near the dock wall. I have made some enquiries as to the ownership of the house in Rosbercon occupied, I believe at present, by Mrs Kenny with the view to sending Notice as to its present dangerous state, I am informed the Railway Co has not arranged for its purchase and that Mrs Kenny is the owner.

I shall be glad of instructions with regard to the above queries

Finance Committee

Your committee met at 5 o'clock, 9th inst and took into consideration the advisability of having the Compulsory Education Act put into operation.

Having learned there exists for some considerable time the serious deficiency of thirty to forty per cent in the Schools attendance without any hope of improvement.

Your committee strongly recommend that the Council sanction the sum required to put this Act into force.

Thirty to Forty pounds will be sufficient to meet the necessary expense. In case you approve of our recommendation the clerk will require to receive instruction to summon the School Attendance Committee to advise them of the Council's decision.

There are some books and forms required in the Office for Keeping the accounts in accordance with the requirements of the Local Government Act, which we recommend that the clerk be permitted to acquire at once.

Surveyor's Report week ending 17th March 1900.

Gentlemen,

The additional quarry stones directed to be got from Michael Maddock for felling the worn portion of the hill of Roberson I stopped the delivery of, as the stuff he was supplying was dirty rubbish and the season is unsuited for putting out more broken stones.

An encroachment on the building ground of the Council in Barrack Lane was made by M/John King, Contractor for repairs to the Cavalry Barracks. I told him not to proceed further with the work he had in hand, and to Communicate with the Superintending Foreman of Works of the War Department. The piece of Masonry built on the ground has been removed since.

The outlet of the sewer from Messrs Hartley and Murphys had been Completely blocked up and Covered by the accumulation of

Resolution

Proposed by Dr Michael Ryan and seconded by Dr James Hogan. "That we the Householders and inhabitants of New Ross, knowing the bad, unhealthy, and unsanitary conditions of the Artizans and Labourers dwellings in this town, and seeing no sign of the proposed building scheme being put into Operation, do earnestly request the Urban Council to at once take steps (earnestly) to have the building scheme here referred to put into Operation without any unnecessary delay, as it has already been proved to the satisfaction of the Local Government Board Inspector Dr Flynn, that such a building scheme is urgently needed"

Ordered

That the Clerk acknowledge the receipt of the letter and resolution, and inform the secretary that the Council are doing their best to facilitate the building of the Artizans dwellings, as the plans have been approved of, and a Draft Mortgage submitted for the approval of the Treasury, and only await completion in order to obtain the money when the building will be commenced.

The following report of the Street Committee was read:

March 9th 1900

"Your Committee met this day, and, accompanied by the Town Surveyor, and Executive Sanitary Officer, proceeded to inspect that portion of the Roberton Street, running from East to West, which the Railway Company propose to alter in connection with their extension to Waterford.

Your Committee are informed that the Company propose to limit the altered road to 24 feet including footpaths.

In view of the injury this would inflict upon the public, the Custodian of whose interest the Council is, we deem it advisable to take immediate steps to preserve our rights so far as possible, and to this end we direct our Clerk to ascertain immediately from our Solicitor what steps should be taken, or whether it will be necessary to call a special meeting of the Council, and if so to have same done.

The Committee also direct the Clerk to obtain a copy of the Act of The Dublin, Wicklow and Wexford Railway extension to Waterford"

The following report of the Town Surveyor for week ending 14th March 1900 was read.

Gentlemen,

The breaches in the retaining wall of the Waterford road, and the pinning, dubbing up, And pointing of the insecure portions of the foundations are completed; the latter part had to be delayed until the tide suited.

The damaged flaps outside Mr John Roughs at the bridge have been replaced by new flaps.

The sewer from the Messrs Hartley and Murphy's is cleaned and covered in, and a passage formed through the mud in the dock, to allow the sewage to pass away. It is my opinion this passage will quickly fill again, owing to the large quantity of mud deposit in the dock.

I have looked over Mr James Connolly's detailed estimate for the repairs ordered to the 26 houses, most or nearly all the work has yet to be done.

Some chimneys have been repaired and the broken glass replaced, and the windows ~~of~~ the houses in William St had a coat of paint.

Mr Connolly promised to have all the repairs completed by the 1st of August. I asked him to send in his account for the wall at Rosbercon, and the repairs to flagging of footpaths. Two boatloads of limestones were delivered by Mr Roche's boatmen during the week

Yours faithfully

not having been cleaned by the Contractor, I sent him as directed a few days notice. There are other matters the carrying out of which he is neglecting. I also enclosed in the notice.

There are a couple of boat-loads of Limestones on the Quay which it would be well to have removed to some convenient depots. Perhaps it would be well if the Streets Committee would meet to look into the matter. The Creywell depot is filled with road scrapings.

The Covering flags of the street sewer in Rochercon, at turn to the School House road got broken and have been repaired.

The two Notice Boards for the front of the Thole-d have been made and are getting painted, and will be ready for fixing on Saturday. Will it be necessary to have any lettering on them? — "Public Notices" for instance.

Surveyor's Weekly Report ending 28th March 1900.
Gentlemen

I Called on Mr John Keogh about the delay in Completing the repairs at the pump in William Street. It appears that the head and pipes were filled with stones. They had to be broken up to Clear them. Some of the pipes were refixed, and after a short time, When the water in the well lessens something more, he will refix the head and leave all in working Order.

The flagging of the Footpath outside Mr Hunts' and Mr Murphy's have been reset by Mr Connolly. One of the flags got damaged in the reflagging.

There are a Couple of slight damages to the protecting walls of the roads at Greywell and Newtown. I have written to the Contractor to have them repaired.

Mr Butterfield is away from here for the past Couple of days, and did not get to See him about the road in Rosbercon.

Town Surveyor's weekly report 4th April 1900

Gentlemen

Mr J.B. Hearn and I met Mr Burtchall, Resident Engineer, D.W.W.Ry. with reference to the proposed alterations of the street in Roberson, at the end of the Bridge approach. From the information given us by Mr Burtchall it appears there is ~~to be~~ a width of 15 feet at the present level to be given as a

roadway, or passage for the accomodation of the people living on the South side of the street, this passage to terminate with a flight or two of steps at west of Mr Dooley's gateway for ascending to the main thoroughfare.

On the North side the width of the Public road is to be 24 feet inclusive of any foot path that may be made, and this portion of the road will have an inclination, I believe of 1 in 17.

I made an inspection of the house at the Fair Gate occupied by Thomas Fitzharris. It wants some repairs badly, especially on ground floor, of Cement Concrete and a window frame & pair of sashes &c.

There is in the office an estimate for repairing this house.

I am getting the Sewers on the Quay cleared so as to carry away the surface water, the contractor having failed to do them on the ten days notice.

Dear Sir,

With reference to the question submitted to us, as to the legality of the Meeting of the Council held on the 18th Instant and all other meetings of that Body, in our opinion the Meeting of the 18th Instant, so far as it dealt with Ordinary business was quite legal, and no notice was necessary for holding it. According to the Minutes of the Council, the Statutary Monthly Meeting of 2nd April was adjourned by Law, owing to there being

being no attendance, the adjournment was to the 4th April; this adjourned Meeting was further adjourned to 11th April and then further adjourned to 18th April. At this Meeting Consider was quite regular having regard to the provisions of the Commissioners' Clauses Act, the Towns Improvement Act, and the Local Government Act (Application of Enactments Order) but on 18th Instant, it appears that some extraordinary business had to be Considered and the Notice a Copy of which has been sent to us, appears to have been served. If this notice was not served two Clear days before the Meeting, then in our opinion the special matter referred to in the notice Could not legally be dealt with at that Meeting although Ordinary matters Could legally be disposed of. In our opinion, any of the Monthly Statutory Meetings, may be held without notice, and any adjournment of these may also be held without notice, but any Special Meeting or any extraordinary business to be Considered at an Ordinary

Your Committee met this day at 6.30 P.M. We examined the accounts for ground rents due and directed the Collector to issue second notices to the tenants who have not yet paid.

Your Committee recommends the Council to cause, as irrecoverable, the sum of £2.5.0 in the accounts of the water rate, and to bring forward as collectable arrears, the sum of £2.15.0, which added to £41 8.1½, the total water rent due for July 1899 to July 1900 make the amount to be collected £44 3.1½. The Council have to sign the books for this amount at their meeting this day, and ought to request the immediate attention of the Collector, to collect this amount, with the least possible delay, so the year is nearly closed.

Surveyors Report
New Ross Urban District
Week ending 9th May 1900.
Gentlemen,

Since my last report, the Contractor has rebuilt the breaches in the protecting walls at Creywell, Newtown, William Street, and Brennans Lane. There will be this week, two boatloads of Limestone broken in the Depot at Creywell, and one lately got in, remains to be broken in the Yard on the Quay.

I am promised another Boatload this Week.

I desire to call your attention to the action of the Harbour Master (as reported in a local paper) in seeking to prevent the landing of limestones for this Body, on a portion of the Quay, north of the Canal Stores. As far as I am aware there is no published notice prohibiting the landing of Limestones on that place, or that it is against the Bye Laws or Regulations of the Harbour Board,

to

to do so; on the Cautrary I saw it used as a landing place for Limestones, brick and Gravel, and Why an exception should be made for any limestone it would be Convenient to have landed there for this Council I fail to see.

On the South side of the Canal stores, I saw limestones landed and allowed to remain there for an almost Unlimited period, thereby preventing others from using the Quay.

I may perhaps too also Call your attention to the manner in which the public Convenience on the Quay is allowed to be surrounded by timber and other obstacles, thereby preventing the public from having access to it, except at the risk of their limbs, or lives, perhaps at Night

Sir,

I am directed by the Local Government

Government Board for Ireland ~~to~~ forward for the information of the Urban District Council the ~~the~~ accompanying Copies of a General Order which the Board have made respecting the qualification appointment, duties, salary, and tenure of Office of Sanitary Officers in Urban Districts in Ireland.

The Order revokes and rescind the Orders which were issued by the Board in respect of Urban Sanitary Districts on the 8th August 1878 — Consequent on the passing of the Public Health (Ireland) Act. 1878 — except in so far as such orders may have related to the appointment of any of the existing Sanitary Officers, and to any proceeding taken or matter or thing already done in pursuance of such Orders.

The Board desire to point out that the principal point of difference between this and the former Orders is that the present Order contemplates that no further appointments shall be made to the Office of Consulting Sanitary Officer, but that there shall instead be a Medical Superintendent Officer of Health appointed in each Urban District: For the latter Officer,

Office only registered Medical practitioners who possesses a Diploma in Sanitary Science Public Health, or State Medecine shall, in future, be eligible; but it will be seen that the rights of all existing Medical Superintendent Officers of Health and of Consulting Sanitary Officers in this respect are fully preserved.

As regards the Order generally, the District Council will observe that although its provisions are of a more extended Character than those Contained in the former Orders, the changes made are not occasioned by the imposition of new duties on the various Sanitary Officers, but are the result of an endeavour on the part of the Board to classify and set forth in detail, so far as the same could be definitely laid down, the duties Ordinarily attaching to the respective Offices of Medical Superintendent Officer of Health, Medical Officer of Health, Executive Sanitary Officer, and Sanitary Sub Officer.

The Local Government Board trust that the adoption of this Course will

Mill, by giving the Officers Concerned a clearer Conception of their duties tend to a more efficient administration of the Sanitary laws; and the Board rely on the District Council, as the Guardians of the Public Health in their District, to do all in their Power to secure that the provisions of the Order, shall in the future be strictly Complied with. Town Surveyors Report
Quarter ending 31st March 1900.

Mr Chairman and Gentlemen —
The streets and Roads within District are in the Condition ~~to be~~ he expected, from the state they were in when taken over by the Urban Council, poor and much worn, with very Slight Crust on the best of them — and from insufficient quantity of metalling put out by Contractors, they have not improved.

It will take some years before much improvement can be be effected. One reason is, the demand made by the County Council this Year absorbs 2/3rds of the "standard" Cess, and if

followed by a like demand every year, it will leave ~~a~~ this handy little ~~means~~ room to effect improvements, and perhaps not sufficient to carry out works of maintenance

I have to defer several sums payable to Contractors this Quarter, owing to their failure to keep to the terms of their Contracts.

The Contracts expiring next July, are the two held by John Fitzgerald one by Daniel Cody for the Waterford Road, and the Kilkenny half of the Bridge — also, the Bohearnaslawn Road has been out of Contract since March. With regard to the Bridge, which is entirely between the two Counties of Wexford and Kilkenny, the Contractor for the Kilkenny half has received no payment from the Counties, and sums paid by the Urban Council to the Contractors should be refunded by the Counties.

If the Council wish to keep the Maintenance of the Streets in their own

Town Surveyor's Report week ending 23rd May 1900

Gentlemen

Owing to the heavy rains of last night and this evening the Sewer gratings in the upper streets got Choked, the water finding its way over the surface did Considerable damage to many of the streets.

The drain at the Fair Gate, being partially, or Nearly, Choked with sand and sediment was unable to take the large quantity of water that rushed down the surface Channels in the Irishtown, the Sewer burst and the overflow found its way down the Bullawn and High Hill flooding the lower streets. John Fitzgerald endeavoured to do all he could by opening and cleaning the part that runs under his Contract, to allow the water to pass in the usual Channel.

I have written to Philip Kelly, Contractor for the Irishtown, to see to cleaning his portion of the drain or gullet as soon as possible. His attention had been called to this before.

The Gas Co's men have been taking up flags on the footpath of the quay, and opening up the street at Conduit Lane. I got no notice of their being about to do so

"That we the Urban Council, in meeting assembled, hereby call upon Parliament to embody in the Local Government (Ireland) Act 1898, a section that shall qualify the Chairman of an Urban District Council to be by virtue of his Office (as is the case with a Chairman of a Rural District Council) a member of the Council of the County in which such Urban Council is situate, as we believe a County Councillor representing a County Electoral Division which is comprised of an Urban and part of a Rural District, cannot impartially discharge his duties to both, as we take it for granted he has more interest in one than the other. And we believe by Parliament embodying such a section in said act it shall enable the Urban Council to see that the County Charges are legitimately adjusted between Urban and Rural District, which is very important to the former owing to its smaller area of valuation.

"If the Council wish to keep the maintenance of the streets on their own hands, it would be well to have a satisfactory arrangement with the County Council as to the amount of their Contribution towards the main roads. It would be well to advertise for a quantity of broken stones, suitable for metalling, the streets delivered in depots, say before the first of October."

2. "Would it be desirable to put into repair, the short piece of road between between Chilcomb road and the Schoolhouse road, in view of the traffic being turned in that direction very shortly."

Mr Reid and the Engineers returned to the Meeting

The Chairman informed them of the decision of the meeting as contained in the Resolution.

Mr Reid expressed regret that the Members could not see their way to agree to his proposal of 28 feet street, and stated that the Company could not possibly agree the terms of the Resolution as doing so would involve such an enormous expenditure of money that the Company, in the interest of the shareholders could not undertake the expense, as there should be a remodelling of the Bridge plans, Girders &c — He also explained that by their Act they were empowered to leave the Street only twenty four feet wide.

Mr Reid referred to the present Bill which the Company were promoting in the present Session of Parliament, in which there was a Clause, to empower the Company

to purchase a strip of land at the north side of the street referred to, and not to the breadth of the road.

The Town Surveyor suggested that a Carriage way of twenty four feet might be left.

Messrs- Reid, Shannon, and Butchard again retired to the Chamber of Commerce.

A discussion took place. after which it was

Proposed by Mr Dooley seconded by Mr Roche-

That this meeting recommend the Urban Council to accept from the Dublin Wicklow and Wexford Railway Company a new public Way at Rosbercon of twenty four feet of Carriage way and six foot, footpath instead of the present twenty four foot Carriage way, and two pathways of six foot each.

Dublin, 11th June 1900.

Dear Sir,

Referring to the interview with your Urban District Council on Friday last, the proposal you made that in altering Rosbercon Road we should preserve a width of 30 (thirty) feet in addition to the low-level road in front of Mr Dooley's premises has been fully considered, and as we are anxious to meet the wishes of your [redacted] Council as far as we reasonably can, it has been decided upon the Conditions hereinafter named to

make

make the new Road 30 feet wide from its Commencement at the end of the Waterford road to the Overline Bridge, which Bridge and the road beyond it so far as affected by the alterations we will make twenty eight feet wide.

As explained at our interview we Could not increase the width of the Overline Bridge to thirty feet without having to alter all the plans for the Bridge, and adding very Considerably to its Cost.

The present offer is made subject to the following Conditions namely,

1. The Urban Council to give the land required for widening the road free of Charge so far as it belongs to them.

2. The Council to facilitate the alteration of the Road in every reasonable manner.

3. The Company to maintain the new Road for twelve Months after its formation, and the Urban Council to maintain it thereafter.

It is to be understood that the Company will preserve the public well

well on the Rosbercon road as as nearly in its present position as practicable and that they will leave an open in the Mall on the north side of the new Road, to allow of persons passing from the Roadway to the River Bank

Your Council will I feel sure see that we have done our best to meet the views they expressed and I hope to hear from you that the proposed arrangements have been accep- -ted at their Meeting on Wednesday.

If unfortunately they do not agree to accept this Offer, it must be Considered as withdrawn, and we will have no alternative, but to Construct a twenty four feet road, in accord- -ance with our Statutary powers, Vide — Section 23. of the Dublin Wicklow and Wexford Railway. Dear Sir,

In reply to yours favour to hand this morning, I beg to inform you that the tenants had to pay the Collector all the Rates in Demand note, but they were allowed them in the Rent Receipt the difference in the Standard Year Rate.

As the Artizans Dwellings were let weekly and the Town Commissioners were to pay Rates, I consulted the Local Government Board, if we would continue the same practice, but they said "no." the Occupiers should adjust the rent or allow.

Mr. Chairman & Gentlemen

I beg leave to ask payment for Works executed by me as contractor on a portion of the streets under your control.

As it been to hand by the Press that no payment would be made and that no work has been done but this is a direct falsehood. at the same time I am not so much surprised as when I been putting forward a certain quantity of gravel. I been cautioned that I notice Mr. Byrne so that he witness the delivery and in order to meet the undertaking I asked my neighbours to

to come along with their horses which they did. I gave Mr Byrne notice through Mr. Finn and on the 2nd. occasion myself in Quay St and also the time of the day so that he should not be subjected to so much could or inconvenience to be on the ground and take account as to the number or quantities coming by horse or waggon. But this he has failed. I suppose he thought too much to lay his tape rule or chain or enter in his notes on the grounds that he might disappoint me. But he called in the evening and of course such a man could not be made a common tally man but kindly reports 6 tons by waggon, the same by horse power on 2 occasions in all making 24 tons instead of 69 loads 69. I have still continued to the repairs and find the tonnage to be 26 cart loads. I has done in addition considerable repairs such as footpaths, falling walls and other obstructions still I am to be told that no payment will be made

The Bill referred to was also submitted — Amount £126.3.3½.

Mr Gethin attended the meeting and stated that if the Council arranged with the Local Government Board to allow the Bill to be paid without having it taxed, they (Messrs Colfer and Gethin) would take off £11.3.3½, a Sum he believed that

that would be more than the Taxing Master would reduce them Bill. If the Bill must be taxed the foregoing offer will be with-drawn.

He suggested that the requisition be submitted to the meeting be signed by the Chairman and two members of the Council, sealed and and Countersigned by the Clerk, and a Solicitor appointed to represent the Council before the Taxing Master. He also stated that if the requisition for taxation was withdrawn within fourteen days, no Costs would be incurred — that is, if the Local Government Board Consented to the Bill being paid without being Taxed.

The Requisition was submitted.

The reason for making this request is in Consequence of the action of Mr Joseph Roche U.C., on Saturday the the 16th Instant, he having on that Occasion taken the Room without a Minutes ~~Notice~~ Notice, and would not allow the Members to finish a game of Bagatelle, or give the caretakers time to remove the Newspapers, and Books &c from Tables. Week ending 23rd June 1900.

The two gratings in Michael Street (one at the Corner of Robert Street and one at the Conner of Barrack Lane) are unable to take in wet weather, the water Coming down the Channels from the Upper portion of the street, and the water off Seville Street, which is also Carried down those gratings, the result being the flooding and injury of Streets lower down.

Michael Street being a Main Road, I would Suggest Sending a Proposal to the County Council for a Section of a drain, similar to that made in Cross Lane, from the grating at the Upper Corner of Robert Street, to a line with the Eastern

Eastern Boundary of the Barracks. This would be 92 yards, exclusive of the Branch drains, two on the South side and one on the North, Cost not to exceed £50. — half off the District and half off the County.

I made an inspection of the premises at the rere of Mr Redmond's house in Irishtown. Portion of the walls and roof of an Outhouse had already fallen and what remained seemed redy to tumble any moment. The owner of the dangerous premises is I believe unwell, and unable to do business. The occupier is of course, well aware of their Condition and the public have no right to be near the structure. I shall be glad of instructions in the matter, as at present, I believe it is a matter between owner and occupier.

I have no proposal to submit for the Calcuring and Whitening of the Workmen's Club.

A sewer in Rosbercon burst up to day, being unable to carry away the

the Water. On being opened it was found to be nearly full of sand and sediment.

As the Railway Compy's Contractors will shortly be taking over this portion of the road, it is not necessary that any expense should be gone to about it.

Your letter of the 27th ultimo was only received here on the Morning of the 28th hence we Could not Send You a reply for Your meeting Held on

on 27th. However the matter therein referred to will be laid before a Meeting of the Directors on Friday next the 6th Instant, when a reply will be given you.

I saw in the Local papers a Statement made at your last Meeting by Mr John Hearn that the price of Gas in New Ross was the "highest in Ireland".

I herewith enclose a list of Towns of about the same Consumtion as New Ross, to shew that even at our advanced price We are still Considerably below the average. This list does not include any rise in Gas in these towns for this year.

As to the price of Gas Coals it is now more than 40 per Cent higher than last Year, and the advance of 5d per thousand Cubic feet, does not half cover the increased Cost.

The Collectors Accounts were checked the week before last, but the amount of Collection not lodged; this week his Accounts were not Checked nor the amount Lodged.

We recommend that the Collector insist upon getting from the yearly Tenant No 2 a half Year's rent £2 4 during present Month and if necessary that he employ the services of our Solicitor.

We recommend that the Council acknowledge receipt of Mr Rushfords application for reduction of rent and inform her that the Council have already decided that the rent should be 2/- per week, and cannot make any reduction in same, and that unless the Tenant pay her rent Steps shall be taken to take up possession. The Council should further require in the Case of this tenant as well as in the Case of P. Stacey, James Murphy, M. Curran, and W. Reddy, that the rule of obtaining Security

New Rop Urban District.
J. Surveyor's Report, Week
ending 11th July 1900.
Gentlemen,

During the Road
State of the Quay from Charles
Street to the Bank, I Considered
it necessary to put Some
broken stones on that portion
of it, although at this time of
the year, it is not usual to
put out fresh material.

I had the grass removed from
the paths and water tables of
some streets on Ross side and
on the Roscrea side.

An extra man had to be
employed. It will be necessary
to provide an additional horse
for a day or two, to remove the
stuff from the sides of the roads,
and also if you would think
well of it, to cart some rubbish
from the Schoolhouse road,
to help to form that short piece
of old road near Chilcomb, or
it might be used on the Paths
up Roscrea.

I Called on Mr Kenny

about her House, the dangerous State of Which notice had been served on her sometime ~~since~~ ago. * So far nothing has been done to make safe the roof or take it down. Mrs Kenny is satisfied to permit the Council to take down portion of the roof and Chimney that may be unsafe and dangerous.

In the division of the Road from Elys Walks to Greywell bounds there are 13 or fourteen perches taken from the Urban District and added to the Rural. How it works out is this — The Urban Council does the work and the Contractor for the rural portion gets paid for the work he does not perform or spend a Shilling on.

Sir Chairman and Members of the new Rop urban Council.

Gentlemen,

I beg to inform you that I have received a notice from your Collector demanding a half years rent against the 20th of July. I also see by the Local press that your Finance Committee has recommended the adoption of this Cource.

I am sorry that I am unable at present to Comply with this demand in Consequence of it being so hard on me to Pay your Board four half years rent in fourteen months up to March Last, which leaves me owing Ten Years rent.

July 11th

I have lost some stock recently and in the latter end of the last year which had intended for to pay this half years rent now, but I shall be able to pay you in October or after I have sold my Harvest produce, I shall then pay the following March another half years rent, and another on the 20th July and another in the following Harvest.

Hoping that your Council will accede to my request as they have done in past, and thanking in anticipation of same.

I Remain

Yours Respectfully

R. J Thorpe.

Ordered — To be referred to the Finance Committee, the Clerk to ascertain and Submit to next meeting of the Finance Committee Order made as to the payment of this rent by the Finance Committee

Also — the remarks of the Auditor respecting Mr Thorpe's Rent

A Circular was read from J P Gill Secretary Department of Agriculture and Technical Instruction for Ireland upper Merrion Square Dublin July 1900 — saying — I beg to forward herewith a Pamphlet of "suggestions" that have been provisionally drawn up to aid Local Authorities in framing Schemes of Technical Instructions, and to request that you will bring them to the notice of Your Council. Should the Council propose to take advantage of the Agriculture and Technical Instruction Act, the first step will be to appoint a Committee. As (you will see (suggestions p. 10) Each Urban District in which a Rate is raised for the purpose of this Act or of the Technical Instruction Acts 1889 and 1891, may appoint a Committee, which should Consist partly of Members of the Urban District Council and partly of Co-opted Members, representative of Educational work in the District, or of Societies for the promotion of Agriculture, or Industries

Industries or other persons
Specially qualified for
the duties of such Committee.
The Committee should consider
the suggestions on page 11
of the accompanying pamphlet
and proceed to frame a scheme
in accordance with them.
The Council should decide
the amount of aid that can
be given from the Rates, and
the Committee should ascertain
what other Funds are available
either as voluntary contributions
or from Endowments. The amount
of aid that is in the Power of
this department, to recommend the
Board of Technical Instruction
to grant toward the scheme,
is not definitely fixed, and
will depend largely on the
efforts of Local Authorities to
make efficient Contributions.
It will however in practically
every approved Case represent
a substantial Increase on
the amount of the Local Contribution.
In Case the County Council
decide to act as the Authority
for Technical Instruction in the
County

County it would be desira-
-ble that any scheme your
council may draft should
be framed in Concurrence
with the County scheme
and should be forwarded
to this department through
the Secretary of the County Council
Technical Instruction Committee.
I have to add that the
department will give every
help to your Committee in
the preparation of your scheme
by means of Correspondence
and when necessary, personal
visits from its Representatives

The Pamphlet referred to was
also received.
Ordered that the foregoing
Letter and Pamphlet be
referred to the Finance Committee
